MANAGEMENT AND COMPLIANCE REPORT
PREPARED AS A RESULT OF THE AUDIT OF THE

MORRISON COUNTY
RURAL DEVELOPMENT FINANCE AUTHORITY
(A COMPONENT UNIT OF MORRISON COUNTY)

FOR THE YEAR ENDED DECEMBER 31, 2009

Description of the Office of the State Auditor

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 160 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

Audit Practice - conducts financial and legal compliance audits of local governments;

Government Information - collects and analyzes financial information for cities, towns, counties, and special districts;

Legal/Special Investigations - provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

Pension - monitors investment, financial, and actuarial reporting for approximately 730 public pension funds; and

Tax Increment Financing - promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

ITEM FOR CONSIDERATION

GASB Statement 54

The Governmental Accounting Standards Board (GASB) recently issued Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The intention of this standard is to enhance the usefulness of information included in the financial report about fund balance through clearer fund balance classifications that can be more consistently applied, as well as to clarify existing governmental fund type definitions.

Fund Balance Reporting

Statement 54 establishes new fund balance classifications based on constraints imposed on how resources can be spent. The existing components of fund balance reserved, unreserved, designated, and undesignated are being replaced by nonspendable, restricted, committed, assigned, and unassigned as defined below:

- *Nonspendable* - amounts that cannot be spent because they are either not in spendable form (for example, inventory or prepaid items) or legally or contractually required to be maintained intact (such as the corpus of a permanent fund).
- *Restricted* - amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
- *Committed* - amounts that can be used only for specific purposes determined by a formal action of a government's highest level of decision-making authority.
- *Assigned* - amounts a government intends to use for a specific purpose that do not meet the criteria to be classified as restricted or committed.
- *Unassigned* - spendable amounts not contained in the other classifications.

Governmental Fund Type Definitions

The definitions of the general fund, special revenue fund type, capital projects fund type, debt service fund type, and permanent fund type are clarified in Statement 54. Interpretations of certain terms within the definition of the special revenue fund type have been provided and, for some governments, those interpretations may affect the activities they choose to report in those funds. The capital projects fund type definition also was clarified for better alignment with the needs of preparers and users. Definitions of other governmental fund types also have been modified for clarity and consistency.

The requirements of GASB Statement 54 are effective for the Morrison County Rural Development Finance Authority for the year ending December 31, 2011.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Commissioners
Morrison County Rural Development Finance Authority

As part of our audit of Morrison County, we have audited the financial statements of the Morrison County Rural Development Finance Authority, a component unit of Morrison County, as of and for the year ended December 31, 2009, and have issued our report on Morrison County's financial statements dated September 28, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Morrison County Rural Development Finance Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Morrison County Rural Development Finance Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Minnesota Legal Compliance

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the provisions of the *Minnesota Legal Compliance Audit Guide for Local Government*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65. Accordingly, the audit included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The *Minnesota Legal Compliance Audit Guide for Local Government* contains six categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, and miscellaneous provisions. Our study included all of the listed categories, except that we did not test for compliance in contracting and bidding, since the Authority did not enter into any contracts. In addition, we did not test for compliance in public indebtedness because the Authority has no long-term debt.

The results of our tests indicate that, for the items tested, the Morrison County Rural Development Finance Authority complied with the material terms and conditions of applicable legal provisions.

In the Schedule of Findings and Recommendations is an item for consideration. We believe this information to be of benefit to the Authority, and it is reported for that purpose.

This report is intended solely for the information and use of the Board of Commissioners, management, and others within the Morrison County Rural Development Finance Authority and is not intended to be, and should not be, used by anyone other than those specified parties.
