## Office of the State Auditor

**Rebecca Otto**  
**State Auditor**

---

**NORMAN COUNTY**  
**ADA, MINNESOTA**

FOR THE YEAR ENDED DECEMBER 31, 2010

## **Description of the Office of the State Auditor**

The mission of the Office of the State Auditor is to oversee local government finances for Minnesota taxpayers by helping to ensure financial integrity and accountability in local governmental financial activities.

Through financial, compliance, and special audits, the State Auditor oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The State Auditor performs approximately 160 financial and compliance audits per year and has oversight responsibilities for over 3,300 local units of government throughout the state. The office currently maintains five divisions:

**Audit Practice** - conducts financial and legal compliance audits of local governments;

**Government Information** - collects and analyzes financial information for cities, towns, counties, and special districts;

**Legal/Special Investigations** - provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government;

**Pension** - monitors investment, financial, and actuarial reporting for approximately 730 public pension funds; and

**Tax Increment Financing** - promotes compliance and accountability in local governments' use of tax increment financing through financial and compliance audits.

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employees Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

## INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners  
Norman County

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Norman County, Minnesota, as of and for the year ended December 31, 2010, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Norman County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and U.S. Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Norman County as of December 31, 2010, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Required Supplementary Information listed in the table of contents be presented to supplement the basic financial statements. Such information,

although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. In accordance with auditing standards generally accepted in the United States of America, we have applied certain limited procedures to the required supplementary information, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Norman County's basic financial statements taken as a whole. The supplementary information, including the Schedule of Expenditures of Federal Awards required by OMB Circular A-133, listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. This information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

In accordance with *Government Auditing Standards*, we have also issued a report dated June 14, 2011, on our consideration of Norman County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

**NORMAN COUNTY  
ADA, MINNESOTA**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2010  
(Unaudited)**

Norman County's Management's Discussion and Analysis (MD&A) provides an overview of County financial activities for the fiscal year ended December 31, 2010. Since this information is designed to focus on the current year's activities, resulting changes, and currently known facts, it should be read in conjunction with Norman County's financial statements and the notes to the financial statements. All amounts, unless otherwise indicated, are expressed in whole dollars.

**FINANCIAL HIGHLIGHTS**

The assets of Norman County exceeded its liabilities by \$55,726,022 at the close of 2010. Of this amount, \$5,797,263 (unrestricted net assets) may be used to meet Norman County's ongoing obligations to citizens and creditors.

At the close of 2010, Norman County's governmental funds reported combined ending fund balances of \$6,280,890, a decrease of \$167,035 in comparison with the prior year. Of the total fund balance, \$5,188,550 is available for spending at the County's discretion and is noted as unreserved fund balance.

At the close of 2010, unreserved fund balance for the General Fund was \$3,608,565, or 70.4 percent, of total General Fund expenditures.

Norman County currently has \$247,300 of bonded indebtedness. The money will be used for the Perley and Hendrum dike projects scheduled for the summer of 2011.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This MD&A is intended to serve as an introduction to Norman County's basic financial statements. The County's basic financial statements are comprised of three components: (1) government-wide financial statements, (2) fund level financial statements, and (3) notes to the financial statements. The MD&A (this section) is required to accompany the basic financial statements and is included as required supplementary information. This report also contains other supplementary information in addition to the basic financial statements themselves.

## **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of Norman County's finances in a manner similar to a private-sector business.

The statement of net assets presents information on all of Norman County's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of Norman County is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows only in future fiscal periods (for example, uncollected taxes and earned but unused vacation leave).

The County's government-wide financial statements report functions of the County that are principally supported by taxes and intergovernmental revenues. The governmental activities of Norman County include general government, public safety, highways and streets, sanitation, human services, health, culture and recreation, conservation of natural resources, and economic development.

The government-wide financial statements can be found as Exhibits 1 and 2 of this report.

## **Fund Level Financial Statements**

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Norman County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Norman County can be divided into two categories: governmental funds and fiduciary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, County fund level financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's short-term

financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Norman County reports eight individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Road and Bridge Special Revenue Fund, and Human Services Special Revenue Fund, which are considered to be major funds. Data from the other five governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements after the notes to the financial statements.

**Fiduciary funds.** Fiduciary funds are used to account for assets held by the County as an agent for individuals, private organizations, other governments, or other funds. The County's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. These activities are not reflected in the government-wide financial statements because those resources are not available to support the County's programs.

### **Notes to the Financial Statements**

The notes to the financial statements provide additional information essential to a full understanding of the data provided.

### **Other Information**

In addition to the basic financial statements and notes, supplementary information is provided on Norman County's budgeted funds, deposits and investments, ditch balances, intergovernmental revenues and expenditures of federal awards.

Norman County adopts an annual appropriated budget for its General Fund and all special revenue funds except for the Ditch Fund and Gravel Tax Fund. Budgetary comparison statements have been provided for the County's major funds to demonstrate compliance with these budgets.

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Over time, net assets serve as a useful indicator of the County's financial position. Norman County's assets exceeded liabilities by \$55,726,022 at the close of 2010. The largest portion of Norman County's net assets (86.9 percent) reflects its investment in capital assets (land, infrastructure, buildings, and equipment). However, it should be noted that these assets are not available for future spending.

The unrestricted net asset amount of \$5,797,263 as of December 31, 2010, may be used to meet the County's ongoing obligations to citizens and creditors.

**Governmental Activities**

Norman County's activities increased net assets by \$1,054,464, or 1.9 percent, over the 2009 net assets. The key elements of the increase were an increase in investment in capital assets and an increase in restricted for highways and streets in 2010.

## FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

### Governmental Funds

The focus of the County's governmental funds is to provide information on short-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$6,280,890, a decrease of \$167,035 in comparison with the prior year. The majority of the decrease was due to an increase in deferred revenue unavailable for highway projects and deferred revenue for special assessments relating to ditch debt service.

The General Fund is the chief operating fund of Norman County. At the end of the current fiscal year, unreserved fund balance of the General Fund was \$3,608,565, while total fund balance was \$4,064,801. As a measure of the General Fund's liquidity, it may be useful to compare unreserved fund balance to total fund expenditures. Unreserved fund balance represents 70.4 percent of total General Fund expenditures. In 2010, fund balance in the General Fund decreased by \$91,315. The main reason for the decrease was less local governmental aid from the State of Minnesota.

The Road and Bridge Special Revenue Fund’s fund balance decreased by \$110,111 in 2010. The main reason for this decrease was FEMA funds for the 2009 and 2010 floods haven’t been received.

The Human Services Special Revenue Fund’s fund balance decreased by \$30,094 due to excess expenditures over revenues. Excess expenditures over revenues were budgeted to reduce the fund balance and provide additional levy revenue for other funds.

**General Fund Budgetary Highlights**

The Norman County Board of Commissioners did not make any budgetary amendments/revisions in 2010.

The actual revenues were higher than budgeted revenues by \$1,628,799, and actual expenditures were higher than budgeted expenditures by \$1,755,930. The largest revenue variance was in intergovernmental revenue received in excess of what was budgeted. The largest expenditure variances were for Planning and Zoning, Agassiz Trail Project, and Ambulance.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital Assets**

The County’s investment in capital assets for its governmental activities as of December 31, 2010, was \$48,433,471 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment, and infrastructure. The total increase in Norman County’s investment in capital assets for the current fiscal year was 1.5 percent. The increases were attributed primarily to construction in progress for infrastructure.

**Governmental Capital Assets  
(Net of Depreciation)**

	<u>2010</u>	<u>2009</u>
Land	\$ 904,383	\$ 788,977
Construction in progress	1,082,404	-
Infrastructure	43,713,264	44,030,299
Buildings	1,457,433	1,525,160
Furniture, equipment, and machinery	<u>1,275,987</u>	<u>1,369,410</u>
Total	<u>\$ 48,433,471</u>	<u>\$ 47,713,846</u>

Additional information on the County’s capital assets can be found in the notes to the financial statements.

## **Long-Term Debt**

At the end of the current fiscal year, Norman County had \$247,300 of bonded indebtedness. This debt was issued for the Perley and Hendrum dike projects scheduled to be completed in 2011.

## **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS**

- Norman County is very dependent on state-paid aids, credits, and grants. Should the State of Minnesota significantly change the formula for state-aid payments to the County, it would have a significant impact on next year's budget. Due to the cuts in the state-aid payments, the Norman County budget is not balanced for 2010.
- The County completed Phase III of the courthouse project, which includes tuck pointing the courthouse in 2010. Phase IV, which includes replacing windows and the front door, will be completed in 2011.
- A Presidential Declaration of a Major Disaster was declared in 2010 for the spring flooding. This has a definite impact on the 2010 financial statements of Norman County.
- The County is reviewing revenue sources and considering cost-effective and efficient ways to deliver Norman County's programs and services that will influence future budgets.

## **REQUESTS FOR INFORMATION**

This annual financial report is designed to provide a general overview of Norman County's finances for all those with an interest in the County's finances. Questions concerning any of the information provided in this report, or requests for additional financial information, should be addressed to the Norman County Auditor-Treasurer, P. O. Box 266, Ada, Minnesota 56510.

GOVERNMENT-WIDE STATEMENT OF ACTIVITIES--GOVERNMENTAL ACTIVITIES  
FOR THE YEAR ENDED DECEMBER 31, 2010**

**Net change in fund balances - total governmental funds (Exhibit 5) \$ (185,410)**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Also, in the statement of activities, only the gain or loss on the disposal of assets is reported; whereas, in the governmental funds, the proceeds from the sale increase financial resources. Therefore, the change in net assets differs from the change in fund balance by the net book value of the assets disposed of.

Expenditures for general capital assets and infrastructure	\$ 2,210,011	
Current year depreciation	<u>(1,490,386)</u>	719,625

In the funds, under the modified accrual basis, receivables not available for expenditure are deferred. In the statement of activities, those revenues are recognized when earned. The adjustment to revenue between the fund statements and the statement of activities is the increase or decrease in revenue deferred as unavailable.

Deferred revenue - December 31	\$ 1,734,166	
Deferred revenue - January 1	<u>(944,398)</u>	789,768

Issuing long-term debt provides current financial resources to governmental funds, while the repayment of debt consumes current financial resources. Neither transaction, however, has any effect on net assets. Also, governmental funds report the net effect of issuance costs, premiums, discounts, and similar items when debt is first issued; whereas, those amounts are deferred and amortized over the life of the debt in the statement of net assets.

Proceeds of new debt		
General obligation bonds issued		(247,300)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

**NOTES TO THE FINANCIAL STATEMENTS  
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2010**

---

---

1. Summary of Significant Accounting Policies

The County's financial statements are prepared in accordance with generally accepted accounting principles (GAAP) for the year ended December 31, 2010. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board issued through November 30, 1989, (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP and used by the County are discussed below.

A. Financial Reporting Entity

Norman County was established February 17, 1881, and is an organized county having the powers, duties, and privileges granted counties by Minn. Stat. ch. 373. The County is governed by a five-member Board of Commissioners elected from districts within the County. The Board is organized with a chair and vice chair elected at the annual meeting in January of each year.

Joint Ventures

The County participates in joint ventures, related organizations, and jointly-governed organizations described in Notes 6.D., 6.E., and 6.F., respectively.

B. Basic Financial Statements

1. Government-Wide Statements

The government-wide financial statements (the statement of net assets and the statement of activities) display information about the County. These statements include the financial activities of the overall County government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities.

**NORMAN COUNTY  
ADA, MINNESOTA**

---

1. Summary of Significant Accounting Policies

B. Basic Financial Statements

1. Government-Wide Statements (Continued)

In the government-wide statement of net assets, the governmental activities: (a) are presented on a consolidated basis; and (b) are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The County's net assets are reported in three parts: (1) invested in capital assets, (2) restricted net assets, and (3) unrestricted net assets. The County first utilizes restricted resources to finance qualifying activities.

The statement of activities demonstrates the degree to which the direct expenses of each function of the County's governmental activities are offset by program revenues. Direct expenses are those clearly identifiable with a specific function or activity. Program revenues include: (1) fees, fines, and charges paid by the recipients of goods, services, or privileges provided by a given function or activity; and (2) grants and contributions restricted to meeting the operational or capital requirements of a particular function or activity. Revenues not classified as program revenues, including all taxes, are presented as general revenues.

2. Fund Financial Statements

The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category--governmental and fiduciary--are presented. The emphasis of governmental fund financial statements is on major individual governmental funds, with each displayed as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor funds.

The County reports the following major governmental funds:

The General Fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

**NORMAN COUNTY  
ADA, MINNESOTA**

---

1. Summary of Significant Accounting Policies

B. Basic Financial Statements

2. Fund Financial Statements (Continued)

The Road and Bridge Special Revenue Fund is used to account for revenues and expenditures of the County Highway Department, which is responsible for the construction and maintenance of roads, bridges, and other projects affecting County roadways.

The Human Services Special Revenue Fund is used to account for economic assistance and community social services programs.

Additionally, the County reports the following fund types:

The Children's Collaborative Investment Trust Fund accounts for the external pooled and non-pooled investments on behalf of the Children's Collaborative Serving Norman County Families.

Agency funds are custodial in nature and do not present results of operations or have a measurement focus. These funds account for assets that the County holds for others in an agent capacity.

C. Measurement Focus and Basis of Accounting

The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Shared revenues are generally recognized in the period the appropriation goes into effect. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Norman County considers all revenues as available if collected within 60 days after the end of the current period. Property and other taxes, licenses, and interest are all considered

susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, compensated absences, and claims and judgments, which are recognized as expenditures to the extent that they have matured. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first and then unrestricted resources as needed, unless the County Board takes specific action to appropriate those unrestricted resources.

D. Assets, Liabilities, and Net Assets or Equity

1. Deposits and Investments

The cash balances of substantially all funds are pooled and invested by the County Auditor-Treasurer for the purpose of increasing earnings through investment activities. Pooled and fund investments are reported at their fair value at December 31, 2010, based on market prices. Pursuant to Minn. Stat. § 385.07, investment earnings on cash and pooled investments are credited to the General Fund. Other funds received investment earnings based on other state statutes, grant agreements, contracts, and bond covenants. Pooled investment earnings for 2010 were \$19,483.

2. External Investment Pools

Included in total cash and pooled investments are the assets held for the Norman County Children's Collaborative in an external investment pool. For the purposes of financial reporting, the Children's Collaborative portion of the County's pool of cash and investments is reported as an investment trust fund. Assets in the pool are reported at fair value based on quoted market prices. The pool is not subject to regulatory oversight, and the fair value of the position in the pool is the same as the pool shares. Fair value amounts are determined at year-end. The County has not provided or obtained any legally binding guarantees to support the value of the pool.

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, and Net Assets or Equity (Continued)

3. Receivables and Payables

Activities between funds representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (the current portion of interfund loans) or “advances to/from other funds” (the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.”

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources.

No allowance has been made for uncollectible receivables.

Property taxes are levied as of January 1 on property values assessed as of the same date. The tax levy notice is mailed in March with the first half payment due May 15 and the second half payment due October 15. Unpaid taxes at December 31 become liens on the respective property and are classified in the financial statements as delinquent taxes receivable.

4. Inventories

All inventories are valued at cost using the weighted average method. Inventories in governmental funds are recorded as expenditures when purchased rather than when consumed. Inventories at the government-wide level are recorded as expenses when consumed.

5. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (for example, roads, bridges, sidewalks, and similar items), are reported in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than the capitalization threshold and

D. Assets, Liabilities, and Net Assets or Equity

5. Capital Assets (Continued)

an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. The government's capitalization threshold for capital assets is as follows:

Assets	Capitalization Threshold
Land	\$ 1
All other classes of assets	5,000

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the County are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	25 - 40
Improvements other than buildings	20 - 35
Public domain infrastructure	15 - 75
Furniture, equipment, and vehicles	3 - 15

6. Compensated Absences

The liability for compensated absences reported in the financial statements consists of unpaid, accumulated annual and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included. Compensated absences are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

**NORMAN COUNTY  
ADA, MINNESOTA**

---

1. Summary of Significant Accounting Policies

D. Assets, Liabilities, and Net Assets or Equity (Continued)

7. Deferred Revenue

All County funds and the government-wide financial statements defer revenue for resources that have been received, but not yet earned. Governmental funds also report deferred revenue in connection with receivables for revenues not considered to be available to liquidate liabilities of the current period.

8. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net assets. In the fund financial statements, the face amount of the debt issued is reported as an other financing source.

9. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts not available for appropriation or legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans subject to change.

10. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**NORMAN COUNTY  
ADA, MINNESOTA**

2. Stewardship, Compliance, and Accountability

A. Deficit Fund Equity

Ditch Fund Deficits

Of 37 drainage systems, five have incurred expenditures in excess of their revenues and available resources. These deficits will be eliminated with future special assessment levies against benefited properties. The following summary shows the fund balances of the Ditch Special Revenue and Debt Service funds as of December 31, 2010:

Account balances		\$	199,799
Account deficits			(17,093)
Total Fund Balances		\$	182,706

a. Deposits

The County is authorized by Minn. Stat. §§ 118A.02 and 118A.04 to designate a depository for public funds and to invest in certificates of deposit. The County is required by Minn. Stat. § 118A.03 to protect deposits with insurance, surety bond, or collateral. The market value of collateral pledged shall be at least ten percent more than the amount on deposit at the close of the financial institution's banking day, not covered by insurance or bonds.

Authorized collateral includes treasury bills, notes and bonds; issues of U.S. government agencies; general obligations rated "A" or better and revenue obligations rated "AA" or better; irrevocable standby letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution not owned or controlled by the financial institution furnishing the collateral.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a financial institution failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk. As of December 31, 2010, the County's deposits were not exposed to custodial credit risk.

1. Deposits and Investments (Continued)

b. Investments

The County may invest in the following types of investments as authorized by Minn. Stat. §§ 118A.04 and 118A.05:

- (1) securities which are direct obligations or are guaranteed or insured issues of the United States, its agencies, its instrumentalities, or organizations created by an act of Congress, except mortgage-backed securities defined as “high risk” by Minn. Stat. § 118A.04, subd. 6;
- (2) mutual funds through shares of registered investment companies provided the mutual fund receives certain ratings depending on its investments;
- (3) general obligations of the State of Minnesota and its municipalities, and in certain state agency and local obligations of Minnesota and other states provided such obligations have certain specified bond ratings by a national bond rating service;
- (4) bankers’ acceptances of United States banks;
- (5) commercial paper issued by United States corporations or their Canadian subsidiaries that is rated in the highest quality category by two nationally recognized rating agencies and matures in 270 days or less; and
- (6) with certain restrictions, in repurchase agreements, securities lending agreements, joint powers investment trusts, and guaranteed investment contracts.

During the year ended December 31, 2010, the County had no investments.

4. Pension Plans

A. Defined Benefit Plan

Plan Description

All full-time and certain part-time employees of Norman County are covered by defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Fund and the Public Employees Police and Fire Fund, which are cost-sharing, multiple-employer retirement plans. These plans are established and administered in accordance with Minn. Stat. chs. 353 and 356.

General Employees Retirement Fund members belong to either the Coordinated Plan or the Basic Plan. Coordinated Plan members are covered by Social Security, and Basic Plan members are not. All new members must participate in the Coordinated Plan and benefits vest after three years of credited service (five years for those first eligible for membership after June 30, 2010).

All police officers, firefighters, and peace officers who qualify for membership by statute are covered by the Public Employees Police and Fire Fund. For members first eligible for membership after June 30, 2010, benefits vest on a graduated schedule starting with 50 percent after five years and increasing 10 percent for each year of service until fully vested after ten years. Members eligible for membership before July 1, 2010, are fully vested after three years of service.

PERA provides retirement benefits as well as disability benefits to members and benefits to survivors upon death of eligible members. Benefits are established by state statute. Defined retirement benefits are based on a member's average yearly salary for the five highest-paid consecutive years of allowable service, age, and years of credit at termination of service.

Two methods are used to compute benefits for General Employees Retirement Fund Coordinated and Basic Plan members. The retiring member receives the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Basic Plan member is 2.2 percent of average salary for each of the first ten years of service and 2.7 percent for each year thereafter. For a Coordinated Plan member, the annuity accrual rate is 1.2 percent of average salary for each of the first ten years and 1.7 percent for each successive year. Using Method 2, the annuity accrual rate is 2.7 percent of average salary for Basic Plan

Plan Description (Continued)

members and 1.7 percent for Coordinated Plan members for each year of service. For the Public Employees Police and Fire Fund members, the annuity accrual rate is 3.0 percent of average salary for each year of service.

For General Employees Retirement Fund members whose annuity is calculated using Method 1, and all Public Employees Police and Fire Fund members, a full annuity is available when age plus years of service equal 90. Normal retirement age is 55 for Public Employees Police and Fire Fund members and either 65 or 66 (depending on date hired) for General Employees Retirement Fund members. A reduced retirement annuity is also available to eligible members seeking early retirement.

The benefit provisions stated in the previous paragraphs of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not yet receiving them are bound by the provisions in effect at the time they last terminated public service.

PERA issues a publicly available financial report that includes financial statements and required supplementary information for the General Employees Retirement Fund and the Public Employees Police and Fire Fund. That report may be obtained on the internet at [www.mnpera.org](http://www.mnpera.org); by writing to PERA at 60 Empire Drive, Suite 200, Saint Paul, Minnesota 55103-2088; or by calling 651-296-7460 or 1-800-652-9026.

Funding Policy

Pension benefits are funded from member and employer contributions and income from the investment of fund assets. Rates for employer and employee contributions are set by Minn. Stat. ch. 353. These statutes are established and amended by the State Legislature. The County makes annual contributions to the pension plans equal to the amount required by state statutes. General Employees Retirement Fund Basic Plan members and Coordinated Plan members are required to contribute 9.1 and 6.0 percent, respectively, of their annual covered salary. Public Employees Police and Fire Fund members are required to contribute 9.4 percent.

A. Defined Benefit Plan

Funding Policy (Continued)

The County is required to contribute the following percentages of annual covered payroll in 2010:

General Employees Retirement Fund	
Basic Plan members	11.78%
Coordinated Plan members	7.00
Public Employees Police and Fire Fund	14.10

The County's contributions for the years ending December 31, 2010, 2009, and 2008, for the General Employees Retirement Fund and the Public Employees Police and Fire Fund were:

	<u>2010</u>	<u>2009</u>	<u>2008</u>
General Employees Retirement Fund	\$ 172,729	\$ 167,751	\$ 159,824
Public Employees Police and Fire Fund	38,354	38,644	36,135

These contribution amounts are equal to the contractually required contributions for each year as set by state statute.

B. Defined Contribution Plan

One Norman County Commissioner is covered by the Public Employees Defined Contribution Plan, a multiple-employer deferred compensation plan administered by PERA. The plan is established and administered in accordance with Minn. Stat. ch. 353D, which may be amended by the State Legislature. The plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code, and all contributions by or on behalf of employees are tax deferred until time of withdrawal.

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. For those qualified personnel who elect to participate, Minn. Stat. § 353D.03 specifies plan provisions, including the employee and employer contribution rates. An eligible elected official who decides to participate contributes 5.0 percent of salary, which is matched by the employer. Employees may elect to make member contributions in an amount not to exceed the employer share. Employee and employer contributions are combined and used to purchase shares in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives 2.00 percent of employer contributions and 0.25 percent of the assets in each member account annually.

Total contributions by dollar amount and percentage of covered payroll made by the County during the year ended December 31, 2010, were:

	<u>Employee</u>	<u>Employer</u>
Contribution amount	\$ 802	\$ 802
Percentage of covered payroll	5.0%	5.0%

Required contribution rates were 5.0 percent.

C. Other Postemployment Benefits (OPEB)

Plan Description

Norman County provides a single-employer defined benefit health care plan to eligible retirees and their spouses. The plan offers medical insurance benefits. The County provides benefits for retirees as required by Minn. Stat. § 471.61, subd. 2b.

Funding Policy

The contribution requirements of the plan members and the County are established and may be amended by the Norman County Board of Commissioners. The required contribution is based on projected pay-as-you-go financing requirements. Retirees and their spouses contribute to the health care plan at the same rate as County employees. This results in the retirees receiving an implicit rate subsidy. For 2010, there were 75 participants in the plan, including 4 retirees.

Annual OPEB Cost and Net OPEB Obligation

The County's annual OPEB cost (expense) is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial accrued liabilities (or funding excess) over a period not to exceed 30 years.

Annual OPEB Cost and Net OPEB Obligation (Continued)

The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's net OPEB obligation to the plan.

ARC	\$	66,214
Interest on net OPEB obligation		2,057

Net OPEB Obligation - Beginning of Year		45,704
		45,704
Net OPEB Obligation - End of Year	\$	84,629

The County's annual OPEB cost for December 31, 2010, was \$65,526. The percentage of annual OPEB cost contributed to the plan was 40.6 percent, and the net OPEB obligation for 2010 was \$84,629. The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2009 and 2010 was as follows:

Fiscal Year-End	Annual OPEB Cost	Employer Contribution	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
December 31, 2009	\$ 66,214	\$ 20,510	31.0%	\$ 45,704
December 31, 2010	65,526	26,601	40.6	84,629

Funded Status and Funding Progress

As of January 1, 2009, the most recent actuarial valuation date, the plan was 0.0 percent funded. The actuarial liability for benefits was \$508,463, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$508,463. The covered payroll (annual payroll of active employees covered by the plan) was \$2,750,246, and the ratio of the UAAL to the covered payroll was 18.5 percent.

C. Other Postemployment Benefits (OPEB)

Funded Status and Funding Progress (Continued)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress - Other Postemployment Benefits, presented as required supplementary information following the notes to the financial statements, will present multi-year trend information as it becomes available about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit cost between the employer and plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the January 1, 2009, actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions include a 4.5 percent investment rate of return (net of investment expenses), which is Norman County's implicit rate of return on the General Fund. The annual health care cost trend is 9.0 percent initially, reduced by decrements to an ultimate rate of 5.0 percent over eight years. Both rates included a 3.0 percent inflation assumption. The UAAL is being amortized over 30 years on a closed basis. The remaining amortization period at December 31, 2010, was 28 years.

5. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. The County has entered into a joint powers agreement with other Minnesota counties to form the Minnesota Counties Intergovernmental Trust (MCIT), formerly the Minnesota Counties Insurance Trust. The County is a member of both the MCIT Workers' Compensation and Property and Casualty Divisions. For other risk, the County carries commercial insurance. There were no significant reductions in insurance from the prior year. The amount of settlements did not exceed insurance coverage for the past three fiscal years.

The Workers' Compensation Division of MCIT is self-sustaining based on the contributions charged, so that total contributions plus compounded earnings on these contributions will equal the amount needed to satisfy claims liabilities and other expenses. MCIT participates in the Workers' Compensation Reinsurance Association with coverage at \$450,000 per claim in 2010 and 2011. Should the MCIT Workers' Compensation Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

The Property and Casualty Division of MCIT is self-sustaining, and the County pays an annual premium to cover current and future losses. MCIT carries reinsurance for its property lines to protect against catastrophic losses. Should the MCIT Property and Casualty Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

6. Summary of Significant Contingencies and Other Items

A. Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of the expenditures that may be disallowed by the grantor cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

The County, in connection with the normal conduct of its affairs, is involved in various judgments, claims, and litigations; it is expected that the final settlement of these matters will not materially affect the financial statements of the County.

B. Dalen Coulee Project

On February 21, 2002, Norman County entered into a joint powers agreement, pursuant to Minn. Stat. § 471.59, with Clay County. Clay County sold \$260,000 of bonds on behalf of the Wild Rice Watershed District for Dalen Coulee Project 40. Special assessments to pay for a portion of the bonds will be collected via Norman County. Norman County will remit the special assessment proceeds to Clay County.

C. Project 9

On July 21, 2005, Norman County entered into a joint powers agreement with Clay County, pursuant to Minn. Stat. § 471.59. Clay County sold \$830,000 of bonds on behalf of the Wild Rice Watershed District for Project 9. Special assessments to pay for a portion of the bonds will be collected via Norman County. Norman County will remit the special assessment proceeds to Clay County.

D. Joint Ventures

Tri-County Community Corrections

Tri-County Community Corrections was formed in 1975 under the authority of the Joint Powers Act, pursuant to Minn. Stat. § 471.59, and includes Norman, Polk, and Red Lake Counties. The purpose of Tri-County Community Corrections is to house, supervise, treat, counsel, and provide other correctional services to prisoners throughout the territorial area of the member counties.

Control is vested in the Tri-County Community Corrections Joint Powers Board, composed of two County Commissioners from each member county, as provided in Tri-County Community Corrections' bylaws.

In the event of dissolution of the Tri-County Community Corrections Joint Powers Board, the net assets of Tri-County Community Corrections at that time shall be divided among the member counties in the agreed-upon proportions of Norman County (10 percent), Polk County (85 percent), and Red Lake County (5 percent).

Norman-Mahnomen Community Health Board

The Multi-County Nursing Service was established in 1997 under the authority of the Joint Powers Act, pursuant to Minn. Stat. § 471.59, and included Becker, Mahnomen, and Norman Counties. On June 24, 2003, the Becker County Board passed a resolution to withdraw from the Multi-County Nursing Service as of January 1, 2005. On January 1, 2005, Norman and Mahnomen Counties amended the joint powers agreement forming the Multi-County Nursing Service and started doing business as Norman-Mahnomen Public Health. The purpose of Norman-Mahnomen Public Health is the development, implementation, and operation of public health services throughout the member counties.

Control of Norman-Mahnomen Public Health was vested in the Norman-Mahnomen Community Health Board, which consisted of six members. Norman and Mahnomen Counties each appoint three members.

In the event of withdrawal from the Norman-Mahnomen Community Health Board, the withdrawing county is not entitled to any reimbursement of funds contributed during the course of its membership, except to the extent of any surplus uncommitted monies remaining in the operation account upon expiration of the fiscal year of the county's withdrawal. Such surplus shall be distributed in the proportion that the withdrawing

Norman County-Ada-Twin Valley Joint Airport Authority

The Norman County-Ada-Twin Valley Joint Airport Authority was established in 1976 under the authority of the Joint Powers Act, pursuant to Minn. Stat. § 471.59. The purpose of the Norman County-Ada-Twin Valley Joint Airport Authority is the construction, development, and maintenance of the Norman County-Ada-Twin Valley Joint Airport. Minn. Stat. § 360.032 allows every municipality, through its governing body, to acquire property, real or personal, for the purpose of establishing, constructing, and enlarging airports. Control of the Norman County-Ada-Twin Valley Joint Airport is vested in the Norman County-Ada-Twin Valley Airport Authority, which consists of six members. As provided in the bylaws, the Norman County Board appoints two members, and each of the two City Councils appoints two members.

The joint powers agreement remains in force until any single member gives the other parties one-year's written notice of termination. Any party terminating the agreement shall transfer its interest in the real and personal assets to the remaining parties for consideration of one dollar.

Financing of the capital costs and operations is provided by state and federal grants, charges for services, and appropriations from Norman County and the Cities of Ada and Twin Valley. Norman County's contribution for 2010 was \$4,030.

Northwest Minnesota Regional Radio Board

The Northwest Minnesota Regional Radio Board convening meeting was held February 6, 2008, pursuant to the authority conferred upon the member parties by Minn. Stat. §§ 471.59 and 403.39, and includes the City of Moorhead and Becker, Beltrami, Clay, Clearwater, Hubbard, Kittson, Lake of the Woods, Mahnommen, Marshall, Norman, Pennington, Polk, Red Lake, and Roseau Counties.

The purpose of the Northwest Minnesota Regional Radio Board is to provide for regional administration of enhancements to the Statewide Public Safety Radio and Communication System (ARMER) owned and operated by the State of Minnesota.

Control of the Northwest Minnesota Regional Radio Board is vested in the Northwest Minnesota Regional Radio Board, which is composed of one Commissioner of each county appointed by their respective County Board and one City Council member from each city appointed by their respective City Council, as provided in the Northwest Minnesota Regional Radio Board's bylaws.

In the event of dissolution of the Northwest Minnesota Regional Radio Board, all property, assets, and funds of the Board shall be distributed to the parties of the agreement upon termination in direct proportion to their participation and contribution. Any city or county that has withdrawn from the agreement prior to termination of the Board shall share in the distribution of property, assets, and funds of the Board only to the extent they shared in the original expense.

The Northwest Minnesota Regional Radio Board has no long-term debt. Financing is provided by appropriations from member parties and by state and federal grants.

Complete financial information can be obtained from the Northwest Minnesota Regional Radio Board, c/o Greater Northwest EMS, 2301 Johanneson Avenue N.W., Suite 103, Bemidji, Minnesota 56601.

Minnesota Red River Basin of the North Joint Powers Agreement

The Minnesota Red River Basin of the North Joint Powers Board was established November 29, 1999, by an agreement between Norman County and 14 other counties. The agreement was made to serve as a focal point for land and water concerns for those counties surrounding the Minnesota Red River Basin. Each county is responsible for its proportionate share of the administrative budget.

Control is vested in a Joint Powers Board, comprising one Commissioner from each member county. Each member of the Board is appointed by the County Commissioners of the county he or she represents.

In the event of termination of the agreement, any unexpended funds and surplus property shall be disposed of equally among the member counties. Norman County's contribution for 2010 was \$186.

Complete financial statements can be obtained from the offices of The International Coalition at 119 - 5th Street South, Moorhead, Minnesota 56560.

Children's Collaborative (Serving Norman County Families)

The Children's Collaborative (Serving Norman County Families) was established in 1999 under the authority of Minn. Stat. § 124D.23. The Collaborative includes Norman County Social Services, Ada-Borup Public Schools, Norman County East Public Schools, Norman County West Public Schools, Norman-Mahnomen Community Health Board, Northwestern Mental Health Center, and Tri-Valley Opportunity Council, Inc. The purpose of the Collaborative is to provide coordinated services and to commit resources to an integrated fund. Control of the Collaborative is vested in a Board of Directors, comprised of one member appointed by each member party.

In the event of withdrawal from the Collaborative, the withdrawing party shall give a 180-day notice. The withdrawing party remains liable for fiscal obligations incurred prior to the effective date of withdrawal and shall not be entitled to a refund of contributions made to the integrated fund or other fees paid to operate the Collaborative. The Board shall continue to exist if the Collaborative is terminated for the limited purpose of discharging the Collaborative's debts and liabilities, settling its affairs, and disposing of integrated fund assets, if any.

**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE YEAR ENDED DECEMBER 31, 2010**

---

---

1. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds, except the Ditch Special Revenue Fund, Gravel Reserve Tax Special Revenue Fund, and the Ditch Debt Service Fund. All annual appropriations lapse at fiscal year-end.

On or before mid-July or August of each year, all departments and agencies submit requests for budget appropriations to the County Auditor-Treasurer so that a budget can be prepared. Before September 15, the proposed budget is presented to the Norman County Board for review. The Board continues to refine the budget, holds departmental budget meetings, and a final budget must be prepared and adopted no later than December 31.

The appropriated budget is prepared by fund, function, and department. The County's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require approval of the County Board. The legal level of budgetary control (the level at which expenditures may not legally exceed appropriations) is the fund level.

Encumbrances (for example, purchase orders and contracts) outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reapportioned and honored during the subsequent year.

2. Excess of Expenditures Over Budget

The following is a summary of individual major funds that had expenditures in excess of budget for the year ended December 31, 2010.

	<u>Expenditures</u>	<u>Final Budget</u>	<u>Excess</u>
General Fund	\$ 5,122,762	\$ 3,366,832	\$ 1,755,930
Human Services Special Revenue Fund	2,043,155	1,885,175	157,980

**NORMAN COUNTY

---

3. Other Postemployment Benefits Funding Status

The County implemented the requirements of Governmental Accounting Standards Board (GASB) Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, for the fiscal year ended December 31, 2009. See Note 4.C. to the financial statements for more information.

GASB Statement 45 requires a Schedule of Funding Progress - Other Postemployment Benefits for the three most recent valuations and accompanying notes to describe factors that significantly affect the trends in the amounts reported.

Currently, only one actuarial valuation is available. Future reports will provide additional trend analysis to meet the three most recent valuation funding status requirements as the information becomes available.

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEAR ENDED DECEMBER 31, 2010**

---

---

1. Reporting Entity

The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by Norman County. The County's reporting entity is defined in Note 1 to the financial statements.

2. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Norman County under programs of the federal government for the year ended December 31, 2010. The information in this schedule is presented in accordance with the requirements of Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the schedule presents only a selected portion of the operations of Norman County, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Norman County.

3. Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through grant numbers were not assigned by the pass-through agencies.

4. Reconciliation to Schedule of Intergovernmental Revenue

5. Subrecipients

Of the expenditures presented in the schedule, Norman County provided federal awards to subrecipients as follows:

<u>CFDA Number</u>	<u>Program Name</u>	<u>Amount Provided to Subrecipients</u>
20.219	Recreational Trails Program	\$ 377,866
97.045	Cooperating Technical Partners	192,836
	Total	<u>\$ 570,702</u>

6. American Recovery and Reinvestment Act

The American Recovery and Reinvestment Act of 2009 (ARRA) requires recipients to clearly distinguish ARRA funds from non-ARRA funding. In the schedule, ARRA funds are denoted by the addition of ARRA to the program name.

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED DECEMBER 31, 2010**

**I. SUMMARY OF AUDITOR'S RESULTS**

- A. Our report expresses unqualified opinions on the basic financial statements of Norman County.
- B. Significant deficiencies in internal control were disclosed by the audit of financial statements of Norman County and are reported in the "Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*." None were material weaknesses.
- C. No instances of noncompliance material to the financial statements of Norman County were disclosed during the audit.
- D. A significant deficiency relating to the audit of the major federal award programs is reported in the "Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133." The significant deficiency is not a material weakness.
- E. The Auditor's Report on Compliance for the major federal award programs for Norman County expresses an unqualified opinion.
- F. A finding relative to a major federal award program for Norman County was reported as required by Section 510(a) of OMB Circular A-133.
- G. The major programs are:
  - Highway Planning and Construction Cluster
  - Highway Planning and Construction CFDA #20.205
  - Recreational Trails Program CFDA #20.219
  - Social Services Block Grant CFDA #93.667
  - Cooperating Technical Partners CFDA #97.045
- H. The threshold for distinguishing between Types A and B programs was \$300,000.
- I. Norman County was not determined to be a low-risk auditee.

## II. FINDINGS RELATED TO FINANCIAL STATEMENTS AUDITED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

### INTERNAL CONTROL

#### PREVIOUSLY REPORTED ITEMS NOT RESOLVED

##### 96-6 Segregation of Duties

Due to the limited number of personnel within several Norman County offices, segregation of accounting duties necessary to ensure adequate internal accounting control is not possible. The Auditor-Treasurer's Office generally tries to segregate the record-keeping function from the custody function. However, due to breaks, vacations, and illness, staff assigned record-keeping responsibilities may be required to assist in receipting collections, and staff assigned the custody functions may be required to assist in posting. The smaller fee offices generally have one person making the collections, recording those collections, and making the deposits to the Auditor-Treasurer's Office. This is not unusual in operations the size of Norman County; however, the County's management should constantly be aware of this condition and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from an internal control point of view, increasing the risk that errors or irregularities may occur and not be detected in a timely manner.

We recommend that Norman County's management be aware of the lack of segregation of duties within the Auditor-Treasurer's Office and other fee offices and, where possible, implement oversight procedures to ensure that internal control policies and procedures are being followed by staff.

#### Client's Response:

*There is really not much we can do about this. We will continue to segregate duties the best we can.*

##### 06-1 Preparation of Financial Statements

Norman County is required to prepare financial statements in accordance with generally accepted accounting principles (GAAP). The preparation of the financial statements is the responsibility of the County's management. Financial statement preparation in accordance with GAAP requires internal controls over both: (1) recording, processing, and summarizing accounting data (maintaining internal books and records); and (2) preparing and reporting appropriate government-wide and fund financial statements, including the related notes to the financial statements.

Norman County has established controls and procedures for the recording, processing, and summarizing of its accounting data used in the preparation of its financial statements.

As is the case with many small and medium-sized entities, the County has relied on its independent external auditors to assist in the preparation of the basic financial statements, including notes to the financial statements, as part of its external financial reporting process. Accordingly, the County's ability to prepare financial statements in accordance with GAAP is based, at least in part, on its reliance on its external auditors, who cannot by definition be considered part of the government's internal control. This condition was caused by the County's decision that it is more cost effective to have its auditors prepare its annual basic financial statements than to incur the time and expense of obtaining the necessary training and expertise required to prepare the financial statements internally. As a result of this condition, the government lacks internal control over the preparation of financial statements in accordance with GAAP.

We recommend Norman County obtain the training and expertise to internally prepare its annual financial statements in accordance with GAAP. If Norman County still intends to have staff from the Office of the State Auditor assist in preparation then, at a minimum, the County must identify and train individuals to obtain the expertise to review, understand, and approve the County's financial statements, including notes. As an alternative, the County could consider hiring an outside consultant to assist in preparing its basic financial statements.

Client's Response:

*We will continue to look into this.*

06-2 Audit Adjustment

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements of the financial statements on a timely basis.

During our audit, we identified an adjustment in the Ditch Special Revenue Fund to reclassify \$247,300 of proceeds from the sale of bonds incorrectly posted to the general ledger as charges for services.

Proposed audit adjustments are reviewed and approved by the appropriate staff and are reflected in the financial statements.

We recommend the County establish review procedures to ensure all postings to the general ledger and supporting schedules are accurate and complete.

Client's Response:

*We had not dealt with bonds as long as the present employees have been here. We weren't sure how to handle it. Now we know, and it will not happen again.*

## ITEMS ARISING THIS YEAR

### 10-1 Documenting and Monitoring Internal Controls

County management is responsible for the County's internal control over financial reporting. This responsibility requires performing an assessment of existing controls over significant functions used to produce financial information for the Board, management, and for external financial reporting. The risk assessment is intended to determine if the internal controls that have been established by County management are still effective or if changes are needed to maintain a sound internal control structure. Changes may be necessary due to such things as organizational restructuring, updates to information systems, or changes to services being provided. Although the County may informally assess risks and adjust internal control procedures to address those risks, there are no formal procedures or documentation of those procedures in place.

At a minimum, the following significant internal control areas should be documented:

- cash and investment activities;
- capital assets (capitalization process and related depreciation);
- major funding sources (taxes, intergovernmental revenues, charges for services, and miscellaneous items);
- expenditure/expense processing;
- payroll; and
- inventories.

We recommend that County management document the significant internal controls in its accounting system, including an assessment of risk and the processes used to minimize the risks. We also recommend that a formal plan be developed that calls for monitoring the internal control structure on a regular basis, no less than annually. The monitoring activity should also be documented to show the results of the review, any changes required, and who performed the work.

#### Client's Response:

*We have our committee meeting quarterly again now.*

## 10-2 Schedule of Expenditures of Federal Awards

Norman County does not prepare a Schedule of Expenditures of Federal Awards (SEFA), nor does it adequately identify federal programs by amount received and expended, federal grantor agency, pass-through agency, and Catalog of Federal Domestic Assistance (CFDA) title and number as required under OMB Circular A-133.

This condition results in a weakness in internal control over financial statement preparation and reporting of federal financial assistance by the County. Because the County has not developed a system for properly identifying all federal financial assistance, the SEFA must be prepared by the auditors who cannot be considered part of the County's internal control.

OMB Circular A-133, Subpart C, § 300, lists auditee responsibilities which include: (1) identifying all federal awards received and expended and the federal programs under which they were received; and (2) preparing appropriate financial statements, including the SEFA.

We recommend that Norman County management develop a system and written procedures that will allow staff to adequately accumulate all information needed to be included in the SEFA. This should include, for each federal award, determination of the correct program CFDA title, award number and year, federal grantor agency, pass-through agency, amount received and expended, and whether American Recovery and Reinvestment Act (ARRA) funding is involved. The federal CFDA website is available to assist in this process. The County should also reconcile the SEFA amounts to the general ledger and financial statements.

### **III. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARD PROGRAMS**

#### ITEM ARISING THIS YEAR

## 10-3 Identification of Federal Awards - Cooperating Technical Partners Grant - CFDA #97.045

Norman County did not adequately identify amounts received and expended of \$111,594 for the Cooperating Technical Partners Grant CFDA #97.045 as federal in the general ledger. The expenditures were identified as contract agreement payments within the Planning and Zoning Department. The federal revenue associated with these expenditures was incorrectly posted to two separate state revenue accounts in the general ledger. Audit adjustments were also made to recognize additional payables and expenditures of \$81,242 related to the Cooperating Technical Partners Grant. If the SEFA preparation had been based only on the descriptions provided in the general ledger, the federal program would have been missed, and the expenditures reported in the SEFA would have been materially understated by \$192,836.

The Norman County Environmental Service Officer is responsible for monitoring the subrecipient of the Cooperating Technical Partners Grant and preparing the requests for reimbursements submitted to the state. However, due to a breakdown in communications or other controls, the grant was not properly identified as federal by County staff in the general ledger.

OMB Circular A-133, Subpart C, § 300, indicates auditee responsibilities include identification of all federal awards received and expended and the federal programs under which they were received and preparation of the SEFA.

We recommend Norman County management develop a system and written procedures that will allow staff to correctly identify and classify all federal financial assistance received and expended. Procedures should include determination of the correct program CFDA number, revenue source, and program name.

Corrective Action Plan:

Contact Person Responsible for Corrective Action:

*Josh Holte, Environmental Service Officer*

Action Planned:

*Josh started working for Norman County in 2011 and was not aware of this. The Auditor-Treasurer's Office will work with him to see that this doesn't happen again.*

Completion Date:

*Completion date will be in 2011.*

PREVIOUSLY REPORTED ITEM RESOLVED

**Subrecipient Monitoring (CFDA #20.219) (09-1)**

Norman County, acting as the pass-through entity, was awarded a Recreational Trails Program grant. This grant was passed through to the Agassiz Recreational Trail Board. Norman County was unable to provide any documentation that any monitoring procedures were being performed.

**Resolution**

Norman County now reviews documentation obtained from the Agassiz Recreational Trail Board that documents expenditures for the Recreational Trails Program grant before requesting reimbursement.

#### IV. OTHER FINDINGS AND RECOMMENDATIONS

##### A. MINNESOTA LEGAL COMPLIANCE

###### PREVIOUSLY REPORTED ITEMS NOT RESOLVED

###### 96-1 Ditch Cash Balance Deficits

Five of the 37 individual ditch systems had cash deficits totaling \$16,991 at December 31, 2010, with the largest being \$11,296. Provided the fund has money for that purpose, Minn. Stat. § 385.31 permits payment of expenditures. As allowed by Minn. Stat. § 103E.655, subd. 2, loans may be made from ditch systems with surplus funds or from the General Fund to a ditch system with insufficient cash to pay expenditures against it. This statute requires the loan to be repaid with interest.

Allowing a ditch fund to maintain a cash deficit constitutes an interest-free loan and is not in compliance with Minnesota law.

We recommend the County eliminate the individual ditch system cash deficits by borrowing from an eligible fund with a surplus cash balance and repay the loan with interest, or by levying assessments pursuant to Minn. Stat. § 103E.735, which permits the accumulation of a surplus balance for future repairs and maintenance costs of a ditch system, not to exceed 20 percent of the assessed benefits of the ditch system or \$40,000, whichever is larger.

###### Client's Response:

*We continue to work on this problem.*

###### 06-4 Collateral Assignments

Deposits in excess of the FDIC insurance coverage with Bank of the West are secured with pledged collateral; however, the County could not provide current documentation of a perfected security interest in the pledged collateral. As a result of prior findings, the County Auditor-Treasurer obtained a new board resolution, but that resolution does not approve the pledge of collateral to Norman County. Under the new resolution, the bank board merely delegates the authority to give security to certain bank employees; it does not (as required by FIRREA) approve an assignment of bank assets to Norman County.

In a Federal Appeals Court decision, the Court ruled that if a municipality fails to perfect its interest in pledged collateral under federal law, its right to such collateral in the event of default is not enforceable.

We recommend that the Norman County Auditor-Treasurer obtain current documentation of compliance with FIRREA from its depositories to ensure a perfected security interest in the collateral pledged.

Client's Response:

*We have been in contact with this bank and hope to resolve this problem in 2011.*

B. MANAGEMENT PRACTICES

PREVIOUSLY REPORTED ITEM NOT RESOLVED

09-2 Ditch Fund Balance Deficits

Five of the 37 individual ditch systems had deficit unreserved, undesignated fund balances as of December 31, 2010, totaling \$17,093, the largest being \$11,490. Three of the ditch systems have sufficient current levies to cover the deficits, however, two of the ditch systems do not. As provided by Minn. Stat. § 103E.735, subd. 1, a fund balance to be used for repairs may be established for any drainage system, not to exceed 20 percent of the assessed benefits of the ditch system or \$40,000, whichever is larger.

We recommend that the County eliminate the ditch system fund balance deficits by levying assessments pursuant to Minn. Stat. § 103E.735, subd. 1, which permits the accumulation of a surplus balance to provide for the repair and maintenance costs of a ditch system.

Client's Response:

*We continue to work on this.*

C. OTHER ITEM FOR CONSIDERATION

GASB Statement 54

The Governmental Accounting Standards Board's (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, is effective for Norman County for the year ending December 31, 2011. The standard's objectives are to enhance the usefulness of fund balance information included in the financial report through clearer fund balance classifications that can be consistently applied and to clarify existing governmental fund type definitions.

## Fund Balance Reporting

Statement 54 establishes new fund balance classifications based on constraints imposed on how resources can be spent. The existing components of fund balance are reserved, unreserved-designated, and unreserved-undesignated. Statement 54 replaces these components with nonspendable, restricted, committed, assigned, and unassigned as defined below:

- *Nonspendable* - amounts that cannot be spent because they are either not in spendable form (for example, inventory or prepaid items) or legally or contractually required to be maintained intact (such as the corpus of a permanent fund).
- *Restricted* - amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
- *Committed* - amounts that can be used only for specific purposes determined by a formal action of a government's highest level of decision-making authority.
- *Assigned* - amounts a government intends to use for a specific purpose that do not meet the criteria to be classified as restricted or committed.
- *Unassigned* - spendable amounts not contained in the other classifications.

The County should begin the process for implementing the new fund balance classifications. A key step in successfully implementing the new fund balance requirements is to plan ahead. The County can start with the following steps:

- review the requirements of GASB Statement 54;
- review current fund balances and compare to the new classifications;
- reclassify January 1, 2011, fund balance using the new classifications;
- review/update/prepare a comprehensive fund balance policy;
- prepare appropriate Board resolutions to commit fund balance; and
- if the County Board intends to delegate authority to assign fund balance, prepare the resolutions delegating that authority.

## Governmental Fund Type Definitions

The definitions of the general fund, special revenue fund type, capital projects fund type, debt service fund type, and permanent fund type are clarified in the new standard. The new definition for a special revenue fund could have significant impact on the County's current fund classifications.

GASB Statement 54 provides a new and clearer description of when it is appropriate to account for an activity using a special revenue fund. Special revenue funds are used to report specific revenue sources restricted or committed to specified purposes other than debt service and capital projects, where the restricted or committed revenue sources comprise a substantial portion of the fund's resources, and are expected to continue to do so in the future. The standard does not define substantial portion, however most recommendations are generally that the restricted or committed revenues should comprise at least 35 to 50 percent of total fund revenues. Under this definition, it is possible that some current special revenue funds will no longer meet the requirements for special revenue fund treatment. The County's management should review the County's special revenue funds to ensure these funds continue to warrant treatment as special revenue funds.

The County's management should perform the following steps prior to December 31, 2011:

- prepare a list of the County's special revenue funds;
- determine the sources of revenues for each of those funds;
- identify whether any of those revenues are restricted or committed;
- determine if these restricted or committed revenues represent a substantial portion of the fund's revenues and are expected to continue to be a substantial source of revenues;
  - if yes, the fund may continue to be classified as a special revenue fund;
  - if not, determine whether the County will combine that fund with the general fund or with a similar purpose special revenue fund that meets the new definition;
- code revenues in the general ledger by source constraints--restricted, committed, assigned, or unassigned; and
- determine if there needs to be a restatement of beginning fund balances.

Additional implementation steps could include: informing any component units that they also will need to meet the requirements; deciding on how fund balance will be presented in the financials, for example, detailed vs. aggregate methods; and developing the potential note disclosures. Additional guidance on GASB Statement 54 can be found on the Office of the State Auditor's website at: [http://www.auditor.state.mn.us/other/Statements/fundbalances\\_postGASB54\\_1012\\_statement.pdf](http://www.auditor.state.mn.us/other/Statements/fundbalances_postGASB54_1012_statement.pdf).

## **REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of County Commissioners  
Norman County

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Norman County as of and for the year ended December 31, 2010, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 14, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered Norman County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the Schedule of Findings and Questioned Costs as items 96-6, 06-1, 06-2, 10-1, and 10-2, that we consider to be significant deficiencies in internal control over financial reporting. A significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Norman County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Minnesota Legal Compliance

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65. Accordingly, the audit included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The *Minnesota Legal Compliance Audit Guide for Political Subdivisions* contains seven categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our study included all of the listed categories, except that we did not test for compliance in tax increment financing because Norman County has no tax increment financing.

The results of our tests indicate that, for the items tested, Norman County complied with the material terms and conditions of applicable legal provisions, except as described in the Schedule of Findings and Questioned Costs as items 96-1 and 06-4.

Also included in the Schedule of Findings and Questioned Costs is a management practices comment and an other item for consideration. We believe this recommendation and information to be of benefit to the County, and they are reported for that purpose.

Norman County's written responses to the internal control, legal compliance, and management practices findings identified in our audit have been included in the Schedule of Findings and Questioned Costs. We did not audit the County's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the Board of County Commissioners, management, others within Norman County, and federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than those specified parties.

## **REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Board of County Commissioners  
Norman County

### Compliance

We have audited Norman County's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2010. Norman County's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Norman County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, Norman County complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2010.

### Internal Control Over Compliance

Management of Norman County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we identified a deficiency in internal control over compliance that we consider to be a significant deficiency described in the accompanying Schedule of Findings and Questioned Costs as item 10-3. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Norman County's corrective action plan to the federal award finding identified in our audit is included in the accompanying Schedule of Findings and Questioned Costs. We did not audit the County's corrective action plan and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board of County Commissioners, management and others within the County, and federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than those specified parties.
