

**CRIMINAL FORFEITURES  
IN THE STATE OF MINNESOTA**

**DECEMBER 31, 2002**

## **Description of the Office of the State Auditor**

The Office of the State Auditor (OSA) serves as a watchdog for Minnesota taxpayers by helping to ensure financial integrity, accountability, and cost-effectiveness in local governments throughout the state.

Through financial, compliance, and special audits, the OSA oversees and ensures that local government funds are used for the purposes intended by law and that local governments hold themselves to the highest standards of financial accountability.

The OSA performs approximately 250 financial and compliance audits per year and has oversight responsibilities for over 4,300 local units of government throughout the state. The office currently maintains five divisions:

**Audit Practice** - conducts financial and legal compliance audits for local governments;

**Government Information** - collects and analyzes financial information for cities, towns, counties, and special districts;

**Legal/Special Investigations** - provides legal analysis and counsel to the Office and responds to outside inquiries about Minnesota local government law; as well as investigates allegations of misfeasance, malfeasance, and nonfeasance in local government.

**Pension Oversight** - monitors investment, financial, and actuarial reporting for over 700 public pension funds;

**Tax Increment Financing (TIF)** - promotes compliance and accountability in local governments' use of TIF through financial and compliance audits;

The State Auditor serves on the State Executive Council, State Board of Investment, Land Exchange Board, Public Employee's Retirement Association Board, Minnesota Housing Finance Agency, and the Rural Finance Authority Board.

# 2002 Criminal Forfeitures

## Overview

Minnesota criminal statute § 609.5315, subd. 6, directs law enforcement agencies to report all forfeitures to the Office of the State Auditor (OSA) except DWI related forfeitures.<sup>1</sup> This report provides information on the amount of money, weapons, and property forfeited in 2002. For OSA purposes, forfeitures are considered complete in the year in which a final decision is rendered on the seized property regardless of the year the property is initially seized. At that time, items are sold, retained for law enforcement purposes, destroyed, forwarded to other law enforcement agencies.

There are 485 organized law enforcement agencies in Minnesota, along with 22 multi-jurisdictional task forces and various gang strike forces.<sup>2</sup> Historically, less than 40 agencies submitted forfeiture reports to the OSA. This year, letters were sent to the 485 agencies reminding them of their statutory responsibility and reporting requirements and asking them to respond to the OSA if forfeitures were completed. The statutes define “appropriate agencies” that are required to report to the OSA. These include: the Bureau of Criminal Apprehension, the Minnesota State Patrol, all county sheriff’s departments, the suburban Hennepin regional park district park rangers, the Department of Natural Resources Division of Enforcement, the University of Minnesota Police Department, all city police departments, and all airport police departments. The drug task forces and gang strike forces do not have a statutory requirement to report their forfeitures to the OSA, though some do send forms in after forfeiture completion. The appendices list all agencies that reported whether they had each type of forfeiture and also lists all agencies that did not respond to the OSA request, which includes agencies that responded after the deadline passed.

## Criminal Forfeitures 2002 Summary

In 2002, 88 Minnesota law enforcement agencies reported a total of 1,441 criminal forfeitures to the OSA.<sup>3</sup> This total includes cash and forfeited property that was sold and property that was destroyed, retained, or forwarded to the Federal Drug Enforcement Administration. There were 429 more criminal forfeitures reported in 2002 than in 2001, a 42.1 percent increase.<sup>4</sup> The amount of cash forfeited and the gross sales of forfeited property totaled \$1,697,945, administrative expenses and lien holder’s obligations totaled \$132,339, and net proceeds totaled \$1,565,606.

Net proceeds involving cash or forfeited property that was sold ranged from negative \$4,277 to \$25,750.<sup>5</sup> Net proceeds per forfeiture averaged \$1,112 in 2002, down from \$1,305 in 2001. An

---

<sup>1</sup>Criminal and firearm forfeitures are authorized by Minnesota Statutes §§ 609.531-609.5317. DWI Offenses are done pursuant to Minnesota Statute § 169A.63 and are not reported to this office.

<sup>2</sup> Some of these agencies would not have forfeitures, such as the State Fair Police. Drug task forces and gang strikes forces are comprised of various law enforcement agencies, usually grouped by geographic region.

<sup>3</sup> This figure represents forfeitures of cash, or those in which the property was sold. Forfeitures that involved firearms are discussed later in this report.

<sup>4</sup> This increase is significant due to the reminder letter going out. The number of agencies reporting increased from 39 before the letter to 88.

<sup>5</sup> Net proceeds may be negative if the payment of administrative costs and satisfaction of valid liens against the property exceed the value of the

analysis of the net proceeds of 1,408 criminal forfeiture incidents in which the agency received cash or sold the forfeited property showed the following:

- 227 (16.1 percent) forfeitures were less than \$100.
- 553 (39.3 percent) forfeitures ranged from \$100 to \$499.
- 252 (17.9 percent) forfeitures ranged from \$500 to \$999.
- 321 (22.8 percent) forfeitures ranged from \$1,000 to \$4,999.
- 55 (3.9 percent) forfeitures were greater than \$5,000.

## **Administrative Expenses and Lien Holder's Share**

When agencies seize property, there are costs associated with storage and other expenses. Some forfeiture net proceeds are negative because on occasion expenses are greater than the auction price of the item that was sold. Some agencies may also not be listing the full costs when reporting.

Some agencies, such as the Wabasha County Sheriff are lessening these costs by allowing the individual whose property was seized to purchase the item back (usually a vehicle). At that time, the individual signs an agreement with the county attorney and the Sheriff's Department releasing the county from any responsibility for the item, and in return the forfeiture process is terminated. The funds are not subject to the same distribution as it is under the forfeiture statute; the funds go entirely to the Sheriff's Department. While this may save the agency the time and costs involved in forfeitures, it raises public policy questions of why forfeitures are completed in the first place; is it for revenue gain, or to deter individuals from committing an offense? Minnesota Statute § 609.531, subd.1a, states that Sections 609.531 to 609.5318 must be liberally construed to carry out the following remedial purposes: (1) to enforce the law; (2) to deter crime; (3) to reduce the economic incentive to engage in criminal enterprise; (4) to increase the pecuniary loss resulting from the detection of criminal activity; and (5) to forfeit property unlawfully used or acquired and divert the property to law enforcement purposes.

## **Types of Crimes and Forfeited Property**

Criminal activity involving a controlled substance accounted for an overwhelming 1,361 (94.4 percent) of the 1,441 forfeitures reported in 2002. The remaining forfeitures involve murder, theft, prostitution, assault, robbery, criminal sexual conduct, criminal vehicular homicide, and other crimes. Cash was the predominant form of property seized (78.1 percent), followed by cars and boats (20.2 percent), and other items (1.7 percent). If the bulk of the offenses are controlled substance offenses, and the number of drug task forces is increasing, statutory reporting from all drug task forces and gang strike forces would give a better indication as to the extent of forfeitures completed in the state on an annual basis.

---

cash or property forfeited.

## State Proceeds From Criminal Forfeitures

Pursuant to Minnesota Statutes, section 609.5315, subd. 5, cash or proceeds from the sale of forfeited property, after administrative expenses and payment of liens, are distributed in the following manner: 70 percent to the appropriate law enforcement agency; 20 percent to the county attorney or other prosecuting agency that handled the forfeiture; and 10 percent to the Department of Finance.

Based on the distribution formula and the net proceeds *reported* by law enforcement agencies to the OSA in 2002, \$156,561 was forwarded to the State of Minnesota. According to data received by the Treasury Division of the Department of Finance, funds submitted to the office totaled \$271,170 during the period from January 1 to December 31, 2002<sup>6</sup>. It is also interesting to note that 155 agencies submitted funds to the Treasury Division in 2002 and 88 reported to the OSA. Of those 155, nineteen were either a drug task force or gang strike force.

The same statute (§ 609.5315) that requires reporting to the OSA (subd. 6) requires that funds be forwarded to the Treasury Division within sixty days of completion of the forfeiture (subd. 5). According to the Treasury Division, funds were forwarded to their office by three different entities, the law enforcement agency, the county auditor, or the county attorney. Some of the agencies reported they had no forfeitures in 2002 when the reminder letter was issued, yet are listed as having submitted funds to the Treasury Division. It would indicate that some agencies and county officials are forfeiting cash and property without a clear understanding of the statutes and not remitting their funds or their reports in a timely manner.

## Criminal Forfeiture Activity By Law Enforcement Agency

The 88 law enforcement agencies reporting criminal forfeiture incidents in 2002 included county sheriff's departments, city police departments, various drug task forces, gang strike forces, the Minnesota State Patrol, and the Bureau of Criminal Apprehension. Forty-four more agencies reported criminal forfeitures than in the previous year.

Criminal forfeitures are an infrequent occurrence for most law enforcement agencies. In fact, 67 of the 88 law enforcement agencies reported less than 10 forfeitures during the reporting period. The Minneapolis Police Department reported the largest number of forfeitures with 418, followed by the Southeast Minnesota Drug Task Force with 170, the Minnesota State Patrol with 95<sup>7</sup>, and the Duluth Police Department with 59.

The Minneapolis Police Department reported an increase in the number of forfeitures of 8.6

---

<sup>6</sup> Agencies have 60 days to submit their proceeds to the Treasury Division and 30 days to submit their forfeiture reports to the OSA. This means that funds for 2002 could have come in as early as January and as late as the end of February of the following year. While the number above is not completely accurate, it is used as a comparison for when the agencies could have submitted funds to the Treasury Division. The discrepancy is still large enough to indicate that many agencies are not reporting forfeited items to the OSA. The discrepancy is also not attributable to funds from seized vehicles for DWI offenses, as the money collected from sale of those vehicles is not subject to the 70/20/10 split so no funds are remitted to the state. The statute also fails to require all agencies conducting forfeitures to report to the OSA (i.e. drug task forces).

<sup>7</sup>The forfeitures submitted by Minnesota State Patrol were for property seized in 2002, but did not have completion dates; therefore some forfeitures may have actually been completed in 2003. Two divisions of the Patrol had also not reported by the deadline date, so not all forfeitures were included.

percent between 2001 and 2002 but the average net proceeds per forfeiture decreased from \$1,271 to \$1,158. In 2000, the average net proceeds for the Minneapolis Police Department was \$1,354.

### **Forfeited Property Destroyed, Retained, or Forwarded to Another Agency**

In addition to selling forfeited property, law enforcement agencies have the authority, to destroy property that is harmful to the public, to retain property for official use by the agency, or forward property to the Federal Drug Enforcement Administration (DEA). The value of property used for law enforcement is not included in the net proceeds of criminal forfeitures or the funds transmitted to the Department of Finance until the property is sold.

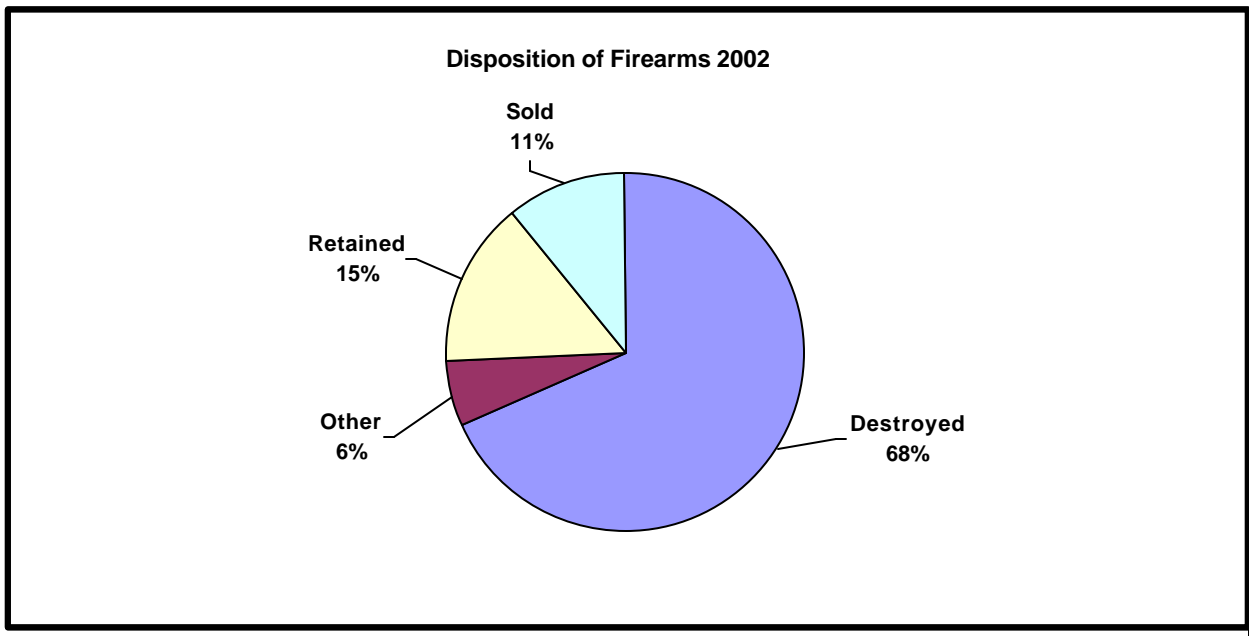

In 2002, thirty-three forfeitures represented an estimated \$70,029 in property that was destroyed, retained, or forwarded to the DEA (see Table 3). This represents an increase of 331.9 percent from the amount reported in 2001. This amount varies widely from year to year; depending on what type of property (i.e. houses, vehicles) is seized.

### **Property or Proceeds Shared With Another Agency**

Law enforcement agencies sometimes work together, especially on drug-related offenses (though not in a formal drug task force). Law enforcement agencies working on a case may share the cash proceeds from drug-related criminal forfeitures. In 2002, ten agencies shared with other agencies property or proceeds seized in 35 criminal forfeiture incidents.

## **Firearm Forfeitures 2002 Summary**

In 2002, 36 law enforcement agencies reported 2,288 firearm forfeitures to the Office of the State Auditor. Most noticeably, Hennepin County, Ramsey County and the St. Paul Police Department did not report any firearm forfeitures in 2002, which may indicate that this total number is underestimating the true number of firearm forfeitures. Law enforcement agencies generally dispose of weapons in three ways: retain them for agency use, destroy them, or sell them to federally licensed firearms dealers. The disposition of firearms is illustrated below. Most firearms seized are destroyed, followed by retained, and sold. When the firearms are sold, the agency retains the funds for its use.

## **Types of Weapons Forfeited**

The weapons most commonly forfeited in 2002 were predominantly .9-millimeter handguns, .22 caliber handguns, 12 gauge shotguns, .380 caliber handguns, .38 caliber handguns, .25 caliber handguns and .22 caliber rifles. Of the 2,296 weapons forfeited in 2002, 65.2 percent were handguns, 16.5 percent were shotguns, 14.6 percent were rifles, and 3.7 percent were other types or unknown.

## **Reason for Firearm Seizures**

Criminal activity including assault, theft, homicide and possession of a controlled substance were associated with 38.5 percent of all firearm forfeitures. Illegal firearm possession (31.2 percent) and Other, such as recovered property (12.8 percent), were the other common reasons for firearm seizures.

Firearm forfeitures by the Minneapolis Police Department (1,505) accounted for 65.6 percent of

reported firearm forfeitures in 2002. However, this percentage seems high due to the absence of Hennepin County, Ramsey County, and the St. Paul Police Department. By law, the Minneapolis Police Department destroys its weapons. Almost all rural police departments sell their firearms (see Table 4).
