2. Business Overview, Project Goals And Background

2.1 Business Description

2.1.1 The ERERTF seeks to acquire professional project management services from reputable and experienced individuals or organizations who can undertake and carry out project management for ERERTF. The following goals and background should be considered in preparing proposals:

2.1.2 The main goal of the project is to report to the Legislature recommendations for a set of outcomes and standards, along with legislative changes, that will result in the implementation of an electronic real estate recording system. An electronic real estate recording system means a publicly owned and managed county system, defined by statewide standards, that does not require paper or “wet” signatures, and under which real estate documents may be electronically:

- Created, executed, and authenticated;
- Delivered to and recorded with, as well as indexed, archived, and retrieved by, county recorders and registrars of title; and
- Retrieved by anyone from both on- and off-site locations.

and that satisfies the fiscal and oversight requirements of all governmental units.

2.1.3 The primary responsibilities of the coordinator are: a) to facilitate the work of the Task Force; b) to oversee the investigation of the issues laid out in Appendix C of the Workplan Report; c) to engage and manage vendors to conduct such investigations in accordance with procedures approved by the ERERTF; d) to supervise the implementation of pilot projects, as described on p. 12 of the Workplan, and to receive reports back analyzing each such project; e) to manage the project within the monetary resources available and in accordance with established time schedules; f) to manage the project in accordance with LCC procedures and requirements; g) to provide for payment of ERERTF bills, debts or other incurred obligations from the resources available to the ERERTF; h) to solicit resources in addition to those provided by the Legislature during the 2001 legislative session; i) to draft reports to the 2002 legislative session and the 2003 legislative session; j) to assist the ERERTF in the formation and/or passage of any legislation designed to promote and further the goals described in paragraph 2.1.1.; and k) to act as a coordinating resource for the ERERTF during the 2002 and 2003 legislative sessions.

2.1.4 The primary role of the coordinator is to serve as the administrative support for the ERERTF, at the direction of the ERERTF, facilitating the work of the Task Force and supervising the work of any other consultants hired. The coordinator will collaborate with the Legislative Coordinating Commission in all these activities. The coordinator will administer, coordinate and manage the project so that all of the above items as well as any other items set forth in the Workplan and/or assigned to the coordinator by the Task Force are completed.

2.1.5 The coordinator must provide proven and well-defined procedures for the implementation of the project as directed by ERERTF.

2.1.6 The coordinator is required to submit weekly status reports to the Chair and Vice-Chair of the ERERTF and to the LCC.

2.1.7 The coordinator cannot be employed by any of the other consultants or vendors hired in the course of the project or involved in any other bids let as part of the project. The coordinator must disclose to the ERERTF any relationships or affiliations with other consultants or vendors hired in the course of the project.

The first part contains information about the proposer and how the proposer will manage the project. The second part is the pricing proposal. The two proposals must be submitted together but the pricing proposal must be under separate cover in a sealed envelope. There should be no pricing information contained in the first part of the proposal.

5.1 Overview

5.2 Approach

The proposal should describe the approach to undertake and complete the ERERTF Workplan set forth in Appendix 9.6.

5.3 Project Plan

The proposal must contain a project plan that describes how the proposer intends to carry out the responsibilities of the project. Although we anticipate that this plan will reflect the ERERTF's Workplan (Appendix 9.6), the proposer's plan will assist in evaluating the quality of the proposal. The proposal must provide brief biographies and resumes of the individual or individuals who will work on the project.

The proposal must provide a list of three references that are familiar with the work of the Proposer. Provide a description of at least one similar project you did with each reference. Provide a contact name, address, phone number and email address for each reference.

The pricing proposal must be under separate cover in a sealed envelope. Only one copy of the pricing proposal is required. It should contain a specific total proposed compensation amount for all services requested in this RFP as well as the itemized list described in section 5.6.1. The ERERTF will negotiate a fixed priced, deliverable-based contract.

5.6.1 Services

This section of the pricing proposal should be an outline of the milestones and deliverables and the associated cost for each deliverable.

5.6.2 Incidental Costs

Incidental costs such as mileage to and from local task force meetings, are to be borne by the Proposer. Other expenses, such as travel from the Minneapolis-St. Paul metropolitan area to task force meetings outside of the Minneapolis-St. Paul metropolitan area, may be reimbursed as provided in the Commissioners Plan, found at

6. Proposal Evaluation

6.1 Overview of Evaluation Methodology

6.1.1 Phases

The evaluation will be conducted in four phases (see Section 6.3 for details):

Phase 1 – Validation of RFP Responses

Phase 2 – Evaluation of Proposals (content)

Phase 3 – Evaluation of Pricing Proposals

Phase 4 – Selection of the Successful Proposer

6.1.2 Non-disclosure

During the evaluation process, all information concerning the proposals submitted, including identity and number of proposers, will remain private and will not be disclosed to anyone whose official duties do not require such knowledge, to the extent permitted by law.

6.1.3 Competitive Negotiations

In the event the ERERTF determines it appropriate to enter into competitive negotiations with responsible proposers who have submitted proposals within the competitive range, each proposer selected to participate in such negotiations will be offered an opportunity to submit price, technical, and other revisions to its proposal during negotiations. Participating proposers will be informed of the date of the closing of negotiations and that revisions to proposals must be submitted by that date.

6.1.4 Non-selection

Non-selection of any proposal will mean that either another proposal was determined to be more advantageous to the ERERTF or that the ERERTF exercised the right to reject all proposals.

6.1.5 Award

If a contract is awarded, the award will be made to a financially responsible proposer and which is most advantageous to the ERERTF with quality, price and other factors considered. The ERERTF will notify the successful Proposer in writing of the award of the contract. The ERERTF will notify the unsuccessful proposer(s) in writing that their proposals have not been accepted.

6.2 Evaluation Committee

An ERERTF committee will evaluate the proposer's proposals. Other professional staff (non-ERERTF) may also assist in the evaluation process. This assistance could include requirements review, contacting references, or answering technical questions from evaluators. The ERERTF reserves the right to alter the composition of the Evaluation Committee and their specific responsibilities at any time.

6.3 Evaluation Phases

6.3.1 Phase 1 – Validation of RFP Responses

The purpose of this phase is to determine if each proposal responds to terms and conditions in the RFP. A responsive proposal must comply with all instructions listed in this RFP and contain the proposal contents defined in Section 5, Proposal Content. The ERERTF reserves the right to reject any and all proposals, to modify these RFP specifications, or to waive any formalities or other nonmaterial specifications required by this RFP. Any proposal found to be non-responsive will be eliminated from further evaluation.

6.3.2 Phase 2 - Evaluation of Proposals (content)

Only those proposals found to be responsive under Section 6.3.1 will be considered in Phase 2. Reference checks may also be made. However, the ERERTF reserves the right to make an award without further clarification of the proposals received. Therefore, it is important that each proposal be submitted in the most complete manner possible. The ERERTF will evaluate the proposer(s) response to each of the specific proposal submission requirements which are identified in Section 5, Proposal Content. The evaluation of proposals will include ranking of each proposal after consideration of the details requested in Section 5 (Proposal Content).

6.3.3 Phase 3 - Evaluation of Pricing Proposals

Only those proposals found to be responsive under Sections 6.3.1 and 6.3.2 will be considered in Phase 3. Cost or price will be an important criterion for selecting among proposers that are deemed qualified to provide the requested services, but will not be the sole determining factor.

6.3.4 Phase 4 - Selection of the Successful Proposer

Only those proposals found to be responsive under Sections 6.3.1, 6.3.2 and 6.3.3 will be considered. The Evaluation committee will review the rankings of the proposals and make a recommendation of the successful proposer. The evaluation team may request that the finalist(s) make a set of structured presentations to clarify their proposals. The clarifications may include site visits to one or more of the proposer(s) facilities or references.

7.8 Rejection of Proposals

7.8.1 Reserved Rights

ERERTF reserves the right to reject any or all proposals, in whole or in part, received by reason of this RFP. ERERTF may use the proposals as a basis for negotiation of a final contract. Multiple proposals may be used if ERERTF and the LCC determine it to be necessary. ERERTF reserves the right to add items or services to the contract. ERERTF also reserves rights to make minor modifications in system requirements. In compliance with Minn. ERERTF will evaluate the responses of any state employee along with other responses to this Request for Proposal.

7.9 Proposer's Cost

ERERTF will not pay for any information herein requested, nor is it liable for any costs incurred by any proposer.

7.10 Disposition of Responses

All materials submitted in response to this Request for Proposal will become property of the ERERTF and will become public record after the evaluation process is completed and an award decision made. If the Proposer submits information in response to this RFP that it believes to be trade secret materials, as defined by the Minnesota Government Data Practices Act, Minn. Stat. § 13.37, the Proposer must:

- clearly mark all trade secret materials in its response at the time the response is submitted,
- include a statement with its response justifying the trade secret designation for each item, and
- defend any action seeking release of the materials it believes to be trade secret, and indemnify and hold harmless the State, its agents and employees, from any judgments or damages awarded against the ERERTF in favor of the party requesting the materials,

and any and all costs connected with that defense. This indemnification survives the State's award of a contract and its termination or completion. In submitting a response to this RFP, the Proposer agrees that this indemnification survives as long as the trade secret materials are in the possession of the State. The ERERTF is required to keep all the basic documents related to its contract, including responses to RFPs for a minimum of seven years.

The ERERTF will not consider the prices submitted by the Proposer to be proprietary or trade secret materials.

Responses to this RFP will not be open for public review until the ERERTF decides to pursue a contract and that contract is awarded.

7.11 Proposal Obligations

The contents of the proposal and any clarification thereto submitted by the successful proposer shall become part of the contractual obligation and incorporated by reference into the ensuing contract.

The ERERTF owns all rights, title, and interest in all of the intellectual property rights, including copyrights, patents, trade secrets, trademarks, and service marks in the Works and Documents created and paid for under the contract. Further details of intellectual property rights are outlined in the standard contract, Appendix 9.1.

7.14 Signature of Proposer's Agent

A proposal will be accepted only if signed by an officer of a corporate contractor authorized to sign contracts on its behalf, a member of a partnership contractor, or an agent of a contractor properly authorized by a power of attorney or an equivalent document submitted to ERERTF prior to submission of the proposal or with the proposal.

7.15 Proposer Acceptance of RFP Content and Standard Contract

The content of this RFP and the proposal of the successful Proposer will become part of the final contract if a contract is awarded. Each Proposer's proposal must include a statement of acceptance of all terms and conditions stated within this RFP, modified by a detailed statement of exception for each item excepted by the Proposer.

Attached to the RFP (see Appendix 9.1) is a standard contract that shall form the basis for the contract to be entered into between the State and the successful Proposer under this RFP. All proposers shall be responsible for indicating any exceptions to particular terms and conditions in the contract. Failure to take exception to a term or condition shall be deemed acceptance of such term and condition, and Proposer shall be bound to accept all such terms and conditions in the final executed contract. Exceptions to the RFP or standard contract must be noted on the

“Exceptions to Terms and Conditions” form attached as Appendix 9.5. Exceptions to standard contract language will be a factor in the evaluation of proposals.

7.16 Workers’ Compensation

The successful Proposer will be required to certify that it is in compliance with Minn. Stat. § 176.181, subd. 2, pertaining to workers’ compensation insurance coverage. The Proposer’s employees and agents will not be considered State employees. Any claims that may arise under the Minnesota Workers’ Compensation Act on behalf of these employees and any claims made by any third party as a consequence of any act or omission on the part of these employees are in no way the State’s obligation or responsibility.

7.17 Human Rights Compliance

The Minnesota Human Rights Act (Minn. Stat. § 363.073) divides the contract compliance program into two categories. Both categories apply to any contracts for goods or services in excess of \$100,000.

The first category applies to businesses that have had more than 40 full-time employees within Minnesota on a single working day during the previous 12 months. The businesses in this category must have submitted an Affirmative Action plan to the Commissioner of the Minnesota Department of Human Rights prior to the due date of the response and must have received a Certificate of Compliance prior to the execution of the contract.

The second category applies to businesses that have had more than 40 full-time employees on a single working day in the previous 12 months in the state in which they have their primary place of business. The businesses in this category must have either a current Certificate of Compliance previously issued by the Department of Human Rights or certify to the contracting state agency that they are in compliance with federal Affirmative Action requirements before execution of the contract. For further information, contact the Department of Human Rights, 190 East 5th Street, Suite 700, St. Paul, MN 55101; Voice: 651-296-5663; Toll Free: 800-657-3704; or TTY: 651-296-1283.

Minnesota proposers must have a current Certificate of Compliance or submitted an affirmative action plan by the time proposals are due, or their proposal will be rejected.

State agencies are under no obligation to delay the execution of a contract until a proposer has completed the Human Rights certification process. It is the sole responsibility of the proposer to apply for and obtain a Human Rights certificate prior to execution, as applicable.

The State of Minnesota Affirmative Action Data Page can be found in Appendix 9.3.

7.18 Affidavit of Non-collusion

Each proposer must complete the Affidavit of Non-collusion found in Appendix 9.5 and include it with the response to the proposal.

7.19 Certification of Insurance

The ERERTF will require that a certificate of insurance be filed with the State's authorized agent within 14 days of execution of the Contract and prior to commencement of any work under this contract. The types of insurance necessary will be workers' compensation insurance, commercial general liability, and professional/technical, Errors and Omissions, and/or Miscellaneous Liability Insurance. Details on insurance certification will be worked on during contract negotiation.

8. Contractual Requirements

8.1.1 Conformance With State and Federal Regulations

The proposer will be required to unconditionally comply with all Federal and Minnesota laws, regulations, and policies as they exist or as amended which are or may be applicable to contracts, including those not specifically mentioned in the Contract. If applicable, work performed under the contract must conform to the Federal requirements set forth in 45 CFR, Parts 74 and 95. The Proposer may request ERERTF to issue policy determinations or operating guidelines required for proper performance of the Contract. The proposer shall be entitled to rely upon and act in accordance with such policy determinations and operating guidelines and shall incur no liability in doing so unless the Proposer acts negligently, maliciously, fraudulently, or in bad faith.

8.1.2 Proposer Personnel and Services Management

The Proposer's contract manager will be required to provide, in advance and in writing, any permanent or temporary (greater than ten (10) consecutive work days) changes to or deletions from the Proposer's named personnel. During the course of the contract, ERERTF will reserve the right to approve or disapprove the Proposer's (and any subcontractors) staff assigned to the contract and to approve or disapprove any proposed changes to that staff. The Proposer will be required, upon request, to provide ERERTF with a resume of any member of its staff or a subcontractor's staff assigned to or proposed to be assigned to any aspect of the performance of the contract. Upon the written request of the ERERTF contract manager, any employee of the Proposer who, in the opinion of the contract manager is unacceptable, shall be removed from the project staff. In the event that an employee is removed pursuant to a written request from the ERERTF contract manager, the Proposer shall as soon as possible, but no later than twenty (20) days, fill the vacancy with an acceptable employee. Replacement of any personnel, including those who have terminated employment, shall be with personnel of equal or greater ability and qualifications as those previously approved by ERERTF.

8.1.3 State Property

The Proposer will be responsible for the proper custody and care of any State-owned property furnished for the Proposer's use in connection with the performance of the Contract, and the Proposer will reimburse ERERTF for such property's loss or damage, normal wear and tear excepted.

8.2 Patent and Copyright Indemnity

Proposer will defend the State against a claim that machines or software programming supplied hereunder infringes a U.S. patent or copyright, or that the machine's operation pursuant to a current release and modification level of any programming supplied by Proposer infringes a U.S. patent. Proposer will pay any resulting costs, damages, and attorney's fees finally awarded provided that:

The ERERTF promptly notifies Proposer in writing of the claim; and Proposer has sole control of the defense and all related settlement negotiations, except the ERERTF may participate in such defense and all related settlement negotiations upon prior written consent of Proposer, which consent shall not be unreasonably withheld.

If such claim has occurred, or in Proposer's opinion is likely to occur, the ERERTF agrees to permit Proposer, at its opinion and expense, either to procure for the ERERTF the right to continue using the machines or software programming, or to replace or modify the same so that they become non-infringing. If the Proposer is unable to do either, the ERERTF shall be entitled to a refund of the price of the equipment or software programming based on a seven year amortization period.

8.3 Title

Proposer must pass unencumbered title to the LCC any and all materials, systems, accessories, and devices purchased under this agreement.

7.2 **Amendments.** Any amendment to this contract must be in writing and will not be effective until it has been executed and approved by the same parties who executed and approved the original contract, or their successors in office.

7.3 **Waiver.** If the State fails to enforce any provision of this contract, that failure does not waive the provision or its right to enforce it.

7.4 **Contract Complete.** This contract contains all negotiations and agreements between the State and the Contractor. No other understanding regarding this contract, whether written or oral, may be used to bind either party.

8 Liability

The Contractor must indemnify, save, and hold the State, its agents, and employees harmless from any claims or causes of action, including attorney's fees incurred by the State, arising from the performance of this contract by the Contractor or the Contractor's agents or employees. This clause will not be construed to bar any legal remedies the Contractor may have for the State's failure to fulfill its obligations under this contract.

9 State Audits

Under Minn. Stat. § 16C.05, subd. 5, the Contractor's books, records, documents, and accounting procedures and practices relevant to this contract are subject to examination by the State and/or the State Auditor or Legislative Auditor, as appropriate, for a minimum of six years from the end of this contract.

10 Government Data Practices and Intellectual Property

10.1. **Government Data Practices.** The Contractor and State will comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, as it applies to all data provided by the State under this contract, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Contractor under this contract. The civil remedies of Minn. Stat. § 13.08 apply to the release of the data referred to in this clause by either the Contractor or the State.

If the Contractor receives a request to release the data referred to in this Clause, the Contractor must immediately notify the State. The State will give the Contractor instructions concerning the release of the data to the requesting party before the data is released.

10.2. **Intellectual Property Rights**

(A) **Intellectual Property Rights.** The State owns all rights, title, and interest in all of the intellectual property rights, including copyrights, patents, trade secrets, trademarks, and service marks in the Works and Documents *created and paid for under this contract*. Works means all inventions, improvements, discoveries (whether or not patentable), databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, and disks conceived, reduced to practice, created or originated by the Contractor, its employees, agents, and subcontractors, either individually or jointly with others in the performance of this contract. Works includes "Documents." Documents are the originals of any databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, disks, or other materials, whether in tangible or electronic forms, prepared by the Contractor, its employees, agents, or subcontractors, in the performance of this contract. The Documents will be the exclusive property of the State and all such Documents must be immediately returned to the State by the Contractor upon completion or cancellation of this contract. To the extent possible, those Works eligible for copyright protection under the United States Copyright Act will be deemed to be "works made for hire." The Contractor assigns all right, title, and interest it may have in the Works and the Documents to the State. The Contractor must, at the request of the State, execute all papers and perform all other acts necessary to transfer or record the State's ownership interest in the Works and Documents.

(B) **Obligations**

1. **Notification.** Whenever any invention, improvement, or discovery (whether or not patentable) is made or conceived for the first time or actually or constructively reduced to practice by the Contractor, including its employees and subcontractors, in the performance of this contract, the Contractor will immediately give the State's Authorized Representative written notice thereof, and must promptly furnish the Authorized Representative with complete information and/or disclosure thereon.

2. **Representation.** The Contractor must perform all acts, and take all steps necessary to ensure that all intellectual property rights in the Works and Documents are the sole property

of the State, and that neither Contractor nor its employees, agents, or subcontractors retain any interest in and to the Works and Documents. The Contractor represents and warrants that the Works and Documents do not and will not infringe upon any intellectual property rights of other persons or entities. Notwithstanding Clause 8, the Contractor will indemnify; defend, to the extent permitted by the Attorney General; and hold harmless the State, at the Contractor's expense, from any action or claim brought against the State to the extent that it is based on a claim that all or part of the Works or Documents infringe upon the intellectual property rights of others. The Contractor will be responsible for payment of any and all such claims, demands, obligations, liabilities, costs, and damages, including but not limited to, attorney fees. If such a claim or action arises, or in the Contractor's or the State's opinion is likely to arise, the Contractor must, at the State's discretion, either procure for the State the right or license to use the intellectual property rights at issue or replace or modify the allegedly infringing Works or Documents as necessary and appropriate to obviate the infringement claim. This remedy of the State will be in addition to and not exclusive of other remedies provided by law.

11 Affirmative Action

11.1 For contracts in excess of \$100,000.00 the Contractor certifies that it is in compliance with Minn. Stat. § 363.073.

11.2 If the Contractor has had more than 40 full-time employees within the State of Minnesota on a single working day during the previous 12 months the Contractor must comply with the following Affirmative Action requirements for disabled workers:

(A) The Contractor must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The Contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

(B) The Contractor will comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.

(C) In the event of the Contractor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with Minn. Stat. § 363.073, and the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.

(D) The Contractor will post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the commissioner of the Minnesota Department of Human Rights. Such notices must state the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.

(E) The Contractor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract, understanding that the Contractor is bound by the terms of Minn. Stat. § 363.073, of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons.

12 Workers' Compensation

The Contractor certifies that it is in compliance with Minn. Stat. § 176.181, subd. 2, pertaining to workers' compensation insurance coverage. The Contractor's employees and agents will not be considered State employees. Any claims that may arise under the Minnesota Workers' Compensation Act on behalf of these employees and any claims made by any third party as a consequence of any act or omission on the part of these employees are in no way the State's obligation or responsibility.

13 Publicity and Endorsement

13.1 **Publicity.** Any publicity regarding the subject matter of this contract must identify the State as the sponsoring agency and must not be released without prior written approval from the State's Authorized Representative. For purposes of this provision, publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Contractor individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this contract.

13.2 **Endorsement.** The Contractor must not claim that the State endorses its products or services.

14 Governing Law, Jurisdiction, and Venue

Minnesota law, without regard to its choice-of-law provisions, governs this contract. Venue for all legal proceedings out of this contract, or its breach, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.

15 Termination

15.1 **Termination by the State.** The State may cancel this contract at any time, with or without cause, upon 30 days' written notice to the Contractor. Upon termination, the Contractor will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed.

15.2 **Termination for Insufficient Funding.** The State may immediately terminate this contract if it does not obtain funding from the Minnesota Legislature, or other funding source; or if funding cannot be continued at a level sufficient to allow for the payment of the services covered here. Termination must be by written or fax notice to the Contractor. The State is not obligated to pay for any services that are provided after notice and effective date of termination. However, the Contractor will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that funds are available. The State will not be assessed

any penalty if the contract is terminated because of the decision of the Minnesota Legislature, or other funding source, not to appropriate funds. The State must provide the Contractor notice of the lack of funding within a reasonable time of the State's receiving that notice.

16 Data Disclosure

Under Minn. Stat. § 270.66, and other applicable law, the Contractor consents to disclosure of its social security number, federal employer tax identification number, and/or Minnesota tax identification number, already provided to the State, to federal and state tax agencies and state personnel involved in the payment of state obligations. These identification numbers may be used in the enforcement of federal and state tax laws which could result in action requiring the Contractor to file state tax returns and pay delinquent state tax liabilities, if any.

To this end, the Neutral is authorized to conduct both joint meetings and separate private caucuses with parties. During the ADR Process, the Neutral will be free to divulge to the parties all information as to the other party.

The rendering of a decision by the State's Authorized Representative will be a condition precedent to Contractor's exercise of such rights and remedies as it may have under this Contract or at law in respect to any claim, dispute or other matter.

Attachment E: Errors or Omissions

1. Contractor will be responsible for the accuracy of the work and must within thirty (30) days of receipt of notice of any error, omission or negligent act make necessary revisions or corrections resulting from Contractor's errors, omissions, or negligent acts without additional compensation for a period of at least twelve (12) months after acceptance. Accuracy shall mean the work will be designed, developed and delivered according to Contract Specifications.
2. Acceptance of work by State will not relieve Contractor of the responsibility for subsequent correction of any errors or omissions of any ambiguities.
3. Contractor must prepare any and all plans or data needed to correct errors and/or omissions without added compensation, even though contractor may have already received final payment.
4. If errors, omissions and/or negligent acts are made by Contractor in any phase of the work, the correction of which may require additional work, Contractor will be promptly notified by State and will be required to perform within thirty (30) days of such notification such additional work as may be necessary to correct these errors, omissions and/or negligent acts and without additional cost to State.

6. Contractor will be responsible for any damages incurred as a result of its errors, omissions, and/or negligent acts. Acceptance of the work by State will not relieve Contractor of the responsibility for subsequent correction of any such errors, omissions and/or negligent acts, or of liability for loss or damages resulting therefrom.
7. Contractor must respond to State's notice of any errors and/or omissions within 24 hours and give immediate attention to these corrections to minimize any delays to the Contractor. Notification will be by telephone, followed by Certified Mail.

9.2. Exceptions to Terms and Conditions

A Contractor shall be presumed to be in agreement with the terms, conditions, and content of the RFP and standard contract (Appendix 9.1) unless the Contractor takes specific exception to one or more of the terms or conditions.

CONTRACTORS ARE CAUTIONED THAT BY TAKING ANY EXCEPTION THEY MAY BE MATERIALLY DEVIATING FROM THE RFP SPECIFICATIONS. IF A CONTRACTOR MATERIALLY DEVIATES FROM AN RFP SPECIFICATION, ITS PROPOSAL MAY BE REJECTED.

A material deviation is an exception to a specification which (1) affords the Contractor taking the exception a competitive advantage over other Contractors; or (2) gives the State something significantly different than the State requested.

Instructions: Contractors must explicitly list all exceptions to RFP and State standard contract terms and conditions, if any. Reference the exact number of the State’s term and condition. If no exceptions exist, state “NONE” specifically. Exceptions must be taken to both the terms and conditions in the boilerplate contract developed specifically for this procurement (see Section 5.16) and to the terms and conditions set forth in the RFP.

The second category applies to businesses that have had more than 40 full-time employees on a single working day in the previous 12 months in the state in which they have their primary place of business. The businesses in this category must have either a current Certificate of Compliance previously issued by the Department of Human Rights or certify to the contracting state agency that they are in compliance with federal Affirmative Action requirements before execution of the contract.
