

Focus on Financial Aid 2006-2007

Your Guide to Paying for College

How will I pay for college?

College is costly. But the lifetime benefits of being a college graduate are worth the investment. If you think you cannot afford to attend college, think again. Financial aid has helped millions of students pay for their education beyond high school. Many students are surprised to find that they qualify for some assistance.

What Is Financial Aid?

Financial aid takes many forms and comes from several sources. Your eligibility for various types of aid is determined by the cost of attendance and your family's financial needs.

Financial aid comes in three basic forms:

- *Grants or scholarships*: awards that you do not have to repay;
- *Loans*: borrowed funds that must be repaid with interest, usually after your education is complete;
- *Work Study*: money earned through on- or off-campus employment while attending college.

In addition to financial aid, reduced tuition is a possibility for students who attend public colleges and universities in certain neighboring states. Tax benefits can also help to offset the cost of attending post-secondary education.

Where Do I Start?

Right here. Applying for financial aid is not difficult, but it is important to plan ahead and understand your options. This guide is intended to help answer your questions about paying for college. You will find information about saving for college, grants, loans, scholarships, tuition reciprocity and reduced tuition, tax credits and who to contact at each institution. Assistance is also available from post-secondary institutions, through your high school and the Minnesota Office of Higher Education.

Financial Aid Estimator

Use this online financial aid estimator to estimate your eligibility for a Federal Pell Grant, Minnesota State Grant, and federal education tax benefits.

Go to www.getreadyforcollege.org and click on *Financial Aid Estimator*.

Where Does Financial Aid Come From?

Financial aid comes from the federal government, the state government, colleges and private organizations.

Aid from the Federal Government

The federal government generally awards financial aid to students from low-income families. The largest federal grant program is the Federal Pell Grant program. Three other need-based grant programs are also available through the federal government. The federal government also offers loans to help students pay for their education and subsidizes work-study jobs at various colleges and universities.

Aid from State Government

The state of Minnesota awards most of its financial aid to students from low- and moderate-income families.

- Minnesota State Grants are awarded to qualifying Minnesota residents attending Minnesota post-secondary institutions as undergraduate students.
- The state awards Post-Secondary Child Care Grants to qualified students with dependent children.
- The state subsidizes work-study jobs at schools across the state.
- The state also operates a student loan program called the SELF Loan Program.

Aid from Institutional Sources

In addition to administering federal and state aid programs, many colleges and universities have their own scholarship, loan and work programs. These may include:

- alumni-sponsored awards
- privately sponsored scholarships
- athletic awards
- general institutional funds used for financial aid

Some awards are based on financial need. Others are based on your academic achievement, religious affiliation, ethnic or racial heritage, community activities, artistic talents, athletic ability, field of study or special hobbies, experiences and interests.

Aid from Private Sources

Financial aid is also available from many community organizations, foundations, corporations, clubs and civic and cultural groups.

Qualifying for Aid

Most financial aid programs assume that students and parents have a responsibility to pay a share of educational costs. The amount you and your family are expected to pay will vary based upon such factors as income, assets, the number of children in the family and the number of

Ninety-five percent of all financial aid awarded comes from state and federal governments and the schools.

children attending post-secondary institutions. The process for determining your eligibility for financial aid determines what you and your family can reasonably be expected to pay. This is called your expected family contribution. The school uses this to identify your financial need:

$$\begin{array}{r} \text{Price of Specific School} \\ - \text{Expected Family Contribution (EFC)} \\ \hline = \text{Financial Need} \end{array}$$

Federal and state financial aid is offered only if your expected family contribution is not enough to cover the price of attending a particular school. Although your expected family contribution will typically stay the same, your financial aid eligibility typically increases as the price of attending a post-secondary institution increases.

How Do I Apply for Financial Aid?

In order to receive financial aid, or determine your eligibility, you must apply for it. By submitting one application form, you can determine your eligibility for a range of financial assistance at many colleges, universities and career schools.

To apply for financial aid, you must complete the Free Application for Federal Student Aid (FAFSA). The FAFSA is used to apply for a Minnesota State Grant, a Federal Pell Grant, a Stafford Loan and other financial aid available at specific schools. The form requires you to submit information about your family's income, assets and your status as a resident. Your completed FAFSA will be made available to all the schools you designate. Some

schools have their own application to apply for institutional aid. Find out if there is a separate application and deadline.

The financial aid office at the college can help you complete the FAFSA and answer questions.

Student Aid Report (SAR): Report on the results of student's need analysis based on information supplied on the FAFSA. The report is used by schools to prepare the financial aid package for the student.

Each college you are considering will use funds from all available sources to create an aid package for you based on your financial need. Applying for financial aid does not cost anything. By applying, you do not commit yourself to attend any school.

When Do I Apply for Financial Aid?

Deadlines vary among financial aid programs. Apply as early as possible. The earliest you can submit the FAFSA application is January 1 for the following academic year. For the Minnesota State Grant, you must apply no later than 30 days after the start of the term. Each institution has its own deadlines for applying for institutional scholarships. For some grants and loans, including the Federal Pell Grant program, you may apply anytime during the academic year you are enrolled. You must reapply each year using a shortened renewal application form.

Application Procedures

You may apply online at www.fafsa.ed.gov. The paper FAFSA becomes available in early winter, and may be obtained from high school counselors, financial aid offices at post-secondary institutions, public libraries and from the Office of Higher Education. You may request a copy by calling the Federal Student Aid Information Center at (800) 433-3243.

To complete the FAFSA, you will need the following financial records:

- your tax return (if filed)
- your parents' return if you apply as a dependent student
- your spouse's return (if you are married and your spouse filed a separate return)

It helps to have other records on hand such as W-2 forms, current bank statements, mortgage information, records of untaxed income and business and farm records.

School codes needed to complete the FAFSA are available at www.fafsa.gov or see the list of Minnesota schools at the back of this guide. Save all your records used to prepare your application in case you are asked to verify that it is correct.

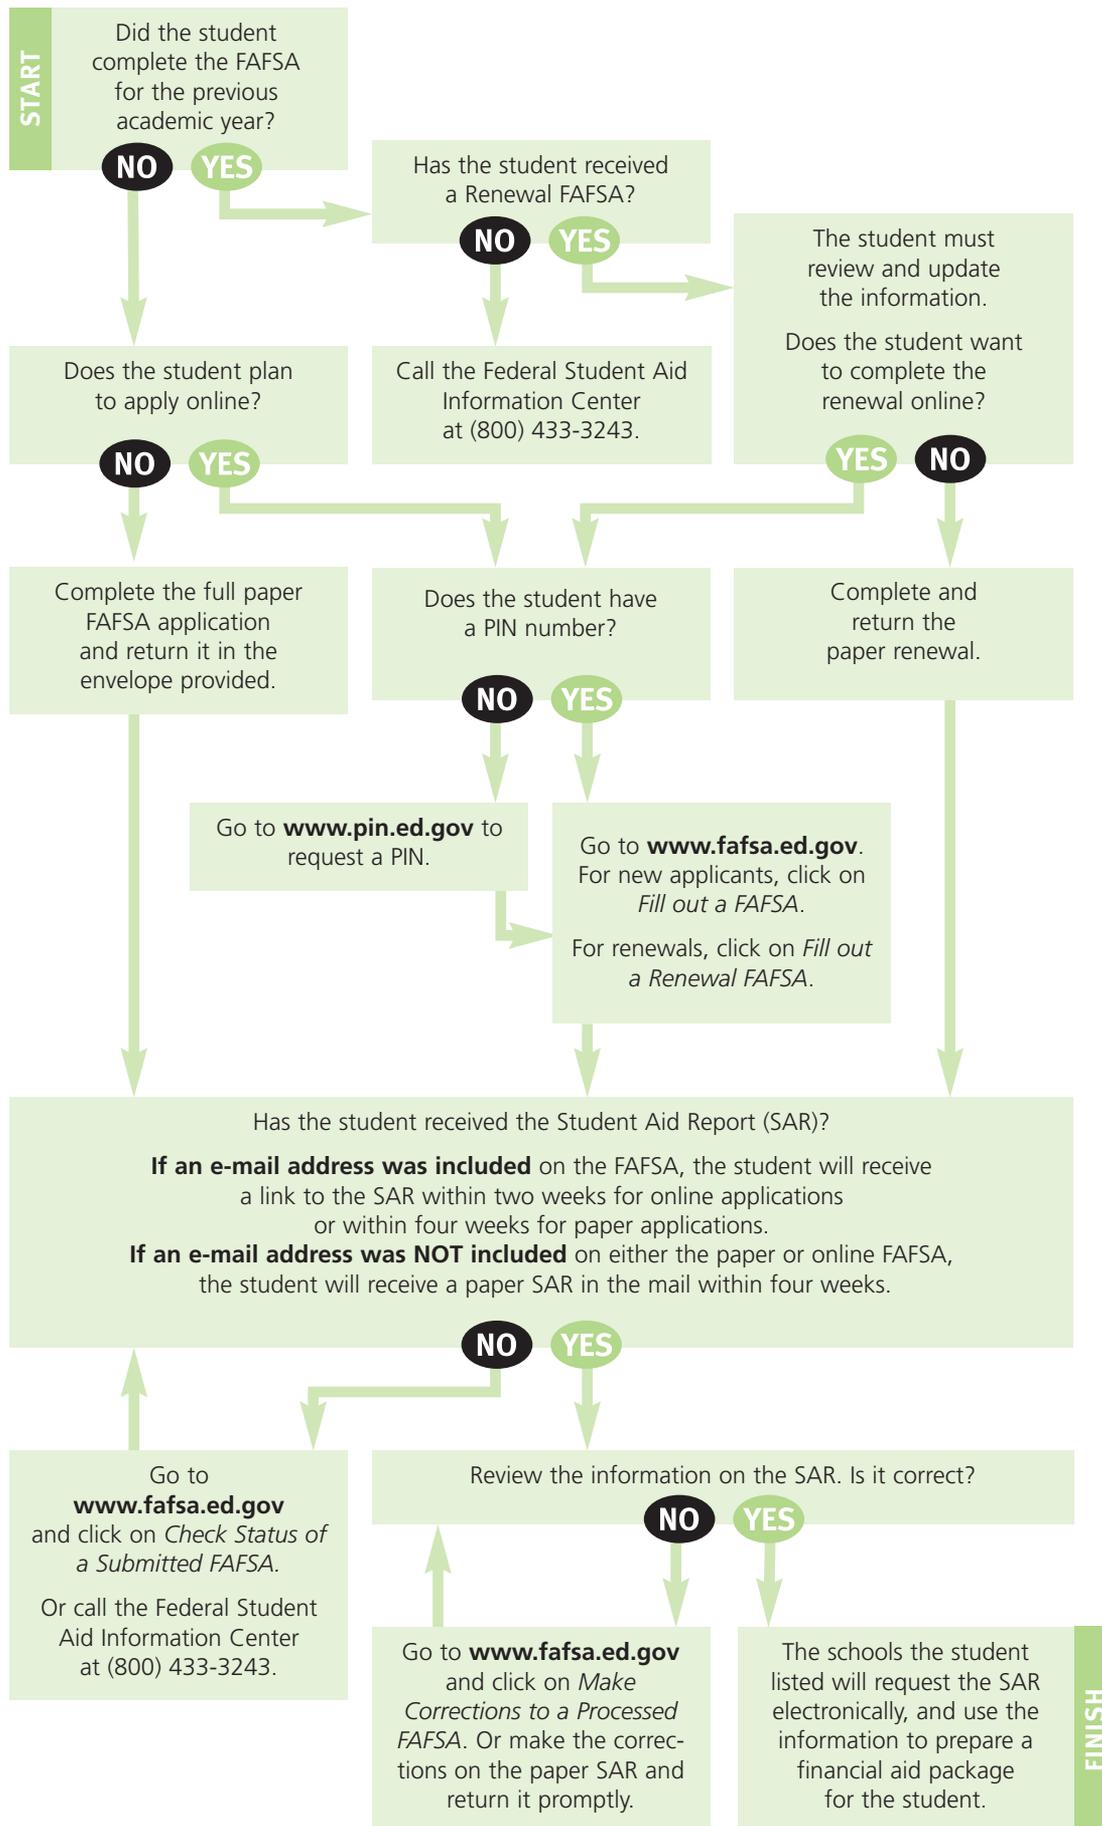

Your FAFSA will be analyzed and a report will be sent to the schools you designate. This report will confirm the information you provided on the FAFSA and contains your expected family contribution. If you estimate your federal income taxes on the FAFSA, many schools will hold off awarding financial aid packages until your income is verified.

Tips on Completing the FAFSA

To learn more about how to complete the FAFSA correctly, visit www.studentaid.ed.gov/complefafsa.

Check the status of your FAFSA at www.fafsa.ed.gov by clicking on the FAFSA follow-up.

Completing the Free Application for Federal Student Aid (FAFSA)

Factors That Affect Eligibility

Various factors may result in increases or decreases in your eligibility for financial aid.

Dependent or Independent Status

All students are considered either **dependent** (on your parents) or **independent** (self-supporting).

Dependent students must submit financial information about their parents on the FAFSA. This information is required even if the parents do not intend to help pay for the student's education because the student is then responsible for the parent's share as well.

You are automatically considered an independent student for the 2006-2007 school year if you are 24 or older as of December 31, 2006. If you are under 24, you will be considered independent if you are:

- a graduate or professional student
- married
- a student with legal dependents other than a spouse
- on active duty military service
- a veteran of U.S. Armed Forces
- an orphan or ward of the court
- classified by your financial aid administrator as independent because of unusual circumstances

Appeals: If you think you should be independent because of unusual circumstances, even though you normally would be considered dependent, talk to the financial aid administrator at your school. The aid administrator may use his or her judgment to change your status to independent if he or she believes your status warrants it. The decision by the institution is final.

Citizenship Requirements

Each federal and state financial aid program may have different citizenship eligibility requirements. Review the requirements for each program carefully.

Eligible Online Students

Students enrolled in online courses and programs may be eligible for some types of financial aid. To be eligible for federal financial aid, the student must:

- attend an institution that is eligible to participate in federal financial aid
- meet the student eligibility requirements for federal programs

Students also may be eligible for a loan through the SELF Loan program (see page 21) at participating institutions.

Undergraduate Minnesota residents who take online courses may qualify for a Minnesota State Grant if the institution is physically located in Minnesota and participates in the program.

To learn more about financial aid eligibility as a distance learner, check with the financial aid administrator at the school you are attending or plan to attend.

Class Load

Increases or decreases in your number of credits per term may affect how much financial aid you are eligible to receive. Before making changes to your class schedule, check with your financial aid administrator for more details.

How Do I Apply for Financial Aid?

School Transfer

Financial aid does not automatically transfer with the student to a new institution. Students must contact the financial aid administrator at the new school to determine what actions should be taken to receive aid. Students with federal aid must be sure to have an electronic version of the FAFSA results sent to the new institution. In many cases, the new institution will be able to access the federal application system electronically. Students with a Stafford, PLUS or SELF Loan will need to reapply. Students participating in work study or the Minnesota Post-Secondary Child Care Grant also need to reapply. If you transfer to a more expensive school, you may be eligible to receive more aid. See your financial aid administrator for details.

Family Financial Status

Students and families sometimes experience changes in their financial status due to special circumstances, such as the loss of a job, serious illness, disability, separation or divorce or a death in the family. If your family income changes, your financial aid eligibility also may change, even if you were previously denied eligibility.

Contact the financial aid administrator at the institution you attend or plan to attend and explain your circumstances. In special instances, the aid administrator can adjust the information used to calculate your expected family contribution which may result in increased financial aid eligibility based on your revised level of financial need.

Funding Education Beyond High School: The Guide to Federal Student Aid

Published by the U.S. Department of Education, this publication provides information on federal grants, loans and work study. The English and Spanish guides may be downloaded at studentaid.ed.gov/students/publications/student_guide/2006-2007/index.html.

The English, Spanish or Braille guide may also be ordered by calling (800) 4-FED AID.

Expected Family Contribution (EFC):
A calculation based on the need analysis of how much of a family's resources should be available to pay toward the price of attendance.

What Types of Financial Aid Are Available?

Financial aid comes in three main forms: grants or scholarships, loans and work study. Other ways to help you pay for college include community service benefits, military service benefits, reduced tuition programs and government tax benefits.

The school you attend or plan to attend will use funds from all available sources to create an aid package for you based on your financial need.

Grants

Grant funds are awarded on the basis of financial need. Most colleges encourage you to apply for both a Pell Grant and state aid by completing the FAFSA and any other form required by the institution's financial aid office. Financial aid packages prepared for undergraduates make maximum use of the Federal Pell Grant Program and the Minnesota State Grant Program.

Federal Pell Grant

Federal Pell Grants assist about 5.3 million undergraduate students nationally who are attending college full time or part time.

Of all Federal Pell Grants awarded, 90% goes to families with incomes below \$45,000.

In 2006-2007, Pell Grants range from \$400 to \$4,050. The average grant is projected to be approximately \$2,200. The actual award amount will depend on the price of attendance, your family's financial situation (such as income, assets and family size), whether you are a full- or part-time student and other criteria.

Students with family incomes up to \$50,000 may be eligible for a Federal Pell Grant although most awards go to students with lower family incomes.

Eligibility Requirements: You may receive a Pell Grant for your undergraduate study until you complete a baccalaureate or first professional degree (such as pharmacy or dentistry), and may use it at almost any school. In some cases, you may receive a Pell Grant for attending a post-graduate teacher certification program. Check with the financial aid administrator at your school to determine whether the institution and its programs are eligible for the Federal Pell Grant Program.

In addition to meeting financial eligibility requirements, students must:

- be enrolled in a program leading to a certificate, degree or diploma at a school eligible to participate in the Federal Pell Grant program
- sign a statement of registration status indicating that you have either registered with the Selective Service (www.sss.gov) or that you are not required to register. You must register if you are a male born on or after January 1, 1960, are at least 18, and not currently on active duty in the Armed Forces
- maintain satisfactory academic progress. If you are receiving federal student aid and are enrolled in a program that is longer than two years, you must have a C average by the time you are halfway through your course of study or have an academic standing consistent with your institution's graduation requirements
- sign a statement stating that you do not owe a refund on a Pell Grant and are not in default on a federal loan and that you agree to use your student aid only for educational purposes
- not be convicted for the possession or sale of illegal drugs while receiving federal financial aid
- be a U.S. citizen or eligible non-citizen

You are an **eligible non-citizen** if you:

- are a U.S. permanent resident with an Alien Registration Card (I-551)
- are a conditional permanent resident with an I-551C card
- have an Arrival Departure Record (I-94) from the Department of Homeland Security with any of the following designations: refugee, asylum granted, parole or Cuban-Haitian entrant

Application Process: You apply for the Federal Pell Grant by completing the FAFSA. You may apply until June 30, 2007 to receive a Pell Grant for the 2006-2007 school year. You may apply for the 2007-2008 school year after January 1, 2007. Students must apply each year to renew their grant.

Minnesota State Grant

The Minnesota State Grant program is among the largest state-sponsored need-based programs in the country. Each year, about 72,000 Minnesota residents receive grants totaling about \$124 million.

The maximum combined Pell and State Grant in 2006-2007 ranges from about \$5,403 at a public two-year college to \$8,202 at a private four-year college. The average State Grant award is about \$1,696. The minimum award is \$100 per year. On average, qualifying students receive a combined Pell and State Grant award of about \$3,308.

Eligibility Requirements: Minnesota residents who enroll for at least three credits as undergraduate students in a program leading to a certificate, degree or diploma at one of more than 132 eligible schools in Minnesota may apply for a State Grant. To be considered a Minnesota resident, a student must meet the criteria listed below. Eligible students must also be U.S. citizens or eligible non-citizens (see page 8).

Eligible institutions include state universities, the University of Minnesota, public community and technical colleges, schools of nursing and related health professions, private colleges and private career institutions in Minnesota. State Grants cannot be used at out-of-state schools unless the student is pursuing a degree at an eligible Minnesota school that has a consortium agreement with an out-of-state school.

Minnesota Resident Status: To be considered a Minnesota resident for the State Grant, State Work Study and the Post-Secondary Child Care Grant, a student must meet one of the following criteria:

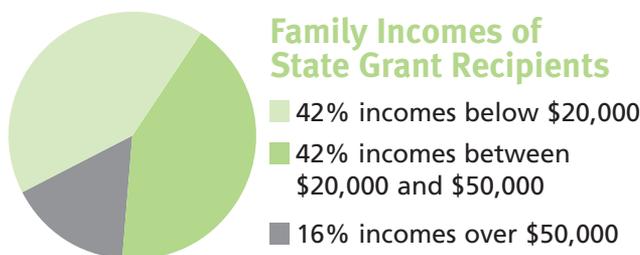

- graduate from a Minnesota high school while residing in Minnesota
- receive a GED in Minnesota after living in the state for at least one year
- live in Minnesota for at least one year for other than educational purposes (was not enrolled for more than five credits in any term during that time)
- the dependent student's parents reside in Minnesota when the financial aid application was submitted
- the independent student originally met the resident definition as a dependent applicant, and has not moved from the state since that time
- relocated to Minnesota as a refugee and continue to reside in Minnesota

- a member (spouse or dependent) of the U.S. armed forces stationed in Minnesota on active federal military service
- relocate to Minnesota within 12 months of a presidential disaster declaration if the disaster interrupts the student's post-secondary education

Students and their families are not penalized for leaving the state to serve in the military, for missionary service or to attend college in another state if they retained Minnesota as their state of legal residence.

Other Eligibility Requirements: Grant applicants must be graduates of a secondary school or its equivalent or be 17 years of age or older by the end of the academic year.

Students in default on a student loan or more than 30 days behind for child support owed to a public agency are not eligible, unless they are complying with a payment plan.

How Does the State Grant Work? The State Grant program is coordinated with the Federal Pell Grant program. All students are required to pay at least 46 percent of their price of attendance from savings, earnings, loans or other financial aid from the school or private sources.

The price of attendance is pro-rated based on the student's enrollment status and consists of:

- tuition and fees
- an allowance established by the Minnesota Legislature for room and board, books and supplies and miscellaneous expenses

Dependent Versus Independent Status

For dependent students, the remaining 54 percent of the price of attendance is assigned to the parents as determined by the federal need analysis and, if necessary, to the government through a combination of Pell and State Grant awards.

What Types of Financial Aid Are Available?

For independent (self-supporting) students, the remaining 54 percent of the price is met using the student's income and net worth as determined by the federal need analysis, with an adjustment by the state of Minnesota, and with a combination of Pell and State Grant awards.

Independent students without dependents other than a spouse are expected to contribute 72 percent of the remaining 54 percent expected student contribution. Independent students with dependents are expected to contribute 90 percent of the remaining 54 percent expected student contribution.

Application Process: Apply by completing the FAFSA. The FAFSA must be received within 30 days after the start of the term for your school. If you miss the deadline for one term, you may still apply for aid the following academic term within the academic year. You may apply for the 2007-2008 school year after January 1, 2007. You must apply each year to renew the grant.

You can renew your grant to receive up to eight semesters of grant awards (or 12 quarters). You are not eligible for a grant once you have earned a baccalaureate degree. An additional term of eligibility is available for students who have withdrawn from active military service January 1, 2003 or later.

How It Works

Example 1: *A student attending a Minnesota public four-year institution in 2006-2007*

The student is assigned responsibility for 46 percent of the price, or \$5,357. The remaining 54 percent of the price is covered by the student's parents and, if necessary, federal and state grants.

If the student's parents are not expected to help pay for their child's education, the student would be eligible for federal and state grants totaling \$6,288, the 54 percent share not provided by the student.

State University

Price of Attendance:

Actual Tuition & Fees	\$5,895
Living & Misc. Allowance	\$5,750
Total	\$11,645

Source of Funds:

Student's share.....	\$5,357
Parent share	\$0
Pell Grant.....	\$4,050
State Grant	\$2,238
Total	\$11,645

Example 2: *A student attending a private four-year institution in 2006-2007*

The student is assigned responsibility for 46 percent of the price, or \$6,986. The remaining 54 percent price is covered by the student's parents and, if necessary, federal and state grants.

If the student's parents are not expected to help pay for their child's education, the student would be eligible for state and federal grants totaling \$8,202. If, for example, the student's parents are expected to contribute \$1,000, the student would be eligible for grants totaling \$7,202.

The student who chooses to attend a private four-year college must, in this example, pay actual tuition and fees of \$24,400. Of this, only \$9,438 is recognized in the award calculation for the State Grant program in 2006-2007. This means the student will need to provide \$14,962 in tuition and fees that is not recognized by the state.

Private Four-Year College

Price of Attendance:

Recognized Tuition & Fees	\$9,438
Living & Misc. Allowance	\$5,750
Total	\$15,188

Source of Funds:

Student's share.....	\$6,986
Parent share	\$0
Pell Grant.....	\$4,050
State Grant	\$4,152
Total	\$15,188

In both examples, the students may receive additional grant assistance from private or institutional sources that are under the control of the campus financial aid administrator. Receipt of these additional grants does not affect the size of the State or Pell Grant. This additional assistance can be used to help meet the student's required contribution.

Federal Supplemental Educational Opportunity Grant

The Federal Supplemental Educational Opportunity Grant Program (SEOG) is awarded to exceptionally needy students, and can add \$100 to \$4,000 in grant money to the student's financial aid package. The award amount is set by the institution's financial aid office and depends on the availability of funds at your school and the amount of other aid you are receiving.

Eligibility Requirements: Undergraduate students who are enrolled at least half time are eligible. Priority is given to students already receiving a Pell Grant. Students must be U.S. citizens or eligible non-citizens (see page 8).

Application Process: You must apply through the financial aid office at your school, which will use your FAFSA results to determine the size of your award. Different schools set different deadlines so apply as early as possible.

Academic Competitiveness Grant

The federal Academic Competitiveness Grant is new in 2006. The grant provides up to \$750 per year to first-year students and \$1,300 for second-year college students who have successfully completed a rigorous high school program of study.

Eligibility requirements: Students eligible to receive an Academic Competitiveness Grant must meet all of the following criteria:

- be eligible to receive a Pell grant
- be enrolled in college full time in a degree-granting program
- demonstrate completion of a rigorous academic curriculum in high school as defined in Minnesota
- have completed their high school curriculum after January 1, 2005
- maintain at least a 3.0 GPA in college-level coursework
- be a U.S. citizen

Application Process: Students who have applied and are eligible for a Pell grant will be notified by e-mail or mail from the federal government about how to apply. To learn if your high school curriculum meets Minnesota's standard for "academically rigorous" or to obtain an application, visit the U.S. Department of Education's Web site at www.ed.gov.

SMART Grant

The federal SMART grant (Science and Mathematics Access to Retain Talent Grants) is new in 2006 and provides up to \$4,000 per year for college juniors and seniors majoring in physical, life, or computer sciences; mathematics; technology; engineering or foreign languages determined critical to national security. Dollar amounts may be reduced if demand exceeds available funding.

Eligibility requirements: In addition to being admitted to a qualifying science, mathematics or language program, eligible students must meet the following criteria:

- be eligible to receive a Pell Grant
- be enrolled in college full time
- have completed the first two years of a degree
- be a U.S. citizen

Application Process: Students should contact their school's financial aid office to learn how to apply. To learn more about eligible programs or to obtain an application, visit the U.S. Department of Education's Web site at www.ed.gov.

Minnesota Post-Secondary Child Care Grant

Students who have children 12 and under (14 and under if disabled) and demonstrate financial need may receive assistance under the Minnesota Child Care Grant Program to help pay for child care. Assistance may cover up to 40 hours per week per eligible child.

The maximum available to a full-time student is \$2,300 for each eligible child per academic year. In some instances, the maximum award may be increased by 10 percent to compensate for higher market costs for infant care. The amount of the grant award is based on the income of the applicant and spouse, number in the applicant's family, number of eligible children needing child care and the student's enrollment level.

Eligible Minnesota institutions include all public post-secondary schools and private, baccalaureate degree-granting colleges and universities, or non-profit two-year career schools granting associate degrees. Some schools may choose not to participate.

What Types of Financial Aid Are Available?

Eligibility Requirements: You are eligible to apply for a Child Care Grant if you:

- are a resident of Minnesota (see page 9)
- have a child 12 years of age or younger (14 years of age or younger if handicapped), who is receiving or will receive care on a regular basis from a licensed or legal non-licensed care giver
- meet the program's income guidelines
- are not receiving Minnesota Family Investment Program (MFIP) benefits during the same term you receive a Child Care Grant. A student who receives a Child Care Grant award and then receives benefits from the MFIP program during the same quarter must inform the school within 10 days
- are enrolled at least half time (six or more credits) in an eligible institution
- have not earned a baccalaureate degree or have enrolled full time fewer than eight semesters, 12 quarters or the equivalent (an additional term of eligibility is available for students who have withdrawn from active military service January 1, 2003 or later)
- are pursuing a nonsectarian program or course of study that applies to an undergraduate degree, diploma or certificate
- are in good academic standing and making satisfactory progress toward a degree, diploma or certificate
- are not receiving tuition reciprocity
- are not in default on any educational loan or, if in default, have made satisfactory arrangements to repay the loan with the holder of the note
- are a U.S. Citizen or eligible non-citizen (see page 8)

MFIP recipients who want to pursue a post-secondary education and who have children age 12 and under may receive assistance through the MFIP child care assistance program to help pay child care expenses.

Application Process: You must apply for the Child Care Grant through the financial aid office at your school.

Other low income families interested in child care assistance should contact the social service office in the county where the student resides to inquire about the Basic Sliding Fee child care program. The amount of assistance to help cover day care will depend on the family size, annual income of the family, the number of day-care hours necessary to cover education or work obligations and the availability of funding. Other requirements and standards may vary by county.

Average Federal and State Need-Based Grants

by Income and Sector 2006-2007 Academic Year

The figures below are only estimates of eligibility for federal and state need-based grants for dependent undergraduates! You may be eligible for more or less need-based assistance based on your family size, number of students in college, eligible assets and other factors. This chart in no way guarantees the grant amounts shown. Results are based on the average dependent student expected family contribution for the 2004-2005 financial aid year for Minnesota residents completing the FAFSA.

	2-Year Public Colleges	State Universities	University of Minnesota	4-Year Private Colleges	Private Career Schools
Average Annual Tuition and Fees²	\$4,255	\$5,895	\$9,410	\$24,400	\$10,305
Average Institutional Grant/Scholarship for Sector³ (includes need and merit-based scholarships)	\$1,022	\$1,345	\$3,033	\$6,490	\$950
Percent of First-Time, Full-Time Freshmen Receiving Institutional Grant/Scholarship	20%	32%	45%	91%	33%

Family Income \$20,000 or Less (\$0 Expected Family Contribution)

Pell Grant	\$4,050	\$4,050	\$4,050	\$4,050	\$4,050
State Grant	\$1,353	\$2,238	\$4,136	\$4,152	\$2,530
Average SEOG	\$442	\$685	\$2,044	\$1,716	\$483

Family Income \$40,000 (\$2,098 Expected Family Contribution)

Pell Grant	\$2,000	\$2,000	\$2,000	\$2,000	\$2,000
State Grant	\$1,305	\$2,190	\$4,088	\$4,104	\$2,482
Average SEOG	\$442	\$685	\$2,044	\$1,716	\$483

Family Income \$60,000⁴ (\$5,328 Expected Family Contribution)

Pell Grant	\$0	\$0	\$0	\$0	\$0
State Grant	\$0	\$960	\$2,858	\$2,874	\$1,252
Average SEOG	\$0	\$0	\$0	\$0	\$0

Family Income \$80,000⁴ (\$11,695 Expected Family Contribution)

Pell Grant	\$0	\$0	\$0	\$0	\$0
State Grant	\$0	\$0	\$0	\$0	\$0
Average SEOG	\$0	\$0	\$0	\$0	\$0

¹ Two new federal grants, not shown here, may provide some Pell-eligible students with additional financial assistance. See page 11.

² Tuition and fees represent the average tuition and fees for a student taking 30 semester or 45 quarter credits during the 2006-2007 academic year.

³ Institutional grants and scholarships are based on the average amount of institutional funds awarded to students for fall term 2003-2004 as reported to the Office of Higher Education. Both need and merit-based scholarships are included. Average institutional grants and scholarships could not be segregated by income level.

⁴ Some families in these income categories who have specific circumstances qualify for significant need-based grants. All students and their families are encouraged to complete the FAFSA because each situation is different and many institutions use the information on the FAFSA to award institutional scholarships to families in these income categories.

Scholarships

Scholarships are awarded based on criteria such as academic or athletic achievement, cultural or religious background or special skills and talents. Unlike grants, you often need to complete scholarship application forms in addition to the FAFSA. Most colleges in Minnesota offer their own scholarships.

Be sure to check with your school's financial aid office to determine if scholarship awards will affect your eligibility for other types of financial aid. Following are some statewide scholarship programs. For a partial list of institutional scholarships in Minnesota, visit www.getreadyforcollege.org/mnscholarships.

Robert C. Byrd Honors Scholarship

The federal Robert C. Byrd Honors Scholarship Program is a renewable scholarship of \$1,500 to high school seniors who are nominated by high school principals. Recipients can attend any accredited post-secondary institution in the United States.

About 120 awards are equitably distributed across the eight Minnesota Congressional districts. Awards can be renewed for three additional years of undergraduate study upon request and continued eligibility, and are not competitive.

Eligibility Requirements: Nominees must demonstrate outstanding academic achievement. Up to one student is selected from each Minnesota high school.

Application Process: The Minnesota Department of Education distributes application and nomination information to all Minnesota high schools, charter schools (public and private), GED programs and Area Learning Centers in January. Students should contact their principal or counselor for application forms.

A Minnesota resident high school senior attending a high school outside Minnesota may self-nominate if he or she has the endorsement of the high school principal. The award amount depends on the level of federal funding.

One nomination is accepted per high school, or two if the graduating class is 350 or greater. The nomination deadline is early March. Students are notified before the end of their high school senior year.

Minnesota Academic Excellence Scholarship

Students who demonstrate outstanding ability, achievement and potential may be eligible for the Minnesota Academic Excellence Scholarship.

At public institutions, the scholarship may cover up to the price of tuition and fees for one academic year. At private institutions, the scholarship may cover up to the actual tuition and fees charged by the institution or the tuition and fees at comparable public institutions, whichever is less.

Eligibility Requirements: High school graduates must be admitted full time in a nonsectarian, baccalaureate degree-granting program at the University of Minnesota, a Minnesota state university or a Minnesota private baccalaureate degree-granting college or university. Students must be enrolled the same year they graduated from high school. The scholarship can be renewed annually for up to three additional academic years if the student continues to meet the program's academic standards.

Application Process: Contact the institutions you are considering to determine whether or not they participate in the program.

Presidential Freedom Scholarship

The Presidential Freedom Scholarship recognizes high school students for outstanding community service. The principal of each school can nominate up to two students.

Each scholarship is at least \$1,000, which includes at least \$500 from local business, community or civic organizations and a \$500 match from the Corporation for National Service.

Eligibility Requirements: You must be a high school junior or senior, in public or private school, who has performed at least 100 hours of community service in the year prior to applying.

Application Process: Students are nominated by their high school principal in the spring of each year. For more information, visit www.nationalservice.org/scholarships/ or contact your high school principal or the Office of Higher Education.

Where to Find Private Scholarships

Many community organizations, foundations, corporations, clubs and civic and cultural groups provide student scholarships. Some only require that you demonstrate financial need, just as you do for state and federal aid. Others award scholarships based on academic or athletic achievement, religious affiliation, ethnic or racial heritage, community service, career plans or field of study or special hobbies and interests.

If you're looking for private sources of financial aid, you should:

- inquire at community organizations such as the Chamber of Commerce
- check with churches, businesses, industries and veterans' posts
- check with your high school counselor
- review reference books in your high school guidance office or the library
- watch for announcements in your local news media
- search online
- check with your or your family's employer, professional association or labor union. They often sponsor grants, scholarships or loans. Or, if you are employed, check to see if your employer has an education policy that pays for employees to enroll in job-related post-secondary courses.

Scholarship Resources

Scholarships, Grants, & Prizes, 2006

This publication provides details on nearly 1.6 million awards worth more than \$6 billion available to students from private sources.

Sports Scholarships and College Athletic Programs, 6th Edition

This guide details sports scholarships and freshman financial aid at 1,500 colleges and universities.

Both can be purchased directly from the publisher at **www.petersons.com**, at bookstores or by calling (800) 338-3282, or by sending a check for \$26.95, plus \$5.25 for shipping, to:

Beware of Financial Aid Search Companies

Some financial aid computer search companies offer to match students with sources of financial aid for a fee. Be cautious in using these services. Chances for success in obtaining more scholarship money are small. There are no guarantees the company will find any sources of financial aid that you can't find yourself, and there's no guarantee of receiving funds.

Following are some questions to consider if you use a search company:

- If the company suggests that large amounts of aid currently are not being used, how does it document the statement?
- How many financial aid sources exist in the company's computer file? Does the company maintain its own file of sources? Or does it use the file of some other company or service?
- Is there a minimum number of sources provided by the company? Are the listings in the form of scholarships, work, loans or contests? Do they include federal and state programs for which the student will be considered through the regular financial aid application process? Do the sources include institutional scholarships about which the student would be notified once accepted?
- How often does the company update its list of aid sources? Does the company check to confirm that the source still exists?
- Can the student apply directly to the aid sources provided by the company, or must the student be recommended by a person or group? Are the application fees for the sources provided?
- How long will the student have to wait for the information? Will the list of aid sources be received before application deadlines?
- What characteristics are used to match students with aid sources?
- How successful have previous participants been in obtaining funds from aid sources identified by the company? Is there a list of references that can be contacted for verification?
- Will the company refund the program fee if aid sources are incorrectly matched with the student's qualifications, if aid sources no longer exist or fail to reply to the student or if application deadlines for aid sources already have passed when the information is received?

Proceed with Caution

There are no perfect indicators of a fraudulent or deceptive company. However, proceed with caution if you are considering working with a company that:

- lists a mail drop as a return address or operating out of a residential address
- uses excessive hype and claims of high success rates
- requires up-front money for application fees
- has typing and spelling errors on application materials
- lists no telephone number for the business
- suggests its influence with scholarship sponsors
- pressures you to respond quickly
- requests personal information (bank account, credit card, or social security numbers)

If you have been the victim of a scholarship scam, see below to file a complaint and report the fraud.

What Types of Financial Aid Are Available?

Loans

Low-interest educational loans are available from several federal and state programs as well as from private lenders, such as banks, savings and loan associations or credit unions. Students at some schools may be able to borrow directly from the U.S. Department of Education. Loan programs are available for both students and parents.

Federal student loans fall under two categories:

Federal Family Education Loan Program (FFEL)

(loans come from banks, credit unions or other private lenders)

- *Federal Subsidized Stafford Loan*
- *Federal Unsubsidized Stafford Loan*
- *Federal Parent Loan for Students*

Federal Direct Student Loans (loans come directly from the federal government)

- *Federal Direct Subsidized Stafford Loan*
- *Federal Direct Unsubsidized Stafford Loan*
- *Federal Direct Parent Loan for Students*

Both programs offer Stafford and PLUS Loans for parents. The state of Minnesota also provides loans to students and parents through the SELF Loan program.

How to Evaluate a Loan

Each loan has its own characteristics and features. Compare your options side-by-side and include:

- the total cost to repay the loan (including the fees, principal and interest)
- how long it takes to repay the loan
- the amount of the monthly payments
- the penalty you would pay if you were late on a payment or default
- the impact the loan would have on your total financial aid package (how it may affect your grant, scholarship and work-study awards)
- whether it can be consolidated with other loans at the time of repayment.

Make sure you choose the loan that best meets your needs, but keep in mind that the cheapest loan is not always your best option. Because loans must be repaid, you should plan your debt financing carefully:

- Ask for information about interest rates and fees, repayment terms and options and other obligations.
- Consider your future income and don't borrow more than you can afford to pay back. The table on page 22 illustrates how high a salary you will need to repay different amounts of student loan debt.

Subsidized and Unsubsidized Stafford Loan Comparison

Subsidized Stafford Loan

- need-based
- federal government pays interest while the student is in school

Unsubsidized Stafford Loan

- not need-based
- student pays interest while in school

Federal Subsidized Stafford Loan

The subsidized Stafford Loan is available only to students who demonstrate financial need, and the interest is paid to the lender by the government while the student attends school at least half time.

More than 500 private lenders make the Federal Stafford Loan available to Minnesota students. If you have difficulty locating a cooperating lender, contact the Great Lakes Higher Education Guaranty Corporation at (651) 290-8795 or (800) 366-0032.

Federal Subsidized Stafford Loans taken out on or after July 1, 2006 are at 6.8 percent interest. This interest rate is fixed and will not fluctuate with other interest rates tied to the economy.

The chart on page 21 illustrates how much you may be eligible to borrow. Loan amounts are higher for independent (self-supporting) students.

The annual borrowing amounts assume enrollment in a program that is at least one academic year long. Your annual borrowing limit will be lower if you enroll for less than a full academic year.

Eligibility Requirements: You must attend school at least half time, and be determined to have financial need. The financial aid administrator at the school you attend or plan to attend will assist you.

Application Process: Because the school you are attending or plan to attend must determine your Federal Pell Grant eligibility before it can process your loan application, you must complete the FAFSA as the first step in determining if you qualify for the subsidized Stafford Loan.

What Types of Financial Aid Are Available?

Stafford Loans (both subsidized and unsubsidized) made by lenders are guaranteed by one of a number of private, non-profit guarantee agencies. All loans must be approved by the guarantor before the lender will make the loan.

In return for this guarantee, you may be required to pay an insurance premium of one percent, also known as a **guarantee fee**, which is deducted proportionately from each disbursement of your loan amount. On a typical loan of \$2,625, a one percent guarantee fee would equal \$26.25. This one-time fee goes into a fund at the guarantee agency which is used to reimburse lenders in the event of default, death, disability or bankruptcy of the borrower.

You also pay an additional one-time three percent fee to the lender. This fee, set by the federal government, is called an **origination fee**. It is deducted proportionately from each disbursement of your loan amount. For example, for a loan of \$2,625, an origination fee of

\$52.50 will be deducted. The fee is kept by the lender to offset part of the federal interest subsidy that the government pays the lender for you.

Subtracting the two fees ($\$26.25 + \$52.50 = \$78.75$), a Stafford loan request of \$2,625 would therefore be reduced to a net disbursement of \$2,547.

After you sign a **promissory note** (an agreement to repay your loan) from your lender, your loan will be sent to your school either by electronic funds transfer or by a check made payable to both you and your school. Most loans are disbursed in two or more payments, rather than a lump sum. Because of this, you should plan your personal finances accordingly.

Repayment of Stafford Loans: Interest rates on Federal Stafford and Direct loans taken out before July 1, 2006 have varied each year, based on changes to the Federal 91-day Treasury Bill rate. Rates on loans taken out before July 1, 2006 cannot exceed 8.25 percent.

Student Loan Definitions

Co-Signer: This is a credit-worthy individual, usually a parent or spouse, who has agreed to share the responsibility for repayment of a student loan with a student.

Default: Being delinquent in repaying a student loan more than a predetermined number of days or failure to comply with any of the other terms of the promissory note.

Deferment: A postponement of the loan repayment. Conditions for deferment vary by loan program.

Delinquency: Missing a scheduled payment on a student loan. If delinquency persists, default will occur.

Disbursement: This is the act of providing loan funds to the student or to their institution on the student's behalf. A student loan can be disbursed in one, two or three payments. Disbursements can be sent electronically to the student's school to credit his or her school account.

Forbearance: An arrangement to postpone or reduce a borrower's monthly payment amount for a limited and specified amount of time, or to extend the repayment period. The borrower is charged interest during the forbearance.

Guarantee Fee: A fee that is deducted from the proceeds of the Stafford Student Loan and forwarded by the lender to a guarantor in return for its guaranteed coverage against default.

Interest: This is the fee charged to borrow money. Interest charges are in addition to the principal of the loan.

Interest Subsidy: The payment of interest on Stafford Student Loans by the U.S. Department of Education for student borrowers while they are in school.

Origination Fee: A fee that is deducted from the amount of a Stafford Student Loan.

Principal: This is the amount borrowed by the student before interest is charged.

Promissory Note: The legal document signed by the borrower prior to receiving a student loan. Besides containing a promise to repay the loan, it lists the conditions of the loan and terms for repayment.

What Types of Financial Aid Are Available?

The interest rate on loans taken out after July 1, 2006 is 6.8 percent both while the student is in school and in repayment. Interest rates on loans taken out after July 1, 2006 will not change.

Interest rates for repayment of prior loans vary depending on the date of the first disbursement. You will be informed of rate changes throughout the life of your loans.

The federal government pays the interest on (or subsidizes) the loan for you until the start of your repayment period. In most cases, you must begin repayment within six months after you leave school or drop below half-time status. You have up to 10 years to complete repayment.

The amount of your payment depends on the size of your debt, but in all cases you will pay at least \$50 per month in principal and interest. Under certain conditions you may defer (postpone) payments for up to three years. Ask your financial aid administrator, your lender or read your promissory note to learn about deferring payment.

Some borrowers may be eligible to repay their loans based on a “graduated” or “income sensitive” repayment. This option considers your financial situation when determining the monthly payment. For more information, ask your lender or servicer.

Federal Unsubsidized Stafford Loan

For students without demonstrated financial need, the *unsubsidized* Stafford Loan is available. The loan limits and interest rate for dependent, undergraduate students are the same as those of the subsidized Stafford Loan. Independent students enrolled in undergraduate, graduate or professional degree programs have higher borrowing maximums.

Borrowers of the unsubsidized Stafford Loan are required to pay interest on the loan while in school. During your grace period (the time before beginning repayment) and during periods of authorized deferment (postponement) and forbearance (authorized delay in loan principal payment), the student may make monthly or quarterly interest payments to the lender or choose to have the interest added to the principal of the loan. This is called capitalization.

Eligibility Requirements: You must attend school at least half time. The financial aid administrator at the school you attend or plan to attend will assist you.

Application Process: Because the school you are attending or plan to attend must determine your Federal Pell Grant eligibility before it can process your loan application, you must complete the FAFSA. Using the FAFSA results, the school will determine your eligibility for an unsubsidized Stafford Loan. You will then need to sign a promissory note acknowledging the borrower’s responsibilities and repayment terms.

Like with the *subsidized* Stafford Loan, you may be charged a one percent **guarantee fee** that will be subtracted proportionately from each disbursement of your loan. For more information, contact your financial aid administrator or your lender.

PLUS Loans (Federal Parent Loans for Undergraduate Students)

Loans to parents of dependent undergraduate and students in graduate and professional programs may be available from some private lenders and directly through schools participating in the Federal Direct Loan Program (see page 20).

More than 400 lenders in Minnesota (including banks, savings and loan associations and credit unions) participate in the PLUS Loan program. Borrowers unable to find a PLUS lender should contact the Great Lakes Higher Education Guaranty Corporation at (651) 290-8795 or (800) 366-0032.

PLUS loans taken out before July 1, 2006 have a variable interest rate. Loans taken out on or after July 1, 2006 have a fixed interest rate of 8.5 percent.

Eligibility Requirements: PLUS borrowers do not have to show financial need, but will have their credit checked. Borrowers may borrow up to the annual cost of attendance minus any financial aid received for each dependent child enrolled at least half time. There is no cap on annual or aggregate borrowing amounts. Borrowers must be U.S. citizens or eligible non-citizens.

10-Year Stafford Loan Monthly Repayment

Total Balance	5%	6%	7%
\$4,000	\$50.00	\$50.00	\$50.00
\$8,000	84.85	88.82	92.89
\$15,000	159.10	166.53	174.17
\$30,000	318.20	333.06	348.33
\$50,000	530.33	555.11	580.55

What Types of Financial Aid Are Available?

Application Process: Parents of undergraduate students or students in graduate or professional programs must complete a PLUS application that is available from the school's financial aid office. The student may be charged a guarantee fee of one percent of the loan principal, plus an origination fee of three percent.

The combined annual total of PLUS loans and other financial aid cannot exceed the student's cost of attendance.

Repayment of PLUS Loans:

Repayment of both principal and interest begins within 60 days of receiving the loan and extends from five to 10

years. The amount borrowed will determine the minimum monthly payment, but no payment will be less than \$50 a month. Parents with a Direct PLUS Loan can choose the Standard, Extended or Graduated Repayment plan.

Federal Direct Student Loans

The federal government makes Stafford and PLUS loans directly available to students through selected schools across the country. No banks or guarantee agencies are involved. The U.S. Department of Education is the lender. Loan amounts, deferments, monthly repayment amounts and cancellation benefits for Direct Loans are the same as those for other federal loans.

Eligibility Requirements: Eligibility is the same as for Stafford and PLUS loans made available through a private lender.

Application Process: Applications are available at participating schools. You or your parents may pay an origination fee of three percent of the loan deducted proportionately from each loan disbursement. Once a Direct Loan is made, it is managed and collected by the U.S. Department of Education's Direct Loan Servicing Center. For more information, call (800) 848-0979 or visit www.dlsvicer.ed.gov.

Repayment of Direct Loans: The Direct Loan Program offers four repayment plans:

- *Standard Repayment Plan:* a fixed amount is paid each month, at least \$50, for up to 10 years
- *Income Contingent Repayment Plan:* bases monthly payment on annual income, family size and the loan amount
- *Extended Repayment Plan:* extends repayment over a period of 12 to 30 years, depending on your loan amount
- *Graduated Repayment Plan:* payments are lower at beginning of the repayment period, then increase every two years over 12 to 30 years

Federal Perkins Loans

The Federal Perkins Loan Program provides long-term, low-interest (five percent) loans to undergraduate and graduate students who demonstrate financial need and enroll in participating schools.

Undergraduate students may borrow \$4,000 per year and \$20,000 in total. Students in graduate and professional programs may borrow \$6,000 per year and \$40,000 in total, including any Perkins Loans borrowed as an undergraduate. Students attending institutions with low default rates (7.5 percent or lower) may be able to borrow larger amounts.

Loan amounts depend on the availability of funds at your school, your financial need, and the amount of other aid you receive.

Eligibility Requirements: You must be an undergraduate or graduate student enrolled at least half time at a participating school. Not all post-secondary institutions participate. Some schools may make loans available to part-time students and, in some cases, to students attending less than half time. For undergraduate students, priority is given to Federal Pell Grant recipients. You must be a U.S. citizen or eligible non-citizen (see page 8).

Application Process: You apply to the financial aid office at the school you attend. Not all schools participate in the Perkins Loan program. Each school has its own application deadline, and serves as the loan's lender. Perkins Loans do not have an origination fee.

Repayment of Perkins Loans: You begin repaying the loan nine months after you graduate or leave school. If you return to school, you have six months before you start repaying on previous loans. You may be allowed up to 10 years to repay your loan.

The amount of the payment depends on the size of your debt and the length of your repayment period. Part or all of your loan can be deferred or canceled under certain conditions, such as if you teach children with disabilities or full time in a designated elementary or secondary school that serves low income students. You must seek approval for these provisions from your school.

What Types of Financial Aid Are Available?

SELF Loans (Minnesota Student Educational Loan Fund)

The Student Educational Loan Fund (SELF) is a Minnesota program intended to help students and parents who need assistance in paying for education beyond high school. Beginning July 1, 2006, the maximum loan amount for students in their first and second year (or level) of post-secondary education is \$6,000. Students in their third and fourth year may borrow up to \$7,500. The minimum loan size is \$500 and loans may be used only for educational purposes.

As of May 2006, 358 institutions participate in the program, including 160 in Minnesota and 198 out of state. To find out if an institution participates, visit www.selfloan.org or contact the financial aid administrator at the school or the Minnesota Office of Higher Education.

The interest rate varies throughout the life of the loan and can change every three months. In July 2006, the SELF III and SELF IV interest rates were 7.9 percent.

Eligibility Requirements: To be eligible, a student must:

- be enrolled at least half time in a certificate, associate, baccalaureate or graduate degree program
- have a credit worthy co-signer who is a U.S. citizen or permanent resident
- not be delinquent or in default on a SELF or other outstanding student loan
- attend an eligible school in Minnesota
- be enrolled in an eligible school in Minnesota or be a Minnesota resident enrolled in an eligible school in another state, territory or Manitoba, Canada.

Application Process: Prior to applying, students are expected to seek certain other sources of federal, state, institutional or private aid for which they might be eligible by completing the FAFSA.

The campus financial aid administrator will determine the maximum amount a student may borrow and recommend a loan amount.

The maximum cannot exceed the cost of attendance minus all other financial aid that the borrower is receiving. There are no guarantee fees.

Repayment of SELF Loans: Borrowers are required to pay interest quarterly while in school. Upon graduating or leaving school, they are required to pay interest monthly for up to one year; then will begin repaying loan principal as well as interest monthly.

- *Standard Repayment Plan:* one year of interest only
- *Extended Interest Plan:* interest only for three years

You may be eligible for the Student Loan Interest Deduction when you file your federal tax return. See page 36.

Maximum Federal Loan Amounts

Borrower's Academic Level	Subsidized and Unsubsidized Stafford		PLUS Dependent
	Dependent Annual	Independent Annual	
First Year Undergraduate	\$2,625	\$6,625	There is no annual or aggregate limit.
Second Year Undergraduate	\$3,500	\$7,500	A parent may borrow an amount equal to the cost of education minus any financial aid received.
Third Year and Beyond	\$5,500	\$10,500	
Graduate/Professional Student	\$8,500 ¹	\$18,500 ¹	
	aggregate	aggregate	
Undergraduate	\$23,000	\$46,000	
Graduate	\$138,500 ²	\$138,500 ²	
	combined	combined	

¹only \$8,500 may be subsidized.

²only \$65,500 may be in subsidized loans.

What Types of Financial Aid Are Available?

Comparison of Federal Unsubsidized Stafford Loan and SELF Loan

Both the unsubsidized Stafford Loan and SELF Loan programs have advantages and disadvantages. The student and family should learn the facts about each program, and decide which program best meets their needs. The school's financial aid office or local private lenders can help you learn the differences.

Alternative Loans

Alternative loans also are available from private lenders, such as banks, savings and loan associations or credit unions. Typically, these loans cost the student and family more in the long run, but they may have fewer eligibility restrictions. For more information, contact commercial financial institutions or the financial aid administrator at the school you attend or plan to attend.

Repayment of Student Loans

Before using loans to pay for your college education, be reasonably sure that you can repay the loans after graduation. The smaller the loan debt, the lower the salary you'll need to repay the debt. Conversely, the greater your student loan debt, the higher a salary you'll need.

The general rule of thumb is that annual student loan payments should be less than eight percent of your annual income. If your average annual student loan payment is more than this, your available cash for everyday living expenses will be limited. Opportunities for other credit, like car and home loans, also may be restricted.

The job placement office at your school can give you some idea about the average starting salaries for certain professions. Given your choice of profession, you should be able to determine how much you can reasonably borrow to finance your education by focusing on that profession's typical starting salary.

The following chart provides a guideline for the estimated minimum salary you would need to repay different amounts of student loan debt. The chart assumes a fixed 6.8 percent interest rate, and a minimum of 120 monthly (or 10 years) payments.

For more information, check with your lender or a financial aid administrator.

Loan Repayment Chart at 6.8% Interest

Amount Borrowed	Monthly Payment (120 months)	Estimated Income Level Needed
\$10,000	\$115	\$14,400
\$15,000	\$173	\$21,600
\$20,000	\$230	\$28,800
\$23,000	\$265	\$33,100
\$30,000	\$345	\$43,200
\$40,000	\$460	\$57,500
\$50,000	\$575	\$71,900
\$65,500	\$754	\$94,200

Loan Consolidation

If you have outstanding balances on several different federal loans, you may be able to combine them into one new consolidated loan with one monthly repayment. This reduces the size of your monthly payments by extending your repayment period for 10 to 30 years, depending on your total debt.

Both the Federal Direct Loan Program and the Federal Family Education Loan Program (FFEL) offer consolidation loans. Most federal student loans or PLUS loans can be consolidated under a Direct Federal Consolidation Loan. The interest rate is variable, and is based on the weighted average of the consolidated loans not to exceed 8.25 percent.

Loans from the SELF Program cannot be consolidated, but the outstanding balance on SELF Loans may be used to determine length of the repayment term for consolidation loans. Private, alternative and institutional loans also cannot be included in a Federal Consolidation Loan. Your student loans can be consolidated only once.

Other loan consolidation programs are available from participating private or state lenders (such as banks, credit unions and savings and loan associations), guarantee agencies, the Student Loan Marketing Association and other secondary markets. Some consolidation plans allow you to base your repayment on your income. The interest rate on your new consolidated loan will be the weighted average of interest rates on loans you choose to consolidate, and will be fixed for the life of the loan.

For information, visit www.loanconsolidation.ed.gov or contact the Loan Origination Center's Consolidation Department at (800) 557-7392.

Advantages of Consolidation

Consolidation loans allow borrowers to lock in low interest rates and extend their repayment period beyond that provided by the original loan. This results in lower monthly payments for the duration of the new consolidated loan. Plus, most deferment and forbearance options are not affected by loan consolidation.

Disadvantages of Consolidation

Consolidation loans do not have a grace period, and payments begin shortly after the consolidation is finalized. You also will make more payments and pay more interest. This means the total cost of repaying the loan will be higher after consolidation even though your payment per month may decrease. Other borrower benefits resulting from the original loan also may be lost.

Defaulting on Your Loan

If you fail to repay your loan, you will be in **default**. Your lender and the state and federal governments can take action to recover the money:

- your tax refunds may be withheld
- part of your salary may be withheld if you work for the federal government
- you may be sued and taken to court
- credit bureaus will be informed, and your future credit rating may be affected, which may make it difficult to borrow money for a car or a house
- you may be required to repay your debt under an income contingent repayment plan and thus repay more than the original principal and interest on your loans
- you will not be able to obtain additional state or federal student aid until you make satisfactory arrangements to repay

Work-Study Programs

You may earn money to help pay for your education by working at part-time jobs on or off campus under either the Federal Work-Study Program or the Minnesota Work-Study Program. Most schools offer a work-study job as part of the student's financial aid package.

The financial aid office at the school you attend or plan to attend determines the size of the work-study award. The actual amount depends on your financial need and the amount of money your school has available for the program. All Minnesota public post-secondary institutions and most private colleges participate.

Participating students work an average of 15 hours per week and may earn \$3,000 or more per year. Minimum wage laws are followed. The maximum hourly wage rate depends on the job and the student's qualifications. Your financial aid administrator will consider your work-study award amount, class schedule, job skills and academic program to determine how many hours you can work.

Students work either on campus or the school may have arrangements for off campus employment with governmental or non-profit agencies or a private, for-profit employer. Work-study programs encourage community service work and job placement in elementary and secondary schools in activities such as tutoring. The school tries to place students in positions related to their course of study.

Work study is not considered income on the FAFSA.

Eligibility Requirements: Undergraduate and graduate students are eligible under both federal and state work-study programs.

To be eligible for **Federal Work Study**, the student must:

- be a U.S. citizen or eligible non-citizen (see page 8)
- be enrolled in a program leading to a degree, certificate or diploma
- be registered with Selective Service if male
- not have defaulted on a student loan
- not have been convicted for possession or sale of illegal drugs while receiving federal financial aid

To be eligible for **Minnesota Work Study**, the student must:

- be a Minnesota resident (see page 9) and U.S. citizen or eligible non-citizen (see page 8)
- be enrolled for at least six credit hours per term in a program leading to a degree, certificate or diploma

What Types of Financial Aid Are Available?

Application Process: The financial aid office at the school you attend or plan to attend will use the results from your FAFSA to determine your eligibility for work study.

Under the state program, students must be enrolled for at least six credits, but priority is given to students enrolled for 12 or more credits (or the equivalent).

Eligibility criteria for the state program are in some cases less restrictive than those for the federal program. Your financial aid administrator can explain them to you.

Community Service Benefits

AmeriCorps

AmeriCorps is a cooperative effort by local agencies and federal and state governments to provide community service throughout the country. Areas of service include such projects as preschool education, dropout prevention, literacy, low-income housing, assisted living for the elderly and people with disabilities, violence prevention, conservation and neighborhood recycling.

Hundreds of community service opportunities are available to help finance part of the participant's education at any federally-recognized institution. AmeriCorps graduates have seven years to use their education award, and can apply it to any non-defaulted federal student loan.

Eligibility Requirements: To be eligible for AmeriCorps positions, you must be 17 years of age or older, have a high school diploma or a GED (or are completing a GED), and be a U.S. citizen, U.S. national, or an eligible non-citizen (see page 8).

Participants may enroll in post-secondary education while holding a position, and may apply to projects in the state or nationally. Students can serve up to two AmeriCorps terms.

Application Process: For more information on AmeriCorps, visit www.americorps.org. For information on Minnesota opportunities, visit www.serveminnesota.org or call Serve Minnesota at (612) 333-7740.

Military Service Benefits

Each branch of the U.S. military has education programs to help students pay for college. Active duty also makes you eligible for educational benefits under the federal Montgomery G.I. Bill. You may be eligible for additional benefits from the federal and state governments.

Those called to active duty while enrolled at a Title IV post-secondary institution receive certain protections in regard to financial aid eligibility, enrollment status and loan repayment. In most instances, the student will not be penalized as a result of his or her absence to perform military service. Check with the school's financial aid office for more details.

Montgomery G.I. Bill

The Montgomery G.I. Bill (active duty) provides educational benefits for individuals who entered active duty for the first time after June 30, 1985. Active duty includes full-time National Guard duty performed after November 29, 1989. Benefits are neither guaranteed nor automatic, and are disbursed at the discretion of the Veterans Affairs Office.

The program is voluntary. However, all service members are assumed to be enrolled unless they elect not to participate upon entry into the service. Participating active duty members will have their pay reduced by \$100 per month for their initial 12 months of service. This reduction in pay is nonrefundable.

AmeriCorps Service Commitment Chart

Length of Commitment	Hours of Service	Living Allowance and Benefits	Post-service Education Award
Full time, 9 months to 1 year	1,700	about \$10,000, plus health care coverage, child care (if eligible)	\$4,725
Part time	300 to 900	about \$5,000 (pro-rated based on number of hours)	\$2,362 (pro-rated based on number of hours)

Eligibility Requirements: You are eligible for benefits if you:

- served on active duty for three years, or two years of active duty plus four years in the Selected Reserve or National Guard. You are eligible to receive \$1,034 per month in basic benefits for 36 months. Those who enlist for less than three years may receive \$840 per month.
- are Selected Reserve personnel who obligate themselves for six years on or after July 1, 1985 are eligible for the Montgomery G.I. Bill Chapter 1606 program. Eligible service members may collect up to \$297 per month for a maximum of 36 months of assistance

Application Process: Veterans should contact their state Veterans Affairs regional office or the veterans affairs office at the school they are attending or plan to attend.

Entitlement under the Vietnam Era G.I. Bill:

You are eligible for Montgomery G.I. Bill benefits if you had remaining entitlement under the Vietnam Era G.I. Bill on December 31, 1989; served on active duty without break from October 19, 1984; served to June 30, 1988, or June 30, 1987 followed by four years in the Selected Reserve after release from active duty; and entered the Selected Reserve within one year of release from active duty.

Veterans Education Assistance Program

The Veterans Education Assistance Program helps men and women who served in the military between January 1, 1977 through June 30, 1985 to pursue an approved course of education or training. The Veterans Department matches every dollar contributed by the veteran to a special training fund with \$2 in federal funds.

Participants receive monthly payments for the number of months they contributed, or 36 months, whichever is less. The amount is determined by dividing the number of months that contributions were made into the participant's training fund total.

Eligibility Requirements: You are eligible for this program if you entered the military from January 1, 1977 through June 30, 1985, and contributed between \$25 and \$100 of your monthly pay (maximum \$2,700) to a special training fund.

Application Process: Application forms and other information are available from state Veterans Affairs regional offices. Veterans also should contact their school's veterans affairs office, and should inquire about other educational benefits such as VA educational loans,

tutorial assistance, work-study allowance and the vocational rehabilitation program. For more information, call a Veterans Affairs counselor at (888) 442-4551.

Tuition Assistance for Guard Members

The Federal Tuition Assistance (FTA) program provides financial aid for Army National Guard members. The program pays up to \$250 per semester hour, up to \$4,500 per fiscal year (October 1 – September 30). The combination of the State Tuition and Textbook Reimbursement Grant Program and Tuition Assistance cannot exceed more than 100 percent of the tuition cost (not including fees). Money is paid directly to the school.

Eligibility Requirements: Soldiers must be members of the National Guard prior to the start of the course. Soldiers can use FTA with the Montgomery G.I. Bill Kicker benefits as long as the soldier is attending school half time or more. Soldiers with Montgomery G.I. Bill basic benefits may be eligible for the program, pending funding from National Guard Bureau.

Application Process: Soldiers complete their applications at www.VirtualArmory.com. Soldiers need to bring a signed copy of the DD 2171-e (printed when completing the application online) to their unit with a copy of their course registration and tuition and fees statement. Applications must be received prior to the start of the course. Federal funding is limited and this benefit is approved on a first come, first pay basis.

REAP (Reserve Educational Assistance Program)

The Reserve Educational Assistance Program (REAP) is a new federal benefit providing educational assistance to members of the reserve components, including Selected Reserve and Individual Ready Reserve, who are called or ordered to active service in response to a war or national emergency, as declared by the President or Congress.

Eligibility Requirements: Generally, a member of a reserve component who serves on active duty on or after September 11, 2001 under title 10, USC, for at least 90 consecutive days under a contingency operation is eligible for REAP. The educational assistance monetary benefit is a percentage of the Montgomery G.I. Bill-Active Duty rate based on the number of continuous days served on active duty.

Application process: Reserve component members can obtain the application form and application procedures by going to gibill.va.gov.

What Types of Financial Aid Are Available?

Minnesota Tuition and Textbook Reimbursement Grant

The Minnesota State Tuition and Textbook Reimbursement Grant program provides financial aid for Air and Army National Guard members. The tuition and textbook reimbursement program reimburses members for coursework satisfactorily completed at any school, in-state or out-state, approved for veterans benefits. The rate of reimbursement is up to 100 percent tuition only, not to exceed 100 percent of the per undergraduate cost per credit at the University of Minnesota, Twin Cities. Money is paid directly to the soldier.

Eligibility Requirements: You must be an active member of the Minnesota Army or Air National Guard pursuing undergraduate or graduate coursework at any school approved for veterans benefits. This grant may be used in conjunction with either the Federal Tuition Assistance or Montgomery G.I. Bill.

Application Process: Request reimbursement through your unit at the start of the semester. Upon completing the course, turn in your grades and submit a tuition and fee statement from the school to your unit.

For more information on Minnesota National Guard education benefits, contact:

First Lieutenant Christopher P. Kline
Department of Military Affairs
JFMN-J1R-D (Education)
Veterans Service Building
20 West 12th Street
St. Paul, MN 55155-2098
E-mail: education@mn.ngb.army.mil
Web: www.dma.state.mn.us/about/education/education.html

Minnesota Educational Assistance for Veterans

The state of Minnesota provides educational assistance for veterans who attend an approved educational institution in Minnesota. Veterans may qualify for a one-time stipend of \$750.

Eligibility Requirements: To be eligible for this program, you must provide a statement from the U.S. Department of Veterans Affairs indicating you have used all benefits available under federal veterans programs; and have been a resident of Minnesota at the time of your induction into the armed forces and for six months immediately preceding the induction.

Application Process: Contact the financial aid office at the school you attend or plan to attend, your county Veterans Service Officer at the county courthouse, or:

Minnesota Department of Veterans Affairs
Veterans Service Building, 2nd Floor
20 West 12th Street
St. Paul, MN 55155
Tel: (651) 296-1033
Web: mdva.state.mn.us

Minnesota Veterans' Dependents Assistance Program

The Minnesota Veterans' Dependents Assistance Program provides tuition assistance for higher education at most Minnesota institutions to dependents of persons considered by the Department of Defense to be prisoners of war or persons missing in action after August 1, 1958. Students should apply to the financial aid office at the school they attend.

Pittsburgh, PA 15250-7954

Financial Aid for Specific Populations

Additional aid may be available to you based on criteria in addition to your level of financial need, including aid for (but not limited to) orphaned or fostered, minority or adult students. The programs described here are only a few of those available. Be sure to check the Web sites listed on page 30.

Orphaned or Fostered Children

Orphans and those who were in foster care until age 18 may be eligible for an increased level of financial aid assistance.

Qualifying students answer “yes” to question 53 on the FAFSA.

Orphans or wards of court also are automatically considered independent students and are not required to submit financial information about their family. You may qualify for a larger Federal Pell Grant and Minnesota State Grant because of this.

If you are attending, or plan to attend, a Minnesota state college or university, you may be eligible for a tuition waiver for certain courses or programs. Check with the school for more details.

Minnesota Educational Assistance for War Orphans

Qualified war orphans may receive up to \$750 per year from the Department of Veterans Affairs to be used for tuition, room and board and books and supplies. Children of deceased veterans also may qualify for free tuition at any public college or university in Minnesota to which they have been admitted until they receive a bachelor's degree.

Eligibility Requirements: To be eligible for this program, you must have lost your veteran parent through death because of a service-caused condition and have been a resident of Minnesota for two years prior to your application for educational benefits.

Application Process: Contact the financial aid office at the school you attend or plan to attend, your county veterans service officer at the county courthouse, or:

Minnesota Department of Veterans Affairs
Veterans Service Building, 2nd Floor
20 West 12th Street
St. Paul, MN 55155
Tel: (651) 296-2562
Web: mdva.state.mn.us

Education Vouchers for Former Youth in Care

Education vouchers are federal funds made available to states through the Chafee Foster Care Independence Act. Education vouchers are intended to help students ages 18 to 23 pay for post-secondary education.

The award amount is based on the amount of other aid the student is receiving, and an estimated living expenses budget which is a part of the application. The maximum amount per year is \$5,000 per student.

Eligibility Requirements: In order to receive an education voucher, you must meet the following requirements:

- experience a county-approved out-of-home placement after the age of 14 (this includes relative and kinship placements), or be adopted after age 16
- have a high school diploma or a GED
- begin a post-secondary program before age 21
- attend an accredited public or non-profit school that has been in existence for at least two years

Application Process: Applications are available at www.dhs.state.mn.us under *Children*. Click on *Adolescent Services* and then *Education/Training Vouchers*. The application deadline is June 1 of each year.

To apply for an education voucher award, you must attach a copy of your FAFSA, apply for other sources of financial aid and submit two letters of recommendation. Students may reapply for education vouchers every year. Transcripts are required as evidence of progress in a post-secondary education program. Additional questions can be directed to:

Claire Hill
Minnesota Department of Human Services
444 Lafayette Road North, 3rd Floor South
St. Paul, MN 55155

What Types of Financial Aid Are Available?

Native American Students

Native American students in Minnesota may be eligible for additional financial aid from the state of Minnesota, the U.S. Bureau of Indian Affairs and their tribe.

Minnesota American Indian Scholarship Program

Scholarships are available to eligible Indian students who are undergraduates enrolled full time and graduate students, enrolled either full or part time. The award amount is based on need.

Eligibility Requirements: In order to qualify for this scholarship, you must be:

- one-fourth or more Indian ancestry
- a resident of Minnesota and a member or descendent of a federally recognized Indian tribe
- a high school graduate (or have a GED)
- able to benefit from advanced education
- accepted by an approved college, university or vocational school in Minnesota

Application Process: Interested students should complete the FAFSA and contact their tribal education office or the financial aid administrator at their campus. The priority deadline is July 1. Information and application forms also are available from:

Minnesota Indian Scholarship Program
Minnesota Department of Education
1500 Highway 36 West
Roseville, MN 55113
Tel: (651) 582-8846 or (800) 657-3927
E-mail: mde.indianeducation@state.mn.us
Web: education.state.mn.us

American Indian Tuition Waiver

The American Indian Tuition Waiver at the University of Minnesota, Morris, recognizes the campus' origins as the Morris Indian School founded in the 1800s. American Indian students admitted to the University of Minnesota, Morris, receive a full tuition waiver by supplying documentation of American Indian heritage.

Eligibility Requirements: In order to qualify for this scholarship, you must be:

- one-fourth or more Indian ancestry
- a resident of Minnesota and a member of a federally recognized Indian tribe
- a high school graduate (or have a GED)
- able to benefit from advanced education
- accepted by the university's admissions office

Application Process: Interested students should complete the FAFSA and contact their tribal education office or the financial aid administrator at their campus. The priority deadline is July 1. Information and application forms also are available from:

Minnesota Department of Education
1500 Highway 36 West
Roseville, MN 55113
Tel: (651) 582-8846 or (800) 657-3927
E-mail: mde.indianeducation@state.mn.us
Web: education.state.mn.us

Hearing or Visually Impaired Students

Minnesota residents admitted to the University of Minnesota who are blind may be eligible for a tuition waiver from the university. Minnesota residents who are deaf and who qualify for either a Pell or State grant may be eligible for a tuition waiver at the public college or university to which they have been admitted. Contact the college or university's admissions or financial aid office to learn more about eligibility requirements and the application process.

Students of Farm Families

Minnesota community and technical colleges, the University of Minnesota and some private colleges may provide additional financial aid for students from farm families or for students wanting to pursue agriculture-related careers. Be sure to check with the financial aid office at the school you attend or want to attend.

Note: A farm is not considered an asset on the FAFSA if it is the parents' principal place of residency and they participate in its operation.

Dependents and Spouses of Public Safety Officers

Dependent children and the surviving spouse of a public safety officer killed in the line of duty are eligible to receive educational benefits through the **Public Safety Officers' Survivor Grant Program**. Awards are based on the tuition and fees charged by the institution or the tuition and fee maximums established in law for the State Grant Program, whichever is less. Awards are renewable for a maximum of eight semesters or 12 quarters or their equivalent.

What Types of Financial Aid Are Available?

Eligibility Requirements: To qualify for this award, you must be:

- a dependent less than 23 years old or a spouse of a public safety officer killed in the line of duty on or after January 1, 1973
- enrolled in an undergraduate or certificate program at one of the more than 132 public or private post-secondary institutions in Minnesota that participate in the State Grant Program

Those who have received a baccalaureate degree or been enrolled full time for the equivalent of 10 semesters or 15 quarters, whichever occurs first, are no longer eligible. An additional term of eligibility is available for students who have withdrawn from active military service January 1, 2003 or later.

Application Process: Applicants need to take a certificate of eligibility to the financial aid office of the school they attend or plan to attend. This certificate can be obtained from:

Tamara Bohmert
Minnesota Department of Public Safety
445 Minnesota Street, Suite 100
St. Paul, MN 55101
Tel: (651) 297-4013
E-mail: tamara.bohmert@state.mn.us

Adult Students

Increasingly, older students are returning to post-secondary education to brush up on their skills, prepare for a different career or finish a degree they started years ago. Don't be discouraged if you decide to go to school later in the year and have not yet applied for aid. It is best to contact the financial aid office of the school that you are planning to attend.

There is no age limit for federal and state financial aid, but some aid programs are limited to undergraduate students.

Alliss Opportunity Grant Program: A Free Class for Adults:

Adults may be eligible to take a college credit course for free at one of Minnesota's public two-year colleges through the Alliss Opportunity Grant Program. The grant covers one course (up to five credits). The cost of books is included in the award.

Eligibility Requirements: To be eligible for this grant, you must have been out of high school for seven or more years, and not have a bachelor's degree.

Application Process: Contact the community college admissions office for more information and an application. You cannot apply for a grant after you have registered.

Employer-Paid Tuition Assistance

Employers may provide up to \$5,250 per year in educational assistance to each employee on a tax-free basis for undergraduate or graduate courses, regardless of whether the education is job related.

This means you can exclude from your taxable income up to \$5,250 of tuition assistance you received from your employer. Your employer can tell you if the program is a qualified program, and will automatically treat the educational assistance as a tax-free benefit and not include it as wages on your W-2 form.

Limitation & Restrictions: Neither the Hope Tax Credit nor the Lifetime Learning Credit (see page 35) may be claimed for a student in the same tax year that the employer pays all the student's qualified tuition and related expenses.

Qualified Education Expenses: Educational assistance benefits include payments by the employer for tuition, fees and similar expenses, books, supplies and equipment. It does not include payments for meals, lodging, transportation or tools or supplies (other than textbooks) that you can keep after completing the course of instruction.

Be sure to explore education tax credits and deductions on page 35 to help pay for your education.

Employer Scholarship Programs

Some employers also may provide scholarships for undergraduate or graduate study to their employees and the employee's spouse or children. Your employer can tell you if it has such a program available.

Assistance for Dislocated Workers

Dislocated Worker Programs serve individuals dislocated from long-held jobs. The goal is to help workers obtain new employment quickly. These programs focus on upgrading current job skills, retraining workers whose skills are not marketable and providing support services. Individuals should inquire about Dislocated Worker Programs at local WorkForce Centers. Visit www.mnwfc.org/field/ to find the WorkForce Center nearest you.

What Types of Financial Aid Are Available?

Resources for Undocumented Students

Though federal and most state financial aid is not available to undocumented students, there may be private scholarships and loans to help you pay for college. It is important to contact the schools that interest you to determine if they have assistance available. Many financial aid counselors are aware of and sensitive to your situation and will try to assist you as best they can.

State and Federal Grants

State Grants and federal Pell grants are awarded only to U.S. citizens or eligible non-citizens. To apply for a federal or state grant, you must complete the FAFSA, which requires your social security number. To qualify, you must be a U.S. citizen, U.S. national or an eligible non-citizen. You are an eligible non-citizen if you:

- are a U.S. permanent resident with an Alien Registration Card (I-551)
- are a conditional permanent resident with an I-551C card
- have an Arrival Departure Record (I-94) from the Department of Homeland Security with any of the following designations: refugee, asylum granted, parole or Cuban-Haitian entrant.

The federal Academic Competitiveness Grants and the SMART grants are awarded only to U.S. citizens.

Scholarships

Several organizations maintain online lists of scholarships for which undocumented students would be eligible. Visit www.getreadyforcollege.org/undocumented.

Tuition Policies

A growing number of public colleges and universities in Minnesota offer in-state tuition to all of their students, regardless of citizenship or state of residence. There is no universal policy in Minnesota dictating how tuition will be charged to undocumented students. Check with schools that interest you to find out their tuition policies for non-residents.

Student Loans

Federal student loans, such as the Stafford Loan program, are not available to undocumented students. Minnesota offers a loan program called the SELF Loan program, which is available to qualified students who have a credit-worthy co-signer who is a U.S. citizen or permanent resident. A separate application is used to apply for the SELF Loan, available through the college's financial aid office. For more information on the SELF Loan program, visit www.selfloan.org.

Aid for Students in Specific Programs

Health Professions Loan Programs

Various federal scholarship and loan programs are available for students interested in health professions, such as nursing, dentistry or medicine. Campus-based programs include the Health Professions Student Loan Program, the Primary Care Loan Program, Loans for Disadvantaged Students Program and Nursing Student Loan Program.

Additional health loan repayment programs may be available from the U.S. Department of Health and Human Services, such as the Faculty Loan Repayment and the Nursing Education Loan Repayment programs.

Application Process: Students should contact the financial aid office at the school where they are enrolled or intend to apply for admission. Visit www.bhpr.hrsa.gov to learn more. Contact flrpinfo@hrsa.gov with questions.

State Health Professions Loan Forgiveness

The Minnesota Department of Health's Office of Rural Health and Primary Care administers six loan forgiveness or repayment programs for health professionals. The programs are available to:

- physicians, dentists, midlevel practitioners or nurses who agree to serve in specific areas
- medical residents who agree to serve in designated rural areas or underserved urban areas
- midlevel practitioner students who agree to serve in designated rural areas
- dentists who agree to treat public program participants
- nursing students (RN or LPN) who agree to serve in a licensed nursing home or an intermediate care facility for persons with mental retardation or related conditions
- low-income nursing students (RN or LPN) who agree to serve as a nursing educator in Minnesota for three years or more
- allied health care or nursing students

Midlevel practitioner means a nurse practitioner, certified nurse midwife, nurse anesthetist, advanced clinical nurse specialist or a physician assistant. All service obligations must be filled by working in Minnesota.

Application Process: Applications are available after July 1, 2006 and due December 1, 2006, and can be requested from:

Minnesota Department of Health
Office of Rural Health and Primary Care
Tel: (651) 282-3838 or (800) 366-5424
Web: www.health.state.mn.us/divs/chs/loan.htm

SMART grants

Federal SMART grants are new in 2006 and provide up to \$4,000 per year for juniors and seniors majoring in physical, life, or computer sciences, mathematics, technology, engineering or foreign languages determined critical to national security. Visit www.ed.gov.

University of Minnesota Agricultural Food and Environmental Sciences

The University of Minnesota's College of Agricultural, Food, and Environmental Sciences (COAFES) awards over \$700,000 in need- and merit-based undergraduate scholarships each year. Awards range from \$1,000 to \$5,000 per year, and many are renewable for multiple years.

The College offers 11 majors that focus on food, agriculture, and the environment, and span the business, communication, education, and science disciplines.

Eligibility Requirements: To be eligible, you must be a freshman, continuing, or transfer student admitted and planning to enroll in one of the college's degree programs.

Application Process: Prospective students considering enrolling in the College are strongly encouraged to apply. More information is available from:

Jessica Krueger
University of Minnesota
190 Coffey Hall
1420 Eckles Avenue
St. Paul, MN 55108
Tel: (612) 625-9254 or (800) 866-2474
E-mail: krueg051@umn.edu
Web: www.coafes.umn.edu

TEACH (Teacher Education and Compensation Help)

TEACH is a scholarship program that helps child care providers earn a college degree in a related field.

Eligibility requirements: Students must be currently employed as a child care provider and have financial and other support from their employer. A complete list of requirements is listed at www.mnchildcare.org/providers/teach.php

Application process: Applications are available by contacting Valerie Peterson at (651) 290-9704 ext.107 or valeriep@mnchildcare.org.

Reciprocity & Reduced Tuition Programs

Minnesota has tuition reciprocity agreements with neighboring states to eliminate non-resident admissions barriers and lower non-resident tuition for Minnesota students attending public colleges and universities in participating states. All public post-secondary education institutions in Minnesota, Wisconsin, North Dakota, South Dakota and Manitoba are covered by statewide tuition reciprocity.

The Midwest Student Exchange Program provides a reduction to non-resident tuition in specific programs of study at participating institutions for residents of Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota and Wisconsin.

Tuition Reciprocity

Tuition reciprocity enhances opportunities for students to attend public post-secondary education institutions in neighboring states. Reciprocity students do not have to meet higher non-resident admission standards, and do not pay non-resident tuition prices.

Minnesota has statewide tuition reciprocity agreements with Wisconsin, North Dakota, South Dakota and Manitoba. There is also a limited state reciprocity

agreement with Iowa Lakes Community College (campuses at Algona, Estherville, Emmetsburg, Spencer and Spirit Lake).

Some students must apply for tuition reciprocity benefits, and should do so as soon as they know they will be attending an

eligible institution. Applying early ensures students will be charged the reciprocity tuition rate when they register for classes. Student may apply any time during the term. Applications received after the last day of a term will only apply to subsequent terms. There is no fee to apply for reciprocity.

Reciprocity benefits are automatically renewed for Wisconsin, North Dakota and South Dakota tuition reciprocity students who earned post-secondary credits in the previous 12 months.

Tuition reciprocity applications for Minnesota residents planning to attend a public institution in North Dakota, South Dakota or Wisconsin are available at high schools, post-secondary institutions and:

Minnesota Office of Higher Education
1450 Energy Park Drive, Suite 350
St. Paul, MN 55108-5227
Tel: (651) 642-0567 or (800) 657-3866
E-mail: info@ohe.state.mn.us
Apply Online: www.getreadyforcollege.org

Applications become available around April 1 each year for the following fall. Most students apply online.

Minnesota/Wisconsin Reciprocity

All public post-secondary education institutions in Minnesota and Wisconsin are included in the statewide tuition reciprocity agreement. All undergraduate and graduate programs of study are available to reciprocity students, except professional programs of medicine, veterinary medicine and dentistry at the University of Minnesota-Twin Cities or Duluth and the University of Wisconsin-Madison or Milwaukee.

Reciprocity Tuition Rate: Minnesota resident

undergraduate students enrolled in a Wisconsin public post-secondary institution generally pay tuition at the rate charged by a comparable Minnesota institution. For example, an undergraduate student from Minnesota enrolled at the University of Wisconsin-Madison pays approximately the tuition rate he or she would pay at the University of Minnesota-Twin Cities. An undergraduate student from Minnesota enrolled at the University of Wisconsin-River Falls pays a tuition rate similar to what he or she would pay at a Minnesota state university. A Minnesotan enrolled in a University of Wisconsin System College (two-year institution) pays the tuition rate charged at a similar Minnesota community college. And, a Minnesotan enrolled in a Wisconsin technical college pays the Wisconsin technical college resident tuition rate.

Wisconsin resident undergraduate students enrolled at Minnesota community colleges, Minnesota state universities, or a University of Minnesota campus pay tuition that is comparable to tuition at a similar Wisconsin institution. Wisconsin resident undergraduate students enrolled at a Minnesota technical college pay tuition at the Minnesota resident tuition rate. Wisconsin resident undergraduate students enrolled at the University of Minnesota-Twin Cities pay tuition based on the resident undergraduate rate charged at the University of Wisconsin-Madison plus 25 percent of the difference between the University of Wisconsin-Madison and the University of Minnesota-Twin Cities undergraduate rate.

Reciprocity tuition rates and eligible programs are subject to change. For up-to-date information on tuition reciprocity, visit www.getreadyforcollege.org

Minnesota and Wisconsin residents enrolled in graduate education or in law school under the tuition reciprocity agreement pay the higher of the two state tuition rates at comparable institutions.

Application Process: Minnesota residents who enroll in University of Wisconsin institutions must apply for tuition reciprocity through the Minnesota Office of Higher Education (see page 32). Minnesota students seeking tuition reciprocity at a Wisconsin technical college should apply directly to the institution they will attend.

Wisconsin residents who enroll in a University of Minnesota institution, a Minnesota state university, a Minnesota community college or a Minnesota consolidated community and technical college must apply through the Wisconsin Higher Educational Aids Board. Wisconsin students enrolling at a Minnesota technical college should apply directly to the institution they will attend.

Applications are available from all high schools or eligible post-secondary education institutions, or request an application from:

Wisconsin Higher Educational Aids Board
P.O. Box 7885
Madison, WI 53707
Tel: (608) 267-2209
E-mail: HEABmail@heab.state.wi.us
Web: www.heab.state.wi.us

Minnesota/North Dakota Reciprocity

All public post-secondary education institutions in Minnesota and North Dakota are included in the statewide tuition reciprocity agreement. All undergraduate and many graduate programs of study are available to reciprocity students. Some professional programs are also included; however, law, pharmacy and medicine are excluded for new students beginning in fall 2006.

Reciprocity Tuition Rate: Minnesota resident undergraduate or graduate students enrolled at the University of North Dakota or North Dakota State University pay the average tuition at a rate charged by Minnesota state universities. Minnesota resident students attending other North Dakota public four-year institutions pay tuition at a rate slightly above the North Dakota resident tuition rate. Minnesota residents enrolled in a North Dakota two-year institution pay tuition at a rate comparable to what is charged. Minnesota residents attending a Minnesota community or technical college.

North Dakota residents enrolled in a Minnesota public post-secondary institution at the undergraduate or graduate level pay the Minnesota resident tuition rate.

Application Process: Minnesota residents who graduated from a Minnesota high school within 12 months of initial enrollment at a North Dakota institution do not have to apply for tuition reciprocity. These students must present an official high school transcript to the enrolling North Dakota school. Minnesota residents who graduated from high school more than 12 months prior to initial enrollment at a North Dakota institution must apply for tuition reciprocity through the Minnesota Office of Higher Education (see page 32).

North Dakota residents who enroll in a Minnesota technical college must apply for tuition reciprocity through the North Dakota Board for Career and Technical Education. All other North Dakota residents must apply through the North Dakota Board of Higher Education.

Applications are available from all high schools or eligible post-secondary education institutions, or request an application from:

North Dakota University System
State Capitol Building, 10th Floor
600 E. Boulevard Avenue, Dept. 215
Bismarck, ND 58505

What Types of Financial Aid Are Available?

Minnesota/South Dakota Reciprocity

All public post-secondary education institutions in Minnesota and South Dakota are included in the statewide tuition reciprocity agreement. All undergraduate and graduate programs of study are available to reciprocity students, including some professional programs of study.

Reciprocity Tuition Rate: Minnesota resident undergraduate or graduate students enrolled at the University of South Dakota, South Dakota State University or other South Dakota public four-year institutions pay the average undergraduate or graduate tuition rate charged by Minnesota state universities. Minnesota residents enrolled in professional programs at the University of South Dakota pay no more than 150 percent of the South Dakota resident tuition rate. Minnesota residents enrolled in South Dakota technical institutes in Watertown, Mitchell, Sioux Falls or Rapid City pay the South Dakota resident tuition rate.

South Dakota residents enrolled in a Minnesota public post-secondary institution pay approximately the Minnesota resident tuition rate. At some Minnesota state universities and Minnesota two-year institutions the tuition rate is slightly above Minnesota resident rates.

Application Process: Minnesota residents who graduated from a Minnesota high school within 12 months of initial enrollment at a South Dakota institution do not have to apply for tuition reciprocity. These students must present an official high school transcript to the enrolling South Dakota school. Minnesota residents who graduated from high school more than 12 months prior to initial enrollment at a South Dakota institution must apply for tuition reciprocity through the Minnesota Office of Higher Education (see page 32).

South Dakota residents who enroll in a Minnesota public post-secondary institution must apply for tuition reciprocity through the South Dakota Board of Regents.

Applications are available from all high schools or eligible post-secondary education institutions, or request an application from:

Reciprocity Program
South Dakota Board of Regents
Box 2201, University Station
Brookings, SD 57007
Tel: (605) 688-4497
E-mail: joella_anderson@sdstate.edu
Web: www.sdbor.edu

Minnesota/Manitoba Reciprocity

Minnesota and Manitoba residents wishing to obtain tuition reciprocity benefits should contact the school where they intend to enroll. Students pay the resident tuition rate at the institution attended.

Iowa Lakes Community College & Minnesota West Community and Technical College

Minnesota residents may attend Iowa Lakes Community College at the resident tuition rate. Iowa residents who live in the Iowa Lakes Community College attendance district may attend Minnesota West Community and Technical College at the institution's resident tuition rate.

Midwest Student Exchange Program

Minnesota residents may enroll in selected programs at participating public and private post-secondary institutions in Kansas, Michigan, Missouri and Nebraska at a reduced tuition rate through the Midwest Student Exchange Program. Minnesota students attending or planning to attend a public institution in North Dakota or Wisconsin must apply for reciprocity instead.

Program Tuition Rate: Students pay up to 150 percent of the resident tuition rate (which is still below the non-resident rate) at participating public colleges and universities or receive a 10 percent reduction in tuition at participating private schools.

Eligibility Requirements: The institution to which the student applies determines eligibility. If you're a resident of Michigan, Missouri, Kansas and Nebraska, you're eligible for reduced tuition if you attend a Minnesota public college or university through the Midwest Student Exchange Program.

Application Process: Students must indicate they are seeking admission as a Midwest Student Exchange Program student when applying to an eligible institution.

Brochures listing eligible colleges, universities and programs of study are distributed to high schools, and are available from the Midwest Higher Education Commission at:

1300 South Second Street, Suite 130
Minneapolis, MN 55454-1079
Tel: (612) 626-8288
Web: www.msepmhec.org

Are There Education Tax Benefits?

Several federal tax benefits are available to help offset the cost of post-secondary education. These include tax credits, tax deductions and exclusions from gross income.

Limitations & Restrictions

The following tax incentives have different phase-in and phase-out periods, varying income eligibility requirements and definitions of qualified college costs. Students and families may need to choose among incentives since some tax preferred investment options and tax provisions cannot be used with each other in the same tax year.

Hope Tax Credit

The Hope Tax Credit provides up to \$1,500 per eligible student to help cover the first two years of qualified expenses for each eligible student. The credit reduces the amount of federal individual income taxes you may have to pay. Scholarships, grants and other tax-free educational assistance are subtracted from tuition and fees and may reduce the amount of credit you receive.

Qualified Education Expenses: Qualified education expenses are tuition and certain related expenses required for enrollment or attendance at eligible institutions. Student activity fees and expenses for course-related books, supplies and equipment are included only if such expenses must be paid to the institution as a condition of enrollment.

For more information on tax benefits, visit www.irs.gov for access to Internal Revenue Service Publication 970.

Eligibility Requirements: The student must be taking at least one-half the normal full-time credit load in a program that leads to a degree, certificate or other recognized educational credential; and enrolled for at least one quarter or semester during the calendar year. You, your spouse or an eligible dependent can be an eligible student. You must file a tax return and owe taxes to take advantage of this tax credit. Tax credits are subtracted directly from the tax you owe, rather than reducing taxable income like a tax deduction. If the credit is more than your tax, the excess is not refunded to you.

Limitations: The tax credit is limited to the first two years of qualified expenses, and phases out for joint tax filers between \$87,000 and \$107,000 of adjusted gross income and for single tax filers between \$43,000 and \$53,000 for tax year 2005. Married taxpayers filing separate returns cannot claim this credit. The credit is based on qualified tuition and fees minus scholarships, grants and other tax-free educational assistance.

You cannot claim the Hope and Lifetime Learning Tax Credits for the same student in the same year, but families may be able to claim the Hope Credit for some family members and the Lifetime Learning Tax Credit for others who qualify in the same year. The Hope Tax Credit can be claimed in the same year as a tax-free distribution from a Coverdell Education Savings Account (ESA) or a Qualified Tuition Program (QTP) as long as the same expenses are not used for the Hope Tax Credit and the tax-free distribution from the ESA or QTP.

Effects on Financial Aid: The Hope Tax Credit is reported on the FAFSA Worksheet C. The amount reported on Worksheet C reduces the total income used to determine eligibility for financial aid.

Are There Education Tax Benefits?

Lifetime Learning Tax Credit

The Lifetime Learning Credit equals 20 percent of the amount of qualified tuition and related expenses, up to \$2,000 per taxpayer's family for all undergraduate and graduate study. There is no limit on the number of years for which the Lifetime Learning Tax Credit can be claimed for each student.

Qualified Education Expenses: Qualified education expenses are tuition and certain related expenses required for enrollment in a course at an eligible institution. The course must be part of a degree program or taken by the student to acquire or improve job skills.

Eligibility Requirements: Generally, you can claim the Lifetime Learning Tax Credit if you pay qualified tuition and related expenses of higher education for an eligible student. You, your spouse or an eligible dependent can be an eligible student.

The tax credit also may be claimed for a student who enrolls in a single course or who is not pursuing a degree or other recognized educational credential.

You must file a tax return and owe taxes to take advantage of this tax credit. Tax credits are subtracted directly from the tax you owe, rather than reducing taxable income like a tax deduction. If the credit is more than your tax, the excess is not refunded to you.

Limitations: The credit covers qualified expenses for all undergraduate and graduate study. There is no limit on the number of years. It has the same income phase-outs as the Hope Tax Credit. Married taxpayers filing separate returns cannot claim this credit. The credit is based on qualified tuition and fees minus scholarships, grants and other tax-free educational assistance.

You cannot claim the Hope and Lifetime Learning Tax Credits for the same student in the same year, but families may be able to claim the Lifetime Learning Tax Credit for some family members and the Hope Credit for others who qualify in the same year. The Lifetime Learning Tax Credit can be claimed in the same year as a tax-free distribution from a Coverdell Education Savings Account (ESA) or a Qualified Tuition program (QTP) as long as the same expenses are not used for the Lifetime Learning Tax Credit and the tax-free distribution from the ESA or QTP.

Effects on Financial Aid: The Lifetime Learning Tax Credit is reported on the FAFSA Worksheet C. The amount reported on Worksheet C reduces the total income used to determine eligibility for financial aid.

Student Loan Interest Deduction

Taxpayers who have taken loans to pay the price of attending an eligible educational institution for themselves, their spouse or their dependent may deduct the interest they pay on the loans up to \$2,500.

The deduction is not limited to government-sponsored loans, but does not apply to loans made by family members.

Qualified Education Expenses: Qualified expenses are the costs of attending an eligible educational institution, including graduate school. These costs typically include tuition, fees, room and board, books, equipment and other necessary expenses such as transportation. These costs, however, must be reduced by nontaxable educational assistance benefits.

Eligibility Requirements: The student must be enrolled in a degree, certificate, or other program leading to a recognized educational credential at an eligible educational institution; and have attended for at least one half the normal full-time work load for the course of study.

Limitations: This deduction phases out at modified adjusted gross incomes of \$105,000 to \$135,000 for married taxpayers filing joint returns and \$50,000 to \$65,000 for single taxpayers for tax year 2005.

Effects on Financial Aid: The deduction reduces the federal adjusted gross income reported on the FAFSA.

Other College Tax Provisions

Several other tax provisions may help families cover college costs:

- Grants and scholarships are generally excluded from the gross income of the recipient.
- The value of debt forgiven if a student performs qualified work after graduation is excluded from the student's gross income.
- The tuition reduction provided to post-secondary employees and their immediate family is excluded from the gross income of the recipient.

Tax Preferred Saving and Investment Options

Several tax-preferred saving and investment options are available to help you save and pay for post-secondary education. These are particularly valuable if the family begins to use them when children are young.

Coverdell Education Savings Accounts

A Coverdell Education Savings Account (ESA) is a trust or custodial account created for paying qualified education expenses of the designated beneficiary of the account. A Coverdell ESA can be opened at any bank or other IRS-approved entity.

Earnings accumulate tax-free, and distributions may be used for elementary and secondary school expenses as well as for post-secondary education expenses.

Qualified Education Expenses: Generally, qualified expenses are expenses required for the enrollment of the student at an eligible institution. Qualified higher education expenses include tuition and fees, books, supplies and equipment. Room and board expenses qualify if the student is enrolled at least half time.

Eligibility Requirements: When a Coverdell ESA is established, the designated beneficiary must be under age 18 or considered a special needs beneficiary.

Limitations: There is no limit to the number of separate Coverdell ESA accounts that can be established for a designated beneficiary. Total contributions exceeding \$2,000 in any year will be taxed at six percent.

Effects on Financial Aid: If owned by the parent, the Coverdell ESA is reported as a parental asset on the FAFSA. If owned by the student, it is reported as a student asset.

Minnesota College Savings Plan

The Minnesota College Savings Plan is a 529 Qualified Tuition Program. Account owners have three investment options: a managed allocation option in which savings are invested more conservatively as the account beneficiary nears college age, an all-equities option and a guaranteed option with a minimum rate of three percent guaranteed. Earnings accumulate tax-free, and are exempt from federal and state taxes if used for qualified higher education expenses.

Account owners are assessed an annual plan manager fee for investments in the managed allocation option and the all-equity option. The fee is 0.65 percent (less than one percent) of the plan assets. There are no other fees. Account owners who meet specific income criteria may apply for a matching grant of up to \$300 each year on behalf of their account beneficiary.

For additional information on the Minnesota College Savings Plan or to open an account, visit www.mnsaves.org or call (877) 338-4646.

The Minnesota College Savings Plan is one of many 529 plans offered throughout the country.

Qualified Education Expenses: Qualified expenses include tuition, required fees, room and board, books, supplies and equipment for students enrolled at least half time.

Eligibility Requirements: Accounts may be opened by Minnesota residents or residents of other states. An account beneficiary must meet Minnesota residency and income requirements to qualify for the matching grant.

Limitations: The maximum contribution is \$235,000. Other limitations apply. You may be eligible to claim either the Hope or Lifetime Learning Tax Credits. Contributions can be made to a Coverdell ESA and the Minnesota College Savings Plan in the same year for the same beneficiary.

Effects on Financial Aid: If owned by the parent, the 529 savings asset is reported as a parental asset on the FAFSA. If owned by the student, it is reported as a student asset. The 529 savings plan earnings exclusion reduces federal adjusted gross income.

Are There Education Tax Benefits?

Series EE Savings Bonds

Series EE bonds remain a popular savings option for paying for college. Contributions are not tax deductible, but you may be able to exclude all or part of the interest earned on Series EE bonds from income when you redeem the bonds to pay post-secondary education tuition and fees for undergraduate or graduate study.

Bond interest is subject to federal income tax, but not state or local income tax. However, Series EE bonds purchased after January 1, 1990 or Series I bonds may be eligible for a special federal exclusion from taxpayer income when bond redemption proceeds are used for tuition and fees.

Visit www.savingsbonds.gov to learn more about U.S. savings bonds.

Qualified Education Expenses: Qualified expenses are tuition and fees required for you, your spouse or your dependent for whom you claim an exemption to attend an eligible school. Qualified expenses do not include expenses for room and board or for courses involving sports, games or hobbies not part of a degree program.

You must reduce the qualified expenses by the amount of any tax-free educational assistance you receive as well as any expenses used in figuring the Hope and Lifetime Tax Credits and tax-free withdrawals from a Coverdell Education Savings Account.

Eligibility Requirements: You must be paying qualified education expenses for yourself, spouse or a dependent. Bonds must be issued either in the taxpayer's name (as sole owner) or in the name of both the taxpayer and the spouse (as co-owners). The owner must be at least 24 years old before the bond's issue date.

Limitations: Income limits are applied in the year bonds are redeemed. Modified adjusted gross income limits are \$91,850 to \$121,850 for married taxpayers filing joint returns or qualifying widow(er) and \$61,200 to \$76,200 for all other filing statuses for tax year 2005.

Effects on Financial Aid: An education savings bond is reported on the FAFSA as a parental asset if owned by the parent and a student asset if owned by the student. The interest income exclusion on savings bonds reduces federal adjusted gross income.

Early Distributions from IRAs

Taxpayers can withdraw funds from traditional or Roth individual retirement accounts (IRAs) to pay qualified higher education expenses without paying the 10 percent early withdrawal tax that applies to withdrawals before the account owner reaches age 59½.

Qualified Education Expenses: Qualified expenses are tuition, fees, books, room and board, supplies and equipment if the student is enrolled at least half time.

Distributions from a Coverdell ESA, grants and tax-free employer-provided educational assistance are deducted from qualified expenses.

Eligibility Requirements: None.

Limitations: Early distributions from an IRA are limited to paying for qualified higher education expenses of the taxpayer or spouse, or the child or grandchild of the taxpayer or taxpayer's spouse.

Effects on Financial Aid: The untaxed portion of an IRA distribution is reported as untaxed income on FAFSA Worksheet B. The amount reported on Worksheet B increases the total income used to determine eligibility for financial aid.

Where Can I Get Additional Help?

Financial aid may seem confusing, but there are people who can advise students and parents on the best way to meet college costs, including high school counselors, financial aid administrators at post-secondary schools and the staff of the Minnesota Office of Higher Education.

An important source of information is the college financial aid administrator who:

- distributes and receives applications
- determines student need
- develops financial aid packages
- distributes aid
- provides professional counseling to students and families

Your financial aid administrator will suggest the types of aid best suited to your needs and financial situation. Contact the financial aid administrator well before the start of the academic term, and be sure to consult the school's catalog for application deadlines.

Many of the federal, state and private student aid programs provide for some degree of discretion by the aid administrator who can consider special circumstances affecting the financial need of students.

If you have additional questions about state financial aid, tuition reciprocity or the Minnesota College Savings Plan, contact the Office of Higher Education:

Tel: (651) 642-0567 or (800) 657-3866

E-mail: info@ohe.state.mn.us

Web: www.getreadyforcollege.org

Additional resources are listed on the following pages and the inside back cover.

Resources for Students with Disabilities

Students with a disability may have additional needs and expenses when they attend college. Support services such as individual counseling and reasonable accommodation (assistive technology, auxiliary aids and services for effective communication) may be available at the post-secondary institution. Students should register with the Student Services Personnel at their post-secondary institution, and will need to disclose any disabilities in order to qualify for support services.

Vocational Rehabilitation Program

If you have a severe physical or mental disability that causes a significant impediment to gainful employment, you may be eligible for rehabilitation counseling and other career planning services from your state Vocational Rehabilitation Program.

If you are determined eligible for services and if you meet the criteria to receive services, a rehabilitation counselor can assist with developing an individual plan for employment, and will provide services to meet your disability-related needs.

Most financial aid is made available to you through the college's financial aid office.

Minnesota's vocational rehabilitation program does consider your eligibility for other financial aid, and may fund some direct costs (such as tuition and mandatory fees, books, supplies and equipment), if post-secondary training is part of your Employment Plan.

For information, visit www.mnwfc.org, consult the blue pages in your local phone book for the Rehabilitation Services Office nearest you, or call (651) 296-5616 voice or (651) 296-3900 TTY in the Twin Cities metro area, or (800) 328-9095 voice or (800) 657-3973 TTY in Greater Minnesota.

Where Can I Get Additional Help?

Services for the Blind or Visually Impaired

Vocational rehabilitation services for persons who are blind or visually impaired are provided by the Minnesota State Services for the Blind (www.mnssb.org). Consult this Web site or your local phone book for the State Services for the Blind office nearest you, or call (651) 642-0500 voice or (651) 642-0506 TTY in the Twin Cities metro area, or call (800) 652-9000 voice or (888) 665-3276 TTY.

The Minnesota State Services for the Blind also transcribes textbooks and vocational materials to audio or into Braille for Minnesota students who are blind or visually impaired.

Additional resources are available from the **Federal Student Aid Information Center** to assist students who are blind or visually impaired:

Federal Student Aid Audio Guide

The U.S. Department of Education has produced an audio guide on federal student aid for visually impaired students. The guide describes eligibility requirements and application procedures for federal grant, loan and work-study programs; scholarships offered to visually impaired students; and the rights of students with disabilities under the Rehabilitation Act, which forbids disability bias in federally assisted institutions.

The Audio Guide is available online at www.studentaid.ed.gov/audioguide/ or on CD.

The FAFSA in Braille

A Braille version of the FAFSA is available as a reference; however, it cannot be submitted. Visit www.fafsa.ed.gov for more information.

Additional Sources of Information

A number of other publications are available to help you learn about sources of financial aid. Many are available at your school or public library. Your high school counselor or librarian can help you find many of them.

The College Handbook, 2007

This guide contains up-to-date information on more than 3,600 two- and four-year colleges and universities, housing, majors, special study options, financial aid and athletics. The guide can be purchased at bookstores, or directly from the publisher at www.collegeboard.com, by calling (800) 323-7155 or by sending a check for \$28.95, plus \$5 for shipping, to:

College Board Publications
P.O. Box 869010
Plano, TX 75074-0998

Funding Education Beyond High School: The Guide to Federal Student Aid 2006-2007

This publication published by the U.S. Department of Education is a resource for high school students, college students and parents who want an overview of the financial aid process as well as detailed steps for taking action. Visit www.fafsa.org.

Get Set for College: A College Planning Guide for Minnesota Students and Parents

This guide contains financial aid facts and tips, the steps for college planning and a directory of Minnesota colleges and universities. The guide is available free from high school counselors' offices, or directly from the publisher by calling (847) 634-2560 or by writing to:

ACT Midwest office
300 Knightsbridge Parkway, Suite 300
Lincolnshire, IL 60069-9498

Guide to Getting Financial Aid 2007

This guide to obtaining financial aid breaks down the financial aid process and guides students and parents through the steps. It can be purchased at bookstores, or directly from the publisher at www.collegeboard.com, by calling (800) 323-7155 or by sending a check for \$19.95, plus \$4 for shipping, to:

College Board Publications
MDP0106A
P.O. Box 869010
Plano, TX 75074-0998

Need A Lift?

This 160-page handbook contains sources of scholarships, financial aid opportunities, loans, careers and employment opportunities for all students. A special section applies to veterans and their dependents. Copies are available by sending a check or money order (no cash) for \$3, plus \$.95 for shipping, to:

The American Legion
National Emblem Sales
P.O. Box 1050
Indianapolis, Indiana 46206

Peterson's College Money Handbook, 2006

This publication presents information on costs and nearly \$50 billion in financial aid opportunities at over 2,100 U.S. colleges and universities. The guide can be purchased at bookstores or directly from the publisher at www.petersons.com, by calling call (800) 338-3282 or by sending a check for \$32, plus \$5.25 for shipping, to:

Thomson Peterson's

Summary of Financial Aid Programs

Program	Apply to	Amount
Scholarships and Grants		
Minnesota State Grant	Complete the FAFSA within 30 days of start of term	Up to \$8,202 per year depending upon where you attend. Average state award is \$1,696
Federal Pell Grant	Complete the FAFSA	\$400 - \$4,050 per year
Federal Academic Achievement Grants	Complete the FAFSA	\$750 first year \$1,300 second year
Federal SMART Grants	Complete the FAFSA Inquire at college financial aid office	\$4,000 per year for 3rd- and 4th-year undergraduates
Federal Supplemental Opportunity Grants	Institution	Up to \$4,000 per year
Minnesota Post-secondary Child Care Grant	Institution	Up to \$2,300 per child per academic year
Work-Study Programs		
Minnesota Work Study	Institution	Determined by institution
Federal Work Study	Institution	Determined by institution
Loan Programs		
Federal Perkins Loan	Institution	Up to \$4,000 per year for undergraduates or \$6,000 per year for graduate students
Federal Stafford Student Loan	Private lenders (a few schools make loans directly to students)	Up to \$2,625 per year for first-year undergraduate, \$3,500 per year for second-year undergraduates, and \$5,500 for undergraduates in third and fourth-year status. \$23,000 cumulative. Loan limits are higher for graduate, professional and independent students.

Type of Award	Eligible Students
Based on need and price of attendance	Minnesota resident enrolled for at least three credits in undergraduate study at eligible Minnesota institution. Must be a high school graduate or equivalent or be 17 years of age or older, have completed less than four years of college, be a U.S. citizen or eligible non-citizen and not in default on student loans or child support payments.
Based on demonstrated financial need	Undergraduates. Must be a U.S. citizen or eligible non-citizen, registered for Selective Service, not in default on federal loans and have no drug conviction while receiving federal aid.
Student must demonstrate completion of a rigorous high school curriculum and maintain a 3.0 GPA in college	First- and second-year full-time undergraduates. Must be Pell eligible, U.S. citizen, registered for Selective Service, not in default on federal loans and have no drug conviction while receiving federal aid.
Student must be enrolled in a major in the physical, life or computer sciences; mathematics; technology; engineering or in a foreign language that is critical to national security	Third- and fourth-year students must be full-time undergraduates admitted to designated programs. Must be Pell eligible, U.S. citizen, registered for Selective Service, not in default on federal loans and have no drug conviction while receiving federal aid.
Based on demonstrated financial need.	Undergraduates or vocational students enrolled at least half time. Must be a U.S. citizen, registered for Selective Service. Priority given to Pell Grant recipients.
Based on demonstrated financial need, family size and number of children	Minnesota residents with children 12 years old or younger, or 14 or younger with disability. Students must be enrolled for at least six credits in an undergraduate program at an eligible Minnesota institution, and not a recipient of benefits from the Minnesota Family Investment Program. Must be U.S. citizen or eligible non-citizen.
Part-time job based on financial need	Minnesota resident enrolled for at least six credits per term. Includes undergraduates, graduates or vocational students. Must be a U.S. citizen or eligible non-citizen.
Part-time job based on financial need; more restrictive than state program	Undergraduate, graduate or vocational students. Must be a U.S. citizen or eligible non-citizen and be registered for Selective Service.
Long-term, low-interest loans based on financial need, must be repaid	Undergraduate, graduate or vocational students enrolled at least half time. Must be a U.S. citizen or eligible non-citizen, registered for Selective Service and cannot be in default or owe a refund on any Title IV Higher Education Act loan or grant.
Subsidized and long-term, low interest loans that must be repaid. Based on need, government pays interest while student is in school. Unsubsidized Stafford loan is available for students without financial need. Borrowers pay interest while in school.	Any student enrolled at least half time in an eligible school in Minnesota or another state, undergraduate, graduate, professional and vocational students. Must be a U.S. citizen or eligible non-citizen, registered for Selective Service and cannot be in default or owe a refund on any Title IV Higher Education Act loan or grant.

Summary of Financial Aid Programs (continued)

Program	Apply to	Amount
Scholarships and Grants		
PLUS (Federal Parent Loan for Undergraduate Students)	Private lenders (a few schools make loans directly to students)	Up to annual price of attendance less other aid received for each dependent child
SELF Loans (Student Educational Loan Fund)	Minnesota Office of Higher Education	Up to \$6,000 per year for the first two years and \$7,500 thereafter
Out-of-State Tuition Reduction and Reciprocity		
Minnesota-Wisconsin	Minnesota Office of Higher Education (application online) or the Wisconsin technical college you wish to attend	
Minnesota-South Dakota	Minnesota Office of Higher Education (application online)	
Minnesota-North Dakota	Minnesota Office of Higher Education (application online)	
Minnesota-Iowa	Iowa Lakes Community College	
Minnesota-Manitoba	Non-resident tuition waiver at participating Manitoba institutions	
Minnesota students attending in Kansas, Michigan, Missouri and Nebraska	School of attendance when application is submitted	Student pays up to 150 percent of resident tuition at public institutions or receives a 10 percent discount off tuition at private schools

Type of Award	Eligible Students
Long-term, variable interest that changes annually, must be repaid	Parents of dependent, undergraduate students and students in graduate and professional programs. Must be a U.S. citizen or eligible non-citizen and registered for Selective Service. Must not be in default or owe a refund on any Title IV Higher Education Act loan or grant.
Long-term loans, must be repaid, variable interest	Undergraduate, graduate and vocational students enrolled at least half time in an eligible school in Minnesota, or Minnesota residents enrolled in an eligible out-of-state school or Canadian province of Manitoba. Co-signer must be a U.S. citizen or permanent resident and be credit-worthy.
Students attending a public institution in Wisconsin pay approximately the average tuition they would pay at a comparable school in Minnesota. Technical college students pay the resident rate.	Nearly all public college students. Exceptions are students in the College of Medicine, Veterinary Medicine and Dentistry at the University of Wisconsin-Madison or Milwaukee. (Eligible professional programs are subject to change.)
Students pay the higher of the resident tuition and fee rate at the institution attended, or the average rate at a comparable home-state institution.	Nearly all Minnesota residents attending public institutions in South Dakota.
Students pay the higher of the resident tuition and fee rate at the institution attended, or the average rate at a comparable home-state institution.	Nearly all Minnesota residents attending public institutions in North Dakota.
A limited agreement between a two-year college in Minnesota and one in northwest Iowa.	Minnesota residents attending Iowa Lakes Community College. No other reciprocity agreements are in place with Iowa colleges and universities.
Non-resident tuition waiver at participating Manitoba institutions.	Minnesota residents attending at University of Manitoba, University of Winnipeg, Brandon University, Red River Community College, Assiniboine Community College or College Universitaire de Saint-Boniface.
Non-resident tuition waiver at a limited number of institutions and programs. Visit www.mhec.org to learn more about the Midwest Student Exchange Program.	Minnesota residents enrolling in participating institutions and programs in Kansas, Michigan, Missouri and Nebraska. (Limited program, ask in advance.)

Financial Aid Contacts

Following are the addresses and phone numbers of contacts for financial aid offices at Minnesota post-secondary institutions. To find Title IV school codes used to complete the FAFSA that are not listed, visit www.fafsa.ed.gov.

Disclaimer: Information about federal and state financial aid programs is based on 2006 policies and rules as of July 2006. The U.S. Congress and the Minnesota Legislature may change programs before the 2006-2007 school year.

Where Can I Get Help?

The most valuable source of information for you is the financial aid office at the college or colleges to which you apply. The office can help you complete the FAFSA and will suggest the types of aid best suited to your needs. Ultimately, it is the school's financial aid office that puts together a financial aid package for you, using funds from appropriate sources.

For information about federal student aid matters, call the Federal Student Aid Information Center at (800) 4-FED-AID or (800) 433-3243 or (800) 730-8913 TDD Monday through Friday 8 a.m. to 4:30 p.m. Central Standard Time.

The FAFSA Web site allows you to apply for financial aid online, make changes online, and check the status of your application. www.fafsa.ed.gov

College Goal Sunday is February 11, 2007. Students and parents are invited to one of several locations across the state to get help and advice from a financial aid professional on completing their FAFSA. Visit www.mncollegegoalsunday.org for more details on locations and times.

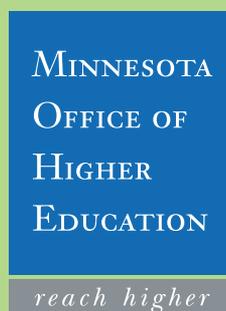

The Minnesota Office of Higher Education can provide you with information on the financial aid process, SELF loans, tuition reciprocity, Minnesota's 529 College Savings Plan and much more. The site includes a personal financial aid estimator to help you determine whether or not you may qualify for assistance. Materials and other resources are available at www.getreadyforcollege.org.

The U.S. Department of Education Web site provides information for students and families about pursuing education beyond high school. www.studentaid.ed.gov

The FinAid Web site provides links to sources of information about student financial aid and includes an online searchable database of more than 180,000 private sector scholarships, fellowships, grants and loans. www.finaid.org

The ISEEK Web site is a state-sponsored site with information on careers, training, education and employment. ISEEK has over 500 career profiles, nearly 600 descriptions of educational areas of study at public and private colleges and posts more than 25,000 job openings. www.iseek.org

About Us

The Minnesota Office of Higher Education is a state agency providing students with financial aid programs and information to help them gain access to post-secondary education. The agency serves as the state's clearinghouse for data, research and analysis on post-secondary enrollment, financial aid, finance and trends.

The Minnesota State Grant program, which is administered by the agency, is a need-based tuition assistance program for Minnesota students. The agency also oversees tuition reciprocity programs, a student loan program, Minnesota's 529 college savings plan, licensing and an early awareness outreach initiative for youth.
