MINNESOTA PUBLIC LIBRARIES

2005 STATISTICAL HIGHLIGHTS

State Population	5,205,091
Resident Library Cards	2,511,227
Total Cards (includes multiple cards holders)	3,299,804
Visits	26,101,576
Reference Transactions	3,985,204
Total Collections	17,978,803
Total Circulation	51,141,737
Children's Circulation	20,545,404
Adult Circulation	28,209,018
Other Circulation	2,387,373
Local Operating Revenue	\$150,406,905
State Operating Revenue	\$12,594,613
Federal Operating Revenue	\$924,041
Other Operating Revenue	\$13,887,330
Total Operating Revenue	\$177,812,889
Total Operating Expenditures	\$173,275,437
Per Capita Expenditures	\$33.29
Public Library Administrative Units ¹	140
Public Library Buildings	359
Bookmobiles	15

¹Much of the data in this report indicates 142 administrative units. The Metropolitan Library Service Agency (MELSA) and Traverse des Sioux Library System do not provide any public library services. However, the data include these two regional public library system agencies. Their omission in many categories would lead to lower statistics that do not reflect actual public library numbers, especially regarding financial data

LIBRARY DEVELOPMENT SERVICES

State Library Services, a division of the Minnesota Department of Education, is the Minnesota state library agency. The state library provides leadership and support to the Minnesota library community in planning, developing and implementing high quality library and information services statewide. State Library Services administers federal and state grants-in-aid programs for libraries.

Vision Statement

State Library Services, acting as the State Library Agency for the Minnesota Department of Education, leads in developing, planning, and implementing excellent library and information services statewide. The State Library Agency ensures that Minnesota libraries and their communities have access to the present and future information resources they need through partnerships with public information and cultural institutions.

Mission Statement

To provide the library services and information resources needed by Minnesotans, the Minnesota State Library Agency will:

- Administer statewide library services;
- Develop and implement standards of accountability of state and federal funding recipients;
- Develop and implement statewide and regional library services, initiatives and programs;
- Implement statewide planning and evaluation for library development for all types of libraries;
- Develop and implement standards for libraries;
- Provide leadership for career and education opportunities;
- Certify library eligibility for state and federal assistance;
- Advise the governor, the legislature and regional and local governing bodies on library-related issues; and
- Facilitate partnerships between libraries and other agencies.

Minnesotans deserve equitable access to library services and information resources regardless of geographic location, economic or social status, cultural background, age, or level of intellectual or physical ability. The library network of trustees, friends, librarians, administrators, and their communities must work together to voice their concerns and support for equitable access to their funding entities, including their congressional, legislative, county, and city officials. This collaboration will help to foster a more informed citizenry, a stronger democracy, and more economically viable communities statewide.

State Library Services operates the Minnesota Library for the Blind and Physically Handicapped, located in Faribault.

MINNESOTA STATE RANKINGS 56

OTHER LIBRARY STATISTICS 57

NOTES AND GLOSSARY

1. Officially, as cited on 2005 Statistical Highlights, page i, Minnesota has 140 public libraries. The Metropolitan Library Service Agency (MELSA) and Traverse des Sioux Library System do not provide any direct public library services. However, these two regional public library systems' administrative services and staff are included in this compilation. Their omission in many categories would lead to misleading statistics that do not reflect actual public library numbers, especially regarding financial matters. For consistency, the two agencies are included in the summaries and tables whether the category is applicable or not.
2. The survey and the definitions for the data elements are available online at State Library Services statistics web page, as are the individual library reports which are the basis for this compilation
http://education.state.mn.us/mde/Learning_Support/Library_Services_and_School_Technology/Minnesota_Libraries_and_Librarians/Library_Statistics/index.html
3. Populations of the twelve regional public library systems are based on the 2005 county population estimates of the Minnesota State Demographic Center. Individual library populations are estimated by the library directors. Because of overlapping estimates by directors, it is possible for the sum of populations served by the individual libraries to exceed the population of a regional public library system designated population.
4. An unaffiliated library is one whose city has decided not to be a member of a regional public library system. Their status prohibits them from receiving any state derived benefits. The five communities are: Clarkfield, Crosby, East Grand Forks, Hendricks, and Taylors Falls.
5. The regional systems' summary totals for materials do not include totals for databases and e-books. Most databases and e-books available at the local library are licensed by the state for all libraries or by the regions for their members. An overcount would result if the databases listed as available at the individual libraries because of statewide or regional licensing were counted as if these were individual purchases.
6. Reciprocal borrowing is defined as when an individual whose residence is in one regional public library system personally borrows materials from a library located in a different regional public library system. An interlibrary loan occurs when a request for materials is made remotely and the material is transported to the library of choice of the individual.
7. FY05 public library maintenance of effort requirements are based on 2003 Adjusted Net Tax Capacity and use 2002 population figures, which were the most recent available at the time of calculation. The maintenance of effort tables in this report were prepared by Nancy Walton, State Library Programs Specialist.
8. Tables and data other than Maintenance of Effort were compiled by Bruce Pomerantz, Library Development Specialist. Data not available through this publication or the Excel spreadsheet posted on the Libraries and School Technologies website may be requested by phoning 651-582-8890 or contacting bruce.pomerantz@state.mn.us.

¹2001-2004 data comes from the annual *Public Libraries in the United States*, published by National Center for Education Statistics, U.S. Department of Education and is the most recent data available for national comparisons. The 2005 Minnesota data, from the Minnesota state library agency, includes the two regional public library system agencies that NCES excludes from its calculations. See Note 1, page 1.

²The national data and rankings include the 50 states and the District of Columbia.

³All dollar figures are given in current dollars.
