Office of Land Management

Subject: 2006 Land Inventory

Attached is a copy of the 2006 land inventory completed for Mn/DOT lands. The inventory shows that there is a total of 2,218 acres of Mn/DOT rest areas land. This 2006 total is 4.4 acres less than what was reported in 2004. The difference is attributed to the selling of surplus lands.

The inventory also shows a total of 280.6 miles of Rail Bank lands being managed by Mn/DOT. This 2006 total is 0.5 miles less than what was reported in 2004. The difference is attributed to a selling of 0.5 miles of the Rail Bank land which runs from Bemidji to International Falls.

Please feel free to contact me or Joe Pignato if you should have any questions or would like additional information.

Thank you.
