The Miracle of Minnesota — Its People

In 1858 Minnesota's 150,000 rugged pioneers dreamed of civilizing this state. They were joined by immigrants from Great Britain, Scotland, Germany, Denmark, Ireland, Norway and Sweden, and later by groups from Finland, Poland, Czechoslovakia, Russia, Italy and Greece. The hopes of these pioneer groups were fulfilled through their own initiative, ability and resourcefulness. The second century of statehood offers new frontiers and new dreams. Among the newest is the challenge for a dynamic industrial development. The same pioneer-like traits predict another century of success as twentieth century industries seek to tap the high level of energy and ability of today's 3,200,000 Minnesotans.

ESSAY ON MINNESOTA'S SESQUICENTENNIAL: 150 YEARS OF CARING FOR EACH OTHER

By Mark Ritchie, Secretary of State

On May 11, 2008, Statehood Day, Minnesota will celebrate 150 years of statehood—our sesquicentennial. On this date and throughout the year, communities, groups, and individuals across the state will organize events and projects to help us reflect on our history and accomplishments. Equally important, our sesquicentennial offers an extraordinary opportunity to plan ahead and to plant the new seeds needed to ensure we continue to grow toward our dreams.

European immigrants who came to this region in the early 1800s found communities of indigenous people, some of whom had arrived centuries earlier. They also found rich soils, dense forests, and powerful waters that made farming and logging a solid foundation for our state's early economy. As the population grew, these new immigrants began to push for formal recognition as a state from the federal government. Several important motivations led the drive towards this expanded self-governance of statehood.

First, the waves of immigrants arriving at this time were largely from other countries where freedom and its responsibilities were the subjects of ongoing, intense debate. Many of the new residents flooding our region as a result of U.S. government subsidies had come to America for freedom and opportunity. They knew from their own experience that these gifts did not happen automatically or magically. Self-governance for mutual benefit required the creation of governmental institutions with powers and with limits.

For example, it was clear to many of the early settlers that if you could not read, write, or do basic arithmetic, you could not fully participate in the democratic process. In our state's founding constitution, the mandated governmental obligation was to provide a "general and uniform system of public schools." Many of our modern democratic institutions reflect the combined influences of the indigenous people who first occupied these lands and the homeland experiences of the later immigrants who came from Europe.

Second, the growth in the size of our population demanded new relationships and structures. We needed laws written down so that everyone knew the rules. And we needed leaders we could trust to enforce these rules. We were willing to give authority and power to tax, spend, and declare war to a handful of people, but we did this knowing that "we the people" would be picking these powerful few and that we retained the right to "unpick" them in the next election if we were not satisfied with their leadership. Unfortunately, not everyone was allowed to vote in these elections—with Native Americans and women totally excluded. This injustice has been addressed over time, but some of the damage to our democracy still haunts us today.

Third, we wanted to be heard in Washington, D.C., in congress, where decisions were being made that affected our ability to pursue life, liberty, and happiness. As a territory, we lived under national laws and edicts in which we did not have any say. As a state we could send voting representatives who could join as full partners in the great debates over slavery, war and peace, and taxation.

So much has happened in the 150 years that has confirmed the wisdom of statehood. We have expanded liberty and justice for all—slowly, at times, but surely towards an ever-expanding electorate. The role of the sovereign nations of indigenous people that exist within the state's borders has always been complicated, but there are many positive signs in the new partnerships that have been growing over the past few decades. While discrimination and even violence against Native Americans still occurs today, there is a strong commitment on the part of our government to address these issues.

Since the early days of statehood, we have been a progressive people. Our population and voting rights have expanded alongside our governmental institutions—our schools, hospitals, libraries, police and fire protections, parks, and so much more. We are proud of our heritage, and we are dedicated to protecting it at home and defending it abroad. The heroism of Minnesota's soldiers from the Civil War to the World Wars and into our modern day is a measure of this dedication.

We have been successful in getting our voice heard in Washington, D.C., in all branches of government. The U.S. Supreme Court has been enriched by many jurists, including Justice Warren Burger, a Minnesota native who was the longest-serving chief justice in U.S. history. While no president has come from Minnesota yet, we have sent dozens of executive branch leaders and two vice presidents to lead our great nation.

In congress we have been blessed with powerful voices—throughout our entire 150 year history. Today we have members who chair important committees and sit in key leadership positions in both parties.

It was a good decision to move from territorial status to statehood 150 years ago. But where do we go from here? While we cannot predict the future, we can see the outlines of its promises and its challenges. We have no other choice than to embrace it, buoyed by the sacrifice, wisdom, and support of those Minnesotans who came before us.

Like our magnificent white pines that approach maturity at 150 years, our state is just beginning to mature. We are able to enjoy some of the benefits of these 150 years of growth, such as our strong democracy and successful public and private institutions. We have important responsibilities that come with maturity, such as thoughtfully planning for the future and addressing the plight of Minnesotans who still suffer from neglect or discrimination.

We know that the decisions made 150 years ago shaped our current economy, democracy, and natural environment. Investments we make today, inspired by our sesquicentennial achievements, will likewise shape the Minnesota we leave to coming generations.

Our 150th birthday gives us a special reason to pause and reflect, to stand tall and celebrate, to sing praises and offer thanks. This special sesquicentennial edition of the *Minnesota Legislative Manual* is our modest contribution toward that effort, from the Office of the Secretary of State.

THE DECLARATION OF INDEPENDENCE

Secretary of State's Note: The Declaration of Independence marks the birth of our federal government and and describes the reasons for our separation from England. The declaration set in motion the actions that would establish the United States of America.

THE DECLARATION OF INDEPENDENCE

WHEN in the Course of human Events, it becomes necessary for one People to dissolve the Political Bands which have connected them with another, and to assume among the Powers of the Earth, the separate and equal Station to which the Laws of Nature and of Nature's God entitle them, a decent Respect to the Opinions of Mankind requires that they should declare the causes which impel them to the Separation.

WE hold these Truths to be self-evident, that all Men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the Pursuit of Happiness—That to secure these Rights, Governments are instituted among Men, deriving their just Powers from the Consent of the Governed, that whenever any Form of Government becomes destructive of these Ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its Foundation on such Principles, and organizing its Powers in such Form, as to them shall seem most likely to effect their Safety and Happiness, Prudence, indeed, will dictate that Governments long established should not be changed for light and transient Causes; and accordingly all Experience hath shewn, that Mankind are more disposed to suffer, while Evils are sufferable, than to right themselves by abolishing the Forms to which they are accustomed. But when a long Train of Abuses and Usurpations, pursuing invariably the same Object, evinces a Design to reduce them under absolute Despotism, it is their Right, it is their Duty, to throw off such Government, and to provide new Guards for their future Security. Such has been the patient Sufferance of these Colonies; and such is now the Necessity which constrains them to alter their former Systems of Government. The History of the present King of Great-Britain is a History of repeated Injuries and Usurpations, all having in direct Object the Establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid World.

HE has refused his Assent to Laws, the most wholesome and necessary for the public Good.

HE has forbidden his Governors to pass Laws of immediate and pressing Importance, unless suspended in their Operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

HE has refused to pass other Laws for the Accommodation of large Districts of People, unless those People would relinquish the Right of Representation in the Legislature, a Right inestimable to them, and formidable to Tyrants only.

HE has called together Legislative Bodies at Places unusual, uncomfortable, and distant from the Depository of their public Records, for the sole Purpose of fatiguing them into Compliance with his Measures.

HE has dissolved Representative Houses repeatedly, for opposing with manly Firmness his Invasions on the Rights of the People.

HE has refused for a long Time, after such Dissolutions, to cause others to be elected; whereby the Legislative Powers, incapable of the Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the Dangers of Invasion from without, and the Convulsions within.

HE has endeavoured to prevent the Population of these States; for that Purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their Migrations hither, and raising the Conditions of new Appropriations of Lands.

HE has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary Powers.

HE has made Judges dependent on his Will alone, for the Tenure of their Offices, and the Amount and Payment of their Salaries.

HE has erected a Multitude of new Offices, and sent hither Swarms of Officers to harrass our People, and eat out their Substance.

HE has kept among us, in Times of Peace, Standing Armies, without the consent of our Legislatures.

HE has affected to render the Military independent of and superior to the Civil Power.

HE has combined with others to subject us to a Jurisdiction foreign to our Constitution, and unacknowledged by our Laws; giving his Assent to their Acts of pretended Legislation:

FOR quartering large Bodies of Armed Troops among us;

FOR protecting them, by a mock Trial, from Punishment for any Murders which they should commit on the Inhabitants of these States:

FOR cutting off our Trade with all Parts of the World:

FOR imposing Taxes on us without our Consent:

FOR depriving us, in many Cases, of the Benefits of Trial by Jury:

FOR transporting us beyond Seas to be tried for pretended Offences:

FOR abolishing the free System of English Laws in a neighbouring Province, establishing therein an arbitrary Government, and enlarging its Boundaries, so as to render it at once an Example and fit Instrument for introducing the same absolute Rules into these Colonies:

FOR taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments:

FOR suspending our own Legislatures, and declaring themselves invested with Power to legislate for us in all Cases whatsoever.

HE has abdicated Government here, by declaring us out of his Protection and waging War against us.

HE has plundered our Seas, ravaged our Coasts, burnt our Towns, and destroyed the Lives of our People.

HE is, at this Time, transporting large Armies of foreign Mercenaries to compleat the Works of Death, Desolation, and Tyranny, already begun with circumstances of Cruelty and Perfidy, scarcely paralleled in the most barbarous Ages, and totally unworthy the Head of a civilized Nation.

HE has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the Executioners of their Friends and Brethren, or to fall themselves by their Hands.

HE has excited domestic Insurrections amongst us, and has endeavoured to bring on the Inhabitants of our Frontiers, the merciless Indian Savages, whose known Rule of Warfare, is an undistinguished Destruction, of all Ages, Sexes and Conditions.

IN every stage of these Oppressions we have Petitioned for Redress in the most humble Terms: Our repeated Petitions have been answered only by repeated Injury. A Prince, whose Character is thus marked by every act which may define a Tyrant, is unfit to be the Ruler of a free People.

NOR have we been wanting in Attentions to our British Brethren. We have warned them from Time to Time of Attempts by their Legislature to extend an unwarrantable Jurisdiction over us. We have reminded them of the Circumstances of our Emigration and Settlement here. We have appealed to their native Justice and Magnanimity, and we have conjured them by the Ties of our common Kindred to disavow these Usurpations, which, would inevitably interrupt our Connections and Correspondence. They too have been deaf to the Voice of Justice and of Consanguinity. We must, therefore, acquiesce in the Necessity, which denounces our Separation, and hold them, as we hold the rest of Mankind, Enemies in War, in Peace, Friends.

WE, therefore, the Representatives of the UNITED STATES OF AMERICA, in GENERAL CONGRESS, Assembled, appealing to the Supreme Judge of the World for the Rectitude of our Intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly Publish and Declare, That these United Colonies are, and of Right ought to be, FREE AND INDEPENDENT STATES; that they are absolved from all Allegiance to the British Crown, and that all political Connection between them and the State of Great-Britain, is and ought to be totally dissolved; and that as FREE AND INDEPENDENT STATES, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which INDEPENDENT STATES may of right do. And for the support of this Declaration, with a firm Reliance on the Protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes, and our sacred Honor.

THE NORTHWEST ORDINANCE OF 1787

Secretary of State's Note: The Northwest Ordinance of 1787 was made possible when several states, including Massachusetts, New York, Virginia, and Connecticut released their claims to the land area west of the Appalachian Mountains extending to the Mississippi River. This area became known as the Northwest Territory.

The Ordinance of 1787 established a government over the Northwest Territory and gave impetus to westward expansion. This outstanding governmental document gave first national recognition to the Bill of Rights, abolished primogeniture, provided for the encouragement of education, prohibited slavery, and established the principle that new states should be admitted to the federal government on equal footing with the original states.

The full effect of the Northwest Ordinance upon Minnesota law has yet to be determined. For example, the question of whether common law in Minnesota dates from the revolution or from the Ordinance of 1787 has been left open by decisions of the Minnesota courts.

The ordinance provided for the formation out of the Northwest Territory of not less than three nor more than five states. The states were to be admitted to the federal government on an equal footing with the original states. By May of 1848, five states had been formed out of the Northwest Territory: Ohio, Indiana, Illinois, Michigan and Wisconsin.

The state of Wisconsin was organized out of the territory of Wisconsin, the last remnant of the Northwest Territory. Although in 1848 the territory of Wisconsin extended to the Mississippi River, the state of Wisconsin voluntarily limited its western boundary to the St. Croix River. This boundary limitation by the state of Wisconsin left the land area between the St. Croix and the Mississippi available for eventual inclusion in the state of Minnesota.

The state of Minnesota can trace much of its fundamental governmental principles, and a substantial portion of its territory, back to the Northwest Ordinance of 1787.

NORTHWEST ORDINANCE 1787

[Act of Congress, July 13, 1787]

An Ordinance for the government of the territory of the United States northwest of the river Ohio.

- 1. Be it ordained by the United States, in Congress assembled, That the said territory, for the purpose of temporary government, be one district, subject, however, to be divided into two districts, as future circumstances may, in the opinion of Congress, make it expedient.
- 2. Be it ordained by the authority aforesaid, That the estates both of resident and non-resident proprietors in the said territory, dying intestate, shall descend to, and be distributed among, their children and the descendants of a deceased child in equal parts, the descendants of a deceased child or grandchild to take the share of their deceased parent in equal parts among them; and where there shall be no children or descendants, then in equal parts to the next of kin, in equal degree; and among collaterals, the children of a deceased brother or sister of the intestate shall have, in equal parts among them, their deceased parent's share; and there shall, in no case, be a distinction between kindred of the whole and half blood; saving in all cases to the widow of the intestate her third part of the real estate for life, and one-third part of the personal estate; and this law, relative to descents and dower, shall remain in full force until altered by the Legislature of the district. And until the Governor and judges shall adopt laws, as hereinafter mentioned, estates in the said territory may be devised or bequeathed by wills in writing, signed and sealed by him or her in whom the estate may be, (being of full age), and attested by three witnesses; and real estates may be conveyed by lease and release, or bargain and sale, signed, sealed, and delivered by the person, being of full age, in whom the estate may be, and attested by two witnesses, provided such wills be duly proved, and such conveyances be acknowledged, or the execution thereof duly proved, and be recorded

within one year after proper magistrates, courts, and registers, shall be appointed for that purpose; and personal property may be transferred by delivery, saving, however, to the French and Canadian inhabitants, and other settlers of the Kaskaskies, Saint Vincents, and the neighboring villages, who have heretofore professed themselves citizens of Virginia, their laws and customs now in force among them, relative to the descent and conveyance of property.

- 3. Be it ordained by the authority aforesaid, That there shall be appointed, from time to time, by Congress, a Governor, whose commission shall continue in force for the term of three years, unless sooner revoked by Congress; he shall reside in the district, and have a freehold estate therein, in 1,000 acres of land, while in the exercise of his office.
- 4. There shall be appointed from time to time, by Congress, a Secretary, whose commission shall continue in force for four years, unless sooner revoked; he shall reside in the district, and have a freehold estate therein, in five hundred acres of land, while in the exercise of his office. It shall be his duty to keep and preserve the Acts and laws passed by the Legislature, and the public records of the district, and the proceedings of the Governor in his executive department, and transmit authentic copies of such Acts and proceedings every six months, to the Secretary of Congress. There shall also be appointed a court, to consist of three judges, any two of whom to form a court, who shall have a common law jurisdiction, and reside in the district, and have each therein a freehold estate in five hundred acres of land, while in the exercise of their offices; and their commission shall continue in force during good behavior.
- 5. The Governor and judges, or a majority of them, shall adopt and publish in the district such laws of the original States, criminal and civil, as may be necessary, and best suited to the circumstances of the district, and report them to Congress from time to time, which laws shall be in force in the district until the organization of the General Assembly therein, unless disapproved of by Congress; but afterwards the Legislature shall have authority to alter them as they shall think fit.
- **6**. The Governor, for the time being, shall be commander-in-chief of the militia, appoint and commission all officers in the same below the rank of general officers; all general officers shall be appointed and commissioned by Congress.
- 7. Previous to the organization of the general assembly, the Governor shall appoint such magistrates, and other civil officers, in each county or township, as he shall find necessary for the preservation of the peace and good order in the same. After the General Assembly shall be organized the powers and duties of magistrates and other civil officers shall be regulated and defined by the said assembly; but all magistrates and other civil officers, not herein otherwise directed, shall, during the continuance of this temporary government, be appointed by the Governor.
- 8. For the prevention of crimes and injuries, the laws to be adopted or made shall have force in all parts of the district, and for the execution of process, criminal and civil, the Governor shall make proper divisions thereof; and he shall proceed, from time to time, as circumstances may require, to lay out the parts of the district in which the Indian titles shall have been extinguished, into counties and townships, subject, however, to such alterations as may thereafter be made by the Legislature.

- 9. So soon as there shall be five thousand free male inhabitants, of full age, in the district, upon giving proof thereof to the Governor, they shall receive authority, with the time and place, to elect Representatives from their counties or townships, to represent them in the General Assembly: Provided, that for every five hundred free male inhabitants there shall be one Representative, and soon, progressively, with the number of free male inhabitants, shall the right of representation increase, until the number of Representatives shall amount to twenty-five; after which the number and proportion of Representatives shall be regulated by the legislature: Provided, that no person be eligible or qualified to act as a Representative, unless he shall have been a citizen of one of the United States three years, and be a resident in the district, or unless he shall have resided in the district three years; and, in either case, shall likewise hold in his own right, in fee simple, two hundred acres of land within the same: Provided also, that a freehold in fifty acres of land in the district, having been a citizen of one of the States, and being resident in the district, or the like freehold and two years' residence in the district, shall be necessary to qualify a man as an elector of a Representative.
- 10. The Representatives thus elected shall serve for the term of two years; and in case of the death of a Representative, or removal from office, the Governor shall issue a writ to the county or township, for which he was a member, to elect another in his stead, to serve for the residue of the term.
- 11. The General Assembly, or Legislature, shall consist of the Governor, Legislative Council, and a House of Representatives. The Legislative Council shall consist of five members, to continue in office five years, unless sooner removed by Congress; any three of whom to be a quorum; and the members of the council shall be nominated and appointed in the following manner, to wit: As soon as Representatives shall be elected the Governor shall appoint a time and place for them to meet together, and when met they shall nominate ten persons, resident in the district, and each possessed of a freehold in five hundred acres of land, and return their names to Congress, five of whom Congress shall appoint and commission to serve as aforesaid; and whenever a vacancy shall happen in the Council, by death or removal from office, the House of Representatives shall nominate two persons, qualified as aforesaid, for each vacancy, and return their names to Congress, one of whom Congress shall appoint and commission for the residue of the term; and every five years, four months at least before the expiration of the time of service of the members of the Council, the said House shall nominate ten persons, qualified as aforesaid, and return their names to Congress, five of whom Congress shall appoint and commission to serve as members of the Council five years, unless sooner removed. And the Governor, Legislative Council, and House of Representatives shall have authority to make laws in all cases for the good government of the district, not repugnant to the principles and articles in this Ordinance established and declared. And all bills, having passed by a majority in the House, and by a majority in the Council, shall be referred to the Governor for his assent; but no bill or legislative Act whatever shall be of any force without his assent. The Governor shall have power to convene, prorogue, and dissolve the General Assembly when, in his opinion, it shall be expedient.
- 12. The Governor, judges, Legislative Council, Secretary, and such other officers as Congress shall appoint in the district, shall take an oath or affirmation of fidelity, and of office; the Governor before the President of Congress, and all other officers before the Governor. As soon as a legislature shall be formed in the district, the Council and House assembled, in one room, shall have authority, by joint ballot, to elect a delegate to Congress, who shall have a seat in Congress, with a right of debating, but not of voting, during this temporary government.
- 13. And for extending the fundamental principles of civil and religious liberty, which form the basis whereon these republics, their laws and Constitutions, are erected; to fix and establish those principles as the basis of all laws, Constitutions, and governments, which forever hereafter shall be formed in the said territory; to provide, also, for the establishment of States, and permanent government therein, and for their admission to a share in the federal councils on an equal footing with the original States, at as early periods as may be consistent with the general interest.

- 14. It is hereby ordained and declared, by the authority aforesaid, that the following articles shall be considered as articles of compact, between the original States and the people and States in the said territory, and forever remain unalterable, unless by common consent, to wit:
- **Article I.** No person demeaning himself in a peaceable and orderly manner shall ever be molested on account of his mode of worship, or religious sentiments in the said territories.
- Art. II. The inhabitants of the said territory shall always be entitled to the benefits of the writs of habeas corpus, and of the trial by jury; of a proportionate representation of the people in the Legislature, and of judicial proceedings according to the course of the common law. All persons shall be bailable, unless for capital offenses, where the proof shall be evident or the presumption great. All fines shall be moderate, and no cruel or unusual punishments shall be inflicted. No man shall be deprived of his liberty or property, but by the judgment of his peers, or the law of the land, and should the public exigencies make it necessary, for the common preservation, to take any person's property, or to demand his particular services, full compensation shall be made for the same. And, in the just preservation of rights and property, it is understood and declared that no law ought ever to be made or have force in the said territory, that shall, in any manner whatever, interfere with or affect private contracts, or engagements bona fide and without fraud previously formed.
- **Art. III.** Religion, morality, and knowledge being necessary to good government and the happiness of mankind, schools and the means of education shall forever be encouraged. The utmost good faith shall always be observed towards the Indians; their lands and property shall never be taken from them without their consent; and in their property, rights, and liberty they never shall be invaded or disturbed, unless in just and lawful wars authorized by Congress; but laws founded in justice and humanity shall, from time to time, be made, for preventing wrongs being done to them, and for preserving peace and friendship with them.
- Art. IV. The said territory, and the States which may be formed therein, shall forever remain a part of this Confederacy of the United States of America, subject to the Articles of Confederation, and to such alterations therein as shall be constitutionally made; and to all the Acts and Ordinances of the United States in Congress assembled, conformable thereto. The inhabitants and settlers in the said territory shall be subject to pay a part of the federal debts, contracted, or to be contracted, and a proportional part of the expenses of government, to be apportioned on them by Congress, according to the same common rule and measure by which apportionments thereof shall be made on the other States; and the taxes for paying their proportion shall be laid and levied by the authority and direction of the Legislatures of the district, or districts, or new States, as in the original States, within the time agreed upon by the United States in Congress assembled. The Legislatures of those districts, or new States, shall never interfere with the primary disposal of the soil by the United States in Congress assembled, nor with any regulations Congress may find necessary for securing the title in such soil to the bona fide purchasers. No tax shall be imposed on lands the property of the United States; and in no case shall nonresident proprietors be taxed higher than residents. The navigable waters leading into the Mississippi and Saint Lawrence, and the carrying places between the same, shall be common highways, and forever free, as well to the inhabitants of the said territory as to the citizens of the United States, and those of any other States that may be admitted into the Confederacy, without any tax, impost, or duty therefor.

Art. V. There shall be formed in the said territory not less than three nor more than five States; and the boundaries of the States, as soon as Virginia shall alter her Act of cession, and consent to the same, shall become fixed and established as follows, to wit: The western State, in the said territory, shall be bounded by the Mississippi, the Ohio, and the Wabash rivers; a direct line drawn from the Wabash and Post Vincents, due north, to the territorial line between the United States and Canada; and by the said territorial line to the Lake of the Woods and Mississippi. The middle States shall be bounded by the said direct line, the Wabash from Post Vincents to the Ohio, by the Ohio, by a direct line drawn due north from the mouth of the Great Miami to the said territorial line, and by the said territorial line. The eastern State shall be bounded by the last mentioned direct line, the Ohio, Pennsylvania, and the said territorial line: Provided, however, and it is further understood and declared, that the boundaries of these three States, shall be subject so far to be altered, that, if Congress shall hereafter find it expedient, they shall have authority to form one or two States in that part of the said territory which lies north of an east and west line drawn through the southerly bend or extreme of Lake Michigan. And whenever any of the said States shall have sixty thousand free inhabitants therein, such State shall be admitted, by its delegates, into the Congress of the United States, on an equal footing with the original States, in all respects whatever; and shall be at liberty to form a permanent Constitution and State government: Provided, the Constitution and government, so to be formed, shall be republican, and in conformity to the principles contained in these Articles, and, so far as it can be consistent with the general interest of the Confederacy, such admission shall be allowed at an earlier period, and when there may be a less number of free inhabitants in the State than sixty thousand.

Art. VI. There shall be neither slavery nor involuntary servitude in the said territory, otherwise than in the punishment of crimes, whereof the party shall have been duly convicted: Provided always, that any person escaping into the same, from whom labor or service is lawfully claimed in any one of the original States, such fugitive may be lawfully reclaimed, and conveyed to the person claiming his or her labor or service as aforesaid.

Be it ordained by the authority aforesaid, That the resolutions of the 23rd of April, 1784, relative to the subject of this Ordinance, be, and the same are hereby, repealed, and declared null and void.

Done by the United States, in Congress assembled, the 13th day of July, in the year of our Lord 1787, and of their sovereignty and independence the 12th.

The Northwest Territory, 1787.

THE CONSTITUTION OF THE UNITED STATES OF AMERICA

Secretary of State's Note: In 1787, the original states, except Rhode Island, collectively appointed 70 men to the Constitutional Convention in Philadelphia. In all, 55 attended and 39 signed the constitution. The constitution's framers worked to develop a document that would provide a stronger central government than the Articles of Confederation but that would also preserve tenets of independence and individual rights espoused by other fundamental documents like the Magna Carta and Declaration of Independence. The framers drew heavily upon Athenian and English political philosophy to find the right balance.

The constitution was adopted September 17, 1787, by the unanimous consent of the states present in the convention appointed pursuant to the February 21, 1787, resolution of the congress of the confederation, and was ratified by the conventions of the several states, as follows: By convention of Delaware, December 7, 1787; Pennsylvania, December 12, 1787; New Jersey, December 18, 1787; Georgia, January 2, 1788; Connecticut, January 9, 1788; Massachusetts, February 6, 1788; Maryland, April 28, 1788; South Carolina, May 23, 1788; New Hampshire, June 21, 1788; Virginia, June 26, 1788; New York, July 26, 1788; North Carolina, November 21, 1789; Rhode Island, May 29, 1790.

The first ten of the amendments—also known collectively as the "Bill of Rights"— were proposed at the first session of the First Congress of the United States, September 25, 1789; and were finally ratified by the constitutional number of states December 15, 1791. The eleventh amendment was proposed at the first session of the Third Congress, March 5, 1794, and was declared in a message from the president of the United States to both houses of congress, dated January 8, 1798, to have been adopted by the constitutional number of states. The twelfth amendment was proposed at the first session of the Eighth Congress, December 12, 1803, and was adopted by the constitutional number of states in 1804, according to a public notice thereof by the secretary of state, dated September 25, 1804.

The thirteenth amendment took effect December 18, 1865. The fourteenth amendment took effect July 28, 1868. The fifteenth amendment took effect March 30, 1870. The sixteenth amendment took effect February 25, 1913. The seventeenth amendment took effect May 31, 1913. The eighteenth amendment took effect May 31, 1913. The nineteenth amendment took effect January 29, 1920. The nineteenth amendment took effect August 27, 1920. The twentieth amendment took effect February 6, 1933. The twenty-first amendment took effect December 5, 1933. The twenty-second amendment took effect March 1, 1951. The twenty-third amendment took effect April 3, 1961. The twenty-fourth amendment took effect February 23, 1967. The twenty-sixth amendment took effect July 5, 1971. The twenty-seventh amendment took effect May 18, 1992.

THE CONSTITUTION OF THE UNITED STATES OF AMERICA

We, the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this Constitution for the United States of America.

ARTICLE I

Section 1. All legislative powers herein granted shall be vested in a congress of the United States, which shall consist of a senate and a house of representatives.

Sec. 2. The house of representatives shall be composed of members chosen every second year by the people of the several states, and the electors in each state shall have the qualifications requisite for electors of the most numerous branch of the state legislature.

No person shall be a representative who shall not have attained to the age of twenty-five years and been seven years a citizen of the United States, and who shall not, when elected, be an inhabitant of that state in which he shall be chosen. Representatives and direct taxes shall be apportioned among the several states which may be included within this Union according to their respective numbers, which shall be determined by adding to the whole number of free persons, including those bound to service for a term of years, and excluding Indians not taxed, three-fifths of all other persons. The actual enumeration shall be made within three years after the first meeting of the Congress of the United States, and within every subsequent term of ten years, in such manner as they shall by law direct. The number of representatives shall not exceed one for every 30,000, but each state shall have at least one representative; and until such enumeration shall be made, the State of New Hampshire shall be entitled to choose 3; Massachusetts, 8; Rhode Island and Providence Plantations, 1; Connecticut, 5; New York, 6; New Jersey, 4; Pennsylvania, 8; Delaware, 1; Maryland, 6; Virginia, 10; North Carolina, 5; South Carolina, 5; Georgia, 3.

When vacancies happen in the representation from any state the executive authority thereof shall issue writs of election to fill such vacancies.

The house of representatives shall choose their speaker and other officers, and shall have the sole power of impeachment.

Sec. 3. The Senate of the United States shall be composed of two senators from each state, elected by the people thereof, for six years; and each senator shall have one vote. The electors in each state shall have the qualifications requisite for electors of the most numerous branch of the state legislatures.

Immediately after they shall be assembled in consequence of the first election, they shall be divided, as equally as may be, into three classes. The seats of the senators of the first class shall be vacated at the expiration of the second year; of the second class at the expiration of the fourth year; and of the third class at the expiration of the sixth year, so that one-third may be chosen every second year. When vacancies happen in the representation of any state in the Senate, the executive authority of such state shall issue writs of election to fill such vacancies: Provided, that the legislature of any state may empower the executive thereof to make temporary appointments until the people fill the vacancies by election as the legislature may direct.

No person shall be a senator who shall not have attained to the age of thirty years, and been nine years a citizen of the United States, and who shall not, when elected, be an inhabitant of that state for which he shall be chosen.

The vice president of the United States shall be president of the senate, but shall have no vote unless they be equally divided.

The senate shall choose their own officers, and also a president pro tempore, in the absence of the vice president, or when he shall exercise the office of president of the United States.

The senate shall have the sole power to try all impeachments. When sitting for that purpose they shall be on oath or affirmation. When the president of the United States is tried, the chief justice shall preside; and no person shall be convicted without the concurrence of two-thirds of the members present.

Judgment in cases of impeachment shall not extend further than to removal from office, and disqualification to hold and enjoy any office of honor, trust or profit under the United States; but the party convicted shall nevertheless be liable and subject to indictment, trial, judgment, and punishment according to law.

Sec. 4. The times, places and manner of holding elections for senators and representatives shall be prescribed in each state by the legislature thereof; but the Congress may at any time by law make or alter such regulations, except as to the places of choosing senators.

The Congress shall assemble at least once in every year, and such meetings shall be on the first Monday in December, unless they shall, by law, appoint a different day.

Sec. 5. Each house shall be the judge of the election returns and qualifications of its own members, and a majority of each shall constitute a quorum to do business; but a smaller number may adjourn from day to day, and may be authorized to compel the attendance of absent members, in such manner and under such penalties as each house may provide.

Each house may determine the rules of its proceedings, punish its members for disorderly behavior, and, with the concurrence of two-thirds, expel a member.

Each house shall keep a journal of its proceedings, and from time to time publish the same; excepting such parts as may in their judgment require secrecy; and the yeas and nays of the members of either house on any question shall, at the desire of one-fifth of those present, be entered on the journal.

Neither house, during the session of congress, shall, without the consent of the other, adjourn for more than three days, nor to any other place than that in which the two houses shall be sitting.

Sec. 6. The senators and representatives shall receive a compensation for their services, to be ascertained by law and paid out of the treasury of the United States. They shall, in all cases except treason, felony, and breach of the peace, be privileged from arrest during their attendance at the session of their respective houses, and in going to and returning from the same; and for any speech or debate in either house they shall not be questioned in any other place.

No senator or representative shall, during the time for which he was elected, be appointed to any civil office under the authority of the United States which shall have been created or the emoluments whereof shall have been increased during such time; and no person holding any office under the United States shall be a member of either house during his continuance in office.

Sec. 7. All bills for raising revenue shall originate in the house of representatives, but the senate may propose or concur with amendments, as on other bills.

Every bill which shall have passed the house of representatives and the senate shall, before it becomes a law, be presented to the president of the United States; if he approve, he shall sign it; but if not, he shall return it, with his objections, to that house in which it shall have originated, who shall enter the objections at large on their journal, and proceed to reconsider it. If, after such reconsideration, two-thirds of that house shall agree to pass the bill, it shall be sent, together with the objections, to the other house, by which it shall likewise be reconsidered, and, if approved by two-thirds of that house, it shall become a law. But in all cases the votes of both houses shall be determined by yeas and nays, and the names of the persons voting for and against the bill shall be entered on the journal of each house respectively. If any bill shall not be returned by the president within ten days (Sundays excepted) after it shall have been presented to him, the same shall be a law in like manner as if he had signed it, unless the Congress by their adjournment prevent its return; in which case it shall not be a law.

Every order, resolution, or vote to which the concurrence of the senate and house of representatives may be necessary (except on a question of adjournment) shall be presented to the president of the United States, and, before the same shall take effect, shall be approved by him, or being disapproved by him, shall be repassed by two-thirds of the senate and house of representatives, according to the rules and limitations prescribed in the case of a bill.

Sec. 8. The Congress shall have power: To lay and collect taxes, duties, imposts, and excises, to pay the debts and provide for the common defense and general welfare of the United States; but all duties, imposts and excises shall be uniform through the United States;

To borrow money on the credit of the United States;

To regulate commerce with foreign nations, and among the several states, and with the Indian tribes:

To establish a uniform rule of naturalization and uniform laws on the subject of bankruptcies throughout the United States;

To provide for the punishment of counterfeiting the securities and current coin of the United States;

To establish post offices and post roads;

To promote the progress of science and useful arts, by securing for limited times, to authors and inventors, the exclusive right to their respective writings and discoveries;

To constitute tribunals inferior to the supreme court;

To define and punish piracies and felonies committed on the high seas, and offenses, against the laws of nations;

To declare war, grant letters of marque and reprisal, and make rules concerning captures on land and water;

To raise and support armies; but no appropriation of money to that use shall be for a longer term than two years;

To provide and maintain a navy;

To make rules for the government and regulation of the land and naval forces;

To provide for calling forth the militia to execute the laws of the Union, suppress insurrections and repel invasions;

To provide for organizing, arming and disciplining the militia, and for governing such part of them as may be employed in the Service of the United States, reserving to the states, respectively, the appointment of the officers and the authority of training the militia according to the discipline prescribed by Congress;

To exercise exclusive legislation in all cases whatsoever over such district (not exceeding ten miles square) as may, by cession of particular states and the acceptance of Congress, become the seat of the government of the United States; and to exercise like authority over all places purchased by the consent of the legislature of the state in which the same shall be, for the erection of forts, magazines, arsenals, dock yards, and other needful buildings; and To make all laws which shall be necessary and proper for carrying into execution the foregoing powers, and all other powers vested by this Constitution in the government of the United States, or in any department or officer thereof.

Sec. 9. The migration or importation of such persons as any of the states now existing shall think proper to admit shall not be prohibited by the Congress prior to the year one thousand eight hundred and eight; but a tax or duty may be imposed on such importation, not exceeding ten dollars for each person.

The privilege of the writ of habeas corpus shall not be suspended unless when, in case of rebellion or invasion, the public safety may require it.

No bill of attainder, or ex post facto law, shall be passed.

No capitation or other direct tax shall be laid, unless in proportion to the census or enumeration hereinbefore directed to be taken.

No tax or duty shall be laid on articles exported from any state.

No preference shall be given, by any regulation of commerce or revenue, to the ports of one state over those of another; nor shall vessels bound to or from one state be obliged to enter, clear or pay duties in another.

No money shall be drawn from the treasury but in consequence of appropriations made by law; and a regular statement and account of the receipts and expenditures of all public money shall be published from time to time.

No title of nobility shall be granted by the United States, and no person holding any office of profit and trust under them shall, without the consent of the Congress, accept of any present, emolument, office or title of any kind whatever, from any king, prince or foreign state.

Sec. 10. No state shall enter into any treaty, alliance or confederation; grant letters of marque and reprisal; coin money; emit bills of credit; make anything but gold and silver coin a tender in payment of debts; pass any bill of attainder, ex post facto law, or law impairing the obligation of contracts or grant any title of nobility.

No state shall, without the consent of Congress, lay any imposts or duties on imports or exports, except what may be absolutely necessary for executing its inspection laws; and the net produce of all duties and imposts laid by any state on imports or exports shall be for the use of the treasury of the United States; and all such laws shall be subject to the revision and control of the Congress.

No state shall, without the consent of Congress, lay any duty of tonnage, keep troops or ships of war in time of peace, enter into any agreement or compact with another state or with a foreign power, or engage in war, unless actually invaded or in such imminent danger as will not admit of delay.

ARTICLE II

Section 1. The executive power shall be vested in a president of the United States of America. He shall hold his office during the term of four years, and, together with the vice president, chosen for the same term, be elected as follows:

Each state shall appoint, in such manner as the legislature thereof may direct, a number of electors equal to the whole number of senators and representatives to which the state may be entitled in the Congress; but no senator or representative, or person holding an office of trust or profit under the United States, shall be appointed an elector.

The electors shall meet in their respective states, and vote by ballot for two persons, of whom one at least shall not be an inhabitant of the same state with themselves. And they shall make a list of all the persons voted for, and the number of votes for each; which list they shall sign and certify, and transmit, sealed, to the seat of the government of the United States, directed to the president of the senate. The president of the senate shall, in the presence of the senate and house of representatives, open all the certificates; and the votes shall then be counted. The person having the greatest number of votes shall be appointed, if such a number be a majority of the whole number of electors appointed; and if there be more than one who have such majority, and have an equal number of votes, then the house of representatives shall immediately choose, by ballot, one of them for president; and if no person have a majority, then from the five highest on the list the said house shall, in like manner, choose the president. But in choosing the president the vote shall be taken by states, the representation from each state having one vote; a quorum for this purpose shall consist of a member or members from two-thirds of the states, and a majority of all the states shall be necessary to a choice. In every case after the choice of the president, the person having the greatest number of votes of the electors shall be the vice president. But if there should remain two or more who have equal votes, the senate shall choose from them, by ballot, the vice president.

The Congress may determine the time of choosing the electors, and the day on which they shall give their votes; which day shall be the same throughout the United States.

No person except a natural born citizen, or a citizen of the United States at the time of the adoption of this Constitution, shall be eligible to the office of president; neither shall any person be eligible to that office who shall not have attained to the age of thirty-five years and been fourteen years a resident within the United States.

In case of the removal of the president from office, or of his death, resignation, or inability to discharge the powers and duties of the said office, the same shall devolve on the vice president; and the Congress may by law provide for the case of removal, death, resignation, or inability, both of the president and vice president, declaring what officer shall then act as president, and such officer shall act accordingly until the disability be removed, or a president shall be elected.

The president shall, at stated times, receive for his services a compensation which shall neither be increased nor diminished during the period for which he shall have been elected; and he shall not receive within that period any other emolument from the United States, or any of them.

Before he enter on the execution of his office he shall take the following oath or affirmation:

"I do solemnly swear (or affirm) that I will faithfully execute the office of president of the United States, and will, to the best of my ability, preserve, protect and defend the Constitution of the United States."

Sec. 2. The president shall be commander-in-chief of the army and navy of the United States, and of the militia of the several states, when called into the actual service of the United States; he may require the opinion, in writing, of the principal officer in each of the executive departments, upon any subject relating to the duties of their respective offices; and he shall have power to grant reprieves and pardons for offenses against the United States, except in cases of impeachment.

He shall have power, by and with the advice and consent of the senate, to make treaties, provided two-thirds of the senators present concur, and he shall nominate, and by and with the advice and consent of the senate shall appoint ambassadors, other public ministers, and consuls, judges of the supreme court, and all other officers of the United States whose appointments are not herein otherwise provided for, and which shall be established by law. But the Congress may, by law, vest the appointment of such inferior officers as they think proper in the president alone, in the courts of law, or in the heads of departments.

The president shall have power to fill all vacancies that may happen during the recess of the senate, by granting commissions which shall expire at the end of their next session.

Sec. 3. He shall, from time to time, give to the Congress information of the state of the Union, and recommend to their consideration such measures as he shall judge necessary and expedient. He may, on extraordinary occasions, convene both houses, or either of them; and in case of disagreement between them with respect to the time of adjournment, he may adjourn them to such time as he shall think proper; he shall receive ambassadors and other public ministers. He shall take care that the laws be faithfully executed, and shall commission all the officers of the United States.

Sec. 4. The president, vice president, and all civil officers of the United States shall be removed from office on impeachment for and conviction of treason, bribery, or other high crimes and misdemeanors.

ARTICLE III

Section 1. The judicial power of the United States shall be vested in one supreme court, and in such inferior courts as the Congress may, from time to time, ordain and establish. The judges, both of the supreme and inferior courts, shall hold their offices during good behavior, and shall, at stated times, receive for their services a compensation which shall not be diminished during their continuance in office.

Sec. 2. The judicial power shall extend to all cases in law and equity, arising under this Constitution, the laws of the United States, and treaties made, or which shall be made under their authority; to all cases affecting ambassadors, other public ministers and consuls; to all cases of admiralty and maritime jurisdiction; to controversies to which the United States shall be a party; to controversies between two or more states, between a state and citizens of another state, between citizens of different states, between citizens of the same state claiming lands under grants of different states, and between a state or the citizens thereof add foreign states, citizens or subjects.

In all cases affecting ambassadors, other public ministers and consuls, and those in which a state shall be party, the supreme court shall have original jurisdiction. In all the other cases before mentioned the supreme court shall have appellate jurisdiction, both as to law and fact, with such exceptions and under such regulations as the Congress shall make.

The trial of all crimes, except in cases of impeachment, shall be by jury, and such trial shall be held in the state where the said crimes shall have been committed; but when not committed within any state, the trial shall be at such place or places as the Congress may by law have directed.

Sec. 3. Treason against the United States shall consist only in levying war against them, or in adhering to their enemies, giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses to the same overt act, or on confession in open court.

The Congress shall have power to declare the punishment of treason, but no attainder of treason shall work corruption of blood, or forfeiture, except during the life of the person attained.

ARTICLE IV

Section 1. Full faith and credit shall be given in each state to the public acts, records and judicial proceedings of every other state. And the Congress may by general laws prescribe the manner in which such acts, records and proceedings shall be proved, and the effect thereof.

Sec. 2. The citizens of each state shall be entitled to all privileges and immunities of citizens in the several states.

A person charged in any state with treason, felony, or other crime, who shall flee from justice and be found in another state, shall on demand of the executive authority of the state from which he fled, be delivered up, to be removed to the state having jurisdiction of the crime.

No person held to service or labor in one state under the laws thereof, escaping into another, shall, in consequence of any law or regulation therein, be discharged from such service or labor, but shall be delivered up on claim of the party to whom such service or labor may be due.

Sec. 3. New states may be admitted by the Congress into this Union; but no new state shall be formed or erected within the jurisdiction of any other state, nor any state be formed by the junction of two or more states or parts of states, without the consent of the legislatures of the states concerned, as well as of the Congress.

The Congress shall have power to dispose of and make all needful rules and regulations respecting the territory or other property belonging to the United States, and nothing in this Constitution shall be so construed as to prejudice any claims of the United States or of any particular state.

Sec. 4. The United States shall guarantee to every state in the Union a republican form of government; and shall protect each of them against invasion, and, on application of the legislature, or of the executive (when the legislature cannot be convened), against domestic violence.

ARTICLE V

The Congress, whenever two-thirds of both houses shall deem it necessary, shall propose amendments to this Constitution, or, on the application of the legislatures of two-thirds of the several states, shall call a convention for proposing amendments, which in either case shall be valid, to all intents and purposes, as part of this Constitution, when ratified by the legislatures of three-fourths of the several states, or by conventions in three-fourths thereof, as the one or the other mode of ratification may be proposed by the congress; provided, that no amendment which may be made prior to the year one thousand eight hundred and eight shall in any manner affect the first and fourth clauses in the ninth section of the first article; and that no state, without its consent, shall be deprived of its equal suffrage in the senate.

ARTICLE VI

All debts contracted and engagements entered into, before the adoption of this Constitution, shall be as valid against the United States under this Constitution, as under the confederation.

This Constitution, and the laws of the United States which shall be made in pursuance thereof, and all treaties made, or which shall be made, under the authority of the United States, shall be the supreme law of the land, and the judges in every state shall be bound thereby, anything in the Constitution or laws of any state to the contrary notwithstanding.

The senators and representatives before mentioned, and the members of the several state legislatures, and all executive and judicial officers, both of the United States and of the several states, shall be bound by oath or affirmation to support this Constitution, but no religious test shall ever be required as a qualification to any office or public trust under the United States.

ARTICLE VII

The ratification of the conventions of nine states shall be sufficient for the establishment of this Constitution between the states so ratifying the same.

AMENDMENT I

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press, or the right of the people peaceably to assemble, or to petition the government for a redress of grievances.

AMENDMENT II

A well regulated militia being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed.

AMENDMENT III

No soldier shall, in time of peace, be quartered in any house without the consent of the owner, nor in time of war but in a manner to be prescribed by law.

AMENDMENT IV

AMENDMENT V

No person shall be held to answer for a capital or otherwise infamous crime, unless on a presentment or indictment of a grand jury, except in cases arising in the land or naval forces, or in the militia, when in actual service, in time of war and public danger; nor shall any person be subject for the same offense to be twice put in jeopardy of life or limb; nor shall be compelled in any criminal case to be witness against himself; nor be deprived of life, liberty, or property without due process of law; nor shall private property be taken for public use without just compensation.

AMENDMENT VI

In all criminal prosecutions the accused shall enjoy the right to a speedy and public trial by an impartial jury of the state and district wherein the crime shall have been committed, which district shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor; and to have the assistance of counsel for his defense.

AMENDMENT VII

In suits at common law, where the value in controversy shall exceed twenty dollars, the right of trial by jury shall be preserved, and no fact tried by a jury shall be otherwise re-examined in any court in the United States than according to the rules of the common law.

AMENDMENT VIII

Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted.

AMENDMENT IX

The enumeration in the Constitution of certain rights shall not be construed to deny or disparage others retained by the people.

AMENDMENT X

The powers not delegated to the United States by the Constitution, nor prohibited by it to the states, are reserved to the states, respectively, or to the people.

THE ORGANIC ACT OF 1849

Secretary of State's Note: Congress passed the organic act on March 3, 1849, to provide for the territorial government of Minnesota. The boundaries of the territory of Minnesota were Canada on the north, Wisconsin on the east, Iowa on the south, and the Missouri and White Earth rivers on the west.

The movement to create a territorial government arose from the necessity for formal government in the land area remaining after formation of the states of Wisconsin and Iowa.

The formation of the state of Iowa in 1846 left Minnesota's land area west of the Mississippi without territorial government. The triangular area between the St. Croix River and the Mississippi River was left without territorial government when the state of Wisconsin was admitted to the Union in 1848. By 1848 the land area from the St. Croix River west to the Missouri and White Earth Rivers was without territorial government—a veritable "no man's land." Consequently, when Henry H. Sibley was elected delegate to congress from this area, he worked with U.S. Senator Stephen A. Douglas, chairman of the senate committee on territories, to bring about passage of an organic act for the establishment of territorial government for Minnesota.

The organic act provided for a governor, secretary, judicial system, legislative assembly, and a delegate to congress. Legislators and the delegate to congress were elected; all other officers were appointed.

The legislative assembly consisted of two houses, a council composed of nine members and a house of representatives with 18 members. The first session of the legislature convened on September 3, 1849, in the Central House at the corner of Bench and Minnesota Streets in St. Paul. Since that time St. Paul has been the capital of Minnesota. An important provision of the organic act was the reservation of sections 16 and 36 of each township for school purposes.

AN ACT TO ESTABLISH THE TERRITORIAL GOVERNMENT OF MINNESOTA

[Passed March 3, 1849]

Section 1. Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That from and after the passage of this act, all that part of the territory of the United States which lies within the following limits, to-wit: Beginning in the Mississippi river at the point where the line of forty-three degrees and thirty minutes of north latitude crosses the same; thence running due west on said line, which is the northern boundary of the state of Iowa, to the northwest corner of the said state of Iowa: thence southerly along the western boundary of said state to the point where said boundary strikes the Missouri river; thence up the middle of the main channel of the Missouri river to the mouth of White Earth river; thence up the middle of the main channel of the White Earth river to the boundary line between the possessions of the United States and Great Britain, thence east and south of east along the boundary line between the possessions of the United States and Great Britain to Lake Superior; thence in a straight line to the northernmost point of the state of Wisconsin in Lake Superior; thence along the western boundary line of said state of Wisconsin to the Mississippi river; thence down the main channel of said river to the place of beginning, be and the same is hereby erected into a temporary government by the name of the Territory of Minnesota; provided, that nothing in this act contained shall be construed to inhibit the government of the United States from dividing said Territory into two or more territories, in such manner and at such times as Congress shall deem convenient and proper, or from attaching any portion of said Territory to any other state or territory of the United States.

Sec. 2. And be it further enacted, That the executive power and authority in and over said Territory of Minnesota shall be vested in a governor, who shall hold his office for four years, and until his successor shall be appointed and qualified, unless sooner removed by the president of the United States. The governor shall reside within said Territory; shall be commander-in-chief of the militia thereof; shall perform the duties and receive the emoluments of superintendent of Indian affairs. He may grant pardons for offenses against the law of said Territory, and reprieves for offenses against the laws of the United States until the decision of the president can be made known thereon; he shall commission all officers who shall be appointed to office under the laws of the said Territory, and shall take care that the laws be faithfully executed.

Sec. 3. And be it further enacted, That there shall be a secretary of said Territory, who shall reside therein, and hold his office for four years, unless sooner removed by the president of the United States; he shall record and preserve all the laws and proceedings of the legislative assembly hereinafter constituted, and all the acts and proceedings of the governor in his executive department; he shall transmit one copy of the laws and one copy of the executive proceedings, on or before the first day of December in each year, to the president of the United States, and at the same time two copies of the laws to the speaker of the house of representatives, and the president of the senate for the use of Congress. And in case of the death, removal, resignation, or necessary absence of the governor from the Territory, the secretary shall be and he is hereby authorized and required to execute and perform all the powers and the duties of the governor during such vacancy or necessary absence or until another governor shall be duly appointed to fill such vacancy.

Sec. 4. And be it further enacted, That the legislative power and authority of said Territory shall be vested in the governor and a legislative assembly. The legislative assembly shall consist of a council and house of representatives. The council shall consist of nine members having the qualifications of voters, as hereinafter prescribed, whose term of service shall continue two years. The house of representatives shall, at its first session, consist of eighteen members, possessing the same qualifications as prescribed for members of the council, and whose term of service shall continue one year. The number of councilors and representatives may be increased by the legislative assembly, from time to time, in proportion to the increase of population; provided, that the whole number shall never exceed fifteen councilors and thirty-nine representatives. An apportionment shall be made, as nearly equal as practicable, among the several counties or districts for the election of the council and representatives, giving to each section of the Territory representation in the ratio of its population, Indians excepted, as nearly as may be. And the members of the council and of the house of representatives shall reside in and be inhabitants of the districts for which they may be elected, respectively. Previous to the first election, the governor shall cause a census or enumeration of the inhabitants of the several counties and districts of the Territory to be taken, and the first election shall be held at such times and places and be conducted in such manner as the governor shall appoint and direct, and he shall, at the same time, declare the number of members of the council and house of representatives to which each of the counties and districts shall be entitled under this act. The number of persons authorized to be elected having the highest number of votes, in each of said council districts for members of the council, shall be declared by the governor to be duly elected to the council, and the person or persons authorized to be elected, having the greatest number of votes for the house of representatives, equal to the number to which each county or district shall be entitled, shall also be declared by the governor to be duly elected members of the house of representatives; provided, that in case of a tie between two or more persons voted for, the governor shall order a new election to supply the vacancy made by such tie. And the persons thus elected to the legislative assembly shall meet at such place on such day as the governor shall appoint, but thereafter the time, place and manner of holding and conducting all elections by the people, and the apportioning of the representation in the several counties or districts to the council and house of representatives, according to the population, shall be prescribed by laws, as well as the day of the commencement of the regular session of the legislative assembly; provided, that no one session shall exceed the term of sixty days.

Sec. 5. And be it further enacted, That every free white male inhabitant above the age of twenty-one years, who shall have been a resident of said Territory at the time of the passage of this act, shall be entitled to vote at the first election, and shall be eligible to any office within the said Territory; but the qualifications of voters and of holding office at all subsequent elections shall be such as shall be prescribed by the legislative assembly; provided, that the right of suffrage and of holding office shall be exercised only by citizens of the United States and those who shall have declared on oath their intention to become such, and shall have taken an oath to support the constitution of the United States and the provisions of this act.

Sec. 6. And be it further enacted, That the legislative power of the Territory shall extend to all rightful subjects of legislation, consistent with the Constitution of the United States and the provisions of this act; but no law shall be passed interfering with the primary disposal of the soil; no tax shall be imposed upon the property of the United States; nor shall the lands or other property of non-residents be taxed higher than the lands or other property of residents. All the laws passed by the legislative assembly and governor shall be submitted to the Congress of the United States, and if disapproved shall be null and of no effect.

Sec. 7. And be it further enacted, That all township, district and county officers, not herein otherwise provided for, shall be appointed or elected, as the case may be, in such manner as shall be provided by the governor and legislative assembly of the Territory of Minnesota. The governor shall nominate and, by and with the advice and consent of the legislative council, appoint all officers not herein otherwise provided for, and, in the first instance, the governor alone may appoint all said officers, who shall hold their offices until the end of the next session of the legislative assembly.

Sec. 8. And be it further enacted, That no member of the legislative assembly shall hold or be appointed to any office which shall have been created, or the salary or emoluments of which shall have been increased, while he was a member, during the term for which he was elected, and for one year after the expiration of such term; and no person holding a commission or appointment under the United States, except postmasters, shall be a member of the legislative assembly, or shall hold any office under the government of said Territory.

Sec. 9. And be it further enacted, That the judicial power of said Territory shall be vested in a supreme court, district courts, probate courts, and in justices of the peace. The supreme court shall consist of a chief justice and two associate justices, any two of whom shall constitute a quorum, and who shall hold a term at the seat of government of said Territory annually; and they shall hold their offices during the period of four years. The said Territory shall be divided into three judicial districts, and a district court shall be held in each of said districts by one of the justices of the supreme court, at such time and places as may be prescribed by law; and the said judges shall, after their appointment, respectively, reside in the districts which shall be assigned them. The jurisdiction of the several courts herein provided for, both appellate and original, and that of probate courts and justices of the peace, shall be as limited by law; provided, that the justices of the peace shall not have jurisdiction of any matter in controversy when the title or boundaries of land may be in dispute, or where the debt or sum claimed shall exceed one hundred dollars; and the said supreme and district courts, respectively, shall possess chancery as well as common law jurisdiction. Each district court, or the judges thereof, shall appoint its clerk, who shall also be the register in chancery, and shall keep his office at the place where the court may be held. Writs of error, bills of exception and appeals shall be allowed in all cases from the final decisions of said district courts to the supreme court, under such regulations as may be prescribed by law, but in no case removed to the supreme court shall trial by jury be allowed in said court. The supreme court, or the justices thereof, shall appoint its own clerk, and every clerk shall hold his office at the pleasure of the court for which he shall have been appointed. Writs of error and appeals from the final decisions of said supreme court shall be allowed, and may be taken to the supreme court of the United States, in the same manner and under the same regulations as from the circuit courts of the United States, where the value of the property or the amount in controversy, to be ascertained by the oath or affirmation of either party, or other competent witness, shall exceed one thousand dollars; and each of the said district courts shall have and exercise the same jurisdiction, in all cases arising under the constitution and laws of the United States, as is vested in the circuit and district courts of the United States; and the

first six days of every term of said courts, or so much thereof as shall be necessary, shall be appropriated to the trial of causes arising under the said constitution and laws; and writs of error and appeal in all such cases shall be made to the supreme court of said Territory, the same as in other cases. The said clerk shall receive in all such cases the same fees which the clerks of the district courts of the late Wisconsin Territory received for similar services.

Sec. 10. And be it further enacted, That there shall be appointed an attorney for said Territory, who shall continue in office for four years, unless sooner removed by the president, and who shall receive the same fees and salary as the attorney of the United States for the late Territory of Wisconsin received. There shall also be a marshal for the Territory appointed, who shall hold his office for four years, unless sooner removed by the president, and who shall hold his office for four years, unless sooner removed by the president, and who shall execute all processes issuing from the said courts, when exercising their jurisdiction as circuit and district courts of the United States; he shall perform the duties, be subject to the same regulations and penalties, and be entitled to the same fees as the marshal of the district court of the United States for the late Territory of Wisconsin; and shall, in addition, be paid two hundred dollars annually as a compensation for extra services.

Sec. 11. And be it further enacted, That the governor, secretary, chief justice and associate justices, attorney and marshal, shall be nominated and by and with the advice and consent of the senate, appointed by the president of the United States. The governor and secretary to be appointed as aforesaid shall, before they act as such, respectively, take an oath or affirmation, before the district judge, or some justice of the peace in the limits of said Territory, duly authorized to administer oaths and affirmations by the laws now in force therein, or before the chief justice, or some associate justice of the supreme court of the United States, to support the constitution of the United States, and faithfully to discharge the duties of their respective offices, which said oaths, when so taken, shall be certified by the person by whom the same shall have been taken, and such certificates shall be received and recorded by the said secretary among the executive proceedings; and the chief justice and associate justices, and all other civil officers in said Territory, before they act as such, shall take a like oath or affirmation, before the said governor or secretary, or some judge or justice of the peace of the Territory, who may be duly commissioned and qualified, which said oath or affirmation shall be certified and transmitted, by the person taking the same, to the secretary, to be by him recorded as aforesaid; and afterwards, the like oath or affirmation shall be taken, certified and recorded in such manner and form as may be prescribed by law. And the sum of twenty thousand dollars, out of any money in the treasury not otherwise appropriated, is hereby appropriated and granted to said Territory of Minnesota, to be applied by the governor and legislative assembly to the erection of suitable public buildings at the seat of government.

Sec. 14. *And be it further enacted*, That a delegate of the house of representatives of the United States, to serve for the term of two years, may be elected by the voters qualified to elect members of the legislative assembly, who shall be entitled to the same rights and privileges as are exercised and enjoyed by the delegates from the several other territories of the United States to the said house of representatives. ACT AUTHORIZING A STATE GOVERNMENT FOR MINNESOTA

Secretary of State's Note: Minnesota progressed under the territorial government, but many groups believed that progress would be accelerated if Minnesota were a state.

Henry M. Rice, delegate to congress from the territory of Minnesota, at the opening of congress in December 1856, introduced a bill for an act to authorize a state government for Minnesota.

The Rice bill proposed that the north, south, and east boundaries of Minnesota be continued, and that the west boundary be established as a line beginning at a point in the center of the main channel of the Red River of the North at the Canadian border and running south through Lake Traverse, through Big Stone Lake, to the Big Sioux River, and to the northwest corner of Iowa. In place of the Big Sioux River, Congress substituted a line from the outlet of Big Stone Lake due south to the Iowa border. Considerable controversy had arisen in the territory over proposed boundaries for the state of Minnesota. There were two general groups, the east and west group and the north and south group. The east and west group proposed the Missouri River as the west boundary, and a point just north of St. Paul as the north boundary. The Rice bill followed the proposal of the north and south group.

The bill for an enabling act was not without opposition in congress. However, Minnesota again found a friend in U.S. Senator Stephen A. Douglas who was still chairman of the senate committee on territories, as he had been when Minnesota became a territory. The enabling act passed Congress and was approved on February 27, 1857.

In addition to establishing state boundaries, the enabling act provided for a constitutional convention and an election of delegates to that convention. It further provided that the following proposals be submitted for the consideration of the constitutional convention: that 72 sections of land be reserved and set aside for a state university; that 10 sections be granted to the state to complete and erect public buildings at the capital; that all salt springs be granted to the state for its use; and that five percent of proceeds from the sale by congress of public lands lying within the state be used to build roads.

The enabling act also authorized the state of Minnesota to have one representative in congress and such additional representatives as the population of the state would entitle it to at the current ratio of representation. For the purpose of determining the population, the act authorized a census to be taken by the United States marshal. The census was completed in October 1857; the population of the territory was 150,037.

THE CONSTITUTION OF THE STATE OF MINNESOTA

Secretary of State's Note: In accordance with the enabling act of February 26, 1857, an election was held on June 1, 1857, at which Republican and Democratic delegates were elected to the constitutional convention. When these delegates assembled in St. Paul on July 13, 1857, to draft the Minnesota constitution, bitterness between the two parties was so intense that Republican delegates and Democratic delegates refused to meet in the same convention. As a result, each party held separate sessions in different rooms of the first capitol building.

The Democratic "convention" was presided over by Henry H. Sibley, later elected first governor of Minnesota. The Republican "convention" was presided over first by John W. North, and later by St. Andrew D. Balcombe.

The political cleavage was so great that the two bodies never acted in joint meeting during the entire constitutional convention, July 13 to August 29. The final work was done through a conference committee composed of five conferees from each of the conventions. The conferees, by reporting to and receiving advice from their respective conventions, were able to draft a constitution that would be acceptable to both bodies. On August 28, 1857, in spite of numerous protests by delegates, the report of the conference committee was adopted without amendment by both the Republican and Democratic conventions.

However, when it came time to sign the constitution, the bitter feeling was still so intense that Democrats would not sign an instrument which bore Republican signatures, and the Republicans objected to signing an instrument that bore the signatures of Democrats. The solution to this impasse: two constitutions. One constitution was written on white paper and signed by only Republicans. The other constitution was written on blue-tinted paper and signed by only Democrats.

Thus, on the 29th day of August, after seven weeks of political dispute and disagreement, the two conventions adjourned when as many members as could bring themselves to do so signed the copy of the constitution enrolled for their particular convention.

The schedule to the constitution provided for an election to be held on October 13, 1857. At this election the voters were to accept or reject the constitution. The ballots used for this purpose were printed to provide for only affirmative votes. A voter who wished to reject the constitution had to alter his ballot and write in a negative vote. The result: 30,055 for acceptance and 571 for rejection.

The procedure for acquiring statehood not only requires a constitution to be approved by the voters of the proposed state, the constitution must also be approved by congress. In December of 1857 the Minnesota constitution was submitted to the United States Senate for ratification.

A certified copy of the Democratic constitution was transmitted to the senate by the territorial secretary: a Democrat. This copy was attached to the bill for the admission of Minnesota into the union. However, when the bill was reported back from the senate, historians report that the Republican constitution was attached. In any event, there is substantial authority that both constitutions were before congress when Minnesota was admitted to the union on May 11, 1858.

In reality, the constitution ratified by congress was not the original constitution. At the election of October 13, 1857, in addition to voting on the constitution, the voters elected executive, legislative and judicial officers. The state officers were content to wait for the act of congress before assuming office. But the legislature took a contrary view. It convened on December 3, 1857, on the theory that under the enabling act the statehood of Minnesota began when the voters approved the constitution. Even though this theory was incorrect, the legislature proceeded to enact laws, the effects of which have remained undisturbed by the courts.

The first two acts passed by the legislature were proposed amendments to the constitution. One amendment authorized a loan to railroads of \$5 million and the other related to the term of office of the first state officers. These amendments were ratified by the voters at a special election held April 15, 1858. Thus, it would appear that the constitution that congress approved on May 11, 1858, was an amended constitution, not the original adopted by the constitutional convention and approved by the voters in 1857.

The legislature in 1971 established a constitutional study commission to review the constitution and make recommendations to maintain its utility. After two years' study, the commission recommended that an amendment restructuring the constitution for easy reference and rewriting it in modern language be prepared.

The amendment was introduced and passed in both houses, signed by the governor, and approved by the voters on November 5, 1974. The previous wording of the constitution is printed, with all the amendments approved by voters since its adoption in 1857, in the *Minnesota Legislative Manual* 1973–74, pages 445–484. The amendment approved in 1974 did not alter the meaning of the constitution. In cases of constitutional law, the original document remains the final authority.

Any bill passed during the last three days of the session which is not signed and deposited within 14 days after adjournment does not become a law.

If a bill presented to the governor contains several items of appropriation of money, he may veto one or more of the items while approving the bill. At the time he signs the bill the governor shall append to it a statement of the items he vetoes and the vetoed items shall not take effect. If the legislature is in session, he shall transmit to the house in which the bill originated a copy of the statement, and the items vetoed shall be separately reconsidered. No soldier, seaman or marine in the army or navy of the United States is a resident of this state solely in consequence of being stationed within the state.

- Sec. 3. **Uniform oath at elections.** The legislature shall provide for a uniform oath or affirmation to be administered at elections and no person shall be compelled to take any other or different form of oath to entitle him to vote.
- Sec. 4. **Civil process suspended on election day.** During the day on which an election is held no person shall be arrested by virtue of any civil process.

The general election shall be held on the first Tuesday after the first Monday in November in each even numbered year.
- Sec. 8. Election returns to secretary of state; board of canvassers. The returns of every election for officeholders elected statewide shall be made to the secretary of state who shall call to his assistance two or more of the judges of the supreme court and two disinterested judges of the district courts. They shall constitute a board of canvassers to canvass the returns and declare the result within three days after the canvass.
- Sec. 9. **Campaign spending limits.** The amount that may be spent by candidates for constitutional and legislative offices to campaign for nomination or election shall be limited by law. ARTICLE VIII IMPEACHMENT AND REMOVAL FROM OFFICE

- Section 1. **Impeachment powers.** The house of representatives has the sole power of impeachment through a concurrence of a majority of all its members. All impeachments shall be tried by the senate. When sitting for that purpose, senators shall be upon oath or affirmation to do justice according to law and evidence. No person shall be convicted without the concurrence of two-thirds of the senators present.
- Sec. 2. Officers subject to impeachment; grounds; judgment. The governor, secretary of state, auditor, attorney general and the judges of the supreme court, court of appeals and district courts may be impeached for corrupt conduct in office or for crimes and misdemeanors; but judgment shall not extend further than to removal from office and disqualification to hold and enjoy any office of honor, trust or profit in this state. The party convicted shall also be subject to indictment, trial, judgment and punishment according to law.
- Sec. 3. **Suspension.** No officer shall exercise the duties of his office after he has been impeached and before his acquittal.

The grounds for recall of a judge shall be established by the supreme court. The grounds for recall of an officer other than judge are serious malfeasance or nonfeasance during the term of office in the performance of the duties of the office or conviction during the term of office of a serious crime. A petition for recall must set forth the specific conduct that may warrant recall. A petition may not be issued until the supreme court has determined that the facts alleged in the petition are true and are sufficient grounds for issuing a recall petition. A petition must be signed by a number of eligible voters who reside in the district where the officer serves and who number not less than 25 percent of the number of votes cast for the office at the most recent general election. Upon a determination by the secretary of state that a petition has been signed by at least the minimum number of eligible voters, a recall election must be conducted in the manner provided by law. A recall election may not occur less than six months before the end of the officer's term. An officer who is removed from office by a recall election or who resigns from office after a petition for recall issues may not be appointed to fill the vacancy that is created.

ARTICLE IX AMENDMENTS TO THE CONSTITUTION

Section 1. **Amendments; ratification.** A majority of the members elected to each house of the legislature may propose amendments to this constitution. Proposed amendments shall be published with the laws passed at the same session and submitted to the people for their approval or rejection at a general election. If a majority of all the electors voting at the election vote to ratify an amendment, it becomes a part of this constitution. If two or more amendments are submitted at the same time, voters shall vote for or against each separately.

Sec. 2. **Constitutional convention.** Two-thirds of the members elected to each house of the legislature may submit to the electors at the next general election the question of calling a convention to revise this constitution. If a majority of all the electors voting at the election vote for a convention, the legislature at its next session, shall provide by law for calling the convention. The convention shall consist of as many delegates as there are members of the house of representatives. Delegates shall be chosen in the same manner as members of the house of representatives and shall meet within three months after their election. Section 5 of Article IV of the constitution does not apply to election to the convention.

Sec. 3. Submission to people of constitution drafted at convention. A convention called to revise this constitution shall submit any revision to the people for approval or rejection at the next general election held not less than 90 days after submission of the revision. If three-fifths of all the electors voting on the question vote to ratify the revision, it becomes a new constitution of the state of Minnesota.

ARTICLE X TAXATION

Section 1. Power of taxation; exemptions; legislative powers. The power of taxation shall never be surrendered, suspended or contracted away. Taxes shall be uniform upon the same class of subjects and shall be levied and collected for public purposes, but public burying grounds, public school houses, public hospitals, academies, colleges, universities, all seminaries of learning, all churches, church property, houses of worship, institutions of purely public charity, and public property used exclusively for any public purpose, shall be exempt from taxation except as provided in this section. There may be exempted from taxation personal property not exceeding in value \$200 for each household, individual or head of a family, and household goods and farm machinery as the legislature determines. The legislature may authorize municipal corporations to levy and collect assessments for local improvements upon property benefited thereby without regard to cash valuation. The legislature by law may define or limit the property exempt under this section other than churches, houses of worship, and property solely used for educational purposes by academies, colleges, universities and seminaries of learning.

- Sec. 2. **Forestation.** To encourage and promote forestation and reforestation of lands whether owned by private persons or the public, laws may be enacted fixing in advance a definite and limited annual tax on the lands for a term of years and imposing a yield tax on the timber and other forest products at or after the end of the term.
- Sec. 3. Occupation tax; ores. Every person engaged in the business of mining or producing iron ore or other ores in this state shall pay to the state an occupation tax on the valuation of all ores mined or produced, which tax shall be in addition to all other taxes provided by law. The tax is due on the first day of May in the calendar year next following the mining or producing. The valuation of ore for the purpose of determining the amount of tax shall be ascertained as provided by law. Funds derived from the tax shall be used as follows: 50 percent to the state general revenue fund, 40 percent for the support of elementary and secondary schools and ten percent for the general support of the university.
- Sec. 4. **Motor fuel taxation.** The state may levy an excise tax upon any means or substance for propelling aircraft or for propelling or operating motor or other vehicles or other equipment used for airport purposes and not used on the public highways of this state.
- Sec. 5. Aircraft. The legislature may tax aircraft using the air space overlying the state on a more onerous basis than other personal property. Any such tax on aircraft shall be in lieu of all other taxes. The legislature may impose the tax on aircraft of companies paying taxes under any gross earnings system of taxation notwithstanding that earnings from the aircraft are included in the earnings on which gross earnings taxes are computed. The law may exempt from taxation aircraft owned by a nonresident of the state temporarily using the air space overlying the state.
- Sec. 6. **Taconite taxation.** Laws of Minnesota 1963, Chapter 81, relating to the taxation of taconite and semi-taconite, and facilities for the mining, production and beneficiation thereof shall not be repealed, modified or amended, nor shall any laws in conflict therewith be valid until November 4, 1989. Laws may be enacted fixing or limiting for a period not extending beyond the year 1990, the tax to be imposed on persons engaged in (1) the mining, production or beneficiation of copper-nickel, or (3) the mining, production or beneficiation of nickel. Taxes imposed on the mining or quarrying of taconite or semi-taconite and on the production of iron ore concentrates therefrom, which are in lieu of a tax on real or personal property, shall not be considered to be occupation, royalty, or excise taxes within the meaning of this amendment.
- Sec. 7. (Repealed, November 5, 1974).
- Sec. 8. **Pari-mutuel betting.** The legislature may authorize on-track pari-mutuel betting on horse racing in a manner prescribed by law.

ARTICLE XI APPROPRIATIONS AND FINANCES

- Section 1. Money paid from state treasury. No money shall be paid out of the treasury of this state except in pursuance of an appropriation by law.
- Sec. 2. Credit of the state limited. The credit of the state shall not be given or loaned in aid of any individual, association or corporation except as hereinafter provided.
- Sec. 3. **Internal improvements prohibited; exceptions.** The state shall not be a party in carrying on works of internal improvements except as authorized by this constitution. If grants have been made to the state especially dedicated to specific purposes, the state shall devote the proceeds of the grants to those purposes and may pledge or appropriate the revenues derived from the works in aid of their completion.
- Sec. 4. **Power to contract public debt; public debt defined.** The state may contract public debts for which its full faith, credit and taxing powers may be pledged at the times and in the manner authorized by law, but only for the purposes and subject to the conditions stated in section 5. Public debt includes any obligation payable directly in whole or in part from a tax of state wide application on any class of property, income, transaction or privilege, but does not include any obligation which is payable from revenues other than taxes.
- Sec. 5. **Public debt and works of internal improvement; purposes.** Public debt may be contracted and works of internal improvements carried on for the following purposes:
- (a) to acquire and to better public land and buildings and other public improvements of a capital nature and to provide money to be appropriated or loaned to any agency or political subdivision of the state for such purposes if the law authorizing the debt is adopted by the vote of at least three-fifths of the members of each house of the legislature;
- (b) to repel invasion or suppress insurrection;
- (c) to borrow temporarily as authorized in section 6;
- (d) to refund outstanding bonds of the state or any of its agencies whether or not the full faith and credit of the state has been pledged for the payment of the bonds;
- (e) to establish and maintain highways subject to the limitations of article XIV;
- (f) to promote forestation and prevent and abate forest fires, including the compulsory clearing and improving of wild lands whether public or private;
- (g) to construct, improve and operate airports and other air navigation facilities;
- (h) to develop the state's agricultural resources by extending credit on real estate security in the manner and on the terms and conditions prescribed by law;
- (i) to improve and rehabilitate railroad rights-of-way and other rail facilities whether public or private, provided that bonds issued and unpaid shall not at any time exceed \$200,000,000 par value; and
- (j) as otherwise authorized in this constitution.

As authorized by law political subdivisions may engage in the works permitted by (f), (g), and (i) and contract debt therefor.

Sec. 6. **Certificates of indebtedness.** As authorized by law certificates of indebtedness may be issued during a biennium, commencing on July 1 in each odd-numbered year and ending on and including June 30 in the next odd-numbered year, in anticipation of the collection of taxes levied for and other revenues appropriated to any fund of the state for expenditure during that biennium.

No certificates shall be issued in an amount which with interest thereon to maturity, added to the then outstanding certificates against a fund and interest thereon to maturity, will exceed the then unexpended balance of all money which will be credited to that fund during the biennium under existing laws. The maturities of certificates may be extended by refunding to a date not later than December 1 of the first full calendar year following the biennium in which the certificates were issued. If money on hand in any fund is not sufficient to pay all non-refunding certificates of indebtedness issued on a fund during any biennium and all certificates refunding the same, plus interest thereon, which are outstanding on December 1 immediately following the close of the biennium, the state auditor shall levy upon all taxable property in the state a tax collectible in the ensuing year sufficient to pay the same on or before December 1 of the ensuing year with interest to the date or dates of payment.

Sec. 7. **Bonds.** Public debt other than certificates of indebtedness authorized in section 6 shall be evidenced by the issuance of bonds of the state. All bonds issued under the provisions of this section shall mature not more than 20 years from their respective dates of issue and each law authorizing the issuance of bonds shall distinctly specify the purposes thereof and the maximum amount of the proceeds authorized to be expended for each purpose. A separate and special state bond fund shall be maintained on the official books and records. When the full faith and credit of the state has been pledged for the payment of bonds, the state auditor shall levy each year on all taxable property within the state a tax sufficient with the balance then on hand in the fund to pay all principal and interest on bonds issued under this section due and to become due within the ensuing year and to and including July 1 in the second ensuing year. The legislature by law may appropriate funds from any source to the state bond fund. The amount of money actually received and on hand pursuant to appropriations prior to the levy of the tax in any year shall be used to reduce the amount of tax otherwise required to be levied.

Sec. 8. Permanent school fund; source; investment; board of investment. The permanent school fund of the state consists of (a) the proceeds of lands granted by the United States for the use of schools within each township, (b) the proceeds derived from swamp lands granted to the state, (c) all cash and investments credited to the permanent school fund and to the swamp land fund, and (d) all cash and investments credited to the internal improvement land fund and the lands therein. No portion of these lands shall be sold otherwise than at public sale, and in the manner provided by law. All funds arising from the sale or other disposition of the lands, or income accruing in any way before the sale or disposition thereof, shall be credited to the permanent school fund. Within limitations prescribed by law, the fund shall be invested to secure the maximum return consistent with the maintenance of the perpetuity of the fund. The principal of the permanent school fund shall be perpetual and inviolate forever. This does not prevent the sale of investments at less than the cost to the fund; however, all losses not offset by gains shall be repaid to the fund from the interest and dividends earned thereafter. The net interest and dividends arising from the fund shall be distributed to the different school districts of the state in a manner prescribed by law. A board of investment consisting of the governor, the state auditor, the secretary of state, and the attorney general is hereby constituted for the purpose of administering and directing the investment of all state funds. The board shall not permit state funds to be used for the underwriting or direct purchase of municipal securities from the issuer or the issuer's agent.

Sec. 9. **Investment of permanent university fund; restrictions.** The permanent university fund of this state may be loaned to or invested in the bonds of any county, school district, city or town of this state and in first mortgage loans secured upon improved and cultivated farm lands of this state, but no such investment or loan shall be made until approved by the board of investment; nor shall a loan or investment be made when the bonds to be issued or purchased would make the entire bonded indebtedness exceed 15 percent of the assessed valuation of the taxable property of the county, school district, city or town issuing the bonds; nor shall any farm loan or investment be made when the investment or loan would exceed 30 percent of the actual cash value of the farm land mortgaged to secure the investment; nor shall investments or loans be made at a lower rate of interest than two percent per annum nor for a shorter period than one year nor for a longer period than 30 years.

- Sec. 10. Exchange of public lands; reservation of rights. As the legislature may provide, any of the public lands of the state, including lands held in trust for any purpose, may be exchanged for any publicly or privately held lands with the unanimous approval of the governor, the attorney general and the state auditor. Lands so acquired shall be subject to the trust, if any, to which the lands exchanged therefor were subject. The state shall reserve all mineral and water power rights in lands transferred by the state.
- Sec. 11. **Timberlands set apart as state forests; disposition of revenue.** School and other public lands of the state better adapted for the production of timber than for agriculture may be set apart as state school forests, or other state forests as the legislature may provide. The legislature may also provide for their management on forestry principles. The net revenue therefrom shall be used for the purposes for which the lands were granted to the state.
- Sec. 12. County, township or municipal aid to railroads limited. The legislature shall not authorize any county, township or municipal corporation to become indebted to aid in the construction or equipment of railroads to any amount that exceeds five percent of the value of the taxable property within that county, township or municipal corporation. The amount of taxable property shall be determined by the last assessment previous to the incurring of the indebtedness.
- Sec. 13. Safe keeping state funds; security; deposit of funds; embezzlement. All officers and other persons charged with the safekeeping of state funds shall be required to give ample security for funds received by them and to keep an accurate entry of each sum received and of each payment and transfer. If any person converts to his own use in any manner or form, or shall loan, with or without interest, or shall deposit in his own name, or otherwise than in the name of the state of Minnesota; or shall deposit in banks or with any person or persons or exchange for other funds or property, any portion of the funds of the state or the school funds aforesaid, except in the manner prescribed by law, every such act shall be and constitute an embezzlement of so much of the aforesaid state and school funds, or either of the same, as shall thus be taken, or loaned, or deposited or exchanged, and shall be a felony. Any failure to pay over, produce or account for the state school funds, or any part of the same entrusted to such officer or persons as by law required on demand, shall be held and be taken to be prima facie evidence of such embezzlement.
- Sec. 14. A permanent environment and natural resources trust fund is established in the state treasury. Loans may be made of up to five percent of the principal of the fund for water system improvements as provided by law. The assets of the fund shall be appropriated by law for the public purpose of protection, conservation, preservation, and enhancement of the state's air, water, land, fish, wildlife, and other natural resources. The amount appropriated each year of a biennium, commencing on July 1 in each odd-numbered year and ending on and including June 30 in the next odd-numbered year, may be up to 5 1/2 percent of the market value of the fund on June 30 one year before the start of the biennium. Not less than 40 percent of the net proceeds from any state-operated lottery must be credited to the fund until the year 2025.

ARTICLE XII SPECIAL LEGISLATION; LOCAL GOVERNMENT

Section 1. Prohibition of special legislation; particular subjects. In all cases when a general law can be made applicable, a special law shall not be enacted except as provided in section 2. Whether a general law could have been made applicable in any case shall be judicially determined without regard to any legislative assertion on that subject. The legislature shall pass no local or special law authorizing the laying out, opening, altering, vacating or maintaining of roads, highways, streets or alleys; remitting fines, penalties or forfeitures; changing the names of persons, places, lakes or rivers; authorizing the adoption or legitimation of children; changing the law of descent or succession; conferring rights on minors; declaring any named person of age; giving effect to informal or invalid wills or deeds, or affecting the estates of minors or persons under disability; granting divorces; exempting property from taxation or regulating the rate of interest on money; creating private corporations, or amending, renewing, or extending the charters thereof; granting to any private corporation, association, or individual any special or exclusive privilege, immunity or franchise whatever or authorizing public taxation for a private purpose. The inhibitions of local or special laws in this section shall not prevent the passage of general laws on any of the subjects enumerated.

- Sec. 2. Special laws; local government. Every law which upon its effective date applies to a single local government unit or to a group of such units in a single county or a number of contiguous counties is a special law and shall name the unit or, in the latter case, the counties to which it applies. The legislature may enact special laws relating to local government units, but a special law, unless otherwise provided by general law, shall become effective only after its approval by the affected unit expressed through the voters or the governing body and by such majority as the legislature may direct. Any special law may be modified or superseded by a later home rule charter or amendment applicable to the same local government unit, but this does not prevent the adoption of subsequent laws on the same subject. The legislature may repeal any existing special or local law, but shall not amend, extend or modify any of the same except as provided in this section.
- Sec. 3. Local government; legislation affecting. The legislature may provide by law for the creation, organization, administration, consolidation, division and dissolution of local government units and their functions, for the change of boundaries thereof, for their elective and appointive officers including qualifications for office and for the transfer of county seats. A county boundary may not be changed or county seat transferred until approved in each county affected by a majority of the voters voting on the question.
- Sec. 4. **Home rule charter.** Any local government unit when authorized by law may adopt a home rule charter for its government. A charter shall become effective if approved by such majority of the voters of the local government unit as the legislature prescribes by general law. If a charter provides for the consolidation or separation of a city and a county, in whole or in part, it shall not be effective without approval of the voters both in the city and in the remainder of the county by the majority required by law.
- Sec. 5. **Charter commissions.** The legislature shall provide by law for charter commissions. Notwithstanding any other constitutional limitations the legislature may require that commission members be freeholders, provide for their appointment by judges of the district court, and permit any member to hold any other elective or appointive office other than judicial. Home rule charter amendments may be proposed by a charter commission or by a petition of five percent of the voters of the local government unit as determined by law and shall not become effective until approved by the voters by the majority required by law. Amendments may be proposed and adopted in any other manner provided by law. A local government unit may repeal its home rule charter and adopt a statutory form of government or a new charter upon the same majority vote as is required by law for the adoption of a charter in the first instance.

ARTICLE XIII MISCELLANEOUS SUBJECTS

- Section 1. **Uniform system of public schools.** The stability of a republican form of government depending mainly upon the intelligence of the people, it is the duty of the legislature to establish a general and uniform system of public schools. The legislature shall make such provisions by taxation or otherwise as will secure a thorough and efficient system of public schools throughout the state.

Whenever authorized and in the amounts and on the terms fixed by law, the state may expend monies and pledge the public credit to provide money for the purposes of this section. The duration of the Vietnam conflict and the Persian Gulf War may be defined by law.
- Sec. 9. Militia organization. The legislature shall pass laws necessary for the organization, discipline and service of the militia of the state.

Sec. 2. **Trunk highway system.** There is hereby created a trunk highway system which shall be constructed, improved and maintained as public highways by the state. The highways shall extend as nearly as possible along the routes number 1 through 70 described in the constitutional amendment adopted November 2, 1920, and the routes described in any act of the legislature which has made or hereafter makes a route a part of the trunk highway system.

The legislature may add by law new routes to the trunk highway system. The trunk highway system may not exceed 12,200 miles in extent, except the legislature may add trunk highways in excess of the mileage limitation as necessary or expedient to take advantage of any federal aid made available by the United States to the state of Minnesota.

Any route added by the legislature to the trunk highway system may be relocated or removed from the system as provided by law. The definite location of trunk highways numbered 1 through 70 may be relocated as provided by law but no relocation shall cause a deviation from the starting points or terminals nor cause any deviation from the various villages and cities through which the routes are to pass under the constitutional amendment adopted November 2, 1920. The location of routes may be determined by boards, officers or tribunals in the manner prescribed by law.

- Sec. 3. County state-aid highway system. A county state-aid highway system shall be constructed, improved and maintained by the counties as public highways in the manner provided by law. The system shall include streets in municipalities of less than 5,000 population where necessary to

Five percent of the net proceeds of the highway user tax distribution fund may be set aside and apportioned by law to one or more of the three foregoing funds. The balance of the highway user tax distribution fund shall be transferred to the trunk highway fund, the county state-aid highway fund, and the municipal state-aid street fund in accordance with the percentages set forth in this section. No change in the apportionment of the five percent may be made within six years of the last previous change.
- Sec. 6. **Trunk highway fund.** There is hereby created a trunk highway fund which shall be used solely for the purposes specified in section 2 of this article and the payment of principal and interest of any bonds issued under the authority of section 11 of this article and any bonds issued for trunk highway purposes prior to July 1, 1957. - Sec. 7. **County state-aid highway fund.** There is hereby created a county state-aid highway fund. The county state-aid highway fund shall be apportioned among the counties as provided by law. The funds apportioned shall be used by the counties as provided by law for aid in the construction, improvement and maintenance of county state-aid highways. The legislature may authorize the counties by law to use a part of the funds apportioned to them to aid in the construction, improvement and maintenance of other county highways, township roads, municipal streets and any other public highways, including but not limited to trunk highways and municipal state-aid streets within the respective counties.
- Sec. 8. **Municipal state-aid street fund.** There is hereby created a municipal state-aid street fund to be apportioned as provided by law among municipalities having a population of 5,000 or more. The fund shall be used by municipalities as provided by law for the construction, improvement and maintenance of municipal state-aid streets. The legislature may authorize municipalities to use a part of the fund in the construction, improvement and maintenance of other municipal streets, trunk highways, and county state-aid highways within the counties in which the municipality is located.
- Sec. 9. **Taxation of motor vehicles.** The legislature by law may tax motor vehicles using the public streets and highways on a more onerous basis than other personal property. Any such tax on motor vehicles shall be in lieu of all other taxes thereon, except wheelage taxes imposed by political subdivisions solely for highway purposes. The legislature may impose this tax on motor vehicles of companies paying taxes under the gross earnings system of taxation notwithstanding that earnings from the vehicles may be included in the earnings on which gross earnings taxes are computed. The proceeds of the tax shall be paid into the highway user tax distribution fund. The law may exempt from taxation any motor vehicle owned by a nonresident of the state properly licensed in another state and transiently or temporarily using the streets and highways of the state.
- Sec. 10. **Taxation of motor fuel.** The legislature may levy an excise tax on any means or substance used for propelling vehicles on the public highways of this state or on the business of selling it. The proceeds of the tax shall be paid into the highway user tax distribution fund.
- Sec. 11. **Highway bonds.** The legislature may provide by law for the sale of bonds to carry out the provisions of section 2. The proceeds shall be paid into the trunk highway fund. Any bonds shall mature serially over a term not exceeding 20 years and shall not be sold for less than par and accrued interest. If the trunk highway fund is not adequate to pay principal and interest of these bonds when due, the legislature may levy on all taxable property of the state in an amount sufficient to meet the deficiency or it may appropriate to the fund money in the state treasury not otherwise appropriated.

CONGRESSIONAL ACT: ADMISSION OF MINNESOTA INTO THE UNION

Secretary of State's Note: Acceptance by congress is the final act in the process of being admitted as a state. A bill for the admission of Minnesota into the union was submitted to congress in December of 1857.

The bill for admission encountered several obstacles. The Minnesota bill was coupled with the bill for the admission of Kansas. It was customary to admit states in pairs to preserve the balance of power in congress: a state that permitted slavery would be linked with a state that prohibited slavery. Minnesota was to be a free state, Kansas a slave state. The proposal to admit Kansas was made under its fraudulent Lecompton constitution. The fraud in the adoption of the Kansas constitution was so glaring that admission under it was abandoned, delaying the Minnesota bill for several months. Minnesota's bill also met with general opposition from congressmen from southern slave states.

On May 11, 1858, the bill for the admission of Minnesota was passed by congress and approved by President James Buchanan. However, word of its passage did not reach St. Paul until almost two weeks later. Minnesota had no telegraph lines or railroads, so a telegram was sent to Prairie du Chien, Wisconsin, and carried up the Mississippi River to St. Paul by steamboat. On May 24, 1858, the state officers took their oaths of office, and Minnesota's state government began to function.

This ended the long trek toward statehood, which had seen the area of the state of Minnesota under four nations: France, Spain, Great Britain and the United States, and under nine territories: Northwest, Indiana, Illinois, Michigan, Wisconsin, Louisiana, Missouri, Iowa, and Minnesota.

CONGRESSIONAL ACT FOR THE ADMISSION OF MINNESOTA INTO THE UNION

[Passed May 11, 1858]

Whereas, An act of Congress was passed February twenty-sixth, eighteen hundred and fifty-seven, entitled "An act to authorize the people of the Territory of Minnesota to form a constitution and state government preparatory to their admission into the Union on an equal footing with the original states"; and, whereas, the people of said Territory did, on the twenty-ninth day of August, eighteen hundred and fifty-seven, by delegates elected for that purpose, form for themselves a constitution and state government, which is republican in form, and was ratified and adopted by the people at an election held on the thirteenth day of October, eighteen hundred and fifty-seven, for that purpose; therefore,

Sec. 1. Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled, That the State of Minnesota shall be one, and is hereby declared to be one, of the United States of America, and admitted into the Union on an equal footing with the original states in all respects whatever.

Sec. 2. And be it further enacted, That said State shall be entitled to two representatives in Congress, until the next apportionment of representatives among the several states.

Sec. 3. And be it further enacted, That from and after the admission of the State of Minnesota, as hereinbefore provided, all the laws of the United States which are not locally inapplicable shall have the same force and effect within that State as in other States of the Union; and the said State is hereby constituted a judicial district of the United States, within which a district court, with like powers and jurisdiction as the district court of the United States for the district of Iowa, shall be established; the judge, attorney and marshal of the United States of the said district of Minnesota shall reside within the same, and shall be entitled to the same compensation as the judge, attorney and marshal of the district of Iowa; and in all cases of appeal or writ of error heretofore prosecuted and now pending in the supreme court of the United States, upon any record from the supreme court of Minnesota Territory, the mandate of execution or order of further proceedings shall be directed by the supreme court of the United States to the district court of the United States for the district of Minnesota, or to the supreme court of the State of Minnesota, as the nature of such appeal or writ of error may require; and each of those courts shall be the successor of the supreme court of Minnesota Territory, as to all such cases, with full power to hear and determine the same, and to award mesne or final process therein.

The United States of America, 1858.

AMENDMENTS PROPOSED TO MINNESOTA'S CONSTITUTION SINCE 1858

Secretary of State's Note: From 1858 until 1898, the Minnesota Constitution required that a proposed amendment be approved by a simple majority of both chambers af the legislature and then ratified by a simple majority of the voters at the next general election who voted "yes" or "no" on the proposed amendment. The total number of voters who cast any ballot at the election did not determine whether an amendment was approved or rejected. The total election vote figures set forth below for 1858 through 1898 are for historical information only.

Since 1898, the Minnesota Constitution has required that a constitutional amendment be approved by a simple majority of both chambers of the legislature at one session, and then ratified by "a majority of all the electors voting at the election," whether or not the voter casts a "yes" or "no" vote on a proposed amendment. (Article IX, Section 1 of the Constitution of Minnesota). Therefore, although the following table may indicate that more votes were cast to approve an amendment than the votes cast to reject the amendment, the amendment may still have failed because a majority of all voters at the election did not cast a "yes" vote.

For more detailed information concerning the constitutional amendment process in Minnesota, refer to "Amending Our State Constitution: Continuity Through Ordered Change," by Betty Kane, *1981 Minnesota Legislative Manual*, www.sos.state.mn.us/home/index.asp?page=535.

GOVERNOR'S RESIDENCE

2007

The Governor's Residence, 1006 Summit Avenue, St. Paul

The Governor's Residence, located at 1006 Summit Avenue in Saint Paul, is the official home of the governor's family. The 20-room, 16,000-square-foot English Tudor mansion was donated to the State of Minnesota by the family that owned it in 1965. Designed by Minneapolis architect William Channing Whitney, the residence has nine bedrooms, eight bathrooms, and nine fireplaces, and it sits on 1.5 acres of land. Five people work at the residence: manager, assistant manager, chef, housekeeper, and groundskeeper. Free guided public tours are typically available during the summer months; for more information see www.admin.state.mn.us/buildings/residence/index.html.

STATE SYMBOLS

State Song

"Hail! Minnesota," written by University of Minnesota students Truman E. Rickard (music and first verse, in 1904) and Arthur E. Upson (second verse, in 1905), was adopted as the state song in 1945. The University of Minnesota Alumni Association, owner of the copyright to the song, released its copyright to the words and music for the purpose of permitting the legislature to adopt it as the state song. The original U of M version of the song is pictured here. The state song replaces the phrase "Hail to thee our college dear" with "Hail to thee our state so dear." In 2006, Secretary of State Mary Kiffmeyer commissioned an official recording of the State Song, performed by the Mahtomedi High School Chamber Singers. The recording can be downloaded and played at www.sos.state.mn.us/docs/hail minnesota.mp3.

State Seal

The Great Seal of the State of Minnesota is the insignia that the secretary of state affixes to government papers and documents to make them official. A seal for the territory of Minnesota was adopted in 1849 and approved by Governor Ramsey and the territorial legislature. When Minnesota became a state on May 11, 1858, there was no official state seal and, according to law, no official act could be undertaken without it. The territorial seal was used as a state seal until Governor Sibley started using a new design. When the legislature did not approve Governor Sibley's design, he made some changes, including changing the original Latin motto to the French *l'étoile du nord*, thereby making Minnesota the North Star State. In 1861 the legislature adopted the new design, making it the official state seal. In 1983, the legislature altered the seal further and clearly spelled out details with the hope that there would be a single rendition and not wide variations that had occurred in some past artistic interpretations.

There is great symbolism to items inscribed on the seal: The sun, visible on the western horizon, signifies the flat plains covering much of Minnesota. The Indian on horseback is riding due south and represents the Indian heritage of Minnesota. The Indian's horse and spear and pioneer's axe, rifle, and plow represent tools that were used for hunting and labor. The stump symbolizes the importance of the lumber industry in Minnesota. The Mississippi River and St. Anthony Falls are depicted to note the importance of these resources in transportation and industry. The cultivated ground and the plow symbolize the importance of agriculture in Minnesota. Beyond the falls, three pine trees represent the state tree and the three great pine regions of Minnesota–St. Croix, Mississippi, and Lake Superior.

[Note on private use of the state seal, from a 1988 attorney general's interpretation of Minnesota Statutes: "Private individuals can reproduce the state seal for their own purposes... the private enlargement, reduction, or embossment of the seal by private citizens is not prohibited. There are a number of consumer protection statutes that could conceivably prohibit the use of the state seal if it is used to misrepresent the nature of a business, or if a person in the course of his business, vocation, or occupation engages in any conduct that creates a likelihood of confusion or of misunderstanding...]" Go to www.sos.state.mn.us/student/seal.html for a downloadable version of the state seal.

State Flag

The present state flag was adopted by the 1957 legislature. The flag is royal blue with a gold fringe. Pictured in the center of the flag is the state seal. Three dates are woven into a wreath of the state flower: 1858, the statehood year; 1819, the year Fort Snelling was established; and 1893, the year the original flag was adopted. Nineteen stars ring the wreath, symbolizing the fact that Minnesota was the 19th state to enter the Union after the original 13. The largest star represents the North Star and Minnesota.

State Flower

The pink and white lady's slipper (Cypripedium reginae), also known as the showy lady's slipper or queen's lady slipper, was adopted as the state flower in 1902. Found living in open fens, bogs, swamps, and damp woods where there is plenty of light, lady's slippers grow slowly, taking up to 16 years to produce their first flowers. They bloom in late June or early July. The plants live for up to 50 years and grow four feet tall. A century ago, the showy lady's slipper was a favorite adornment in rural church altars during the summer. Since 1925 this rare wildflower has been protected by state law (it is illegal to pick the flowers or to uproot or unearth the plants). The specimens pictured here were growing near Chaska.

State Tree

The red or Norway pine (*Pinus resinosa*) became the official state tree in 1953. Red pines are tall, stately trees that reach heights of 60 to nearly 150 feet. Their trunks are straight and uniform and may grow to five feet in diameter. When mature, the trees usually are bare of branches for two-thirds of the way up the trunk, with rounded tops or "crowns." Their needles are four to six inches long and grow in pairs. Red pines begin producing cones at 15 to 20 years of age. Their cones, about two inches long and stout, have a two-year growing cycle; they begin growing in mid-summer the first year, remain attached through the following summer, and ripen in the fall. Red pines are popular as Christmas trees when small, and when mature are harvested for use as structural timber and pulpwood; they also make suitable poles, pilings, mining timbers, and railroad ties because their wood is easily penetrated by preservatives. Red pines can live to be about 400 years old. They grow on outwash plains, level or gently rolling sand plains, and low ridges adjacent to lakes and swamps; in northeastern Minnesota, they often grow on very exposed sites including islands, peninsulas, lakeshores, and steep slopes. The red pine pictured here can be seen on fairway #1 at the Silver Bay Country Club.

State Bird

The loon (*Gavia immer*) became Minnesota's state bird in 1961. It is known also as the common loon. Loons are large black and white birds with red eyes. They have wingspans up to five feet and body lengths up to three feet. They are clumsy on land because their feet are situated toward the back of their bodies, but they are high-speed flyers and excellent underwater swimmers—they will dive to depths of 90 feet in pursuit of fish to eat. Loons are known for their soliloquy of cries, wails, and yodels; their eerie, echoing calls are a distinctive feature of Minnesota's northern lakes. Approximately 12,000 of this waterfowl make their summer homes in the state; the one pictured here nests on Larch Lake, near the Gunflint Trail.

State Fish

The walleye (*Stizostedion vitreum*) became the official state fish in 1965. This popular game fish is found throughout Minnesota in lakes and rivers. Walleyes are most at home in the large, clear, cool lakes of Minnesota's northern forests; their eyes are sensitive to light, so they go to deep, dark waters during the day and move to shallow areas at night. Minnesota's record walleye weighed 17 pounds, 8 ounces. The 14-pounder pictured here lives in an aquarium at Cabela's® in Owatonna.

State Gemstone

The Lake Superior agate was named the official state gemstone in 1969. It is an unusually beautiful quartz stone banded with rich red and orange colors derived from iron ore in the soil. Most agates are about the size of a pea, but some are as big as bowling balls and weigh over 20 pounds. Small agates often are polished to make jewelry; larger "lakers" of up to a pound often are cut into thin slabs to display the colored bands inside. Lake Superior agates, having been dispersed by glaciers in the last Ice Age, are found in northeastern and north central Minnesota. The specimens seen here, in the foreground, were photographed on one of Lake Superior's many gravelly north shore beaches, near Castle Danger.

State Grain

Wild rice (Zizania aquatica or Zizania palustris), or manomin, a staple food for Minnesota's Indians for centuries, was adopted as the official state grain in 1977. It is an aquatic grass not related to common rice. Early in the summer, the plants bloom with tiny maroon and gold flowers, and by late summer, their seeds mature into dark brown kernels. Domestic cultivation and combine harvesting of wild rice are relatively recent developments; wild rice is commercially produced as a field crop on about 20,000 acres in Minnesota. For many years, basically all of the wild rice produced in the world came from Minnesota, and most still does. Minnesota has more acres of natural wild rice than any other state. Wild rice often is harvested from lakes in a traditional way, from canoes; people interested in harvesting wild rice in Minnesota must purchase a wild ricing license, similar to a fishing or hunting license. Wild rice grows naturally in the shallow waters of lakes in central and northern Minnesota; the wild rice pictured here, in bloom, was growing in the Island River, near Isabella.

State Mushroom

Morchella esculenta, commonly known as the morel, sponge mushroom, or honeycomb morel, was adopted as the official mushroom of the state of Minnesota in 1984. Morels are tasty and considered a rare delicacy by mushroom hunters. They are cone-shaped mushrooms growing from the soil through the leaf mat. They usually are two to six inches high, creamy tan or shades of brown and gray (darkening as they age), with pitted, spongy heads, smooth stems, and hollow interiors. They pop up in fields and forests usually in springtime, and are found more readily in southeastern Minnesota than in other parts of the state. This photograph was taken near St. Paul.

State Drink & Muffin

Milk was adopted as the official state drink in 1984. Minnesota ranks sixth in dairy production among the states.

The blueberry muffin was adopted as the official muffin of the state of Minnesota in 1988.

Make's a "Baker's" dozen.

State Butterfly

The monarch butterfly (Danaus plexippus), also known as the milkweed butterfly, was adopted as the state's official butterfly in 1998. The monarch is one of the few butterfly species that migrates north and south like birds do. Approximately four generations

of monarchs are born in Minnesota each summer and live roughly four weeks; the exception is the last generation of the season, which survives about six months. Each fall, members of this last generation migrate to Mexico and spend the winter in a state of semi-hibernation. Monarch caterpillars appear to feed exclusively on milkweed, which grows throughout Minnesota. This male monarch (distinguishable from his female counterparts by the thin black webbing throughout his wings and two highly visible black spots on his hind wings) was photographed on Lake Superior's north shore near Illgen City.

State Photograph

The photograph "Grace," depicting an elderly man bowing his head and giving thanks, taken by Eric Enstrom in 1918 in Bovey, Minnesota, was adopted as the official state photograph in 2002. A copy of the photograph, presented to the state by Enstrom's daughter, Rhoda Nyberg, is on display in the secretary of state's office in St. Paul.

State Fruit

The Honeycrisp™ apple was adopted as the state fruit in 2006. The apple was produced from a 1960 cross of Macoun and Honeygold apples, as part of the University of Minnesota apple breeding program to develop a winter-hardy tree with high quality fruit. Honeycrisp apples are about three inches in diameter. They have an exceptionally crisp and juicy texture. The apples pictured here were growing at Fireside Orchard near Northfield.

Split Rock Lighthouse State Historic Site: A single storm on November 28, 1905, damaged 29 ships on Lake Superior and prompted the construction of Split Rock Lighthouse. Completed by the U.S. Lighthouse Service in 1910, it became accessible by land when the North Shore Highway was built in 1924. It quickly became one of Minnesota's best-known landmarks and the most visited lighthouse in America. The station closed in 1969, when modern navigational equipment made it obsolete, and the State of Minnesota acquired it in 1971. The Minnesota Historical Society now cares for the 25-acre historic site and conducts tours and educational programs at the lighthouse.

Constitution provides: To be elected a state senator or representative, a person must be a qualified voter, 21 years old, a resident of Minnesota for one year, and a resident of the legislative district for six months immediately preceding the election (*Article IV*).

Term: Senator—four years; representative—two years. Exception: Senators are elected for a two-year term to begin a new decade when redistricting occurs and district boundaries change.

Compensation: \$31,140 annually; round trips between home and state capitol; per diem allowance for living expenses during session.

Membership: The state of Minnesota is divided into 67 senate districts, each of which is divided into two, creating the 134 house districts. Each senate district is entitled to elect one senator and each house district is entitled to elect one representative.

Organization: Members of the Minnesota Legislature are nominated and elected with party designation. Currently Minnesota legislators are affiliated with two of the state's three major political parties: Democratic-Farmer-Labor (DFL) and Republican (R). The DFL caucus organized the senate and the house during the 2007 session.

Presiding officers: Senate members elect the president of the senate from among their members, and the house members elect the speaker of the house from among their members. The president presides over the senate and shares with the speaker of the house the chairmanship of the legislative coordinating commission. The speaker of the house is both a voting member of the house and the presiding officer. The speaker also presides over joint sessions of the house and senate.

Senator James Metzen is president of the senate. Representative Margaret Anderson Kelliher is speaker of the house. Each house elects top staff members. The secretary of the senate, Patrick Flahaven, and the chief clerk of the house, Albin Mathiowetz, are the highest ranking staff officers in each body.

Committees: The speaker appoints committee chairs and members for each committee. Lead minority representatives are appointed to serve on specific committees with chairs and vice chairs. The speaker works closely with the house majority and becomes a leading spokesperson for caucus policies.

In the senate, the chair of the committee on rules and administration—normally the leader of the majority group—has similar power. A senate committee names the committee members and chairs.

The committee system is a vital component of the legislative machinery. The volume of legislation pending before a single session is too great to permit all legislators to work closely with all proposals. Committees hear testimony from proponents and opponents of legislation before they make recommendations to the full legislature. A committee may decide the fate of any legislative proposal. After study, hearing, research, and deliberation, a committee may amend, recommend passage, refer to another committee, or table a bill.

The number of committees in each house and the number of members serving on each committee varies from session to session as state concerns and problems dictate. In addition to the standing committees which operate during each session, some committees continue to study specific problems during the legislative interim to report findings to the next legislative session.

Convening the legislature: On the first day of a regular session both houses of the legislature convene at noon. The lieutenant governor, having already taken the oath of office, calls the senate to order and presides until a president has been elected and has taken the oath of office. The house is called to order by the secretary of state, who presides over that body as its convening authority until a speaker is elected and has taken the oath of office. After convening, the oath of office is administered to all members of each house.

Special sessions: The legislature may be called into special session at any time by the governor. Special sessions become necessary when legislative action is needed to meet emergencies or when legislative work is unfinished at the end of a regular session. The governor is the only official empowered to call a special session. The governor does not have the power to limit the length or scope of the session.

Functions and powers: The principal legal task of the legislature is to make law by which public policy is established. Legislative activity affects a wide range of state programs and resources including agriculture, conservation, crime prevention, consumer protection, contracts, education, economic development, elections, environment, finance, forestry, health, highways, human rights, insurance, labor relations, natural resources, property, pollution control, recreation, safety, taxation, transportation, utilities, unemployment compensation, veterans' affairs, and worker's compensation.

Additional legislative functions include proposing amendments to the state constitution for approval by the electorate, electing regents of the University of Minnesota, confirming certain gubernatorial appointments (senate) and performing legislative oversight or review.

The legislature possesses a judicial function. It judges the election and qualifications of its members, may punish or expel members for contempt or disorderly behavior, and may impeach or remove from office members of the executive and judicial branches.

Each legislative body has a rules committee that directs the operating procedures of the legislature. The legislature conducts business under the guidelines provided by the rules that the two houses adopt, their joint rules, *Minnesota Statutes*, the state constitution, and *Mason's Manual of Legislative Procedure*.

Regular sessions: The Minnesota Legislature convenes in regular session each odd-numbered year on the first Tuesday after the first Monday in January. The 1972 flexible session amendment to Article IV of the constitution authorized the legislature to meet in regular session in both years of the biennium, for a total of 120 legislative days, providing that the legislature cannot meet after the first Monday following the third Saturday in May of any year.

The temporary adjournment between the session of the first year and the second year of the biennium is not a final adjournment, as the biennial session is considered to be one continuous session. For this reason, the journal pages of both houses are numbered consecutively through both years, and bills are numbered consecutively in order of introduction through both years.

Bills that have not become law or been defeated by legislative action or vetoed by the end of the first half of the session are still available for possible action in the second half of the session. This means standing committees may hear such bills in the interim recess and make recommendations on their passage.

Passage of laws: All revenue bills (tax measures) must originate in the house. All other matters may originate in either the house or the senate. There is no stated time schedule; speed is often related to the legislative support a proposal gathers.

Committee meetings are open to the public, and anyone wishing to speak for or against proposals being considered is given a chance to be heard. The house and senate index offices in the capitol keep a file of bills by number, and anyone may visit the House Index office or the Senate Information office to obtain a copy of a bill.

Chapter Two State Legislature

ENACTMENT OF LEGISLATION

A bill for an act is an idea for a new law or an idea to change or abolish an existing law. Ideas follow ten steps on their way to becoming Minnesota laws.

- **1. The idea:** Anyone can propose an idea for a bill—an individual, a consumer group, a corporation, a professional association, a governmental unit, the governor—but most frequently ideas come from members of the legislature.
- **2. The chief author:** Each bill must have a legislator to introduce it. The chief author's name appears first on the bill with the bill's file number as identification while it moves through the legislative process.
- **3. Other authors:** There may be up to 34 coauthors from the house and four from the senate. Their names also appear on the bill.
- **4. The revisor of statutes:** The revisor puts the idea into the proper legal form as a bill for introduction into the house of representatives or the senate, usually both. The revisor also updates *Minnesota Statutes* after the legislative session to include all new laws.
- **5. Introduction:** When introduced in the house, a bill receives a house file number (H.F. 2312, for example); in the senate, a senate file number (S.F. 503, for example). These numbers indicate the bill's chronological order of introduction in each body.
- **6. Committee consideration:** Next, the bill has its first reading (the Minnesota constitution requires three readings for all bills on three separate days), and the presiding officer of the house or senate refers it to an appropriate standing committee.

All committee meetings are open to the public. A committee may:

- recommend passage of a bill in its original form;
- recommend passage after amendment by the committee;
- make no recommendation, in which case a bill may die when the session ends;
- refer a bill to another committee (one requiring funds to the finance committee, for example).

After acting on a bill, the committee sends a report to the house or senate, stating its actions and recommendations.

7. General Register and General Orders: After the full house or senate accepts the committee report, the bill has its second reading and is placed on the house agenda, called the General Register, or the senate agenda, called General Orders. (A committee can recommend that noncontroversial bills bypass the General Register or General Orders and go onto the Consent Calendar, where bills usually pass without debate.) After this point, house and senate procedures differ slightly.

In the house, the General Register serves as a parking lot where bills await action by the full body. Bills chosen to appear on the Calendar for the Day or the Fiscal Calendar are drawn from the General Register.

The senate uses a different procedure. Bills are listed on the General Orders agenda. Senate members, acting as the "committee of the whole," have a chance to debate the issue and offer amendments on the bill. Afterward, they vote to recommend passage of the bill, progress (delay action), or further committee action, and sometimes they recommend that a bill not pass. From here, the bill is placed on the calendar.

8. Calendar: In the house, the Calendar for the Day is a list of bills the house rules and legislative administration has designated for the full house to vote on. Members can vote to amend the bill, and after amendments are dispensed with, the bill is given its third reading before the vote of the full body is taken. The house also has a Fiscal Calendar, on which the chair of the house ways and means committee or house taxes committee can call up for consideration any tax or finance bill that has had a second reading. The bills are debated, amended, and passed in one day.

In the senate, bills approved by the "committee of the whole" are placed on the calendar. At this point, the bill has its third reading, after which time the bill cannot be amended unless the entire body agrees to it. Toward the end of the session, the senate committee on rules and administration designates bills from the General Orders calendar to receive priority consideration. These Special Orders bills are debated, amended, and passed in one day.

To pass, a bill needs the votes of a majority of the quorum in each body. If the house and senate each pass the same version of the bill, it goes to the governor for a signature.

- **9. Conference committee:** When the house and the senate both pass the same version of a bill, that bill goes to the governor for approval or disapproval. If the house and senate do not agree, a conference committee, including members of both houses, meets to reach an agreement. If both bodies then pass the bill in compromise form, it goes to the governor.
- **10. The governor:** When a bill arrives, the governor may:
 - sign it and the bill becomes law;
 - veto it (return it with a "veto message" stating objections) to the body where it originated;
 - pocket veto the bill (after final adjournment of the legislature);
 - exercise the right to line-veto portions of appropriations bills.

If the governor does not sign or veto a bill within three days after receiving it, while the legislature is in session, the bill becomes a law.

THE GOVERNOR IN MINNESOTA

The primary duties of the governor are to oversee all operations of state government and to take the lead in shaping public policy through legislative proposals and agency initiatives. The operation of government is carried out through more than 27 major departments whose heads are appointed by the governor. These department heads, along with the lieutenant governor and chief of staff, make up the governor's cabinet. The departments of revenue and finance are the governor's chief advisors on financial matters; the departments of employment and economic development, labor and industry, and commerce advise the governor regarding economic development, the business climate, and business regulation; the departments of health, human services, education, and corrections advise the governor on various social policies; and the departments of pollution control and natural resources carry out the governor's environmental policies.

The governor appoints people to state boards and commissions and appoints judges for all state courts when vacancies occur. He chairs the State Executive Council, Land Exchange Board, and the State Board of Investment. As commander-in-chief of state military forces, the governor can dispatch the national guard for emergency duty.

The governor reviews all bills passed by the legislature and has the power to veto those of which he disapproves. On occasion, the governor may appear before the legislature. Because of the separation of powers required by the Minnesota constitution, a governor may appear in legislative chamber only with the permission of the legislature. Only the governor has the power to call a special session of the legislature.

THE LIEUTENANT GOVERNOR IN MINNESOTA

The lieutenant governor serves as an extension of the governor and assists the governor in carrying out the functions of the executive branch. She represents the governor and is prepared to act in the governor's place in the event of his absence or disability. The governor may delegate to the lieutenant governor any powers, duties, responsibilities, or functions as prescribed by law to be performed by the governor by filing a written order with the secretary of state. Governor Pawlenty appointed Lieutenant Governor Molnau to perform the duties of commissioner of transportation as well as lieutenant governor (see chapter 4).

The lieutenant governor is a key member of the governor's cabinet and is involved in major policy and budget decisions.

CITIES IN MINNESOTA

Law provides: Minnesota's two basic types of cities are home-rule charter cities, which operate under a local charter, and statutory cities, which operate under the statutory city code (*Minnesota Statutes, Chapter 412*). The distinction between home-rule cities and statutory cities is one of organization and powers and is not based on differences in population, size, location, or any other physical feature.

Form of government: Home-rule charter cities may establish any form of government they choose in their charters. Typical forms include: council-manager, strong mayor, and mayor-council. Statutory cities may choose a form of government from three alternatives: the mayor-council plan with either an elected clerk (standard plan), or an appointed clerk (plan A), or the council-manager plan (plan B).

Functions: Police and fire protection, street maintenance, sewer and water, parks and recreation are traditional city services. Cities may choose to provide utilities, sell liquor, operate a hospital, maintain an airport, and provide ambulance service, among other options.

The following list of cities was provided courtesy of the League of Minnesota Cities, 145 University Ave. W., St. Paul 55103, (651)281-1200, www.lmnc.org. The information was up to date as of January 2007.

TOWNSHIPS IN MINNESOTA

Law provides: Townships are governed by a board of supervisors elected by the people for three-year terms and administrative officers elected/appointed for two-year terms. The annual town meeting is held in each town on the second Tuesday of March. Optional forms of organization may be selected by the voters. (*Minnesota Statutes, Chapters 365, 368*)

Functions: Townships have authority for planning, subdivision control, zoning, maintenance of public works, parks, cemeteries, and hospitals, in addition to regular duties such as elections, tax levies, and public roads.

Additional information about Minnesota's 1,790 townships is available from the Minnesota Association of Townships, 805 Central Ave. E., Box 267, St. Michael 55376, (763)497-2330; Toll-free: 1-800-228-0296; Web site: www.mntownships.org.

SCHOOL DISTRICTS IN MINNESOTA

Law provides: Minnesota law provides that public education shall be free and no pupil can be denied an education because of economic hardship and the inability to provide the books and supplies necessary to complete the requirements for graduation. (Minnesota Statutes, Chapter 120)

School facilities are supplied by the 339 independent school districts, three intermediate districts, five integration districts, 17 education districts, four tribal schools, 20 cooperative districts, 9 telecommunications districts, and 136 charter schools. In addition, many students have the opportunity to enroll in schools outside their own district through various attendance options programs. School districts are governed by elected school boards. The public school districts of Minnesota provide for the education of about 828,000 students from kindergarten through grade 12.*

Additional information about Minnesota school districts is available from Data Management, Department of Education, 1500 Hwy. 36 W., Roseville 55113, (651)582-8600.

^{*} In addition, 510 private schools provide for the education of about 84,000 students, and over 17,000 students are home educated in the state.

Chapter : Tribal Government

Minnesota's Federally Recognized Indian Tribes436

FLAT-MOUTH.

Esh-ke-bug-e-coshe. Warren. Esh-ke-bug-i-ko-zhi. Gilfillan. Translation: Bill-like-a-new-leaf

Flat-Mouth was the most noted chief of the Pillagers, a band of Ojibway Indians, in northern Minnesota. The whole apper or headwater basin of the Mississippi was sold to the United States, by this and other chiefs and head men, except portions reserved.

Flat-Mouth and his people, through Hon. W. W. Warren, one of their number and formerly a member of the legislature, first made known the existence of old earth-works in the north part of the state, which suggested the name for Fort Flat-Mouth, a prehistoric work situated in Crow Wing county.

Chapter Eight Tribal Government

MINNESOTA'S FEDERALLY RECOGNIZED INDIAN TRIBES

Federally recognized Indian tribes possess certain inherent rights of self-government and entitlement to certain federal benefits, services, and protections because of the special trust relationship.

"Recognition" is a legal term meaning that the United States recognizes a government-to-government relationship with a tribe and that a tribe exists politically in a "domestic dependent nation status." A federally recognized tribe is one that was in existence, or evolved as a successor to a tribe, at the time of original contact with non-Indians.

Tribes have the inherent right to operate under their own governmental systems. Many have adopted constitutions, while others operate under articles of association or other bodies of law, and some still have traditional systems of government. The chief executive of a tribe is generally called the tribal chairperson, but may also be called principal chief, governor, or president. The chief executive usually presides over what is typically called the tribal council. The tribal council performs the legislative function for the tribe, although some tribes require a referendum of the membership to enact laws.

RULES OF THE SENATE

Adopted by the Senate, February 1, 2007

1. PARLIAMENTARY REFERENCE

The rules of parliamentary practice contained in *Mason's Manual of Legislative Procedure* govern the senate in all cases in which they are applicable, and in which they are not inconsistent with these rules and orders of the senate and the joint rules and orders of the senate and house of representatives.

2. REPORTING OF BILLS

Every bill, memorial, order, resolution or vote requiring the approval of the governor must be reported to the Senate on three different days before its passage.

- (a) The first report, called the first reading, is made when it has been received for introduction.
- (b) The second report, called the second reading, is made when it has been considered by all the necessary standing committees and is ready for debate.
- (c) The third report, called the third reading, is made when it is ready for final passage.

3. BILL INTRODUCTION

- 3.1 Bills, memorials, and concurrent or joint resolutions may be introduced by a member or by a standing committee.
- 3.2 The name of the author, authors, or committee must be written on the bill, memorial or resolution. The number of authors may not exceed five.
- 3.3 An original and two copies are required for introduction.
- 3.4 A member or a committee desiring to introduce a bill, memorial or concurrent or joint resolution shall deliver it to the office of the secretary, and the secretary shall promptly deliver all the bills, memorials or concurrent or joint resolutions to the president who shall present them to the senate.
- 3.5 During the period between the last day of the session in any odd numbered year and the first day of the session in the following year, a bill filed with the secretary for introduction must be given a file number and may be unofficially referred by the president, with the approval of the chair of the committee on rules and administration, to an appropriate standing committee of the senate. All bills filed for introduction during this period must be presented to the senate when it reconvenes and must be referred to the standing committees previously indicated by the president, subject to objection to the referral under Rule 4.10.

4. BILL REFERRAL

- 4.1 The president shall refer each bill without motion to the proper standing committee unless otherwise referred by the senate.
- 4.2 A bill or resolution may not be referred to committee or amended until it has been given its first reading.
- 4.3 A member may not object to a bill or resolution on its introduction.
- 4.4 All bills appropriating money, or obligating the state to pay or expend money, or establishing a policy which to be effective will require expenditure of money, when referred to and reported by any other than the committee on finance, must be referred before passage to the committee on finance.
- 4.5 All bills delegating rulemaking to a department or agency of state government and all bills exempting a department or agency of state government from rulemaking, when referred to and reported by any other than the committee on state and local government operations and oversight, must be referred before passage to the committee on state and local government operations and oversight.
- 4.6 All bills creating a new commission, council, task force, board, or other body to which a member of the legislature will be appointed must be referred before passage both to the committee on state and local government operations and oversight and to the committee on rules and administration.
- 4.7 All bills authorizing or increasing a sentence of imprisonment to a state correctional institution must be referred before passage to the committee on judiciary.
- 4.8 All resolutions required to follow the same procedure as bills must be referred before passage to the committee on rules and administration.
- 4.9 A bill introduced by a committee need not be referred to a standing committee unless a question arises. It must lie over one day before being given its second reading.
- 4.10 A member may question the reference of a bill during the order of business of first reading on the day of introduction. When a member questions the reference of a bill, the bill must be referred without debate to the committee on rules and administration to report the proper reference. Upon adoption of the report of the committee on rules and administration, the bill must be referred accordingly.

5. RECALL FROM COMMITTEE

- 5.1 With the concurrence of the chief author of the bill, before the deadline for committee action on a bill, a majority of the whole senate may recall the bill from a committee and re-refer it to any other committee or place it on general orders. After the committee deadline for action on a bill, 41 affirmative votes of the whole senate may recall the bill from any committee and re-refer it to any other committee or place it on general orders.
- 5.2 By a report of the committee on rules and administration adopted by the senate, the committee on rules and administration, on request of the chief author, may remove a bill from committee and re-refer it to any other committee or place it on general orders.

6. RESOLUTIONS

- 6.1 Memorial resolutions addressed to the president or the congress of the United States, or a house or member of congress, or a department or officers of the United States, or a state or foreign government, joint resolutions, and resolutions requiring the signature of the governor must follow the same procedure as bills before being adopted.
- 6.2 A resolution may not be changed to a bill, and a bill may not be changed to a resolution.
- 6.3 When a member gives notice of intent to debate a resolution not required to follow the same procedure as bills and not offered by the committee on rules and administration, the resolution must lie over one calendar day without debate or other action.
- 6.4 Upon the request of a member, the resolution must be referred to the proper committee. If a question arises concerning the proper reference the procedure provided by Rule 4.10 applies.

7. BUDGET RESOLUTION

- 7.1 The committees on taxes and on finance must hold hearings as necessary to determine state revenues and appropriations for the fiscal biennium.
- 7.2 Within 30 days after the last state general fund revenue and expenditure forecast for the next fiscal biennium becomes available during the regular session in the odd-numbered year, and after receiving from the committee on taxes a resolution containing its recommendation on the maximum limit on revenues and an amount to be set aside as a budget reserve and a cash flow account, the committee on finance must adopt and report to the senate a budget resolution, in the form of a senate resolution. The budget resolution must set: (1) the maximum limit on revenues and net appropriations for the next fiscal biennium for the general fund; and (2) an amount or amounts to be set aside as a budget reserve and a cash flow account. The budget resolution must not specify, limit, or prescribe revenues or appropriations by any category other than those specified in clauses (1) and (2). If the committee on finance recommends a maximum limit on revenues or an amount for the budget reserve or cash flow account that differs from the amount recommended by the committee on taxes, the recommendation of the committee on finance must be referred to the committee on rules and administration before it may be considered by the senate.
- 7.3 After the senate adopts the budget resolution, the limits in the resolution are effective during the regular session in the year in which the resolution is adopted, unless the senate, acting upon a subsequent report of the committee on taxes as to revenues or of the committee on finance as to appropriations, adopts a different limit or limits for the same fiscal biennium. During the regular session in the even numbered year, before the committee on finance reports a bill containing net appropriations in excess of the general fund appropriations in the current fiscal biennium estimated by the most recent state budget forecast, the committee must adopt a budget resolution that accounts for the net appropriations. After the committee adopts the budget resolution, it is effective during the regular session that year, unless the committee adopts a different or amended resolution.
- 7.4 Within 14 days after the senate or the committee on finance adopts a budget resolution, the committee must adopt, by resolution, limits for each major appropriation bill identified in this rule. After the committee adopts the resolution, the limits in the resolution are effective during the regular session in the year in which the resolution is adopted, unless the committee subsequently adopts different or amended limits for the same fiscal biennium. If the committee on finance or the senate combines two or more major appropriation bills in to one bill, the limits in the committee resolution pertaining to those bills are also combined, and the sum of the combined limits applies to the combined bill.

- 7.5 The major tax and appropriation bills are:
 - (1) the omnibus tax bill;
 - (2) the E12 education appropriations bill;
 - (3) the higher education appropriations bill;
 - (4) the health and human services appropriations bill;
 - (5) the environment, energy, and natural resources appropriations bill;
 - (6) the agriculture and veterans appropriations bill;

A major appropriation or tax bill may not be divided.

- (7) the economic development appropriations bill;
- (8) the public safety appropriations bill;
- (9) the judiciary appropriations bill;
- (10) the state government appropriations bill;
- (11) the transportation appropriations bill; and
- (12) the omnibus capital investment bill.

7.6 After the adoption of a resolution by the senate or by the committee on finance, the committee on finance and the committee on taxes must reconcile each bill recommended by the committee with the resolution or resolutions. When reporting a bill, the committee must certify to the senate that the committee has reconciled the fiscal effect of the bill with the resolution or resolutions and that the bill, as reported by the committee, together with other bills reported and expected to be reported by the committee, does not and will not exceed the limits specified in either resolution.

7.7 After the adoption of a resolution by the senate or the committee on finance, an amendment to a bill is out of order if it would cause any of the limits specified in either resolution to be exceeded. Whether an amendment is out of order under this rule is a question to be decided in the senate by the president and in committee by the committee chair. In making the determination, the presiding officer may consider:

- (1) the limits in a resolution:
- (2) the effect of existing laws on revenues and appropriations;
- (3) the effect of amendments previously adopted to the bill under consideration;
- (4) the effect of bills previously recommended by a committee or bills previously passed in the legislative session by the senate or by the legislature;
- (5) whether appropriation increases or revenue decreases that would result from the amendment are offset by decreases in other appropriations or increases in other revenue specified by the amendment; and
- (6) other information reasonably related to appropriation and revenue amounts.

8. CONFIRMATIONS

8.1 Every gubernatorial appointment requiring the advice and consent of the senate must be referred by the president to the appropriate committee. If a question arises as to the proper committee, the appointment must be referred without debate to the committee on rules and administration for a report making the proper reference.

8.2 An appointment referred to committee and not reported to the senate within 60 legislative days after it was referred is withdrawn from committee and placed on the confirmation calendar for consideration by the senate before adjournment of the regular session.

8.3 The final question on the appointment is, "Will the senate, having given its advice, now consent to this appointment?" The question must not be put the same day the appointment is received or on the day it is reported by committee except by unanimous consent. Confirmation of the appointment requires the affirmative vote of a majority of the whole senate.

The majority group shall assign the number of positions the minority group will hold on each committee. The minority group must be given adequate notice of its positions before the session begins.
- 10.2 Both the majority and minority groups shall appoint their own members to fill the number of positions each group will hold on each committee and budget division. The minority group shall transmit notice of its assignments to the majority group within 14 calendar days after receipt of the notice of positions available. The minority group may designate a ranking member for each committee. Nothing prohibits a member of the minority group from serving as chair or vice chair of a committee, subcommittee, division, or commission. If the minority group for any reason fails to make its appointments pursuant to this rule, the majority group may make all the committee and budget division assignments.
- 10.3 The majority and minority committee assignments are subject to the uniform criteria governing committee assignments applicable to both the majority and minority groups. The uniform criteria must be promulgated by the majority group and transmitted to the minority group together with notification of committee and budget division positions available to the minority.
- 10.4 The senate resolution establishing representation on all senate standing committees must set forth committee assignments as made by the majority and minority groups.
- 10.5 A member may not serve as the chair of the same standing committee or the same division of a standing committee, or a committee or division with substantially the same jurisdiction, for more than three consecutive senate terms. This limit does not apply to the committee on rules and administration. This limit applies to time served as a chair in the seventy-eighth legislature and thereafter.
- 10.6 After the organization of the senate and after consultation with and the approval of the minority leader, the chair of the committee on rules and administration may add members to or delete members from a standing committee or division.

11. APPOINTMENTS BY SUBCOMMITTEE ON COMMITTEES

- 11.1 The committee on rules and administration may constitute a standing subcommittee on committees, the report of which within its jurisdiction has the effect of a report of the committee on rules and administration. The subcommittee consists of at least five members, including members of the minority group substantially in proportion to the number in the senate.
- 11.2 Unless otherwise provided, the subcommittee on committees shall appoint all members of commissions or other bodies authorized to be appointed by the senate and report the appointments to the senate.

12. COMMITTEE MEETINGS

A meeting of a caucus of the members of any of those bodies from the same political party need not be open to the public. A caucus of the Hennepin county, Ramsey county, or St. Louis county delegation is open to the public. For purposes of this rule, a meeting occurs when a quorum is present and action is taken regarding a matter within the jurisdiction of the body.
- 12.2 Any person may submit to the chair of the committee on rules and administration a complaint that members have violated the open meeting requirements of *Minnesota Statutes, Section 3.055*. A member of the senate may submit the complaint either orally or in writing; others must submit the complaint in writing. Whether the complaint was written or oral, the chair of the committee on rules and administration shall immediately forward it in writing to the subcommittee on ethical conduct without disclosing the identity of the complainant. The complaint must not be further disclosed without the consent of the complainant, except to the members against whom the complaint was made, unless the complaint was made by a member of the senate in writing under oath, in which case the investigatory procedures of Rule 55 apply.
- 12.3 To the extent practical, a committee, subcommittee, or division shall announce each meeting to the public at least three calendar days before convening. The notice must state the name of the committee, subcommittee, or division, the bill or bills to be considered, and the place and time of meeting. The notice must be posted on the senate's Web site and on all senate bulletin boards in the capitol and the state office building. A notice must be sent to the house of representatives for posting as it deems necessary. If the three day notice requirement cannot be met, the committee, subcommittee, or division shall give simultaneous notice to all of the known proponents and opponents of the bill as soon as practicable.

- 12.4 A senate committee, subcommittee, or division shall adjourn no later than 10:00 p.m. each day, unless two thirds of the members present vote to suspend this requirement.
- 12.5 Committees, subcommittees, and divisions may not meet while the senate is in session without permission of the senate. The names of the members excused shall be printed in the journal.
- 12.6 A majority of its members constitutes a quorum of a committee, subcommittee, or division.
- 12.7 Each standing committee of the senate, including a subcommittee or division of the committee, may at any time sit and act, investigate and take testimony on any matter within its jurisdiction, report hearings held by it, and make expenditures as authorized by the committee on rules and administration.
- 12.8 A standing committee, but not a subcommittee or division, may require by subpoena or otherwise the attendance and testimony of witnesses and the production of correspondence, books, papers, and documents, in the manner provided by *Minnesota Statutes, Section 3.153*.
- 12.9 Upon the request of a member of a committee, subcommittee, or division to which a bill has been referred, or upon the request of the chief author of the bill, a record must be made of the vote on the bill or any amendment in the committee, subcommittee, or division.
- 12.10 Upon request of three members of the committee before the vote is taken, the record of a roll call vote in a standing committee must accompany the committee report and be printed in the journal.
- 12.11 A committee report may only be based on action taken at a regular or special meeting of the committee. A report in violation of this rule is out of order.

If the senate adjourns without setting a time to reconvene, the senate shall convene on the next legislative day at 10:00 a.m.

14. PRESIDENT

- 14.1 The president shall take the chair at the time to which the senate adjourned. The president shall immediately call the members to order and, on the appearance of a quorum, shall proceed with the regular order of business.
- 14.2 The president may call a member to preside. In the absence of the president, the president pro tem, the chair of the committee on rules and administration, or the chair's designee, shall preside over the senate. In the absence of the president and the chair, the senate may select a member to perform the duties of the president. Substitutions do not extend beyond adjournment.
- 14.3 The president shall preserve order and decorum, may speak on points of order in preference to members, and shall also decide all questions of order, subject to an appeal to the senate by a member.
- 14.4 An appeal is decided by a majority vote of those present and voting. Upon an appeal from the decision of the president, the question is, "Shall the decision of the president be the judgment of the senate?"
- 14.5 The president shall sign all acts, memorials, addresses and resolutions. All writs, warrants, and subpoenas issued by the senate must be signed by the president and attested by the secretary.
- 14.6 Upon a finding by the committee on rules and administration that the president refuses or is unable to sign any of the documents described in this rule, the chair of the committee on rules and administration, or some other member selected by the committee, shall assume the duties of the president under this rule until the president is able to sign the documents described or until the senate elects a new president, whichever occurs first.

21. OBJECTIONS TO COMMITTEE REFERRALS

A member may question the proper reference of a bill at the time the bill is reported by a standing committee to which it was previously referred. However, a member may speak more than twice on the same subject and a call for the previous question may not be made.
- 23.4 Three members may request a roll call vote. The vote must be recorded in the journal along with the amendment.
- 23.5 The recommendations of the committee of the whole must be reported to the senate. The question is on the adoption or rejection of the report, and no other question may be admitted. The question may be divided to permit separate senate action on the report as to any bill.

- 25.3 The consent calendar must be electronically available or printed at least one calendar day before the matters on it are considered.

The motion takes precedence over all other questions except a motion to adjourn or recess. When a motion to adjourn is adopted before the disposition of the motion for reconsideration, a motion for reconsideration must lie over until the next succeeding day the senate meets except as provided in this rule.

30.2 When notice of intent to move reconsideration of the final action of the senate on a question is given by a member, the secretary shall retain the subject of the notice until after the expiration of the time during which the motion can be made.

30.4 A motion for reconsideration having been once voted on may not be made again nor reconsidered.

31. MOTION FOR THE PREVIOUS QUESTION

- 31.1 Unless a motion for the previous question is made specifically applicable to a subsidiary motion, it must be in this form: "Shall the main question now be put?" If the motion for the previous question is supported by a majority of the members present, its effect is to put an end to all debate and bring the senate to a direct vote upon all pending amendments in their order and then upon the main question.

- 35.4 Whether an amendment is germane is to be decided by the president, who may put the question to the body if the president chooses.
- 35.5 A motion to remove an amendment placed on a house bill under Rule 45.1 is out of order if removal of the amendment would make a portion of the house bill not germane to the senate companion for which it was substituted.
- 35.6 If a house amendment to a senate bill is not germane to the senate bill, a motion to concur in the house amendment is out of order.

36. DEBATE

- (or Madam) president." The member may not proceed to speak further until recognized by the president.

- 38.3 When the senate has been placed under call, a member may demand that the doors be closed and that no member be permitted to leave the chamber until the matter or question, if any, under consideration at the time of the call is disposed of, or until the call is lifted by a majority of the whole senate, or until the senate adjourns.

- 41.3 When members have had an opportunity to vote and fail to do so, a majority of the whole senate may, by motion, direct the president to close the roll.

If the bills are identical, the report must recommend that the house bill be given its second reading and substituted for the senate companion bill and the senate companion bill be indefinitely postponed. - 45.3 A house bill placed on the calendar by substitution must not be given its third reading on the same day as the substitution.

46. CONFERENCE COMMITTEES

46.1 The committee on rules and administration may constitute a standing subcommittee on conference committees, the report of which within its jurisdiction has the effect of a report of the committee on rules and administration. The subcommittee consists of three members, one of whom must be a member of the minority group.

46.2 The subcommittee on conference committees shall appoint all conference committees of the senate and report the appointments to the senate. In the appointment of members of conference committees between the two houses, the subcommittee on conference committees shall appoint those who are in accord with the position of the senate. Whenever practical, the subcommittee shall give preference to authors of bills in dispute and to members of standing committees in which the bills were considered.

47. DISPOSITION OF BILLS ON ADJOURNMENT

Adjournment of the regular session in an odd-numbered year to a date certain in the following year is equivalent to daily adjournment, except that a bill on the calendar, consent calendar, general orders, or table, other than a bill laid on the table after being vetoed by the governor or after its conference committee has been discharged under Joint Rule 3.02, must be returned to the standing committee other than the committee on rules and administration from which it was last reported to the senate, unless otherwise provided for by motion before adjournment. Bills returned to committee under this rule must, upon request of the chief author, be given priority for consideration by the committee in the even-numbered year ahead of all other bills in the order in which they appeared on the calendar, consent calendar, or general orders.

48. PRINTING AND DISTRIBUTION OF BILLS

- 48.1 Unless otherwise ordered by the senate, all senate bills that have been reported upon favorably or without recommendation by a committee must be electronically available or printed before consideration by the senate or the committee of the whole.
- 48.2 A house bill amended by the senate must be unofficially engrossed and electronically available or printed when placed on general orders.
- 48.3 A bill may be electronically available or printed by order of the secretary when amended after second reading.
- 48.4 A bill must be electronically available or printed when ordered by the senate.
- 48.5 Action by the senate on a bill that has not been printed is a waiver of the printing requirement.
 48.6 To the extent practical, the secretary shall provide a copy of any bill to the public and may charge a reasonable fee.

49. JOURNAL AND INDEX

- 49.1 The secretary shall keep a correct journal of the proceedings of the senate and shall perform other duties assigned to the secretary.
- 49.2 The secretary shall not permit journal records, accounts or papers to be taken out of the secretary's custody, other than in the regular mode of business. If a document in the secretary's charge is missing, the secretary shall report the fact to the president, so that inquiry maybe made.
- 49.3 The secretary shall supervise the recording of proceedings in the journal, the engrossing, transcribing and copying of bills and resolutions, and generally perform the duties of secretary, under direction of the committee on rules and administration.
- 49.4 The journal of each day's proceedings is open for correction at any time during the session of the next day the senate meets. Unless corrected on that day, the journal stands approved.
- 49.5 The secretary shall keep a record of all senate and house bills showing the status of each bill pending, until its final passage.

50. ELECTRONIC RECORDINGS

50.1 The secretary shall cause to be recorded on electronic media the proceedings of the senate, the committee of the whole, and each standing committee, subcommittee, and division. Each electronic record must be clearly labeled to show the name of the body whose proceedings are recorded and the dates the proceedings occurred. Each electronic record of the proceedings of the senate and the committee of the whole must be accompanied by a log showing the number of each bill considered and the places on the record where consideration of the bill occurred.

50.2 Within two working days after each senate session, the secretary shall make a copy of the electronic record and corresponding log of proceedings of the senate and the committee of the whole available to the legislative reference library.

50.3 Within one week after each meeting of a standing committee, subcommittee, or division, the secretary shall make the electronic record of the meeting available to the legislative reference library, together with an agenda showing bills considered and any action taken on them.

50.4 Upon completion and approval of the minutes of the meeting, the secretary shall promptly deliver a copy of the minutes to the legislative reference library.

50.5 The secretary shall keep a record of each session of the senate and the committee of the whole, each meeting of a senate standing committee, subcommittee, or division and the date on which the electronic record of the session or meeting was made available to the legislative reference library. The library shall keep a similar record of all electronic records to which it has been given access.

50.6 The library shall provide committee staff with reasonable access to senate electronic records and shall provide the public with convenient facilities to listen to them.

50.7 The secretary shall make copies of senate electronic records available to the public for a fee determined by the secretary to be adequate to cover the cost of preparing the copies. A copy must be provided free to a member of the senate upon request for use in legislative business.

50.8 The secretary shall keep the original electronic record and log of each session of the senate and the committee of the whole until the end of the period for which the members of the existing house of representatives have been elected, at which time the electronic record may be preserved or disposed of as the secretary sees fit. The legislative reference library shall keep electronic records, logs, and minutes forwarded to it until two years after the end of the period for which the members of the existing senate have been elected, at which time they may be preserved or disposed of as the library sees fit.

50.9 The senate intends that testimony and discussion preserved under this rule not be admissible in any court or administrative proceeding on an issue of legislative intent.

51. OTHER DUTIES OF SECRETARY

51.1 The secretary shall not issue a certificate authorizing the payment of money by virtue of a motion or resolution, unless the motion or resolution is voted for by a majority of the whole senate on a roll call vote. 51.2 The secretary and the engrossing secretary shall correct all mistakes in numbering the sections and reference to them, whether the errors occur in the original bill or are caused by amendments to it. 51.3 The secretary is the agent of the senate for the purchase of supplies and services. The secretary's records on purchase of supplies and services are open for inspection.

51.4 The secretary shall adopt administrative controls to ensure that each member is accountable for the member's own long distance telephone calls and that senate telephones are used only for senate business. 51.5 By the 15th day of April, July, October, and January of each year, the secretary shall submit a detailed report of senate expenditures during the previous quarter to the committee on rules and administration. 51.6 The secretary's public records may be inspected during normal business hours.

52. SERGEANT-AT-ARMS

The sergeant-at-arms shall execute all orders of the president and perform all assigned duties connected with the police and good order of the senate chamber; exercise supervision over the entry and exit of all persons to and from the chamber; see that messages are promptly delivered; see that the hall is properly ventilated and the temperature is properly regulated, and that the chamber is open for the use of members of the senate at least one half hour before the start of a session; and perform all other services pertaining to the office of sergeant.

53. BUDGET AND EXPENDITURES

- 53.1 The committee on rules and administration shall adopt an operating budget for the senate.
- 53.2 All propositions for the appointment and payment of employees of the senate or for expenditures of the legislature, other than those provided by law, must be referred without debate to the committee on rules and administration.

54. EMPLOYEES

- 54.1 The committee on rules and administration shall establish positions, set compensation, appoint employees, and authorize expense reimbursement for employees as it deems necessary to carry out the work of the senate. At the request of any committee member, an action of the committee must be submitted as a senate resolution for adoption by the senate.
- 54.2 The secretary shall keep a roster of all employees of the senate, including positions and compensation, which must be open for inspection by the public.
- 54.3 The secretary shall post, in a public place in the capitol, a notice of every vacant position on the permanent staff of the senate. The notice must remain posted for at least two weeks, and no vacancy may be filled until the period of posting has elapsed.
- 54.4 Except as otherwise provided in these rules, the committee on rules and administration has full and exclusive authority over, and charge of all employees of the senate both elected and appointed. The committee has the sole and exclusive power and authority to assign them to duties other than for which they were elected or appointed as the committee may provide.
- 54.5 The committee may make employment rules and regulations. In case of violation of an order of the committee by an employee, or in case of a violation of a rule or regulation made by the committee, or in case of misconduct or omission by an employee, the committee on rules and administration may hear complaints and discharge the employee or impose discipline, a fine, or other punishment upon the employee.
- 54.6 The secretary shall supervise the employees under the direction of the committee on rules and administration.

55. SUBCOMMITTEE ON ETHICAL CONDUCT

- 55.1 The subcommittee on committees shall appoint a subcommittee on ethical conduct of the committee on rules and administration consisting of four members, two from the majority group and two from the minority group.
- 55.2 The subcommittee shall serve in an advisory capacity to a member or employee upon written request and shall issue recommendations to the member or employee. A member may request the subcommittee to provide its advice on a potential conflict of interest to the member in private. If so requested, the subcommittee shall conduct its proceedings on the advisory opinion in private. The request, proceedings on the request, and any advice given by the subcommittee in response to the request must remain private. The member may not use an advisory opinion from the subcommittee as a defense to a complaint under this rule unless the opinion has been adopted by the subcommittee at a public meeting.
- 55.3 The subcommittee shall investigate a complaint by a member of the senate in writing under oath received before adjournment *sine die* in the last year of a senate term or during a special session held after that time regarding improper conduct by a member or employee of the senate. The subcommittee has the powers of a standing committee to issue subpoenas under *Minnesota Statutes, Section 3.153*.
- 55.4 Within 30 days after receiving a complaint, the subcommittee must meet and either make a finding of no probable cause, vote to defer action until a certain time, or proceed with its investigation.
- 55.5 In order to determine whether there is probable cause to believe that improper conduct has occurred, the subcommittee may, by a vote of three of its members, conduct a preliminary inquiry in executive session to which the open meeting requirements of Rules 12.1 to 12.3 do not apply. The executive session may be ordered by a vote of three of its members whenever the subcommittee determines that matters relating to probable cause are likely to be discussed. The executive session must be limited to matters relating to probable cause. Upon a finding of probable cause, further proceedings on the complaint are open to the public.
- 55.6 The subcommittee may appoint special counsel to provide expert advice on how to conduct its proceedings. The subcommittee may appoint a suitable person to conduct the investigation and report findings of fact and recommendations for action to the subcommittee.
- 55.7 If, after investigation, the subcommittee finds the complaint substantiated by the evidence, it shall recommend to the committee on rules and administration appropriate disciplinary action.

- 55.8 To minimize disruption of its public proceedings, the subcommittee may require that television coverage be pooled or be provided by senate media services.
- 55.9 If criminal proceedings relating to the same conduct have begun, the subcommittee may defer its proceedings until the criminal proceedings have been completed.
- 55.10 The senate intends that proceedings of the subcommittee on ethical conduct not be admissible in any criminal proceeding.

56. STANDARDS OF ETHICAL CONDUCT

- 56.1 Members shall adhere to the highest standard of ethical conduct as embodied in the Minnesota constitution, state law, and these rules.
- 56.2 A member shall not publish or distribute written material if the member knows or has reason to know that the material includes any statement that is false or clearly misleading, concerning a public policy issue or concerning the member's or another member's voting record or position on a public policy issue.
 56.3 Improper conduct includes conduct that violates a rule or administrative policy of the senate, that violates accepted norms of senate behavior, that betrays the public trust, or that tends to bring the senate into dishonor or disrepute.

57. CONFLICTS OF INTEREST

A member who in the discharge of senatorial duties would be required to take an action or make a decision that would substantially affect the member's financial interests or those of an associated business, unless the effect on the member is no greater than on others in the member's business classification, profession, or occupation, shall disclose the potential conflict of interest by following the procedure set forth in *Minnesota Statutes*, *Section 10A.07*.

58. LOBBYISTS

58.1 A lobbyist shall not appear before a senate committee pursuant to the lobbyist's employment unless the lobbyist is in compliance with the law requiring lobbyist registration, *Minnesota Statutes, Sections 10A.03 to 10A.06*. A lobbyist, when appearing before a committee, shall disclose to the committee on whose behalf the lobbyist speaks and the purpose of the lobbyist's appearance.

58.2 A lobbyist shall not knowingly, either directly or through a third party, furnish false or misleading information or make a false or misleading statement that is relevant and material to a matter before the senate or any of its committees when the lobbyist knows or should know it will influence the judgment or action of the senate or any of its committees, subcommittees, or divisions.

58.3 The subcommittee on ethical conduct shall investigate a complaint by a member of the senate in writing under oath received before adjournment *sine die* in the last year of a senate term or during a special session held after that time that a lobbyist has violated Rule 58.1 or 58.2. The investigatory procedures of Rule 55 apply, except as provided in this rule. The complaint and proceedings on the complaint are private until the subcommittee has found probable cause to believe that a violation of Rule 58.1 or 58.2 has occurred, unless they are made public by the lobbyist whose conduct is the subject of the complaint or by the vote of at least three members of the subcommittee.

59. AMENDMENTS TO RULES

Every proposition to amend a rule of the senate must be referred to the committee on rules and administration. The proposition may not be acted upon until the report of the committee is received by the senate

PERMANENT RULES OF THE HOUSE OF REPRESENTATIVES

The 84th Regular Session

ARTICLE 1 - DAILY BUSINESS

1.01 CONVENING OF THE HOUSE. Unless otherwise ordered, the house convenes at 3:00 p.m. The speaker must take the chair at the appointed hour and call the house to order. The call to order is followed by a prayer by the chaplain or time for a brief meditation, then by the pledge of allegiance to the flag of the United States of America, and then by a call of the roll of members. The names of members present and members excused must be entered in the journal of the house.

1.02 READING OF THE JOURNAL. If a quorum is present, the chief clerk must read the journal of the preceding day, unless otherwise ordered. The house may correct errors in the journal of the preceding day. 1.03 ORDER OF BUSINESS. After the journal is read, the order of business of the day is:

- (1) Presentation of petitions or other communications
- (2) Reports of standing committees
- (3) Second reading of house bills
- (4) Second reading of senate bills
- (5) Reports of select committees

- (6) Introduction and first reading of house bills
- (7) Consideration of messages from the senate
- (8) First reading of senate bills
- (9) Consent calendar
- (10) Calendar for the day
- (11) Motions and resolutions

The house may advance or revert from any order of business to any other order of business, by majority vote of the whole house. Conference committees on house bills and the committee on rules and legislative administration may report at any time.

1.04 REPORTING OF BILLS. A bill must be reported to the house on three different days before its passage, except as provided in Rule 5.02. The first report, called the first reading, occurs when it is introduced; the second report, called the second reading, occurs when it has been reported by the appropriate standing committees for consideration by the house; the third report, called the third reading, occurs when it is ready for the vote on passage.

1.10 INTRODUCTION OF BILLS AND RESOLUTIONS. A bill or resolution must be submitted to the speaker at least 24 hours before the convening of the daily session at which it is to be introduced. A bill or resolution must be introduced in triplicate and each copy must bear the signature of the member or the name of the committee introducing it. In regular session, a bill prepared by a department or agency of state government must be introduced and given its first reading at least ten days before the date of the first committee deadline.

1.11 FIRST READING AND REFERENCE OF BILLS. A bill or resolution must be reported and given its first reading when it is introduced. A bill or resolution must not be objected to when it is introduced. After its first reading, the speaker must refer a bill or resolution to the appropriate standing committee or division, except as provided in Rule 1.15 and Rule 1.13. Congratulatory resolutions referred to in Rule 4.02 are exempt from this rule. Except as otherwise provided in these rules, after the speaker refers a bill or resolution, a majority vote of the whole house is required for the house to re-refer the bill or resolution. 1.12 AUTHORS OF BILLS AND RESOLUTIONS. A bill, memorial, or resolution must not have more than 35 authors. After a bill or resolution is introduced and given its first reading: (a) a member may be removed as an author, by motion of the member; and (b) a member wishing to be an author may be added as an author, by motion of the author of the bill or resolution.

1.13 INTRODUCTION OF COMMITTEE BILLS. A standing or special committee of the house may introduce a bill as a committee bill on any subject within its purview. When a committee bill is introduced and read for the first time, the speaker may refer it to a standing committee. If the speaker does not refer it, the bill must be laid over one day. Then it must be read for the second time and placed on the general register or, if recommended by the committee, on the consent calendar.

1.14 RECESS BILL INTRODUCTIONS. During the period between the last day of the regular session in an odd-numbered year and the first day of the regular session in the next year, a bill filed with the speaker for introduction must be given a file number and may be unofficially referred by the speaker to an appropriate standing committee.

1.15 DISPOSITION OF SENATE FILES. A senate file received by the house that is accompanied by a message announcing its passage by the senate must be referred to the appropriate standing committee under

Rule 1.11. But if a senate file is received that a member requests be compared to a house file already reported by a standing committee of the house and placed on the general register or on the calendar for the day or the consent calendar, the senate file must be referred to the chief clerk for comparison. If the chief clerk reports that the senate file is identical to the house file, the senate file may, by majority vote, be substituted for the house file and take its place. The fact that the bills are identical must be entered in the journal and the house file is then considered withdrawn. A senate file that is amended on the floor of the house, except at the time of final passage, and a senate file that has been reported to the house with amendments by a house standing committee, must be unofficially engrossed and reprinted by the chief clerk. An amendment may be offered to an unofficial engrossment of a senate file.

1.20 GENERAL REGISTER. The general register consists of all bills that have received a second reading, except those placed on the consent calendar under Rule 1.23. Bills must be placed on the general register in the order that they receive their second reading. A bill must be on the general register, be given to each member, and be available to the public before it may be considered by the house on the calendar for the day or the fiscal calendar. Each day that the house meets in session, the chief clerk must publish a list of the bills on the general register.

1.21 CALENDAR FOR THE DAY. The calendar for the day is a list of bills that are to be considered that day by the house. The house must consider each item on the calendar for the day in the order determined by the presiding officer. After consideration by the house, unless otherwise disposed of, the bill must immediately be given its third reading and placed upon its passage. A bill that has received its second reading may be placed on the calendar for the day by the committee on rules and legislative administration or by order of the house upon the motion of a member as provided in this rule. The committee on rules and legislative administration must designate the bills that are to be on the calendar for the day. During regular session, the committee must designate the bills by 5:00 p.m. the day before the day that the bills are to be on the calendar, except that the committee may designate the bills at any time in an odd-numbered year after the first Monday following the third Saturday in April, and in an even-numbered year after a day specified by the committee on rules and legislative administration. After the committee designates the bills, the chief clerk must publish the calendar for the day. A bill that is on the general register for more than ten legislative days may be placed on the calendar for the day by a majority vote of the whole house, acting on the motion of a member. A bill placed on the calendar for the day in this manner must be considered first the next time that the house reaches the order of business "calendar for the day." A member must give notice to the speaker and the chief clerk three legislative days before making a motion to place a bill on the calendar for the day . The notice must specify the number and title of the bill. Only the member who gave notice to the speaker and the chief clerk, or another member designated in writing by the member who gave notice, may make the motion to place the bill on the calendar for the day. After the third legislative day following the day of notice, the motion must be made the first time that the house reaches the order of business "motions and resolutions." If the motion is not made at that time, the member who gave notice forfeits the right to make that motion. A bill may be continued on the calendar for the day by a majority vote of the whole house. A third motion by the author of a bill to continue it on the calendar for the day is not in order; upon such a motion, the bill must be stricken from the calendar and returned to the general register in the order of its second reading. The calendar for the day expires when the house adjourns for the day, unless the house, by a majority vote of the whole house, continues items remaining on the calendar to the next day.

1.22 FISCAL CALENDAR. A finance bill that has had its second reading must be considered by the house when requested by the chair of the committee on ways and means or by a designee of the chair. A bill relating to taxes or raising revenue that has had its second reading must be considered by the house when requested by the chair of the committee on Taxes or a designee of the chair. During regular session, a chair must announce the intention to make the request by 5:00 p.m. the legislative day before the day that the request for consideration is to be made, except in an odd-numbered year after the first Monday following the third Saturday in April, and in an even-numbered year after a day specified by the committee on rules and legislative administration. During periods when the 5:00 p.m. requirement does not apply, the chair must announce the intention at least two hours before making the request. After consideration by the house on the fiscal calendar, unless otherwise disposed of, the bill must immediately be given its third reading and placed upon its passage.

1.23 CONSENT CALENDAR. If a committee determines that a bill it recommends to pass is not controversial, the committee may in its report recommend that the bill be placed on the consent calendar. After the report is adopted and the bill has received its second reading, the bill must be placed on the consent calendar and given to each member at least one day before it may be considered by the house. Bills must be placed on the consent calendar in the order that they receive their second reading and must be considered by the house in the order determined by the presiding officer. After consideration by the house, a bill on the consent calendar must immediately be given its third reading and placed upon its passage. But if, before its third reading, ten members object to the bill as being controversial, the bill must be stricken from the consent calendar and be placed on the general register in the order of second reading.

1.30 THIRD READING OF BILLS. An amendment must not be received after the third reading of a bill without unanimous consent, except to fill blanks or to amend the title. At any time before it is passed, a bill or resolution may be referred or re-referred by a majority vote of the whole house. If the committee to which it is referred or re-referred reports an amendment to it, the bill or resolution must again be given its second reading and placed on the general register.

1.40 PUBLICATION OF BILLS FOR THE HOUSE. After a bill receives its second reading, the bill must be prepared and published for consideration by the house. A majority of the house may order the publication of a bill at any time.

1.50 ADJOURNING OF THE HOUSE. The house may not meet during a legislative day after midnight, except that the house, by majority vote, may meet past the time of adjournment required by this rule.

ARTICLE 2 - FLOOR PROCEEDINGS, VOTING, DECORUM

2.01 ABSENCE OF MEMBERS AND OFFICERS. Unless illness or other sufficient cause prevents attendance, a member or officer of the house must not be absent from a session of the house without the prior permission of the speaker.

2.02 CALL OF THE HOUSE. Ten members may demand a call of the house at any time until voting begins. When a call is demanded, the doors of the chamber must be closed, the roll called, and the absent members sent for; and no member is allowed to leave the chamber until the roll call is suspended or completed. During the roll call, no motion is in order except a motion pertaining to matters incidental to the call. Proceedings under the roll call may be suspended by a majority vote of the whole house. After the roll call is suspended or completed the sergeant-at-arms must not permit a member to leave the chamber unless the member is excused by the speaker. A call of the house may be lifted by a majority vote of the whole house.

2.03 ROLL CALL VOTE. A roll call vote is required to pass a bill or to adopt a resolution or motion directing the payment of money. In all other cases a roll call vote may be ordered only if 15 members demand it.

2.04 EXPLAINING OR CHANGING VOTE. A member must not explain a vote or discuss the question during a roll call vote. A member must not change a vote or move for the record an intention to have voted or voted differently after the result of the roll call vote is announced from the chair by the speaker. 2.05 EVERY UNEXCUSED MEMBER TO VOTE. A member who has an immediate interest in a question must not vote on it. Every other member present before the result of a vote is declared by the presiding officer must vote for or against the matter before the house, unless the house excuses the member from voting. But a member is not required to vote on any matter concerning a memorial resolution. A member who does not vote when the member's name is called must state reasons for not voting. After the vote has been taken but before the presiding officer has announced the result of the vote, the presiding officer must submit to the house the question: "Shall the member, for the reasons stated, be excused from voting?" The question must be decided without debate. After the question is decided, the presiding officer must announce the result of the vote, after which other proceedings about the non-voting member may take place.

2.10 ELECTRONIC VOTING SYSTEM. An electronic voting system under the control of the speaker may be used to take any vote except a vote on an election. A member must not vote on a question except at the member's own seat in the chamber.

- 2.15 RECORDED FLOOR PROCEEDINGS. Proceedings on the floor of the house must be recorded on an appropriate audio recording medium under the direction of the chief clerk. The chief clerk must transmit a copy of the recordings to the director of the legislative reference library. The legislative reference library must keep the recordings available for public use under its rules during the legislative biennium when the recordings were created and for eight years thereafter. The library may then preserve or dispose of the recordings as the library sees fit. A person may obtain a copy of a recording while it is kept in the library by paying a fee determined by the house controller to cover the cost of preparing the copy. Discussion preserved under this rule is not intended to be admissible in a court or administrative proceeding on an issue of legislative intent.
- 2.20 DUTIES OF MEMBERS. Members must keep their seats until the speaker announces adjournment. A member, before speaking, must rise and respectfully address the speaker and must not speak further until recognized by the speaker. If more than one member rises at the same time, the speaker must select the member to speak first.
- 2.21 NOTICE OF INTENT TO DEBATE A RESOLUTION. A member may give notice of intent to debate a resolution, except a resolution introduced as a house file or a senate file under Rule 4.02 or a resolution offered by the committee on rules and legislative administration or the committee on ethics. The notice may be given at any time before the vote is taken on the resolution. If the notice is given, the resolution must be laid over one day without debate or any other action.
- 2.30 QUESTIONS OF ORDER. If a member violates the rules in any way, the speaker must, or another member may, call the member to order. The member called to order must immediately sit down unless another member moves to permit the member who was called to order to explain. In either case, the house, if appealed to, must decide the question without debate. Only if the decision is in favor of the member called to order may that member proceed. The house may censure or punish a member called to order. 2.31 OFFENSIVE WORDS IN DEBATE. If a member is called to order for offensive words in debate, the member calling for order must report the words to which exception is taken and the clerk must record them. A member must not be held to answer, or be subject to censure of the house, for language used in debate unless exception is taken before another member speaks or other business takes place.
- 2.32 ORDER IN DEBATE. Except for the member who offered the motion, amendment, or proposition under consideration, a member must not speak more than twice on the subject, without leave of the house, nor more than once until every other member wishing to speak on the subject has had an opportunity to do so
- 2.33 ORDER DURING SESSION. A member must not walk out of or across the chamber while the speaker is putting the question. A member must not engage in private conversation while another member is speaking or pass between a speaking member and the chair. A member must not disrupt order and decorum in the chamber by possessing or using any audiovisual display, including but not limited to placards, signs, photographs, visual aids, or the use of any video images or audio, except for such items that are distributed to members at their desks for the purpose of conducting business of the day.
- 2.34 PERSONS BY THE CHIEF CLERK'S DESK DURING VOTE. No person may remain by the chief clerk's desk during a roll call vote.
- 2.40 ADMITTANCE TO FLOOR. No person other than a member may be admitted to the house chamber, except: properly authorized employees; the chief executive and ex-governors of the state of Minnesota; members of the senate; heads of departments of the state government; judges of the supreme court, court of appeals, and district courts; members of congress; and properly accredited representatives of radio and television stations, newspapers and press associations, as provided for in these rules. Any other person may be issued a permit by the speaker good for the day, but that person must be seated near the speaker's rostrum, and must not engage in conversation that disturbs the business of the house. Before issuing a permit, the speaker must make certain that the person does not seek the floor of the house to influence decisions of the house. The alcoves in the chambers are for the use of members only, and the sergeant-at-arms must keep them clear of others. From one hour before the time the house is scheduled to convene until one hour after the house adjourns for the day, the retiring room is reserved for the exclusive use of the members and employees of the house. As long as the senate prohibits entry of house members into its retiring room, no senators may enter the house retiring room during the time it is reserved for exclusive use of members and employees. A committee meeting must not be held there except emergency meetings authorized by the speaker. The sergeant-at-arms must strictly enforce this provision. Unless an extraordinary condition exists the speaker must not entertain a request to suspend this rule or present the request of a member for unanimous consent to suspend this rule.

2.41 MEDIA NEWS REPORTERS. Accredited representatives of the press, press associations, and radio and television stations must be given equal press privileges by the house. A person wishing to report proceedings of the house may apply to the chief sergeant-at-arms for a media pass and assignment to suitable available space. The sergeant may coordinate the issuance of media passes with the appropriate senate authority. Television stations must be permitted to televise sessions of the house. Media representatives must be allowed access to both wells in the gallery of the house chambers.

ARTICLE 3 - MOTIONS, AMENDMENTS, AND OTHER PROPOSITIONS

- 3.01 AMENDMENTS AND OTHER MOTIONS. An amendment or other motion must not be debated until after it is stated by the speaker. After an amendment or other motion is stated by the speaker it is in possession of the house, but the mover may withdraw it at any time before it is amended or decided. Unless a motion, resolution, or amendment is withdrawn on the day it is made, it must be entered in the Journal, with the name of the member offering it. Except as otherwise permitted by the speaker, an amendment or other motion must be in writing, and five copies of it must be given to the chief clerk.
- 3.02 ORDER OF PUTTING QUESTION; FILLING BLANKS. Except for a privileged question, questions before the house or a committee must be put in the order they are moved. In filling a blank, a motion for the largest sum or the longest time must be put first.
- 3.03 DIVISION OF A QUESTION. A member may request the division of a question that contains more than one separate and distinct point. A motion to strike and insert is not divisible. The failure of a motion to strike does not preclude another motion to amend or to strike and insert.
- 3.10 PRECEDENCE OF MOTIONS. While a question is under consideration, only the following motions may be received:
 - (1) To fix the time of adjournment
 - (2) To adjourn
 - (3) To lay on the table
 - (4) For the previous question
 - (5) To refer

- (6) To postpone to a day certain
- (7) To amend
- (8) To postpone indefinitely
- (9) To pass
- The first four motions must be decided without debate. The motions have precedence in the order listed, except that if the motion for the previous question has been properly made, and if necessary seconded, and the main question ordered, the motion to lay on the table is not in order.
- 3.11 MOTION TO ADJOURN. A motion to adjourn is always in order except during a roll call. After a motion to adjourn is made, before putting the question, the speaker may permit any member to state reasons why adjournment might be improper at that time. A statement is not debatable and must be limited to two minutes.
- 3.12 MOTION TO LAY ON THE TABLE. A motion to lay on the table is not in order on a motion to amend, except that a motion to amend the rules may be tabled.
- 3.13 THE PREVIOUS QUESTION. The previous question may be moved by a member who is seconded by 15 members. If the motion for the previous question is ordered by a majority of members present, its effect is to put an end to all debate and bring the house to direct vote upon the question. Before the presiding officer submits a motion for the previous question to the house, a call of the house is in order. After a majority has ordered the previous question, a call of the house is not in order before the decision on the main question. When the previous question is decided in the negative, the main question remains under debate until it is disposed of by a vote on the question, by a subsequent motion calling for the previous question under this rule, or in some other manner. All incidental questions of order arising after a motion is made for the previous question and before the vote on the main question must be decided without debate.

3.14 MOTION TO RECONSIDER. After a question is decided either in the affirmative or negative, a member who voted with the prevailing side may move to reconsider it. The motion must be made on the same day the vote was taken or on either of the next two days that the house meets in session and has possession of the matter. The motion may be made at any time in the order of business. It takes precedence over any other question except a motion to adjourn and a notice of intent to move to reconsider. The motion to reconsider, or notice of intent to make it, must not be made if the document, bill, resolution, message, report or other subject of official action on which the vote was taken has left the possession of the house. When a member gives notice of intent to move to reconsider the final action of the house on a bill, resolution, message, report or other subject of official action, the chief clerk must keep it until the matter is disposed of or the time has expired for the motion. In regular session, notice of intent to move to reconsider must not be made in an odd-numbered year after the fifth Monday preceding the last Monday that the house may meet in regular session and in an even-numbered year after a date specified by the committee on rules and legislative administration. On the last day allowed for the motion to reconsider, a member who voted on the prevailing side may make the motion, unless the matter has been already disposed of. If a motion to reconsider fails, it must not be renewed.

- 3.15 MOTION TO RESCIND. A motion to rescind is not in order at any time in any proceeding in the house or in any committee of the house.
- 3.20 AMENDMENTS TO AMENDMENTS. An amendment may be amended, but an amendment to an amendment must not be amended.
- 3.21 MOTIONS AND PROPOSITIONS MUST BE GERMANE. A motion or proposition on a subject different from that under consideration must not be admitted under guise of its being an amendment. A motion, amendment, or other proposition offered to the house is out of order if it is not germane to the matter under consideration. Whether a proposition is germane to the matter under consideration is a question to be decided by the presiding officer, who may put the question to the house.
- 3.22 AMENDMENT TO INCREASE AN APPROPRIATION OR TAX. The concurrence of a majority of the whole house, determined by a roll call vote, is required to adopt an amendment increasing an appropriation or a tax.
- 3.30 EXPENDITURE OF HOUSE FUNDS. The concurrence of a majority of the whole house, determined by a roll call vote, is required for favorable action on a resolution or motion involving the expenditure of money appropriated by the legislature to the house. The resolution or motion must be referred to the committee on rules and legislative administration before being acted on by the house.

ARTICLE 4 - BILLS AND RESOLUTIONS

- 4.01 BILL AND RESOLUTION FORM. A bill or resolution must not be introduced until it has been examined and approved by the revisor of statutes as to form and compliance with these rules and the joint rules of the house and senate. The revisor's approval must be endorsed on the bill or resolution. A bill that is divided into articles may include or be accompanied by a table of contents.
- 4.02 RESOLUTIONS. A statement of facts being forwarded for action to a governmental official, agency, or body or other similar proposal is a memorial and must be introduced in the same form and take the same course as a bill. A joint resolution and any resolution requiring the signature of the governor must be introduced in the same form and take the same course as a bill. A resolution must not authorize expenditure from any source other than the money appropriated by the legislature to the house. Congratulatory resolutions do not require consideration or adoption by the house. A resolution must not be changed to a bill, and a bill must not be changed to a resolution.
- $4.03~\rm WAYS~\rm AND~\rm MEANS~\rm COMMITTEE;$ BUDGET RESOLUTION; EFFECT ON EXPENDITURE AND REVENUE BILLS.
 - (a) The committee on ways and means must hold hearings as necessary to determine state expenditures and revenues for the fiscal biennium.
 - (b) Within 20 days after the last state general fund revenue and expenditure forecast for the next fiscal biennium becomes available during the regular session in the odd-numbered year, the committee on ways and means must adopt and report a budget resolution, in the form of a house resolution. The budget resolution must set: (a) the maximum limit on net expenditures for the next fiscal biennium for the general fund, excluding any increased expenditures for tax reduction and relief; and (b) an amount or amounts to be set aside as a budget reserve and a cash flow account. The house budget resolution must not specify, limit, or prescribe revenues or expenditures by any category other than those specified in clauses (a) and (b). After the house adopts the budget resolution, the limits in the resolution are effective during the regular session in the year in which the resolution is adopted,

unless the resolution is amended according to the process specified in paragraph (f).

(c) During the regular session in the even-numbered year, before the committee on ways and means reports a bill containing net increases or decreases in expenditures as compared to general fund expenditures in the current fiscal biennium estimated by the most recent state budget forecast, the committee must adopt a budget resolution that accounts for the net changes in expenditures. Adoption of the resolution by the committee must be reported to the house according to paragraph (g). After the committee adopts the budget resolution, and after the process in paragraph (g) is completed, it is effective during the regular session that year, unless a different or amended resolution is adopted according to the process specified in paragraph (f). (d) In the odd-numbered year, within 14 days after the house adopts a budget resolution, the committee must adopt and report a resolution setting limits for each budget category represented by the major finance and revenue bills identified in paragraph (i). The committee may also, in a resolution, set limits for funds other than the general fund. After the house adopts the resolution, the limits in the resolution are the maximums effective during the regular session in the year in which the resolution is adopted, unless the committee or the house subsequently adopts different

(e) In the even-numbered year, after the budget resolution is adopted by the committee, the committee must adopt a resolution setting limits for each budget category represented by the major finance and revenue bills identified in paragraph (i). The committee may also, in a resolution, set limits for funds other than the general fund and the committee may set a limit for total bonding authorized in a bill. Adoption of the resolution must be reported to the house according to paragraph (g). After the committee adopts the resolution, and after the process in paragraph (g) is completed, the limits in the resolution are effective during the regular session in the year in which the resolution is adopted, unless different or amended limits are adopted according to the process specified in paragraph (f).

or amended limits for the same fiscal biennium according to the process specified in

paragraph (f).

- (f) After the house adopts a budget resolution or a resolution setting limits, the committee on ways and means may amend the resolution. If the committee amends a resolution, that amendment must be reported to the house by the chair of the committee and printed in the house journal. On the next day the house is in session, under the order of motions and resolutions, a member may make a motion to reject the amendment to a resolution made by the ways and means committee. If that motion prevails, the amendment made by the ways and means committee is rejected. If no motion is made or a motion is made and does not prevail, the amendment made by the ways and means committee is adopted. The house may not amend a report of the committee on ways and means under this paragraph. It is not in order to give notice of intent to reconsider at a later time or move to reconsider on a later day the motion to reject the amendment of the committee on ways and means under this paragraph. After the chair of the committee on ways and means reports an amendment to limits under this paragraph, the committee may not report a bill affected by the proposed amendment to the limits until the time has passed for the house to act under this paragraph. The limits for a bill that has already been given its second reading are not subject to amendment unless that bill is re-referred to a committee.
- (g) After the committee adopts a budget resolution or a resolution setting limits in the even-numbered year, the committee action must be reported to the house by the chair of the committee and printed in the house journal. On the next day the house is in session, under the order of motions and resolutions, a member may make a motion to reject a resolution adopted by the ways and means committee. If that motion prevails, the resolution adopted by the ways and means committee is rejected. If no motion is made or a motion is made and does not prevail, the resolution adopted by the ways and means committee is adopted. The house may not amend a report of the committee on ways and means under this paragraph. It is not in order to give notice of intent to reconsider at a later time or move to reconsider on a later day the motion to reject the report of the committee on ways and means under this paragraph.
- (h) The major finance or revenue bills may not be combined.

(i) Major finance and revenue bills are:
 the higher education finance bill;
 the education finance bill;
 the agriculture and rural development
 finance bill;
 the environment and natural resources
 finance bill;
 the health finance bill;

the state government finance bill; the jobs and economic opportunity finance bill; the transportation finance bill; the public safety finance bill; the omnibus capital investment bill; and the omnibus tax bill.

- (j) After the adoption of a resolution by the house or by the committee on ways and means, each finance committee, the committee on capital investment, and the committee on taxes must reconcile each finance and revenue bill described in Rule 4.10 and Rule 4.11 with the resolution or resolutions. When reporting a bill, the committee must provide to the committee on ways and means a fiscal statement on the bill.
- (k) After the adoption of a resolution by the house or the committee on ways and means, the committee on ways and means must reconcile finance and revenue bills with the resolution or resolutions. When reporting a bill, the chair of the committee must certify to the house that the committee has reconciled the bill with the resolution or resolutions.
- (1) After the adoption of a resolution by the house or the committee on ways and means, an amendment to a bill is out of order if it would cause any of the limits specified in the resolution or resolutions to be exceeded. Whether an amendment is out of order under this rule is a question to be decided on the floor by the speaker or other presiding officer and in committee by the person chairing the committee meeting. In making the determination, the speaker or other presiding officer or the committee chair may consider: (1) the limits in a resolution; (2) the effect of existing laws on revenues and expenditures; (3) the effect of amendments previously adopted to the bill under consideration; (4) the effect of bills previously recommended by a committee or bills previously passed in the legislative session by the house or by the legislature; (5) whether expenditure increases or revenue decreases that would result from the amendment are offset by decreases in other expenditures or increases in other revenue specified by the amendment; and (6) other information reasonably related to expenditure and revenue amounts.
- (m) After a resolution is adopted by the house or the committee on ways and means, the committee must make available a summary of the estimated fiscal effect on the general fund of each bill that has been referred to the committee on ways and means by a finance committee, the capital investment committee, or the committee on taxes and of each bill that has been reported by the committee on ways and means.
- 4.10 FINANCE BILLS. Except as provided in Rule 1.15, a house or senate bill that directly and specifically affects any present or future financial obligation on the part of the state must be referred to the appropriate finance committee before the bill receives its second reading. A finance bill reported by a finance committee must be referred to the committee on ways and means. Referral is not required by this rule if the bill has a negligible fiscal effect, as determined by the chair of the finance committee with the concurrence of the chair of the committee on ways and means.
- 4.11 BILLS AFFECTING TAXES. Except as provided in Rule 1.15, a house or senate bill that directly and specifically affects state tax revenues or substantially affects state tax policy or the administration of state tax policy must be referred to the committee on taxes before it receives its second reading. A bill with a fiscal effect reported by the committee on taxes must be referred to the committee on ways and means. Referral is not required by this rule if the bill has a negligible tax or fiscal effect, as determined by the chair of the committee on taxes with the concurrence of the chair of the committee on ways and means. 4.12 BILLS AFFECTING DEBT AND CAPITAL PROJECTS. The committee on capital investment has jurisdiction over legislation affecting debt obligations issued by the state and capital projects of the state, including the planning, acquiring and bettering of public lands and buildings and other state projects of a capital nature. Except as provided in Rule 1.15, a house or senate bill that directly and specifically affects debt obligations or capital projects of the state must be referred to the committee on capital investment before the bill receives its second reading. Referral is not required by this rule if the bill deals primarily with the financing of state capital facilities using trunk highway funds, with transportation projects financed without debt obligations of the state, or with the local financing of capital facilities of local governments. Referral is not required by this rule if the bill has a negligible effect on debt obligations and capital projects of the state as determined by the chair of the committee on capital investment with the concurrence of the chair of the committee on ways and means. Referral is not required by this rule if the

bill is a major finance or revenue bill identified in Rule 4.03, unless the bill directly and specifically affects debt obligations of the state, but if a major finance or revenue bill contains a provision that directly and specifically affects capital projects of the state, the chair of the finance or tax committee reporting the bill must notify the chair of the committee on capital investment of the provision before the bill is considered by the house. The speaker, by announcement, must assign to each finance committee the appropriate jurisdiction for recommendations on debt obligations and capital projects of the state. The finance committee must submit recommendations within its jurisdiction to the committee on capital investment for further disposition. The committee on capital investment must enter in the committee record the recommendations of each finance committee that submits recommendations. If a recommendation of the finance committee with jurisdiction expressly disapproves appropriations or the issuance of debt obligations for a specific capital project, the capital investment committee may not report a bill authorizing appropriations or the issuance of debt for that project. A bill with a fiscal effect reported by the committee on capital investment must be accompanied by a statement of its fiscal effect, is exempt from the referral required by Rule 4.10, and must be referred to the committee on ways and means. This referral is not required if the bill has a negligible fiscal effect, as determined by the chair of the committee on capital investment with the concurrence of the chair of the committee on ways and means.

- 4.13 BILLS AFFECTING STATE GOVERNMENT POWERS AND STRUCTURE. The committee on governmental operations and veterans affairs has jurisdiction over a house or senate bill that:
 - (a) establishes or re-established a department, agency, commission, board, task force, advisory committee or council, or bureau, or other like entity;
 - (b) delegates rulemaking authority to, or exempts from rulemaking, a department or agency of state government; or
 - (c) substantially changes the organization of a department or agency of state government or substantially changes, vests or divests the official rights, powers, or duties of an official, department or agency of state government or an institution under its control.

Except as otherwise provided in this rule and Rule 1.15, a bill that is within the jurisdiction of the committee on governmental operations and veterans affairs must be referred to that committee before it receives its second reading. A committee (other than the committee on governmental operations and veterans affairs) reporting such a bill must recommend its re-referral to the committee on governmental operations and veterans affairs if reporting before the deadline for action on the bill by that committee; if reporting after the deadline, the committee must recommend re-referral to the committee on rules and legislative administration. The re-referral requirements of this rule do not apply to the major finance and revenue bills identified in Rule 4.03. If a major finance or revenue bill contains a provision specified in clauses (a) or (b) of the definition in this rule, the chair of the finance or tax committee reporting the bill must notify the chair of the committee on rules and legislative administration before the bill is considered by the house. The re-referral requirements of this rule do not apply to other bills reported by a finance committee or the tax committee, except bills that contain a provision specified in clauses (a) and (b) of the definition in this rule.

- 4.14 BILLS PROPOSING MEMORIALS. A bill or amendment that proposes to have a memorial placed in the capitol area must be referred to the committee on rules and legislative administration.
- 4.15 BILLS PROPOSING CONSTITUTIONAL AMENDMENTS. A house or senate bill that proposes a constitutional amendment must be referred to the committee on rules and legislative administration before it receives its second reading. When reporting such a bill, a committee, other than the committee on rules and legislative administration, must recommend re-referral to the committee on rules and legislative administration.
- 4.20 DISPOSITION OF BILLS DURING INTERIM. Adjournment of the regular session in an odd-numbered year to a day certain in the next year is the same as daily adjournment except that a bill on the consent calendar, calendar for the day, fiscal calendar, or general register must be returned to the standing committee that last acted on the bill.
- 4.30 RECALLING BILL FROM COMMITTEE OR DIVISION. A bill or resolution may be recalled from a committee or division at any time by majority vote of the whole house, be given a second reading and be placed on the general register. A motion to recall a bill or resolution is in order only under the order of business "motions and resolutions." This rule does not apply in a special session or after the deadline for committee reports on house files.

4.31 TIME LIMIT TO CONSIDER BILLS. If 20 legislative days after a bill has been referred to a committee or division (other than the committee on ways and means, the committee on taxes, a finance committee, or a division of one of those committees) a report has not been made on it by the committee or division, its chief author may request that it be returned to the house. The request must be entered in the journal. The committee or division must vote on the bill requested within ten calendar days after the day of the request. If the committee or division fails to vote on it within ten days, the chief author may present a written demand to the speaker for its immediate return to the house. The demand must be presented within five calendar days after the day that the committee or division is required to vote. If the demand is presented in the time allowed, it must be entered in the journal and is the demand of the house. The bill is then considered to be in the possession of the house and must be given its second reading and placed on the general register. The bill may be re-referred by a majority vote of the whole house. If the motion to re-refer is made on the day of the demand or on the next house legislative day, the motion takes precedence over all other motions except privileged motions and is in order at any time.

ARTICLE 5 - PARLIAMENTARY PRACTICE

5.01 SUSPENSION OR AMENDMENT OF THE RULES. The concurrence of two-thirds of the whole house is required to suspend or amend a rule of the house, except that any amendment to the rules reported by the committee on rules and legislative administration may be adopted by a majority of the whole house. Except as provided in Rule 5.02, a motion to suspend or amend any rule of the house must be made under the order of business "motions and resolutions." If the motion is made at another time, unanimous consent is required before the speaker may entertain the motion. A motion to suspend the rules, together with the subject matter to which it pertains, is debatable, but the previous question may be applied to the motion under Rule 3.13.

5.02 SUSPENSION OF RULES TO ADVANCE A BILL. A bill must be reported on three different days as provided in Rule 1.04, except that in case of urgency, a two-thirds majority of the whole house may suspend this requirement. A motion to suspend the rules to advance a bill for consideration out of its regular order is in order under the order of business "motions and resolutions" or at any time the bill is before the house. The motion must be presented to the speaker in writing and must describe the status of the bill.

5.03 DEFINITIONS. In these rules the terms "majority vote" and "vote of the house" mean a majority of members present for the vote. The term "vote of the whole house" means a majority of all the members elected to the house. Singular words used in these rules include the plural, unless the context indicates a contrary intention.

5.04 AUTHORIZED MANUAL OF PARLIAMENTARY PROCEDURE. *Mason's Manual of Legislative Procedure* governs the house in all applicable cases if it is not inconsistent with these rules, the joint rules of the senate and house of representatives, or established custom and usage.

5.05 CONFLICT OF RULES. When there is a conflict between a single house rule and a single joint rule, the one last adopted governs.

ARTICLE 6 - COMMITTEES AND REPORTS

6.01 COMMITTEES. Standing committees of the house must be appointed by the speaker as follows:

Agriculture and Rural Development Taxes

Capital Investment Property and Local Tax Division

Civil Law and Elections Transportation
Commerce and Financial Institutions Ways and Means

Technology, Bio-Sciences and Medical Products Agriculture, Environment and Natural Resources

Division Finance

Tourism Division Education Finance
Education Policy and Reform Health Policy and Finance

Environment and Natural Resources Health Care Cost Containment Division

Ethics Higher Education Finance

Local Government Finance
Regulated Industries Public Safety Policy and Finance
Gaming Division State Government Finance
Rules and Legislative Administration Transportation Finance

The committee shall make its report and the house shall adopt permanent rules by February 15, 2005.

6.02 COMMITTEE MEMBERSHIP. At least 30 days before the start of a regular session of the legislature, the speaker-designate must provide the minority political party caucuses with a list of the standing committees proposed for the session. The speaker-designate must prescribe the number of minority caucus members to be appointed to each committee and may require general membership guidelines to be followed in the selection of committee members. If the minority leader submits to the speaker-designate, at least 15 days before the start of the session, a list of proposed committee assignments for the minority caucus that complies with the numbers and guidelines provided, the speaker must make the proposed assignments with the purpose of attaining proportionate representation on the committees for the minority caucus. A committee of the house must not have exclusive membership from one profession, occupation or vocation. A member must not serve as the chair of the same standing committee, or a standing committee with substantially the same jurisdiction, during more than three consecutive regular biennial sessions that the member's caucus is in the majority, even if the sessions are not otherwise consecutive. This rule does not apply to service as chair of the committee on rules and legislative administration.

6.03 APPOINTMENTS TO BOARDS AND COMMISSIONS. Upon the convening of the biennial session, the speaker must notify the members of the house of each board or commission to which a member of the house may be appointed by the speaker. The speaker must request advice from the minority leader on these appointments.

6.04 SUBCOMMITTEES. The chair of a committee must appoint the chair and members of each subcommittee with the advice and consent of the speaker. The chair or the committee may refer bills to a subcommittee. A subcommittee may exercise the authority delegated to it by the chair or by the committee. 6.10 THE COMMITTEE ON ETHICS. The speaker must appoint a committee on ethics consisting of four members: two members from the majority political party caucus, and two from the minority caucus. One alternate from each caucus must also be appointed. The committee must adopt written procedures, which must include due process requirements, for handling complaints and issuing guidelines. A complaint may be brought about conduct by a member that violates a rule or administrative policy of the house, that violates accepted norms of house behavior, that betrays the public trust, or that tends to bring the house into dishonor or disrepute. A complaint about a member's conduct must present with specificity the factual evidence supporting the complaint. A complaint must be in writing, under oath and signed by two or more members of the house, and submitted to the speaker. Before submitting the complaint to the speaker, the complainants must cause a copy of it and any supporting materials to be delivered to any member named in the complaint. Within seven days after receiving a complaint, the speaker must refer the complaint to the ethics committee for processing by the committee according to its rules of procedure. The existence and substance of a complaint, including any supporting materials, and all proceedings, meetings, hearings, and records of the ethics committee are public; except that the committee, upon a majority vote of the whole committee, may meet in executive session to consider or determine the question of probable cause, to consider a member's medical or other health records, or to protect the privacy of a victim or a third party. A complaint of a breach of confidentiality by a member or employee of the house must be immediately referred by the speaker to the ethics committee for disciplinary action. The committee must act in an investigatory capacity and may make recommendations regarding complaints submitted to the speaker before adjournment sine die. With the approval of the speaker, the committee may retain a retired judge or other nonpartisan legal advisor to advise and assist the committee, as the committee considers appropriate and necessary in the circumstances of the case, in conducting the proceedings and obtaining a complete and accurate understanding of the information relevant to the conduct in question. Ethics committee recommendations for disciplinary action must be supported by clear and convincing evidence and must be reported to the house for final disposition.

6.20 COMMITTEE MEETING SCHEDULE; DEADLINES. The speaker must prepare and publish a schedule of committee meetings, fixing as far as practicable the regular meeting day and time of each committee. The chair of a committee must give written notice of a special meeting or a change in the regular schedule of meetings. The notice may be announced from the desk and must be posted in public notice locations maintained by the house. The notice must be posted at least one day in advance of the change. As far as practicable, the chair of a committee must give three days notice of the date, time, place and agenda for each meeting. Meeting notices must indicate when interactive television will be used to conduct the meeting. During the first ten weeks of the session in the odd-numbered year and the first five weeks of the session in the even-numbered year, a standing committee must not have a regularly scheduled meeting after noon on Friday, but the speaker may approve a special meeting of a committee during this time. A committee must not meet between 12:00 midnight and 7:00 a.m. Only the committee on rules and legislative administration may meet during a daily session of the house without leave. The house shall establish deadlines for each regular session by resolution.

6.21 COMMITTEE PROCEDURES. Meetings of house committees must be open to the public except for executive sessions that the committee on ethics considers necessary under Rule 6.10. For purposes of this requirement, a meeting occurs when a quorum is present and action is taken regarding a matter within the jurisdiction of the committee. This requirement does not apply to a meeting of members of a committee from the same political party caucus. A majority of members of a committee is a quorum. The rules of the house must be observed in committee if they are applicable. An amendment offered in committee must be on a subject that is within the jurisdiction of the committee. Whether an amendment is on a subject that is within the jurisdiction of the committee is a question to be decided by the person chairing the meeting, who may put the question to the committee. A member of a committee may demand a roll call vote on any bill, resolution, report, motion or amendment before the committee. If a demand is made, the roll must be called. The name of the member demanding the roll call and the vote of each member must be recorded in the committee minutes. A committee may reconsider an action while the matter remains in the possession of the committee. A committee member need not have voted with the prevailing side to move to reconsider the action. The chair of a committee, after consultation with the speaker, may establish written procedures for the submission of amendments to the committee, the setting of committee agendas, and other matters pertaining to the conduct of the committee's business. Before implementing the written procedures, the chair must provide a copy of them to the speaker and to each member of the house and must make copies available to others upon request.

6.22 PUBLIC TESTIMONY. Public testimony from proponents and opponents must be allowed on every bill or resolution before a standing committee, division or subcommittee of the house.

6.23 OPEN MEETING ENFORCEMENT. A person may submit to the speaker a complaint alleging a violation of the open meeting requirements of Rule 6.21. The complaint must be in writing. On receiving a complaint, the speaker, or a person designated by the speaker, must investigate the complaint promptly. If the speaker concludes, following investigation, that a violation of the open meeting rule may have occurred, the speaker must refer the complaint to the committee on ethics for further proceedings.

6.24 COMMITTEE RECORDS. The chair of a standing committee must cause a committee record to be kept, in the form prescribed by the committee on rules and legislative administration. The record must include the record of committee proceedings on each bill referred to the committee and the minutes of the committee and any subcommittees.

The committee and subcommittee minutes must include:

- a. the time and place of each hearing or meeting;
- b. the names of committee or subcommittee members who are present;
- c. the name and address, at the chair's discretion, of each person appearing before the committee or subcommittee, together with the name and address of the person, association, firm or corporation in whose behalf the appearance is made;
- d. the language of each motion, the name of the member making the motion, the result of a vote on the motion, and, on a roll call vote, the names of those in favor and those opposed;
- e. the date on which a subcommittee is established, the names of its members and the file number of bills referred to it and reported by it;
- f. other important matters related to the work of the committee or subcommittee.

The minutes must be approved at the next regular meeting of the committee or subcommittee. At the end of two business days after approval by the committee or subcommittee, copies of the minutes must be filed with the chief clerk and be open to public inspection in the chief clerk's office and on the house Web site. At the end of the legislative biennium minutes and other records must be delivered to the director of the legislative reference library. Audio recordings of committee and subcommittee meetings must be made available for public use by the end of the business day following each meeting. The chair of a committee who elects not to release the recording of a committee meeting until the minutes of the meeting are approved by the committee must make a copy of the recording available by the end of the next business day after a written request for it is made to the committee. The house must keep the recordings of committee meetings available for public use during the legislative biennium in which they were created and, at the end of the legislative biennium, must transmit a copy of the recordings to the director of the legislative reference library. The legislative reference library must keep committee records and recordings available for public use under its rules for eight years after the end of the legislative biennium during which the materials were created and then may preserve or dispose of the recordings as the library sees fit. A person may obtain a copy of a recording during the legislative biennium in which it is created by paying a fee determined by the house controller to cover the cost of preparing the copy. A person may obtain a copy of a recording while it is kept in the library by paying a fee determined by the house controller to cover the cost of preparing the copy. A person may obtain a copy of a page of committee minutes or other records for a fee determined by the house controller to cover the cost of preparing the copy. A copy of a recording must be provided free to a member or staff of the house upon request for use in legislative business. Testimony and discussion preserved under this rule are not intended to be admissible in a court or administrative proceeding on an issue of legislative intent.

6.30 COMMITTEE REPORTS. The house must adopt or reject a committee report on a bill or resolution without amendment. The chair of a standing committee reporting to the house on a bill or resolution must use the form provided for committee reports. Each bill or resolution must be reported separately. A contract or amendment to a contract entered into in violation of this rule is not binding on the house. Employees of the house must be reimbursed for actual expenses in the same manner as state employees. During session, for travel away from the capitol, members must be reimbursed for actual expenses, in addition to per diem expense allowances, in the manner and amount prescribed by the committee on rules and legislative administration.

- 1.01 HOW GOVERNED. The speaker of the house shall preside at all conventions of the two houses of the legislature and shall call the members to order. The chief clerk of the house shall be the secretary and the sergeant-at-arms of the house shall be the sergeant-at-arms of the convention.
- 1.02 PRESIDENT'S DUTIES. The president of the convention shall preserve order and decorum. The president may speak on all points of order in preference to other members and shall decide questions of order, subject to an appeal to the convention by any member. The president shall rise to put a question but may state it while seated.
- 1.03 PRESIDENT'S RIGHT TO VOTE. The president shall have the right to vote in all cases except appeals from the president's decisions. The president shall vote last on all questions.
- 1.04 STATING QUESTIONS. Questions shall be put to the convention in the following form: "as many as are of the opinion that (the question) shall pass, say 'aye." After an affirmative vote is expressed the nays shall be called as follows: "as many as are of the contrary opinion, say 'no." If the president is in doubt or a division is called, those in the affirmative shall rise first and those in the negative afterward.
- 1.05 ORDER OF DEBATE. When any member wishes to speak to the convention on any matter, the member shall rise and respectfully address the president, and not speak further until recognized. The member shall speak only to the question under debate and avoid personal remarks. When two or more members rise at the same time, the president shall designate the member to speak first. No member shall speak more than twice on the same question without permission of the convention.
- 1.06 CALLING MEMBER TO ORDER. If any member of the joint convention is called to order for offensive words in debate, the member calling to order shall report the words to which exception is taken and the secretary shall record them. No member may be called to order for any language used in debate if exception is not taken before any other member has spoken or any other business has taken place. A member called to order shall immediately sit down unless another member moves to permit the member to explain. In any case, the joint convention, if appealed to, shall decide without debate. Only if the decision is in favor of the member called to order shall the member be at liberty to proceed.
- 1.07 CALL OF THE CONVENTION. Five members may demand a call of the convention at any time except after voting has commenced. When such a call is demanded, the doors shall be closed, the roll shall be called, the absent members shall be sent for, and no member may be permitted to leave the chamber, unless excused by the president, until the call is lifted. Proceedings under the roll call may be suspended by a majority vote of all the members of the convention. A call of the convention may be lifted by a majority vote of all the members of the convention.
- 1.08 ELECTIONS. In all elections by the joint convention, members shall vote *viva voce* and the roll of senate members shall be called first. Whenever there is an election of any officer in joint convention, the result shall be certified by the president of the senate and the speaker of the house and announced by them to their respective houses. The result shall be entered in the journal of each house and communicated to the governor by the secretary of the convention.
- 1.09 NO SMOKING. No person is permitted to smoke in the chamber or in the gallery during a joint convention.
- 1.10 PARLIAMENTARY PROCEDURE. The rules of the house shall be the rules of the joint convention of both houses in all cases in which the foregoing rules are not applicable.

ARTICLE II: BILLS

2.01 FORM. The title of each bill shall clearly state its subject and briefly state its purpose. When a bill amends or repeals an existing act, the title shall refer to the chapter, section or subdivision. Reference shall be made to minnesota statutes for the provisions appearing therein unless reference to previous session laws is required for some special reason.

Bills shall refer to minnesota statutes as follows:
"Minnesota statutes, section"

Bills shall refer to the session laws as follows:
"laws, chapter, section"

A bill for the amendment of a statute shall contain the full text of the section or subdivision to be amended as it appears in the latest edition of Minnesota statutes unless it has been amended, in which event it shall contain the full text as amended. The words and characters constituting the amending matter shall be inserted in the proper place in the text and underscored. The words and characters to be eliminated by the amendment shall be stricken by drawing a line through them. The text of a new section or subdivision shall also be underscored when a bill amends an existing chapter or section by adding a new section or subdivision. In the omnibus appropriation bills required by joint rule 2.02, sections making an appropriation or transfer and not amending a statute or session law need not have new material underscored. Before a committee favorably reports upon a bill, the chair of the committee shall see that the bill conforms to this rule. When a bill is printed in the journal, the new matter shall be in italics or underscored and the matter to be eliminated shall be capitalized and in parentheses or stricken by drawing a line through it. A bill drafted by the revisor of statutes for the purposes of correcting errors in minnesota statutes need not comply with the provisions of this paragraph if the bill is labeled "revisor's bill" immediately below the title, and if there is attached thereto a memorandum of information explaining the reasons for the bill. If the bill is for an original law and not for an amendment of an existing law, the sections and subdivisions shall be arranged, subdivided, and numbered in like manner as Minnesota statutes. If such a bill assigns to the sections thereof headnotes or identification by the decimal system of numbering used in Minnesota statutes, such headnotes and decimal identification may be submitted by standing committee chairs to the revisor of statutes for examination. Any such headnotes shall be capital letters enclosed in brackets, and shall be subject to the provisions of Minnesota Statutes, Section 648.36. All numbers in titles shall be expressed in figures. All numbers of section or chapter of law shall be in figures. In the body of a bill numbers in excess of ten shall be in figures, except for a special reason they may be written, but when written they shall not be followed by numbers or parentheses. A bill may include or be accompanied by a table of contents. A bill that repeals a statute may include or be accompanied by an appendix containing the full text of the section or subdivision repealed.

2.02 APPROPRIATING MONEY. The same bill shall not appropriate public money or property to more than one local or private purpose. No clause appropriating money for a local or private purpose shall be contained in a bill appropriating money for the state government or public institutions. All resolutions authorizing the issuing of abstracts by the secretary of the senate or the chief clerk of the house for the payment of money shall be upon the call of "yeas" and "nays."

2.03 DEADLINES. The legislature shall establish by concurrent resolution deadlines for each regular session. When a committee in either house acts favorably on a bill after a deadline established in the concurrent resolution, the bill must be referred in the senate to the committee on rules and administration and in the house of representatives to the committee on rules and legislative administration for disposition.
2.04 AMENDING BILLS ORIGINATING IN OTHER HOUSE. Either house shall have the power to amend any bill, memorial, or resolution passed by the other house.

2.05 RECEDING FROM POSITION. Prior to a conference committee on any matter, either house may recede from its position on any difference existing between the two houses. In order to recede, and if the matter is not in the possession of a house, that house shall request return of the matter from the other house. To recede, a majority of a house shall govern, except in cases otherwise provided in the constitution. If the question is put and lost, it shall not be put again on the same day. A reconsideration of the question shall in all respects be regulated by the rules of that house.

2.06 CONFERENCE COMMITTEES. In all cases of disagreement between the senate and house on amendments adopted by either house to a bill, memorial or resolution passed by the other house, a conference committee consisting of not less than three members nor more than five members from each house may be requested by either house. The other house shall appoint a similar committee. The manner of procedure shall be as follows: the house of origin passes a bill and transmits it to the other body. If the other body adopts an amendment to the bill and passes it as amended, it shall return the bill with a record of its actions to the house of origin. If the house of origin refuses to concur in the amendment, it shall ask for a conference committee, appoint such a committee on its part, and transmit the bill with a record of its action to the other house. If the other house adheres to its amendment, it shall appoint a like committee and return the bill to the house of origin. All conference committees shall be open to the public. As much as practical, meetings of conference committees shall be announced as far in advance as possible and actions taken shall be agreed upon in an open meeting. At an agreed upon hour the conference committee shall meet. The members from each house shall state to the members from the other house, orally or in writing, the reason for their respective positions. The members shall confer thereon. A conference committee may not meet between the hours of midnight and 7:00 a.m., except that a committee may extend a meeting for up to one hour past midnight by a vote of two-thirds of the members appointed to the committee by each house. The conferees shall report to their respective houses the agreement they have reached, or, if none, the fact of a disagreement. If an agreement is reported, the house of origin shall act first upon the report. A conference committee report must be limited to provisions that are germane to the bill and amendments that were referred to the conference committee. A provision is not germane if it relates to a substantially different subject or is intended to accomplish a substantially different purpose from that of the bill and amendment that were referred to the conference committee. A conference committee report may not appropriate a larger sum of money than the larger of the bill or the amendments that were referred to the conference committee unless the additional appropriation is authorized by the speaker of the house of representatives and the majority leader of the senate. A conference committee report may not delegate rulemaking to a department or agency of state government or exempt a department or agency of state government from rulemaking unless the delegation or exemption was included in either the bill or the amendment that was referred to the conference committee. A conference committee report may not create a new commission, council, task force, board, or other body to which a member of the legislature may be appointed unless the body was created in either the bill or the amendment that was referred to the conference committee. If the report is adopted and repassed as amended by the conference committee by the house of origin, the report, the bill and a record of its action shall be transmitted to the other house. Except after the last thursday on which the legislature can meet in regular session in odd-numbered years, and after the last thursday on which the legislature intended, when it adopted the concurrent resolution required by rule 2.03, to meet in regular session in even-numbered years, a written copy of a report of a conference committee shall be placed on the desk of each member of a house twelve hours before action on the report by that house. If the report has been reprinted in the journal of either house for a preceding day and is available to the members, the journal copy shall serve as the written report. The member presenting the conference committee report to the body shall disclose, either in writing or orally, the substantial changes from the bill or the amendment as they were last before the body.

2.07 ENROLLMENT AND SIGNATURE. After a bill or memorial or joint resolution has been passed by both houses, it shall be carefully and properly enrolled by the revisor of statutes under the direction of the secretary of the senate for a matter originating in the senate or the chief clerk of the house for a matter originating in the house. The enrollment shall be prepared on archival quality paper approximately 8 1/2" x 14" in size and may be produced by means of a copying machine. An enrolled bill shall be labeled "an act" but otherwise shall be identical to the bill passed by the legislature. Other enrollments shall be identical to the memorial or joint resolution passed by the legislature. The revisor of statutes shall obtain the signatures and certificates of the proper officers to the enrollment. A joint resolution applying to the congress of the United States to call a convention for proposing amendments to the constitution of the United States, ratifying an amendment to the constitution of the United States, proposing an amendment to the Minnesota constitution, or prescribing the compensation of judges shall not be presented to the governor for approval but shall be deposited by the revisor of statutes with the secretary of state. All other enrollments shall be presented to the governor for approval.

ARTICLE III: GENERAL PROVISIONS

- 3.01 SUSPENSION OF JOINT RULES. Either house may suspend the joint rules of the senate and house by a vote of two-thirds of its members.
- 3.02 ODD YEAR SESSION ADJOURNMENT. Adjournment of the regular session in any odd-numbered year to a date certain in the following year shall be equivalent to daily adjournment, except that upon adjournment in any odd-numbered year to a date certain in the following year:
 - (a) any bill being considered by a conference committee shall be returned to the house of origin, laid on the table, and the conference committee shall be discharged;
 - (b) any bill referred to the committee on rules and administration in the senate or the committee on rules and legislative administration in the house pursuant to Joint Rule 2.03 shall be returned to the standing committee to which it was last previously referred; and

- 3.03 INTERIM COMMITTEE AND COMMISSION REPORTS. Except as otherwise provided by law, the report of any interim committee or commission to the legislature shall be submitted on paper 8 1/2" x 11" in size, spiral bound, stapled, or punched on the left edge to fit a standard size three ring binder intended for that size paper. A brief summary of the recommendations of the commission or committee shall appear first and be clearly separated from its findings, discussions, and exhibits. If the report contains legislative recommendations, a copy of any proposed legislation, particularly if extensive in character, shall if possible be attached as an exhibit at the end of the report.

ARTICLE IV: ELECTIONS OF REGENTS

4.01 JOINT COMMITTEE. By May 7 of each odd-numbered year, or at a date agreed to by concurrent resolution, a joint committee shall meet to recommend nominees for regent of the University of Minnesota to be presented to a joint convention of the legislature. The members of the joint committee are the members of the senate and house committees on education. A majority of the members from each house is a quorum of the joint committee. The joint committee shall determine the number of persons, and the person or persons to be recommended for each open seat. Each person recommended by the regent candidate advisory council is considered to be nominated. Other persons may be nominated by a member of the committee at the meeting.
