COMMISSIONER'S STATEMENT OF COMMITMENT

TO EQUAL EMPLOYMENT OPPORTUNITY AND AFFIRMATIVE ACTION

As Commissioner of the Department of Administration, I endorse and support the State's Affirmative Action Program and our department's Affirmative Action Plan. To assure that positions are equally accessible to all qualified persons and to ensure a balanced work force that is fully representative of all protected groups, the Department of Administration will make every effort to recruit, hire, support and retain qualified protected group members.

To implement and manage our affirmative action plan, I have designated Admin's Human Resources Manager to serve as our affirmative action officer and ADA coordinator. Specific affirmative action responsibilities may be delegated to other Personnel Representatives within the Human Resources Division.

The Affirmative Action Plan is posted on the Human Resources Office bulletin board located in Room 301 Centennial Office Building and on the Department of Administration intranet website on the Human Resources web page.

Managers and supervisors will be held accountable for ensuring that the Affirmative Action Program is implemented, since they are the people who can ultimately have the greatest effect on the program.

It is the responsibility of each employee to promote and apply the principles of equal opportunity in their work and to cooperate fully with the department's plan of action. Affirmative action is a positive effort to utilize the skills and resources, not only of those who have been denied opportunity in the past, but also of all present and potential employees. I urge all Administration employees to join me in a continuing effort to make equal employment opportunity a reality.

GOALS AND TIMETABLES

The Affirmative Action goals in this plan have been developed using one factor (external) analysis. The external factor used in this analysis is the availability of the protected group members within the general population. Availability data is based on the 2000 census data for the Minneapolis/St. Paul, Minnesota-Wisconsin metropolitan area, because this is Admin's primary recruitment area. A comparison is made between the census availability data and the current number of protected group members in each job grouping at Admin to determine underutilization and set goals.

A two factor analysis, which would include a percentage of the protected groups in the internal workforce, is not used being used in factoring the goals. Due to the diverse nature of the jobs at Admin few "feeder" positions exist between job groupings. For example, the number of feeder positions from the "Professionals" to "Officials and Managers" grouping is negligible and the pool of candidates is typically drawn from external sources.

The following table shows the job groupings that have been analyzed. Note, in the case of Service/Maintenance staff, this broad EEO job grouping has been subdivided into two separate more specific groups: 1) "Janitors and Building Cleaners", and 2) "Grounds Maintenance Workers; Driver/Sales and Truck, Laborers and Material Movers; Mail Machine Operators; Maintenance and Repair Workers;". This subdivision provides for a more accurate utilization analysis.

Census Occupation	ADMIN JOB GROUPS
Officials and Managers	Manager's Plan
Professionals	MAPE classes and their non-managerial supervisors
Technicians	Bargaining unit 207 (Technical) and technical supervisors
Administrative Support	Bargaining unit 206 (Clerical and Office) and clerical supervisors
Skilled Craft	Bargaining unit 202 (Craft, Maintenance, Labor) and supervisors
Service Maintenance	Bargaining unit 203 (Service) and GMW and Grounds supervisors
Janitors and Building Cleaners	GMW's and supervisors

Grounds Maintenance Workers and Sups; Driver/Sales and Truck, Laborers and Material Movers; Mail Machine Operators; and Maintenance and Repair Workers	Bargaining unit 203 classifications and sups, excluding GMW's

The following three tables provide utilization analyses for protected group members within each job group. The Department of Administration will make every effort to correct underutilization when hiring opportunities occur.

The Department of Administration will make every effort to correct underutilization when hiring opportunities occur. We believe that the above goals are realistic, given the amount of turnover expected in each of the areas, as well as the availability of protected group persons for some of Admin's specific job classifications (i.e. protected group persons available for the skilled trades; and persons with disabilities able to perform GMW work).

AUDITING OF AFFIRMATIVE ACTION PROGRAM

OBJECTIVE: To ensure that hiring and retention procedures support the department's commitment to hire affirmatively in a work environment void of discrimination.

RECORD KEEPING

The affirmative action officer/designee will retain records reflecting hires, turnovers, and any complaints regarding such activity.

EVALUATION

The affirmative action officer/designee shall evaluate the Affirmative Action Plan by:

- Review statistics reflecting current complement based on protected classes.
- Reviewing recruitment sources and strategies used, and the results used to help fill specific vacancies for which there was under-representation.
- Reviewing formal discrimination complaints filed in the past quarter.

PRE-EMPLOYMENT REVIEW PROCESS

PURPOSE

All state agencies are required to establish methods of auditing, evaluating and reporting affirmative action program success. They must include a procedure for the pre-employment review of all hiring decisions for goal units with unmet affirmative action goals. The purpose of this section is to provide managers and supervisors with information about the pre-employment review process.

PROCEDURE

When a vacancy occurs in a goal unit which has unmet affirmative action goals, the following procedures shall be followed:

ACTION STEPS

PERSON RESPONSIBLE

1. Obtain eligible candidates for the position and refer candidates to supervisor, based on established minimum and preferred qualifications.

HR Representative

General Maintenance Worker vacancies typically have 200+ applicants. Weights are assigned to the minimum and preferred qualifications and applications are screened and scored using the weighted qualifications. The 15-20 top scoring applications are referred to the hiring supervisor. All applications are reviewed for the requisite skills in the case applications are lacking the necessary keywords to assign a score.

2. Inform supervisor of any relevant affirmative action or contractual issues.
3. Determine most qualified candidates to be interviewed, based on established minimum and preferred qualifications, as well as job history.
4. Conduct objective, structured interviews of all candidates who possess the desired qualifications, and rate applicants, using an objective system.

PRE-REVIEW PROCEDURE OF LAYOFF DETERMINATIONS

1. The Department of Administration will make lay-off determinations consistent with applicable bargaining unit contract/plan language.
2. The Human Resources staff and affirmative action officer will review layoff proposals prior to implementation to determine the effect on agency affirmative action goals and timetables and will consider alternative layoff options.
3. Nothing in this process shall be considered an obstruction to the layoff and recall language in applicable contract/plans negotiated between the State and employee unions/associations.

3. **Sexual harassment** has also been specifically defined by the Minnesota Human Rights Act, which states in regard to employment, that:

“Sexual harassment” includes unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact or other verbal or physical conduct or communication of a sexual nature when: (1) submission to such conduct or communication is made either explicitly or implicitly, a term or condition of an individual’s employment; (2) submission to or rejection of such conduct or communication is used as a factor in decisions affecting that individual’s employment; or (3) that conduct or communication has the purpose or effect of substantially interfering with an individual’s employment or creating an intimidating, hostile, or offensive environment.

B. DISCIPLINE

Any violation of this policy by an employee will be cause for appropriate disciplinary action. Varying degrees of seriousness in discriminatory harassment violations can occur and require varying levels of progressive discipline. Individuals who instigate harassment are subject to serious disciplinary actions, including suspension, demotion, or termination. In certain cases, work transfers may also be made by the employer, subject to the terms and conditions of contract language. Additionally, inappropriate behaviors which do not rise to the level of discriminatory harassment, yet are disruptive, should be corrected early and firmly in the interests of maintaining a successful and productive workplace. Human Resource Policy Manual

SUBJECT: Reasonable Accommodation
Policy

POLICY #: 22

EFFECTIVE DATE: July 1, 2008

SUPERCEDES: July 27, 2006

This document is available in alternative formats for individuals with disabilities by calling the Human Resources Division 651-201-2626 or through the Minnesota Relay Service at 1-800-627-3529.

I. POLICY

It is the policy of the Department of Administration to reasonably accommodate qualified individuals (as defined by the Americans with Disabilities Act – ADA) with known physical or mental disabilities, to enable them to compete in the selection process or to perform the essential functions of the job and/or to enjoy equal benefits and privileges. An accommodation must provide an opportunity for a person with a disability to achieve the same level of performance or to enjoy benefits or privileges equal to those of an average, similarly situated employee without a disability. In such cases, the department will seek to provide an accommodation unless the accommodation causes an undue hardship or poses a direct threat to the health and safety of others in the workplace.

The Department of Administration will provide accommodations to qualified employees and job applicants with disabilities when such accommodations are directly related to performing a job or competing for a job on an equal basis. Accommodation will not be required for non-job related personal needs of individuals even though they may have a disability. The primary factors to consider in making accommodations is whether the accommodations will enable the person to perform the job on an equal basis, in the most cost-effective manner, and in the most integrated setting possible.

II. SCOPE

The Department of Administration's Reasonable Accommodations Policy applies to all departmental employees with disabilities and to any job applicants with disabilities requesting accommodation during the hiring process.

The Labor Relations Representative is designated as the department's ADA coordinator and is responsible for compliance with relevant provisions of the Americans with Disabilities Act (ADA).

III. GENERAL PROVISIONS

A. DEFINITIONS

Persons with Disabilities:

A person with a disability, for purposes of this policy, is anyone who meets the definition as stated in the Section 504 regulation of the 1973 Rehabilitation Act as amended in 1978, sub-part A, section 84.3 j1-2 and k104 and Chapter 363 of the State Human Rights Act and the Americans with Disabilities Act of 1990, Subd. P.L. 101-336, Sec. 102 C.

SUBJECT: Reasonable Accommodation
Policy

POLICY #: 22

- Has a record of such an impairment; or
- Is regarded as having such impairment.

B. PROCEDURE FOR CURRENT EMPLOYEES REQUESTING REASONABLE ACCOMMODATION

1. Employee

- a. The employee will inform his/her supervisor, manager, Human Resource representative or department ADA Coordinator of the need for an accommodation, and document the request by completing the Employee Request for Reasonable Accommodation (attached). If the initial request was made to someone other than the department's ADA Coordinator, the individual who received the request must forward it on the ADA Coordinator.
- b. Authorize the release of medical documentation, as requested by the ADA Coordinator or applicable Human Resources Representative.

2. Supervisor/Manager

- a. Inform the department's ADA Coordinator of all requests for accommodation.
- b. Meet with the ADA Coordinator or applicable Human Resources Representative, as requested, to discuss the purpose and essential functions of the particular job involved and complete a step-by-step job analysis when necessary to determine the precise job-related limitations and to identify all potential accommodations and their effectiveness.

3. ADA Coordinator or applicable Human Resources Representative

- a. The ADA Coordinator may request medical documentation of the employee's functional limitations to support the request. All medical information received is designated as private data and will be kept separate from the employee's general personnel file, available only under the limited conditions specified in the Americans with Disabilities Act.

D. PURCHASE AND MAINTENANCE OF ACCOMMODATIONS

The Department of Administration will make funds available to provide reasonable accommodations to employees and job applicants with disabilities. The Department is free to choose the specific accommodation provided to qualified persons with disabilities. The person requesting reasonable accommodations may suggest appropriate accommodations; however, the department may provide another accommodation equal to or superior to the one proposed, due to practicality, usefulness, or cost-effectiveness.

All tangible accommodations purchased by the Department of Administration will be the property of the State of Minnesota and shall be used only for job-related functions. The maintenance of equipment will be the responsibility of the department, and projected maintenance costs will be a factor in the initial decision to provide accommodations.

E. REASONABLE ACCOMMODATIONS IN EMERGENCY SITUATIONS

1. Weather Emergency During Work Hours

Capitol Security (Department of Public Safety) monitors the National Weather Services Bulletins through the National Air Warning System (NAWAS). If Capitol Security is informed through the NAWAS system that St. Paul is in danger, a public address announcement will be made immediately directing personnel to relocate.

Upon notification by Capitol Security, the floor wardens, area monitors, and assistants will then assume their particular responsibilities, and each person with a disability who is in need of assistance will be provided with identified individuals who will help him/her during emergency procedures.

In the event of a tornado warning, assistants are designated to help the person with a disability move to the ground floor corridor. If the onset of the severe weather emergency is such that there is insufficient time to relocate to the ground floor, the area monitor shall direct the assistants to help the individual(s) with a disability move to an inner office, where there are no windows or exit doors to the outside.

2. Weather Emergency Notification During Non-Work Hours

When state officials determine that state offices will be closed, affected supervisors will contact employees identified as needing special notification to tell them of the closing.

3. Fire Emergency

When the building alarm sounds, assistants are designated to help the person with a disability to relocate him/her to a safe area of the building free from smoke or fire. One assistant will then immediately relocate to the main entrance (or other safe entrance) to await the fire department. Upon arrival of the fire department, the assistant will notify them of the individual's location and will assist fire fighters in locating the person with a disability.

SEPARATION AND LAYOFF DATA

The analysis below covers Fiscal Year 2008. Information is provided for layoffs and other separations from state service.

Layoffs:

There were two layoffs during FY 2008. These layoffs did not result in adverse impact for protected group members.

Total Separations: 46*

Protected Group	Number of Separations*	Percentage Separating	Percentage of this Protected Group in Admin
Females	19	8.9%	40%
Minorities	4	5.4%	13.6%
Persons with Disabilities	0	0%	22.3%

*Does not include non-certification or dismissals of employees or laid-off employees whose layoff rights expired.

- The data reveals that the percentage of protected group persons separating in FY2008 was significantly less than the percentage of each of these groups in the workplace. Therefore, employee separations has not resulted in any adverse impact on retention of protected group members.

SPECIFIC METHODS TO RETAIN PROTECTED GROUP EMPLOYEES

The Department of Administration values the retention of all qualified employees. We believe that employees will be retained if they feel included and respected for the work they do every day; and therefore, an ongoing effort is being made by HR representatives to work with managers and supervisors to ensure that workplace conditions exist that are respectful of all employees.

In addition, proactive workforce planning efforts have begun that will focus on developing new ways of retaining employees, including a focus on ensuring that protected group persons are employed at the Department in proportion to their representation within the metro area.

The Department continues to collect and analyze separation data to determine separation patterns and their impact on protected groups. If a pattern of concern is identified, a plan for corrective action will be developed.

The Department will continue to seek new and innovative ways to recruit and to retain qualified protected group employees.
