INTRODUCTION

The Metropolitan Livable Communities Act (LCA) requires the Metropolitan Council to report by February 1 of every year which municipalities elected to participate and which did not elect to participate in the local housing incentive account (LHIA) program for that calendar year (Minnesota Statutes 473.254, section 5, subsection 9).

LCA PARTICIPATION

The LCA supports regional policy which calls for the expansion of the opportunities for affordable and life-cycle housing throughout the region, creative planning that links jobs, transportation and housing, and revitalization of the region's older cities. Communities within the seven-county area that participate in the local housing incentives account program may receive grants or loans from the three funding accounts of the LCA Fund. These funds are the tax base revitalization account, livable communities demonstration account, and the local housing incentives account. Only LCA participating communities may apply for and receive grants from the polluted sites clean-up program administered by the Minnesota Department of Employment and Economic Development. In addition, the law says the Council "shall give consideration to a municipality's participation" in the Local Housing Incentives Account program when making discretionary funding decisions.

As of the publication date of this report, 105 communities were participants in the LCA's local housing incentives program. There was no change in the communities participating in the LCA during 2008.
