## About the Minnesota Office of Higher Education

The Minnesota Office of Higher Education is a cabinet-level state agency providing students with financial aid programs and information to help them gain access to postsecondary education. The agency serves as the state's clearinghouse for data, research and analysis on postsecondary enrollment, financial aid, finance and trends.

The Minnesota State Grant Program, which is administered by the agency, is a need-based tuition assistance program for Minnesota students. The agency oversees tuition reciprocity programs, a student loan program, Minnesota's 529 College Savings Program, licensing and an early awareness outreach initiative for youth. Through collaboration with systems and institutions, the agency assists in the development of the state's education technology infrastructure and shared library resources.

# Introduction

---

The Minnesota Office of Higher Education publishes reports on enrollments in Minnesota postsecondary institutions. Educational planners, policy-makers, and the public use the data for descriptive and research purposes.

Since 1983, this report has been generated from the Office of Higher Education's student enrollment record data base. The data base contains unit records for students enrolled during the fall in Minnesota's public and private postsecondary education institutions. Prior to 1983, the *Basic Data Series* was prepared from summary data that was supplied by individual postsecondary institutions. The first *Basic Data Series* was produced in 1974.

Beginning with fall 2005, all institutions eligible to participate in a Minnesota-funded student financial aid program are required to report their student enrollment data.

The *Basic Data Series* is comprised of four sections:

## 1) Five-year Summaries

Five-year enrollment summaries are presented for each postsecondary institution. Summarized enrollments include a total headcount, full time and part time, gender, and new entering student enrollments.

## 2) Residence

The county of residence for Minnesota new entering students is summarized for each system. Residency by state or foreign country is summarized by system for all students.

## 3) Distribution by Year of High School Graduation

The distribution of Minnesota new entering students by year of high school graduation is presented for each institution from 2002 to 2006.

## 4) Institution Enrollment Reports

Enrollment data are summarized by level of study, gender, and full-time or part-time attendance for each institution.

Data may vary from previously published reports due to corrections made after the publication date.

Other enrollment data can be found at [www.ohe.state.mn.us](http://www.ohe.state.mn.us).

## Technical Notes

- A. Institutions are asked to provide unit records for students enrolled on the tenth day of fall term, or the institution's official fall reporting date. Institutions without distinct academic terms, such as private career schools, are asked to provide enrollments using the three-month period, July 15 through October 15, as a proxy for tenth day data.
- B. The data in the *Basic Data Series* may differ from data that appear in preliminary fall headcount data posted on the Office of Higher Education Web site. Preliminary data are often based on a verbal headcount figure. The data that appear in the *Basic Data Series* and other reports are derived from actual unit record data received from postsecondary institutions containing 36 data elements on each individual student.
- C. In some cases, the unit record data received for the databases differ from the headcount figure that is used in the preliminary report. The main reasons are:
- A verbal headcount is obtained for the preliminary report before a data file has not been submitted. The headcount census may be taken at different points in time in this case.
  - The Minnesota State Colleges and Universities provide an early fall estimate for the preliminary headcount report. They then provide end-of-term data for the student enrollment data base.

# Glossary

---

**Academic Year** — the period of time, typically from fall through spring, when institutions traditionally have conducted their instructional activity.

**Community and Technical Colleges** — are two-year institutions that are part of the Minnesota State Colleges and Universities System. There are six community colleges, nine technical colleges, and 12 combined community and technical colleges offering general education and career-related associate degrees and shorter programs.

**Credit-Based Instruction** — organized instruction that is part of a major program of study in the technical colleges.

**First Professional** — professional school or program which requires at least two academic years of college work for entrance and a total of at least six years for a degree. Examples include chiropractic, dentistry, law, medicine, theology and veterinary medicine.

**Full-time** — registration for credit hours, course load, or other required activity, as defined by the institution, amounting to at least 75 percent of the normal full-time load during an academic term.

**Graduate** — a program of studies culminating in the attainment of a master's, specialist, or doctorate degree.

**Headcount** — the number of individuals enrolled at a postsecondary institution.

**Hour-based Instruction** — organized instruction that is not part of a major program of study in the state's public technical colleges.

**International Student** — a student whose residence was located outside the United States or its territories, or who was reported as a nonresident citizen in the United States on a temporary basis.

**New Entering Student** — a student who is enrolled at a postsecondary institution for the first time and who previously has not been enrolled at another postsecondary institution, except as a secondary student. This category includes students who entered with advanced standing, through college credits earned before graduation from high school, performance on Advanced Placement or International Baccalaureate exams, or other measure.

**Part-time** — registration for credit hours, course load, or other required activity, as defined by the institution, amounting to less than 75 percent of the normal full-time load during an academic term.

**Private Career Online Schools** — have corporate offices in Minnesota. Their nation-wide enrollment is included. Nearly half of their enrollments are graduate students enrolled from out of state.

**Private Career Schools** — are predominately for-profit institutions offering only career specific certificates, diplomas, and degrees. While institutions in this group offer mostly programs that can be completed in two years or less, some institutions offer limited career specific bachelor's degrees, and/or graduate programs in addition to their shorter programs.

Programs are offered predominantly in the following fields of study:

- Allied Health and Health Services
- Business, Management and Marketing
- Communication and Communication Technologies
- Computer and Information Sciences
- Design and Applied Arts
- Legal Support Services
- Personal and Culinary Services
- Transportation, Vehicle Maintenance and Repair Services

**Private Colleges and Universities** — are predominately not-for-profit four-year liberal arts or religious institutions. In addition to providing undergraduate education, some private colleges offer professional education and graduate degree programs in certain fields.

**Private Graduate and Professional Schools** — institutions that predominately offer specialized graduate or first professional programs. In some cases, limited undergraduate programs may also be offered. These institutions may be for-profit or not-for-profit. A first professional program requires completion of a program that is necessary to practice in the profession; at least two years of college work prior to entering the program; and a total of at least six academic years of college work to complete the program. First professional degrees may be awarded in the following 10 fields:

- Chiropractic
- Dentistry
- Law
- Medicine
- Optometry
- Osteopathic Medicine
- Pharmacy
- Podiatry
- Theology
- Veterinary Medicine

**Racial/Ethnic Background** — the group as reported by the student. This is the group with which the student identifies. The reporting

options are: American Indian or Alaskan Native; Asian or Pacific Islanders; Black, non-Hispanic; White, non-Hispanic; or unavailable.

**Residence** — the place which the student identifies as his or her address at the time of application for admission to the postsecondary institution.

**Secondary Student** — a student who is concurrently enrolled in high school and a postsecondary institution. Students are usually enrolled through the Postsecondary Enrollment Options Program (PSEO) or the College in the Schools Program.

**State Universities** — are four-year comprehensive institutions that are part of the Minnesota State Colleges and Universities System. There are seven state universities offering bachelor's degrees and graduate programs leading to master's and advanced degrees.

**Unclassified Graduate/Professional** — a student enrolled for graduate credit whose status as a graduate or professional school student has not been specified.

**Unclassified Undergraduate** — student enrolled for undergraduate credit whose specific class level cannot be specified.

**University of Minnesota** — comprises four campuses. The Twin Cities campus is the state's land-grant research university, offering bachelor's degrees, professional education, and graduate education through the doctorate. The Morris campus offers an undergraduate liberal arts curriculum. The Crookston campus focuses on career and technology based undergraduate programs. The Duluth campus offers a broad undergraduate and graduate curriculum.

# Part 1. Five-year Summaries

---

Part one summarizes headcount enrollments at Minnesota postsecondary institutions during the past five years:

- ***Five-year Summary of Total Headcount*** presents the total number of individuals enrolled the tenth day of classes for fall terms 2002 through 2006, or the institution's official fall reporting date. The percent change columns compare fall 2006 enrollment to fall 2002 and fall 2005.
- ***Five-year Summary of Full-time and Part-time Enrollment*** presents the distribution of total headcount by enrollment status.

The table also displays each institution's full-time/part-time ratios for 2002 and 2006. A full-time student is registered for credit hours, course load, or other required activity amounting to at least 75 percent of the normal full-time load during an academic term. Part-time students are registered for less than 75 percent of the normal full-time load.

- ***Five-year Summary of Enrollment by Gender*** presents the distribution of men and women for each institution from 2002 through 2006. Students whose gender was not known are not tabulated.

+ Institutions that are closed. All other institutions with a "0" either did not report data for a given year, or were not open in previous years.

\* Institutions that are open, but no longer participate in a state-funded student financial aid program. Reporting data is voluntary.

Beginning with fall 2005, reporting was mandatory for all private institutions participating in a state-funded student financial aid program. The number of private for-profit institutions eligible for state-funded financial aid may fluctuate from year to year.

ENROLLMENT DATA

A FIVE-YEAR SUMMARY OF FULL-TIME AND PART-TIME ENROLLMENT

Private Career Schools

FALL 2006

+ Institutions that are closed. All other institutions with a "0" either did not report data for a given year, or were not open in previous years.

\* Institutions that are open, but no longer participate in a state-funded student financial aid program. Reporting data is voluntary.

Beginning with fall 2005, reporting was mandatory for all private institutions participating in a state-funded student financial aid program. The number of private for-profit institutions eligible for state-funded financial aid may fluctuate from year to year.

+ Institutions that are closed. All other institutions with a "0" either did not report data for a given year, or were not open in previous years.

\* Institutions that are open, but no longer participate in a state-funded student financial aid program. Reporting data is voluntary.

Beginning with fall 2005, reporting was mandatory for all private institutions participating in a state-funded student financial aid program. The number of private for-profit institutions eligible for state-funded financial aid may fluctuate from year to year.

+ Institutions that are closed. All other institutions with a "0" either did not report data for a given year, or were not open in previous years.

\* Institutions that are open, but no longer participate in a state-funded student financial aid program. Reporting data is voluntary.

Beginning with fall 2005, reporting was mandatory for all private institutions participating in a state-funded student financial aid program. The number of private for-profit institutions eligible for state-funded financial aid may fluctuate from year to year.

## Part 2. Residence

---

Part two summarizes the residence of students by type of postsecondary institution attended. The residence is the place the student identified as his or her residence at the time of admission to the postsecondary institution.

For each type of postsecondary institution, residence is tabulated in two different ways:

- The **County of Residence** is presented for new entering students who are Minnesota residents only, along with their full-time or part-time enrollment status and gender.

- **Students by Place of Residence** by level of study are presented for all students. For all new entering students, their full-time or part-time enrollment status and gender are also presented.

Note: The “Total Undergraduate Students” includes new entering students.

\*\*\*\*\*

Residence reports for individual institutions may be obtained electronically or on paper by calling the Office of Higher Education at (651) 642-0586.

## Part 3. Distribution by Year of High School Graduation

---

Part three summarizes the year of high school graduation for Minnesota resident new entering students. Students who graduated from high school in 2006 through 2003 are listed separately. High school graduates from 2002 and earlier years are combined into one category.

These tables include only Minnesota residents who were reported as new entering students in fall 2006. New entering

students who did not report their year of high school graduation are not included.

In 2006, 12 percent, or 5,748 students who were identified as new entering Minnesota residents, did not report their year of high school graduation.

# Part 4. Institution Enrollment

---

Part four summarizes the number of students enrolled by level of study, gender, and full-time or part-time attendance at each institution in fall 2006.

## **Racial/Ethnic Background**

The race/ethnicity for all students is included. Students identified with a specific racial/ethnic background such as *American Indian, Asian, Black, Hispanic, and white* either are United States citizens, permanent residents, or were reported as **not** residing in Canada or another foreign country.

*International students* are identified separately and are not included in the above specific race/ethnicity categories. These students either are nonresident, non-United States citizens (temporary residents), or were reported as residing in Canada or another foreign country.

## **Total New Entering Students**

Total New Entering Students for each institution appear after the *Grand Total*. Any students listed in the preceding categories who are also reported as new entering students are included. (See *Glossary* for a definition of a new entering student).
