EXECUTIVE SUMMARY

The Campaign Finance and Public Disclosure Act (Minnesota Statutes, Chapter 10A) requires lobbyists to report disbursements for lobbying purposes to the Campaign Finance and Public Disclosure Board two times each year. The Act also requires lobbyist principals to file an annual report disclosing expenditures to the nearest \$20,000. This summary is based on the reports of lobbyist and principal disbursements made during calendar year 2009.

During 2009, 1,479 individuals were registered as lobbyists to represent 1,371 associations and individuals. Lobbyists filed 4,022 periodic reports for the twelve-month period. The lobbying disbursement reports disclosed a total of \$14,216,060 spent on lobbying activities, not including the salaries and fees paid to lobbyists.

Lobbyist Principals filed 1,308 annual reports for 2009. Lobbyist Principals reported making \$61,133,331 expenditures to support lobbying activities in Minnesota. This amount includes lobbyist salaries, advertising and public relations campaigns, and all other lobbying disbursements made by the principal and lobbyist.

Lobbyists reported that 1,097 (80%) of the 1,371 entities represented made disbursements for lobbying purposes. The reports disclosed that 91% of lobbying disbursements were made for the purpose of influencing legislative action, 7% of disbursements were made to influence administrative action, and 2% were made to influence the official actions of metropolitan governmental units. See page 5 for a comparison of total lobbying disbursements by type of lobbying reported and total lobbying expenditures reported by lobbyist principals in 2008 and 2009.

Lobbyists must disclose gifts, loans, items or benefits equal in value to \$5 or more given or paid to officials by the lobbyist, the lobbyist's principal, or an employee of the lobbyist. Twenty-four associations reported giving items or benefits totaling \$6,215 to 112 legislators, three constitutional officers and 30 local and 14 public officials. See page 20 for definitions and see subsequent pages for details of the transfers.

Lobbyists are not required to disclose their salaries. Neither lobbyists nor principals are required to disclose political contributions, which are disclosed by the recipients on periodic campaign finance reports.

The Minnesota Chamber of Commerce reported the largest total disbursements during the period. Lobbyists for Education Minnesota reported the largest total disbursements for legislative action lobbying. Lobbyists for Enbridge Energy reported the largest disbursements for administrative action lobbying and lobbyists for the MPR Public Radio Inc reported the largest disbursements in attempts to influence metropolitan governmental units. Complete lists of the entities that reported making the largest amounts of disbursements and the largest amounts of disbursements by type of lobbying begins on page 28.

This summary also includes a list of associations and the lobbyists that represented each association during 2009 and the total amounts of disbursements made. See page 37.

LOBBYING OVERVIEW

What is lobbying?

Lobbying is attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or defined local officials. Any activity that directly supports this communication is considered a part of lobbying.

Who is a lobbyist?

For the purpose of this summary, “lobbyist” means:

1) An individual who is engaged for pay or other consideration of more than \$3,000 from all sources in a year for the purpose of attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or local officials;

2) An individual who is not compensated more than \$3,000 but spends more than \$250 in any year (not including travel expenses and membership dues) for the purpose of attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or local officials;

3) A non-elected local official or an employee of a political subdivision who spends more than 50 hours in any month attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit, other than the political subdivision employing the official or employee, by communicating with or urging others to communicate with public or local officials, including time spent monitoring any of the forenamed actions and related research, analysis, and compilation and dissemination of information relating to legislative, administrative, or metropolitan governmental unit policies in Minnesota.

Who is not a lobbyist?

1) An individual who merely communicates with a public official to obtain information or request an interpretation of a law, rule or agency action;

2) An individual who volunteers personal time to work without pay on a lobbying campaign and does not spend more than \$250 on lobbying activities; and

3) An individual who provides administrative support to a lobbyist whose salary and expenses are reported by the lobbyist and who does not actually lobby.

About lobbyist registration

A lobbyist must register with the Campaign Finance and Public Disclosure Board on behalf of each association or individual that the lobbyist represents. Registration information includes the name and address of the registrant; the name and address of the association (including officers and directors) or individual represented; the lobbyist’s reporting status, and a general description of subjects on which the lobbyist expects to lobby and the kind of action the lobbyist seeks to influence.

Principal

A Principal is an individual or association that spends more than \$500 in the aggregate in any calendar year to engage, compensate, or authorize the expenditure of money by a lobbyist; or is not included in the definition above and spends at least \$50,000 in any calendar year in efforts to influence legislative action, administrative action, or the official action of metropolitan governmental units.
