Commissioner

Commissioner's Statement of Commitment to Equal Employment Opportunity and Affirmative Action

The Minnesota Department of Health (MDH) is committed to Minnesota's statewide affirmative action efforts and equal employment opportunity policies. I affirm my personal and official support of these policies which provide that:

- Discrimination against employees, applicants, or eligibles on the basis of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, membership or activity in a local human rights commission, disability, sexual orientation, or age will not be tolerated;
- The Department of Health is committed to the implementation of the affirmative action policies, programs, and procedures included in this plan;
- The Department of Health will continue to actively promote a program of affirmative action, wherever minorities, women, and persons with disabilities are underrepresented in the workforce;
- The Department of Health is committed to the retention all qualified, talented employees, including protected group employees.

Silvia Vaccaro will act as the Department of Health's Affirmative Action Officer designee and ADA Coordinator designee. She is responsible for monitoring the day-to-day activities of both programs.

Anyone interested in reviewing the Department of Health's affirmative action plan or who has concerns about affirmative action or equal opportunity issues may request a copy of the plan from Silvia Vaccaro, Affirmative Action Officer.

It is the policy of the Department of Health to provide an employment environment free of any form of discriminatory harassment as prohibited by federal, state, and local human rights laws. I strongly encourage suggestions as to how we may improve the Department of Health. We strive to provide equal employment opportunities and the best possible service to the citizens of Minnesota.

Responsibility, Duties and Accountability of implementing the Affirmative Action Plan

Every employee of the Minnesota Department of Health is responsible for adhering to the department's policies related to EEO and affirmative action. Furthermore, all employees are expected to demonstrate respect for each other, our customers, clients and stakeholders. Specific responsibilities and duties are delegated to various positions within the department and are outlined below:

COMMISSIONER OF HEALTH

The Commissioner has the responsibility to oversee and ensure the implementation of this plan and to further ensure compliance with existing federal and state laws, rules and regulations.

Responsibilities

- To appoint or designate the department's Affirmative Action Officer and to engage in regular communication with that person to identify pertinent issues in the department
- To ensure that the department's managers and supervisors are informed of their individual responsibilities in the area of EEO/Affirmative Action and Diversity
- To ensure that managers and supervisors are being held accountable for their responsibilities outlined in this plan
- To take action on complaints of discrimination as outlined in this plan's complaint procedures
- To state to all employees, both verbally and in writing, support for equal employment opportunity, affirmative action, diversity and the contents of this plan
- To change policy, procedure or practice as needed to remove barriers to the success of this plan
- To evaluate, along with the Director of Human Resource Management, the performance of the Affirmative Action Officer

Accountability

To the Governor, and indirectly to the Commissioner at the Minnesota Department of Management and Budget.

AFFIRMATIVE ACTION OFFICER

The Affirmative Action Officer is responsible for developing and administering this plan and monitoring the progress and results on behalf of the Commissioner.

Responsibilities

- To work in partnership with managers and supervisors to assist them in fulfilling their responsibilities in diversity/affirmative action areas
- To assist MDH administrators and Human Resource Management in coordinating and monitoring diversity/affirmative action activities and results
- To investigate complaints of discrimination and report findings to appropriate managers, director of Human Resource Management and the Commissioner
- To disseminate and explain the department's policies and this plan to all employees
- To determine affirmative action and diversity training needs and design, arrange or conduct necessary training and informational activities
- To review hiring practices and proposed selections to ensure that protected group members in areas of disparity are available and considered
- To establish goals and timetables and monitor progress in meeting them in areas where disparities of protected group members exist
- To review policies, procedures, programs relating to diversity/affirmative action and recommend changes where appropriate
- To fulfill all affirmative action reporting requirements
- To advise agency management of the requirement to notify contractors and subcontractors of their affirmative action responsibilities
- To review reasonable accommodations for people with disabilities and to oversee the administration of the ADA within the department
- To maintain records of requests for reasonable accommodation, missed opportunities and complaints of discrimination or discriminatory harassment

Accountability

To the Commissioner of Health and the Human Resource Management Director.

SUPERVISORS AND MANAGERS

Supervisors and Managers are expected to ensure compliance with the department's EEO and affirmative action policies and this plan. They are further expected to ensure fair and equal treatment of all employees.

Responsibilities

- To strive for a respectful working environment for all employees and to take appropriate steps to correct conflict situations in the work unit. These individuals are expected to work with the Affirmative Action Officer to develop constructive solutions through mediation, discussion and investigation of complaints and to advise all employees of their rights to file complaints
- To work collaboratively with the Affirmative Action Officer and the Human Resource Management Team to identify and eliminate barriers to the success of this plan
- To affirmatively recruit, hire, train and promote qualified protected group members wherever disparities exist and to ensure equal treatment in all aspects of employment for all employees
- To communicate and demonstrate a personal commitment to the department's EEO/AA policies and this plan for all employees in their areas of responsibility
- To objectively assess the performance of all employees and develop, with each employee, a plan for professional development on a regular basis
- To identify and communicate training needs in the areas of equal employment opportunity, affirmative action and diversity to the Affirmative Action Manager
- To ensure that all employees in their work unit are familiar with this plan and related policies and to discuss these concepts at regular staff meetings and other forums
- To be active and visible participants in the department's diversity learning process and to encourage the participation of employees

Accountability

Managers and supervisors are accountable to their managers and indirectly to the Commissioner, Deputy Commissioner and Assistant Commissioners.

DIRECTOR OF HUMAN RESOURCE MANAGEMENT

The Director of Human Resource Management is responsible for ensuring that human resources policies, procedures and practices are administered fairly and are uniformly applied to all employees, and to take positive action to remove all barriers to equal employment opportunity within the Department.

Responsibilities

- To provide leadership to the Human Resource Management Division staff and ensure their adherence to affirmative action principles in the decision making process for all personnel actions
- To ensure that managers and supervisors are adhering to the pre-hire review process as outlined in this plan
- To provide guidance in the development and utilization of selection criteria to ensure, to the extent possible, that it is objective, uniform, and job related
- To identify and resolve problems which inhibit equal employment opportunity and to discuss problems and resolutions with the Affirmative Action Officer
- To discuss with staff, the goals, timetables and strategies of this plan

Accountability

To the Commissioner, Deputy Commissioner and Assistant Commissioners of Health.

Communication of Affirmative Action Plan

The following information describes the steps the Department of Health (MDH) is taking both internally and externally to communicate the Affirmative Action Plan to both employees in general and the general public.

Internal/External Dissemination

- A physical copy of the Affirmative Action Plan is available at the Office of Workforce Diversity (OWD), the Human Resources Director's office, and the MDH library.
- The Affirmative Action Plan is posted together with all the Federal and State posters ensuring Non-Discrimination and Equal Opportunity permanently in the Human Resources Management area. OWD oversees the currency of the posters.
- The Affirmative Action Plan is presented to new employees through the New Employee Orientation modules. The Affirmative Action Officer reviews the plan and shows its location on the Office of Workforce Diversity's website at:

<http://fyi.health.state.mn.us/fadmin/hrm/owd/aaplan/>

- The Affirmative Action Plan is also presented to new Managers and Supervisors during the New Managers and Supervisors orientation with the Affirmative Action Officer at the time of their appointment. During this one-on-one meeting, the Affirmative Action Officer reviews the plan with management and informs them of their duties and responsibilities under the plan. The plan is also easily accessible at the Office of Workforce Diversity's website at:

<http://fyi.health.state.mn.us/fadmin/hrm/owd/aaplan/>

- The Affirmative Action Plan is also available to MDH staff through the intranet link at : <http://fyi.health.state.mn.us/fadmin/hrm/owd/aaplan/>
- The Affirmative Action Plan is also available to external interested parties at the Minnesota Department of Health's external page at:

<http://www.health.state.mn.us/divs/hrm/aaplan.html>

- Anyone interested in reviewing the Department of Health's affirmative action plan or who has concerns about affirmative action or equal opportunity, may request a copy of the plan from Silvia Vaccaro at (651)201-5789 or Silvia.Vaccaro@state.mn.us. A copy of the plan is also available for viewing in the Human Resources Management waiting area located in the Freeman Office Building, 625 Robert Street North, St. Paul, MN 55155-2538, 1st Floor, Pod A.

Harassment/Discrimination Policies

General Harassment - 412.01

POLICY

Employees have the right to work in an environment free from general harassment. Employees must refrain from engaging in behaviors which have the purpose or effect of unreasonably interfering with an employee's work performance or creating an intimidating, hostile or offensive work environment for another employee.

STANDARD

DEFINITION

General harassment is verbal and/or physical behavior that is abusive, unwelcome, offensive, insulting or demeaning with the purpose or effect of: interfering with or jeopardizing an individual's employment or creating an intimidating, hostile or offensive employment environment among employees.

For the purposes of this policy, general harassment does not include routine interpersonal relationship conflicts between employees, general rudeness, or disputes between employees and/or their supervisors regarding work requirements or expectations, performance evaluations, department or division policies, or union contract provisions.

STANDARD

Employees are expected to conduct themselves with dignity and respect for others. Employees are responsible for creating and maintaining an environment free from harassment. Employees must not engage in behavior which has the purpose or effect of harassing another employee.

Managers and supervisors are responsible for ensuring that their work units are free of harassment.

Employees who engage in general harassment in the work place will be subject to disciplinary action, up to and including discharge from employment.

Employees who make a complaint of general harassment will not experience any retaliation or intimidation directed toward them because they initiated a complaint. Employees engaging in behaviors of retaliation or intimidation toward a complaining employee will be subject to disciplinary action, up to and including discharge from employment.

PROCEDURE

Employee 1. Attempts to resolve concern or complaint by discussion with the employee, the supervisor, or the division director, within ten (10) days after the occurrence of the events giving rise to the concern.

2. If concern is not resolved, files complaint in writing using the department's discrimination/harassment complaint form within 30 (thirty) days of the occurrence of the event giving rise to the complaint. Complaints should be filed with the department's affirmative action officer.

Affirmative Action Officer 3. Determines if the complaint is discriminatory harassment.

If the complaint is discriminatory harassment the complaint will be processed by the affirmative action officer.

If the complaint is general harassment, the affirmative action officer will refer the complaint to the appropriate Division Director for review and/or investigation. .

Division Director 4. Assigns responsibility for investigation and reviews the investigation. The investigation shall take no longer than 60 days from the date of the written complaint.

5. Reviews the results of the investigation in conjunction with Human Resource Management Division. Any corrective action decision will be made within five (5) working days of the end of the investigation. The decision of the division director is final.

Human Resource Director The Human Resource Director will review the investigation and advise the division director of the appropriate response to the complaint.

Note: The time limits set forth in the above procedure may be extended by notice to the complaining employee.

Discrimination in Employment - 405.01

POLICY

The Minnesota Department of Health ("MDH") has a policy of zero tolerance for discrimination, including unlawful harassment, on the basis of race, color, creed, national origin, sex, age, membership in a local commission, disability, religion, sexual orientation, marital status and status with regard to public assistance. Sexual harassment is a form of discrimination and is prohibited under this policy. The Department is further committed to ensuring that all employees have a working environment that is free from discrimination, and will work proactively to eliminate barriers that inhibit equal opportunity. The agency will provide and financially support reasonable accommodations requested by qualified individuals with disabilities in all of its employment processes that do not create an undue hardship situation. Retaliation against individuals who bring forth a complaint is strictly prohibited. No employee shall intentionally use this policy or related procedure for reason of personal malice or abuse.

STANDARD

DEFINITIONS

Discrimination:

Unfair treatment, intentional or unintentional, based on an individual's or groups' protected class status, which will deprive them of employment opportunities or otherwise adversely affect the individual's work environment or status as an employee.

Other Harassment:

Any behavior that is demeaning, offensive, insulting, belittling or degrading and is related to the protected class status of an individual or group.

Harassment that is general in nature, and not related to an EEO protected status, is to be pursued under MDH's General Harassment Policy.

Standards

All applicants, employees, vendors, contractors and volunteers of the

Minnesota Department of Health are covered by this policy. All employees are responsible for treating co-workers in a manner consistent with this policy. Supervisors have an additional responsibility to maintain a work environment free from discrimination, including harassment.

Complaint Procedure

This procedure applies to complaints that allege discrimination or harassment on the basis of race, color, creed, religion, national origin, gender, marital status, membership or activity in a local commission, status with regard to public assistance, disability, age or sexual orientation. Prohibition of discrimination is described in the policy. Sexual harassment is a form of discrimination based on gender and is also covered by this procedure.

The following provisions are not considered to be formal complaints and are not subject to processing under this procedure, unless you believe that one of the above factors is the basis. For these considerations, you are encouraged to contact a Human Resources Representative:

- Performance review/evaluation disputes
- Union contract terms and provisions, or how they are administered

General Provisions

- Any employee, applicant or eligible who believes that he or she has been subjected to discriminatory or harassing behavior or who believes he or she has witnessed such behaviors is encouraged to report this information
- MDH will work to ensure that no adverse or retaliatory action will occur to an employee who reports conduct which is alleged to be a violation of this policy
- Discrimination complaints, investigation data and findings are handled in accordance with the Minnesota Government Data Practices Act. A person is not legally required to provide this information, but it may be critical to conducting an investigation.
- Complaints will not be accepted after an employee terminates employment with the Department or if the same matter is being pursued simultaneously through another formal grievance or appeal process, unless the complaint is directly related to the employee's separation
- Complaints that are not based on one of the protected

characteristics mentioned above shall not be resolved through this procedure. You are encouraged to contact the Office of Workforce Diversity and/or a Human Resources Representative for guidance.

- The complainant, through the Affirmative Action Officer, shall be advised of his or her right to file a charge of discrimination within 365 days after the occurrence of the event with the Commissioner or the Department of Human Rights or 300 days after the occurrence of the event for the Equal Employment Opportunity Commission or other legal channels

Prior to filing an internal formal complaint under this procedure, employees are encouraged to first consult with the Affirmative Action Officer to determine if the complaint is an appropriate matter for resolution under this procedure. If the issue is one appropriate for resolution through this procedure, the Affirmative Action Officer will advise the employee on how to proceed, including the completion of the discrimination complaint form. If not, the employee will be advised of other options for resolution. Initial determination of the appropriate method of resolution will be made within 10 working days from the date the complaint is received.

Employees should file the formal complaint within 30 days of the occurrence of the event, giving rise to the complaint. Complaints involving potential illegal discrimination filed between 30 and 365 days of the event may, at the discretion of the Affirmative Action Officer, be accepted and investigated.

PROCEDURE

Step 1

The formal complaint should be presented to the Department's Affirmative Action Officer within 30 days of the occurrence of the event giving rise to the complaint. After receipt of a formal complaint, the Affirmative Action Officer shall determine whether or not the complaint alleges discrimination based on the individual's protected group characteristic (race, creed, color, sex, age, marital status, national origin, disability, religion, reliance on public assistance, membership or activity in a local commission or sexual orientation).

If the complaint is determined not to be based on an employee's individual protected group characteristic listed above but is appropriate as a general harassment complaint, then, the Affirmative

Action Officer will refer the complaint to a Human Resources Representative who will follow the General Harassment Policy.

If the complaint is timely and proper for resolution through this complaint procedure, the Affirmative Action Officer shall immediately initiate an investigation. If the complainant is suffering irreparable or immediate harm, or may be subjected to such harm, the Affirmative Action Officer may take whatever action is necessary to remedy the situation while the complaint is being investigated.

Step 2

Within 60 days from the date the complaint is received, the Affirmative Action Officer shall investigate the complaint. If extenuating circumstances inhibit meeting the 60-day timeframe, a written explanation of extension will be issued. The investigation may include interviews with or statements from all parties involved including, but not limited to, the complainant, respondent, complainant's supervisors, witnesses and co-workers. The Affirmative Action Officer's investigation will also include a review of all pertinent records or documents relating to the complaint.

Step 3

The Affirmative Action Officer shall prepare a report of his or her findings resulting from the investigation of the complaint. The findings will be communicated to the responsible party in the Department who is authorized to take action to resolve or correct the matter. Such corrective action may include discipline up to and including discharge when the investigative findings give merit to the complaint allegations. A letter of disposition will be issued to the complaining party within 5 working days from the date that the decision on appropriate action is made. The final determination of the complaint will be sent to the within 30 days of completion.

NOTE: Certain procedural requirements exist in various union contracts, which apply to complaints of alleged sexual harassment. For more specific information regarding these requirements, please refer to the applicable contract or inquire with the Affirmative Action Officer.

Sexual Harassment - 422.02

POLICY

The Minnesota Department of Health ("MDH") has a policy of zero tolerance for discrimination. Sexual harassment is a form of discrimination and is prohibited under this policy.

Sexual Harassment is any behavior that is sexual in nature and is unwelcome, personally offensive, insulting and demeaning where:

- Submission to or rejection of such conduct is explicitly or implicitly made a term or condition of employment.
- Submission to or rejection of such conduct is used as a basis for decisions affecting a person's employment.
- Such conduct or communication has the purpose or effect of substantially interfering with an individual's employment, or creating an intimidating, hostile or offensive working environment.

Sexual harassment can occur in a variety of circumstances, including but not limited to the following:

- The victim as well as the harasser may be a woman or a man. The victim does not have to be of the opposite sex.
- The harasser can be the victim's supervisor, an agent of the employer, a supervisor in another area, a co-worker, or a non-employee.
- The victim does not have to be the person harassed but could be anyone affected by the offensive conduct.

Unlawful sexual harassment may occur without economic injury to or discharge of the victim.

The harasser's conduct must be unwelcome.

Adapted from the Equal Employment Opportunity Commission.

STANDARD

General Provisions

Any employee, applicant or eligible who believes that he or she has been subjected to sexual harassment or who believes he or she has witnessed such behaviors is encouraged to report this information

MDH will work to ensure that no adverse or retaliatory action will occur to an employee who reports conduct which is alleged to be a violation of this policy

Sexual Harassment complaints, investigation data and findings are handled in accordance with the Minnesota Government Data Practices Act. A person is not legally required to provide this information, but it may be critical to conducting an investigation.

Complaints will not be accepted after an employee terminates employment with the Department or if the same matter is being pursued simultaneously through another formal grievance or appeal process, unless the complaint is directly related to the employee's separation

Complaints that are not sexual harassment shall not be resolved through this procedure. You are encouraged to contact the Office of Workforce Diversity and/or a Human Resources Representative for guidance.

The complainant, through the Affirmative Action Officer, shall be advised of his or her right to file a charge of discrimination within 365 days after the occurrence of the event with the Commissioner or the Department of Human Rights or 300 days after the occurrence of the event for the Equal Employment Opportunity Commission or other legal channels

Prior to filing an internal formal complaint under this procedure, employees are encouraged to first consult with the Affirmative Action Officer to determine if the complaint is an appropriate matter for resolution under this procedure. Performance review/evaluation disputes, Union contract terms and provisions, or how they are administered

PROCEDURE

Step 1

The formal complaint should be presented to the Department's Affirmative Action Officer within 30 days of the occurrence of the event giving rise to the complaint. After receipt of a formal complaint, the Affirmative Action Officer shall determine whether or not the complaint alleges discrimination based on sexual harassment.

If the complaint is determined not to be sexual harassment but is appropriate as a general harassment complaint, then, the Affirmative Action Officer will refer the complaint to a Human Resources Representative who will follow the General Harassment Policy.

If the complaint is timely and proper for resolution through this complaint procedure, the Affirmative Action Officer shall immediately initiate an investigation. If the complainant is suffering irreparable or immediate harm, or may be subjected to such harm, the Affirmative Action Officer may take whatever action is necessary to remedy the situation while the complaint is being investigated.

Step 2

Within 60 days from the date the complaint is received, the Affirmative Action Officer shall investigate the complaint. If extenuating circumstances inhibit meeting the 60-day time frame, a written explanation of extension will be issued. The investigation may include interviews with or statements from all parties involved including, but not limited to, the complainant, respondent, complainant's supervisors, witnesses and co-workers. The Affirmative Action Officer's investigation will also include a review of all pertinent records or documents relating to the complaint.

Goals and Timetables

The Minnesota Department of Health uses the federal government regulations regarding the quantitative components analysis of affirmative action plans (41 C.F.R. Part 60-2). The two-factor analysis method used in this Plan is in compliance with the aforementioned regulations, and has been approved by the State of Minnesota Department of Management and Budget. The two-factor analysis requires consideration of the following:

- The placement of minorities and women with requisite skills in the “reasonable” recruitment area. The reasonable recruitment area is defined as the geographical area from which the employer either usually or may reasonably seek candidates to fill vacancies (*External factor*).
- The percentage of women and minorities amongst those individuals who may be promoted, trained or transferred within the organization (*Internal factor*).

Once the aforementioned factors are calculated, a comparison is made between the current numbers of incumbent women, minority and disabled employees and their estimated availability within the reasonable recruitment area. Any difference between these figures creates an “underutilization” regarding the protected group category. A goal must then be established by the agency to address the underutilization.

This agency’s workforce disparity statistics and hiring goals objectives are set out in the charts on the following pages entitled “**Utilization Analysis**” and “**Goals and Timetables**”. Department workforce disparity numbers and hiring goals established for this biennial reporting period were developed using 2000 census data. For standard workforce reporting, only Non-Academic Unlimited Employees are counted. For our purposes, Paraprofessionals are included in Office/Clerical and/or Technicians group.

While these documents contain specific hiring goals for identified protected groups within MDH, the department is committed to a general goal of increasing the percentage of people of color and disabled individuals within our workforce each year of this biennial reporting period as well as maintaining or increasing the current participation of women in the workplace.

Column

A = Total number of employees in the job group

B = Total number of protected group in the job group

C = The percentage that the total number of protected group is to the total number in the job group (Column B divided by Column A)

D = Availability % (from the Census data, 1 of 8 factors)

E = Column A multiplied by Column D (example: 40 times 41.20 = 16.4 rounded to 16 women)

F = Comparison of B and E. If B is larger than E, not underutilized, no disparity. If E is larger than B, underutilized, there is a disparity, and a goal would be set reflecting the difference between the number available and the actual number utilized in the job group.

Program Objectives

The Minnesota Department of Health's mission is to *protect, maintain and improve the health of all Minnesotans*. The Department has created equal employment opportunity, affirmative action and diversity strategic objectives and activities that are an integral part of that mission. Equal employment opportunity, affirmative action and diversity efforts are processes, not programs. These processes involve integrating practices of equal opportunity, affirmative action and diversity into all aspects of agency operations.

The Department, through the combined efforts of the Commissioner, Deputy Commissioner, Assistant Commissioners, Human Resource Management, Office of Workforce Diversity, division heads, managers, supervisors and staff shall work together to:

Objective I: Ensure that the Department is free from discrimination and harassment

Goal 1:

To lessen/eliminate acts of harassment, discrimination, and hostility through continuous learning

Action Steps:

- Provide consistent and periodic EO/AA/ADA laws and practices training to all MDH staff.
- Partner with other agencies and private sector associates to exchange EO/AA practices, ideas and training methods, which may be utilized to provide relevant and timely information to MDH staff and constituents
- Join with HRM to educate and train management and staff in the benefits of utilizing alternative dispute resolution techniques internally to resolve workplace disputes and help eliminate hostile work environments.

Goal 2:

To clarify and model appropriate behavior by leaders and staff

Action Steps:

- Persuade all senior and mid-level MDH management to serve as "champions" for diversity, EO/AA, and a hostile-free work environment at MDH in words and action, including, but not limited to: stating support for the department's EO/AA policies and practices, attending EO/AA trainings, cultural learning sessions, sponsoring "brown bag" diversity discussion sessions, and encouraging their staff members to participate
- Help establish a process that ensures that MDH administrators and managers

are measured and held accountable for their role in accomplishing the agency's equal opportunity and affirmative action policies and practices

Goal 3:

Consistently measure agency compliance

Action Steps:

- Work with senior staff and HRM to ensure that all MDH employees are aware of the existence of this Plan, its contents, and their responsibilities under the Plan
- Provide periodic reports to management and staff that document the status of EEO/AA strategic objectives, staff recruitment goals and employee retention strategies

Objective II: Recruit and hire a workforce that reflects the increasing diversity of Minnesota

Goal 1:

Establish and maintain a recruitment process at MDH:

Action Steps:

- Develop a sustainable workforce development plan. Engage MDH's leadership to embed the principles and values of diversity throughout the organization.
- Identify and recommend local, regional and national recruitment strategies and practices that will attract qualified candidates to the department
- Work with HRM and department hiring authorities to identify current and future staffing needs, particularly in scientific, information technology, laboratory and emergency preparedness areas
- Partner with division managers and supervisors to create and implement unit-specific recruitment efforts

Goal 2:

Encourage diverse talent to seek opportunities with MDH through cost-effective means

Action Steps:

- Attend local, regional and national recruitment events
- Connect with various MDH units to create an employment opportunity marketing plan that is directed to various diverse groups in a medium which is most appropriate to their needs, such as information in their native language, recruiting efforts routed through community elders, etc.)
- Collaborate with HRM, MDH managers, public and private sector organizations, and community contacts to create and utilize innovative recruitment resources in the search for talent
- Establish new, and strengthen existing networking resources for the purpose of announcing job vacancies, and receiving referrals of specific candidates for open

positions

- Assist in the development of a formal MDH internship program for college students, which will prepare them for future work opportunities within the agency

Objective III: Retain a diverse workforce through the creation and maintenance of employee development opportunities and a positive, nurturing workplace environment

Goal 1:

Help foster an environment where people feel welcome, accepted and valued

Action Steps:

- Assess retention and workplace climate data through employee surveys and other information gathering means. Provide general findings and recommendations for changes in policy and practices to MDH administration, HRM, managers, and supervisors for their review and action
- Explore the development of an internal mentorship program that will provide employees with opportunities for professional skills development
- Work in conjunction with appropriate MDH administration and HRM to develop, enhance and implement a department succession plan and career development opportunities for staff
- Help support existing employee recognition programs, and propose new events, dependent upon resources.
- Support HRM, managers and supervisors in intervention efforts regarding workplace conflicts

Goal 2:

Reduce avoidable turnover of staff

Action Step:

- Conduct quantitative and qualitative analyses of agency turnover, report findings to HRM and department administration, and issue recommendations to decrease

Goal 3:

Provide opportunities for employee self-sufficiency

Action Steps:

- Encourage employees to explore career development and promotion opportunities within the Department, and refer them to resources for assistance
- Conduct outreach efforts with internal and community partners regarding EO/AA education, training and other joint ventures
- Collaborate with public and private organizations to provide and receive EO/AA

The Minnesota Department of Health will act affirmatively to recruit and hire qualified individuals from protected groups. The following process describes the steps necessary prior to a supervisor making an offer of employment.

Pre-Employment Review Process

Responsible Entity	Action Required
Human Resource Management in partnership with Supervisors and Managers	Ensure that position descriptions accurately reflect the required knowledge, skills and abilities required to perform the essential functions of the position. Revise as required.
Human Resource Management	Upon receipt of a request to fill a position, the HRM staff will notify the supervisor of unmet affirmative action goals.
Supervisors & Managers	If a new job announcement is necessary, the hiring supervisor will be encouraged to target recruitment activities that will address any unmet goals.
Supervisors & Managers	Job related and objective questions will be prepared and asked during the interviews consistently to all candidates. Supervisors are encouraged to review interview questions with the agency affirmative action officer or HRM rep. to ensure that they are based on objective, job-related criteria.
Senior Leadership	Managers and supervisors will be accountable to Senior Leadership for meeting affirmative action goals.

Affirmative attempts to eliminate under-utilization can be undertaken at several points in the employment process. OWD and senior management of the Agency will encourage all hiring supervisors to consider the following issues during the course of employing individuals in the agency. The following questions address the areas in which supervisors can affirmatively ensure equal employment opportunity:

Anticipating a Need

1. What is the composition of the current staff complement?
2. Is there under-representation within the agency/division/unit?
3. What is the current capacity of staff to understand and meet the needs of a diverse constituency?

Establishing a Position

1. What knowledge, skills and abilities are needed in order to perform the essential

functions of the position?

2. Who will be most impacted by the work of this position?
3. Are there any special skills required (such as bi-lingual capability or specific cultural sensitivity)?
4. Are there affirmative action goals for this job group?

Identifying Recruitment Resources

1. What media resources are available? Are they targeted to address under-utilization?
2. What internal resources are available (including staff within the agency)?
3. What electronic notification methods are available?
4. What relationships with recruitment sources exist?
5. What external events/activities can be used to promote this position?

Assessing Composition of the Applicant Pool

1. Does HRM indicate that there is a diverse pool of qualified applicants for this position?
2. If the pool is not diverse, can the position be re-posted?

Selecting Competent, Caring and Committed Staff

1. Do candidates possess the required knowledge, skills and abilities to perform the essential functions of the position?
2. Do they possess the capacity to understand and meet the needs of those impacted by the work?
3. Have they demonstrated the ability to work in diverse team environments?

Retaining Diverse Talent

1. Does staff have the needed training, support and feedback to be successful?
2. Is the work culture conducive to their professional growth?
3. Are there support mechanisms in the agency that will assist them in being productive?

Measuring Performance

1. Have they demonstrated competence in performing the essential job functions?
2. What accomplishments have they made?
3. What contributions have they made to the agency-wide affirmative action and diversity goals and objectives?
4. Have they demonstrated an ability to interact effectively with co-workers and stakeholders?
5. What development goals would assist them in being more effective in their work?

The Minnesota Department of Health is required by federal and state law to maintain various personnel records for the purpose of preparing reports. To meet this requirement, a centralized reporting system has been established and will be maintained by the Human Resource Management Division and the Affirmative Action Officer.

The department will evaluate its progress in the following ways:

- Through automated systems (Access, SEMA4, Crystal Reports) progress is measured and communicated to agency management members who shall disseminate that information to their respective areas of responsibility
- A pre-review of layoff decisions will be conducted to determine any adverse impact on protected group employees
- Employment interview methods will be randomly reviewed to ensure that all selection criteria are objective and job related
- Quarterly reports on hiring and separation rates will be generated, compiled and distributed to agency management
- Evaluations of all training will be conducted at the time of the training session to determine whether or not they meet the intended objectives

Weather Emergencies and Evacuations

Employees with temporary or permanent mobility impairments, deaf or hard of hearing employees, or those who feel they would be unable to evacuate the building in a timely manner due to a personal health condition, may choose to select two (2) Evacuation Assistants to provide aid during an emergency. The employee, with his/her supervisor and the Evacuation Assistants, should form a plan to meet in a specific area of the workplace for ALL emergencies. If the employee is in another area of the building, or one or both of the Evacuation Assistants is not available to help, the employee will ask for assistance from other individuals. Please review the general procedures for your facility.

During an evacuation, one (1) Evacuation Assistant will remain with the employee and instruct a fellow employee (Floor Warden, Division Monitor, or another Evacuation Assistant) to leave and report to the Building Emergency Coordinator or Building Security Guard the location of the employee and the remaining Evacuation Assistant. These individuals will remain at this location until their rescue is assisted by the Fire Department or Emergency personnel. If, due to building conditions, they are unable to remain at this location, they will relocate to an area behind doors (an office or conference room), and will call 9-911 to advise them of their relocation. Elevators will be unavailable during a building evacuation except to emergency personnel.

Weather Emergencies (during the work day)

When a weather emergency is declared during the workday, employees will be notified of the emergency. A supervisor should form a plan with an employee that is deaf or hard of hearing to ensure access to appropriate technology and notification. Notice to move to shelter areas during a weather emergency will be provided over the public address system or by building management. Employees with mobility impairments, either temporary or permanent, assisted by the Evacuation Assistants, should move to the designated shelter area described in the emergency procedures. Management shall direct visitors with mobility impairments to an emergency team member for assistance.

Weather Emergencies (before the work day)

When a weather emergency is declared by the Commissioner of Finance and Employee Relations, the announcement will be made over WCCO radio (830 AM) and perhaps the local news stations before the start of the workday that agencies will be closed, except for essential employees. In addition, the MDH has designated a toll-free emergency message line #888-234-1244 and employees will receive a broadcast message on their work voicemails.

Supervisors should follow the steps outlined below to ensure that employees who are deaf or hard of hearing receive the information:

- Consult with employees prior to the emergency to determine what appropriate action and method of notification works best for that employee
- If the employee has a TDD/TTY machine or other assistive technologies, the supervisor may make arrangements with the employee to contact them through the Minnesota Relay Service
- If another method of notice is possible and appropriate, the supervisor shall use this method.

Emergency Closings - 407.01

POLICY

The Department of Health closes facilities during emergencies and grants paid time off to affected personnel pursuant to Minnesota Management and Budget [Administrative Procedure 5.4](#).

STANDARD

The Department of Health has the discretion to close a facility during an emergency if there is an immediate threat to health and safety. Persons authorized to make closures include the Commissioner, Deputy Commissioner, Assistant Commissioners, or Human Resource Management Director. Emergency leave with pay may be authorized at any time of the day during or after normal work hours and in various work locations throughout the state. Pay may be authorized only if the Commissioner of Minnesota Management & Budget declares the situation an emergency.

PROCEDURE

An emergency is declared either by the Commissioner of Minnesota Management and Budget or the Department of Health. The Commissioner of Minnesota Management and Budget notifies the Commissioner's Office or Human Resource Management that an emergency has been declared.

If an emergency is declared during the normal work day, Human Resource Management or Commissioners Office notifies the appropriate staff affected by the emergency by E-mail or by placing a broadcast message on all voice mail boxes.

If an emergency is declared outside normal work hours, Minnesota Management and Budget (MMB) notifies WCCO Radio 830, KSTP, WCCO and KARE TV for broadcast. The announcement would also be forwarded to the Associated Press (AP) to be put on the news wire for radio stations in greater Minnesota and placed on the MMB website, www.mmb.state.mn.us.

Health Department Twin Cities Metro area employees can call in to their telephone voice mail box or 651/201-5775 to hear a broadcast

message regarding the emergency leave.

MDH employees in Greater Minnesota, traveling outside the Twin Cities area, or who do not have telephone voice mail boxes, can check out the above mentioned stations or web site or call the MDH toll free number, 1-888-234-1244, to hear a recorded message. It is a good idea to carry this toll free number with you if you travel around Minnesota, because a recorded message will be placed on this line identifying the geographic area covered by the emergency leave.

**Human

Reasonable Accommodation Policy

Disability and Reasonable Accommodation - 424.01

POLICY

The Department of Health is committed to recruit, select and retain qualified people with disabilities. Accommodations will be provided to qualified individuals, whether an employee or job applicant (including employees seeking promotion), when such accommodations are directly related to performing a job or competing for a job. Expenses incurred in this process can be funded by the indirect cost pool allocation or by the division/section/unit budget. Accommodations will not be provided for non-job related personal needs including transportation to and from work.

Examples of such accommodations may include, but are not limited to:

- modification of equipment or assistive devices such as special telephone equipment, TTY/TDD communication equipment, or audiovisual aides
- job site modifications such as equipment height, addition or outlets, relocation of job site to an accessible area, special parking facilities or other types of similar modifications
- job restructuring such as flexible work hours or removal of marginal job functions
- support services such as interpreters, job coaches or readers
- reassignment to a vacant position for which the employee is qualified

Accommodations will be made when:

- A person has been determined to have a disabling condition as defined by the law; and
- the department knows of the disability; and
- the person seeks an accommodation; and
- the accommodation is necessary to enable the person to perform the essential functions of the job or to enjoy the same benefits and privileges; and

- the accommodation is reasonable, does not impose an undue hardship, and does not pose a genuine direct threat

Supported Employment Program

The Department will support and encourage the use of the State's Supported Employment Program. This program is designed to provide people with severe physical, mental health and developmental disabilities employment opportunities within State Government. The use of this program will be encouraged through the cooperation of managers and supervisors. Each Division of the Department will analyze the requirements of this program and determine the extent to which it might be of value in each Division. Specific positions will be identified which could provide the type of work and development envisioned by this program.

STANDARD

Definition of Disability Status and Establishment of a Reasonable Accommodation

In order to qualify for a reasonable accommodation under this plan, an individual must have a disability as defined by the Americans with Disabilities Act and the Minnesota Human Rights Act. The definition consists of three parts:

1. A physical, mental or emotional impairment that substantially limits the ability to perform one or more major life activities.

- Major life activities include, but are not limited to, caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.
- A major life activity also includes the operation of a major bodily function, including but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladders, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions

2. The person is regarded as having such an impairment. This prong of the definition protects individuals from being discriminated against if they are regarded as having an impairment that substantially limits any activity of central importance in a person's life.

A substantially limitation is defined as an impairment which severely restricts or prevents a person from performing activities of central

importance to his/her life. The impairment's impact must also be either long-term or permanent.

Persons claiming a disability must present information that clearly shows that the impairment is substantial. Submission of a simple medical diagnosis will not be sufficient to establish disability status under the ADA. The existence of a disability will be determined on a case-by-case basis, and this review will include, among other things, an analysis of the impact that the impairment has on the individual, the anticipated duration and the nature and severity of the impairment.

Following a review of the aforementioned considerations, including discussions with the employee, his/her supervisor, and the employee's medical provider, a workplace accommodation may be provided by MDH.

3. The person has a record of having such an impairment. Even when an individual no longer has an impairment that substantially limits a major life activity, they are protected from being discriminated against if they have a record of such an impairment.

Process for Employees Requesting a Reasonable Accommodation

PROCEDURE

Step 1

The employee or applicant must inform the department or his/her supervisor that there is a need for a reasonable accommodation under this process. They do not have to use the words 'disability' or 'reasonable accommodation', but they must indicate that they have a condition, which necessitates a modification to their job or the application process. This disclosure can be provided to the supervisor or manager, the Human Resource professional who is an ADA designee, or to the Affirmative Action Officer, who serves as the Department's ADA Coordinator. Employees are encouraged to use the Reasonable Accommodation Request form, but its use is not required.

Step 2

Upon receipt of a disability recognition/accommodations request (either informally or in writing from an employee or his/her supervisor, the ADA Coordinator will meet with the employee and/or the supervisor to review the employee's job's essential functions, and the individual's specific accommodations requests to determine the specific abilities and limitations that relate to the essential functions of

that position. The ADA Coordinator will then identify any barriers to job performance and discuss how these barriers could be overcome with an accommodation.

During this consultation, the supervisor and employee may be asked to identify potential accommodations and assess how effective each would be. The supervisor or manager will forward the following information to the ADA Coordinator for his/her review and action: name of employee, his/her accommodations request, verified or anticipated cost of the accommodation, and anticipated duration of such accommodation. If the accommodation requested will cost \$5,000 or more, the ADA Coordinator will forward the request along with his or her recommendations to the Division Director or other designated authority.

When the ADA Coordinator or Designee receives an accommodations request inquiry from an employee or supervisor, he or she will meet with the employee to gather facts about the accommodations request. In case the ADA Coordinator deems necessary, a medical authorization form might be signed by the employee seeking a reasonable accommodation. This authorization allows the ADA Coordinator to acquire information from the employee's treating physician, therapist or other professional who is familiar with the employee's condition. The ADA Coordinator might send a letter of inquiry to the employee's physician seeking information that will assist him or her in determining data such as the impact that the disability has on the employee's ability to perform his/her job {with or without the accommodation(s)}, and any accommodations recommendations from the physician. Authorization will be granted only by way of a written release form.

All medical information will be retained in a confidential file that will be separate from the employee's personnel records. The supervisor or manager will be provided only information about the impact of the impairment in relation to the employee's job duties and the accommodations recommended.

Process for Applicants Requesting a Reasonable Accommodation

All initial communication between a job applicant and a supervisor or personnel representative regarding a position in the agency shall indicate the willingness of the agency to make a reasonable accommodation upon request, prior to the job interview. Applicants

must indicate what accommodation is necessary to help them compete for the position.

If an applicant indicates a need for an accommodation, the supervisor or personnel representative will review and grant the request and provide the accommodation requested in accordance with existing laws and policies.

As a part of the approval process, the supervisor or manager should forward all relevant information to the ADA Coordinator, including: name of applicant, accommodation request made, actual/potential cost of the accommodation and anticipated duration of such accommodation.

*** Note: Denials of Requests** - All denials of requests for accommodations or determinations of non-eligibility under the ADA will be documented and kept on file by the ADA Coordinator. The employee/applicant will be notified of the denial in writing and advised of their right to file a complaint of discrimination under the affirmative action plan procedure and their right to file a complaint with the Minnesota Department of Human Rights or the U.S. Equal Employment Opportunity Commission or any other appropriate agency.

Recruitment Plan

The Department will actively recruit talent from diverse backgrounds for all positions in the agency. Recruitment for agency positions is the responsibility of every manager and supervisor who has authority to make hiring decisions. HRM and OWD will partner with agency managers and supervisors to provide them with guidance and assistance as needed. OWD will also assist by establishing recruitment contact relationships within diverse communities, and providing technical support as needed. The recruitment plan will be paired with the retention plan to form a seamless and comprehensive workforce strategy.

The department will take a multi-faceted approach to actively recruit protected group members for positions in the agency. Recruitment of individuals with disabilities will be emphasized. We will engage in mutually beneficial partnerships with MDH disability issue-related committees, other state agencies and community organizations designed to provide employment services to people with disabilities as a part of our recruitment efforts.

Listed below are the various methods we will employ in the area of recruitment during the period for this Plan:

Internal Recruitment Activities

Department employees will be informed of MDH recruitment activities, MDH internal positions, and State of Minnesota open positions in a variety of ways, including:

- Direct intranet links to MDH positions:
- Internet links to State positions

Position announcements will be distributed via the internet, to various and diverse local, regional and community media publications, community groups, and by way of personal contacts in order to ensure receipt by the widest possible audience. We will periodically review these recruitment efforts to determine the level of success of our efforts.

Job & Community Fairs

The Department will attend job fairs and community fairs (i.e. county fairs in conjunction with county health officials) during the term of this Plan when it is notified and based upon available resources.

Recruitment Outreach

The Office of Workforce Diversity will continue to inform collaborative partners and the general community regarding employment opportunities with the agency. Employment opportunity information will be provided via the Resumix database, the department's internet employment opportunities site, and other methods outlined within this Plan's goals and objectives section. Individuals hired through this process will continue to be tracked to measure the department's compliance with its equal access and opportunity policies.

We will provide information to all individuals interested in working for MDH to educate them on the state hiring system and career opportunities with MDH as these requests occur. This information will also be made available to current temporary or unclassified MDH staff that want to learn how to gain access to permanent employment with the agency.

We will also continue and enhance our partnership with managers and supervisors through education regarding recruitment strategies, providing them access to multi-cultural resources, and by encouraging them to participate in various internal and external department recruitment and outreach efforts.

Advertising

In addition to advertising specific vacancies in community newspapers, the department will utilize electronic media, and postings of internships and job opportunities with the University of Minnesota School of Public Health, national universities, medical organizations and diversity groups.

Visibility

The Human Resource Management division, the Office of Workforce Diversity and other agency program staff will continue to partner in representing the agency at community events.

Educational Outreach

We will also explore the creation and management of paid and unpaid internships as well as job shadowing experiences for students in a variety of fields. This office will also develop training materials that will orient managers and supervisors to diversity and affirmative action best practices.

Relationships

We will strengthen our current relationships with community partners (serving people with disabilities, people of color and women) as well as develop new ones. These relationships will be cultivated through:

- In-service learning opportunities for MDH staff
- Immersion experiences in the community
- Partnerships with a wide variety of community organizations (i.e. diversity roundtables and institutes, professional organizations, educational institutions, non-profit organizations, etc.)

We will offer in-service learning forums for community resource contacts to present information about their services to MDH staff. Community immersion experiences will be offered as they arise. Partnerships with other organizations will conserve resources and add value to our efforts.

Supported Employment

We will recruit candidates for supported employment positions from local community resources that provide employment services to people with disabilities.

Retention Plan

The Minnesota Department of Health will strive to affirmatively ensure equal employment opportunity by retaining a diverse composite of talented and qualified employees, with emphasis on under-represented individuals. The responsibility for these retention efforts to be successful lies with all employees. The department's retention strategy is a multi-faceted approach, guided by the Health Steering Team, agency management, HR Director, and Affirmative Action Officer.

Through experience, we have found that the best way to retain valuable employees is to provide them with a variety of mechanisms to feel supported within the workplace. Our primary focus will be: to anticipate future needs for talent, cultivate our employees' knowledge, skills, and abilities in order to prepare them for advancement opportunities, and to continuously enhance all of our efforts so that employees view the Department as a preferred place in which to work.

To improve the rate of retention of talented employees, we will continue with current efforts and integrate new approaches. These efforts will consist of:

- Conducting quantitative and qualitative analysis of agency turnover
- Advising agency leadership of trends and solutions
- Implementation of efforts to reduce turnover in areas identified through analysis
- Implementation of efforts to create and promote employee development opportunities
- Encourage employees to seek out career development opportunities

Conducting quantitative and qualitative analysis of agency turnover

- Quantitative Analysis - We will continue to monitor the patterns of separation and other employment trends that may affect turnover. Quantitative data will be available on both a quarterly and annual basis.
- Qualitative Analysis - In order to apply the most appropriate turnover reduction strategies, first, the cause of turnover behavior must be determined. We will accomplish this task via interviews, surveys, focus groups and by other information-gathering methods. Qualitative information will be available on both a quarterly and annual basis

Advising agency leadership of trends and solutions

- Each quarter, the Health Steering Team (Commissioner, Deputy Commissioner, Assistant Commissioners, division directors) will be provided with a "snapshot" of employee retention data (quantitative and qualitative)
- Twice per year, HRM and/or OWD staff will meet with division directors to advise

them of their own divisional trends and make recommendations to remedy disproportionate patterns

- High-level data analysis will be available on the department intranet for all employees. This information will be updated quarterly.

Implementation of efforts to reduce “avoidable” turnover:

Avoidable turnover includes voluntary resignations of classified and unclassified positions. We will also review transfers to other state agencies and non-certifications (employees who do not pass the designated probation period). We will continue our efforts to reduce avoidable turnover. The efforts will be based on trends identified through data analysis, which includes, but is not limited to:

- Employee Orientation
- Employee Surveys
- Performance Management
- Early Conflict Intervention
- Workforce Planning
- Employee Recognition
- Coaching
- Mentorship
- Professional Development

Employee Orientation Efforts

- Managers and supervisors new to the department will be offered a special orientation opportunity. This effort is currently organized by the Center for Workforce Development.
- All new employees are offered a New Employee Orientation Session, which is a half-day program that provides information about agency resources (including EEO/AA and diversity).

Employee Surveys

Organizations that continue to assess their work environment and listen to the opinions of their employees are more likely to respond to areas in need of improvement.

Exit Surveys are given to departing employees (surveys started November 1999), as well as Six Month Retention Surveys given to employees who have been in their current position for at least six months (surveys started November 2000). The intent of each survey respectively, is 1) to learn why employees leave employment, and 2) to learn why employees seek employment and stay. We will continue to provide survey interpretation and analysis to MDH's management, as well as high-level reporting to the entire agency, highlighting positive areas and areas in need of improvement.

Work Environment Improvement

Employers who provide a safe environment where employees are free to share their ideas and opinions are more likely to retain diverse talent. This Agency is committed to workforce development and open communication, and OWD will partner with divisions and work units to accomplish these aims. We will work to implement methods to gather feedback from our employees through focus groups that encourage interactive, authentic dialogues.

Performance Management

When employees are clear about their expectations, have constructive feedback on an on-going basis and work with their supervisors to construct an individual development plan they are less likely to leave an organization. A performance management toolkit is available for supervisory use.

Human Resources Management provides on-line information to agency management regarding the number of completed performance reviews within a one-year time period. This office will work towards a goal of assisting and encouraging managers, supervisors and administrators in the completion of performance reviews and individual development plans of all MDH staff during the time period for this Plan. OWD will be available to work with supervisors and representatives of the bargaining units upon request to identify barriers employees have in meeting performance expectations and work on initiatives that will produce measurable results.

Early Conflict Intervention

Employers who quickly respond to employee disputes are less likely to lose valuable employees. The department strongly believes in early detection and intervention of employee conflicts. The department will continue its current efforts to retain employees by resolving conflicts at the earliest possible occasion. The Human Resources Management team, including the Office of Workforce Diversity, provides support and guidance to managers and supervisors to resolve conflicts. The OWD and HRM staff will meet with work units as needed and make referrals to the Employee Assistance Program as appropriate.

Workforce Planning

Human resources staffing data has shown that MDH will experience a rapid growth in retirement rates. OWD and HRM will monitor the retirement rates and provide these projections to agency management. A coordinated approach will be developed that will provide resources and information on specific steps to be taken to consider issues such as demographic staff composition, cultural sensitivity, human relations aptitude, diversity dynamics and inclusive processes. As required by Executive Order 07-16 MDH will develop a workforce plan that will position the department to meet future workforce

needs. A focused effort at workforce planning in a couple of critical areas of the Department will be completed.
