Okppguqvçou"rtqdcvkqp"u{uvgagchkesupread"eqodkpcvk
vjtwijqwv"vjg"u8vcounties, the Minnesota Department of
Corrections (DOC) provides all probation services. In 27 counties, probation services are provided by a combination of county probation offices (CPO) and the DOC. In these counties, the DOC provides supervision for adult felons and the county provides supervision for juveniles and adult non-felony cases. The remaining 32 counties participate in the Minnesota Community Corrections Act (CCA) where county staff provides all probation services.

The primary purpose of the Minnesota Probation Survey is to collect probation data from all counties annually for use by the DOC, the Minnesota Legislature, other state agencies, county probation offices, and other entities for management, policy-making, and federal reporting purposes. Please note: This survey does *not* count all offenders that state or county probation agencies provide service to; the survey specifically is designed to count

A Y h \ c X c ` c [m

Survey Design

The probation survey originally was designed to collect data requested by the Bureau of the Census and the Bureau of Justice Statistics regarding Minnesota probationers. In the past, two important tenets were considered in the survey design: the definition of
ōrtqdcvk capturing an individual probationer only once.

The fghkpkvkqp" essentially has stayed the same and refers to both adults and juveniles < "ōCnn"rtqdcvkqpgtu. "tgictfnguu"qh"eqp supervision of a probation agent as part of a court order at any time including those qtfgtgf"vq"rc{"tguvkvwvkqp."eqornvgv"eqoowpk

Survey Administration

Cu"rc tv"qh"Okppguqvçou"etkokpcn"lwuvkeg"kphc
Supervision System (S³) was designed to provide criminal justice professionals with electronic offender information through a secure website. This information includes data on juveniles and adults who are or have been on probation, detention, imprisoned, or jailed.

The DOC pulled and compiled probation data directly from S³ for 86 counties. For those counties, the DOC made county reports available for review and approval by each county prior to publication in this report. Hennepin County data was reported directly from their agency by using the standard Probation Survey questionnaire (see Appendix A).

Data Quality

Caution must be used before drawing any conclusions from the fluctuation in total probationers between 2000 and 2006. A great deal of that variance can be attributed to a concerted effort on the part of county and state agencies to clarify data definitions and submission standards.

In addition, some recent changes in the judicial branch have impacted the numbers being placed on probation. This is particularly true for the updated statewide lists authorized by Minnesota Statute 609.101, subd.4, which allows an individual to choose to pay a fine in lieu of making a court appearance.

Instructions for Completing the Probation Survey

Thank you for your participation in this annual survey, which is conducted to provide supervision information to legislators, policymakers, the Minnesota Department of Corrections, Minnesota counties, and other government agencies. This survey is being mailed to:

Community Corrections directors, to collect all CCA county probation information

Department of Corrections District supervisors, to collect data on all probationers supervised by DOC felony agents and DOC contract agents, and

Chief probation officers in non-CCA counties, to collect data on all probationers supervised by non-CCA county agents.

One survey is enclosed for each county in which your office provides probation services. Please answer the questions for all probationers under your supervision.

Who should be included in the survey?

All probationers, regardless of conviction status, who were under the supervision of your agency as part of a court order at any time between December 31, 2011 and December 31, 2012.

Probationers for whom there is a court order for supervision and/or services such as restitution, community service, or monitoring.

Residents of the county (including those who are on probation for certain drug offenders) and 609.135 (stay of imposition or execution) if you are providing probation supervision or services.

Persons who are sent to your county from another county or state for supervision.

Who is excluded from the survey?

Persons on investigative status only, such as PSIs, pre-pleas, bail evaluations, etc.

Persons who have not been placed under the supervision of a probation agency.

Pre-trial diversion and pre-trial supervision cases.

Juveniles receiving services under a CHIPS petition.

Persons released from state correctional facilities, who are on supervised release, parole, intensive community supervision, etc.

Exclude from year-end counts (questions 1, 4, etc.) those whom you send to another county or state for supervision.

For questions 1-7, report each probationer only once, not the number of offenses or open files. If an offender is on probation for offenses of differing severity, count him/her in the category of highest severity. If a probationer is under both juvenile and adult supervision, count the offender only once, placing the individual as an adult or juvenile according to the more serious offense. If you are unable to eliminate double counting of individuals under both adult and juvenile supervision, asterisk the juvenile total on line 4 of p c i g " 3 " c p f " k p " v j g " ð E q o o g p v u ö " u g e v k q p " q p " r c i also counted as adults.

Question 8: Report statistics on the most serious offense for which each offender was under supervision. This is a change from previous years in which the number of cases under supervision for each listed offense was reported.
