FINDINGS RELATED TO THE AUDIT OF THE FINANCIAL STATEMENTS

INTERNAL CONTROL

PREVIOUSLY REPORTED ITEM RESOLVED

Financial Statements (11-1)

During the 2011 audit, there was a delay in the recording, processing, and summarizing of the Sibley County Library System accounting data, which did not allow staff to sufficiently review the information before it was submitted for audit. This led to numerous adjustments to be made to the accounting data.

Resolution

The Sibley County Library System's summarized information was provided in a timely manner to allow for sufficient review. There were no material or significant audit adjustments required in our audit of the Sibley County Library System's financial statements.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Independent Auditor's Report

Sibley County Library System Board

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and the General Fund of the Sibley County Library System, a component unit of Sibley County, as part of our audit of Sibley County as of and for the year ended December 31, 2012, and have issued our report thereon dated September 25, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Sibley County Library System's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sibley County Library System's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Sibley County Library System's internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the Sibley County Library System's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Sibley County Library System's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Minnesota Legal Compliance

The *Minnesota Legal Compliance Audit Guide for Political Subdivisions*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains six categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, and miscellaneous provisions. Our study included all of the listed categories, except that we did not test for compliance in deposits and investments, claims and disbursements, and miscellaneous provisions because they were tested in conjunction with the audit of the financial statements of Sibley County. We also did not test for contracting and bidding or public indebtedness because the Sibley County Library System did not enter into any contracts that were subject to legal requirements as stipulated by Minnesota statutes or issue any bonds. We did not test the legal compliance requirements where the activities took place in the various cities included in the Sibley County Library System because we relied upon the city audits completed by other auditors.

In connection with our audit, nothing came to our attention that caused us to believe that the Sibley County Library System failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Sibley County Library System's noncompliance with the above referenced provisions.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting, compliance and the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions* and the results of that testing, and not to provide an opinion on the effectiveness of the Sibley County Library System's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Sibley County Library System's internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.
