

# MINNESOTA DEPARTMENT OF PUBLIC SAFETY

## **2015 Annual Report to the Legislature:** State agency emergency management training

*In compliance with Minnesota Statutes, section 12.09, subdivision 10*

Compiled by:

MINNESOTA DEPARTMENT OF PUBLIC SAFETY  
DIVISION OF HOMELAND SECURITY AND EMERGENCY MANAGEMENT

## Background

State agencies assigned a role in the state emergency operations plan must have at least one employee who has completed the emergency management training curriculum offered by the Minnesota Department of Public Safety Division of Homeland Security and Emergency Management (Minn. Stat., § 12.09, subd. 10). The statute also requires an agency to file a compliance plan with DPS-HSEM when all employees with an emergency management certificate leave the organization.

The current DPS-HSEM emergency management certificate program requires completion of 31 courses representing more than 150 training hours. It often takes two to three years to finish the program of independent study and classroom instruction.

## Status Report

In 2015, all 23 affected agencies achieved compliance with the training requirement. Agencies are not required to list all who have or are working toward a DPS-HSEM emergency management certificate.

The Department of Administration filed a new plan following the departure of their designated employee in May. The new designated employee started December 16 and has completed the DPS-HSEM curriculum. The Board of Animal Health continues to contract with a Department of Agriculture designated employee.

<b>Department/Agency</b>	<b>Designated Employee(s)</b>
Administration	Joel Nelson
Agriculture	Amanda Baesler
