FEDERAL OUTCOMES (IPSID):

INDEPENDENCE: Personal freedom to make choices and have control over services, supports, and other assistance the individual receives;

SELF-DETERMINATION: Authority to make decisions, control resources and develop personal leadership skills;

PRODUCTIVITY: Meaningful income-producing work or volunteer work that contributes to a household or the community;

INTEGRATION & INCLUSION: Full participation in the same community activities as people without disabilities.

FEDERAL FISCAL YEAR 2002 ANNUAL REPORT RESULTS

- 1. Partners in Policymaking®:** The Minnesota GCDD has sponsored Partners in Policymaking courses since May 1, 1987. In FFY 2002, Class 19 graduated with 34 self advocates and family members. Graduates evaluated themselves on the federal outcomes of IPSII and reported that 92% believed they were more independent, 96% more self determined, and 79% more productive and included. There are now approximately 10,000 graduates in the United States, the United Kingdom, and The Netherlands.
- 2. Cultural Outreach:** The GCDD funded cultural outreach efforts in the African American, Native American and Hispanic communities in FFY 02. Thirty-nine individuals graduated from these programs. In assessing IPSII, the graduates rated themselves on a 5 point scale. The scores for IPSII ranged from 4.0 – 4.4.

Each weekend, I cannot imagine it getting better than the previous month and it does. The course of my life has changed.

Comment regarding Partners in Policymaking

- 3. Longitudinal Studies of Partners in Policymaking:** Since 1988, Tom Zirpoli has conducted outside evaluations of the Partners classes. During FFY 02, Dr. Zirpoli surveyed graduates from the past five classes. The results indicated that 96% rated program quality as good to excellent and 96% now received services and supports appropriate to needs.
- 4. Partners in Policymaking Graduate Workshops:** In FFY 02, four workshops were held on the topics of creativity, understanding funding streams, communication skills, and nonprofit boards. Ninety people attended and evaluated the workshops in terms of knowledge gained at 4.6, usefulness and quality at 4.7 on a scale of 1-5.
- 5. Partners in Employment:** Since 1998, the GCDD has worked with employers to increase the employment of people with developmental disabilities through education and training. During FFY 02, individuals were employed in preparing resource packets for the Partners in Policymaking program and scanning documents for transfer to the GCDD web site.
- 6. Self Advocacy:** The GCDD funded People First of Minnesota to increase the number of self advocacy groups, increase the number of self advocates who are trainers, and increase the participation of self advocates in coalitions.

- 7. Publications:** In FFY 02, the GCDD disseminated 25,843 publications. The evaluation scores from users indicated a high level of satisfaction (9.2 on a 10 point scale). Several thousand publications were downloaded from the GCDD web site. *It's My Choice* was released in March 2002, *Making Your Case* was reprinted, and *Stories of Leadership* was completed to commemorate the 15th anniversary of Partners in Policymaking.
- 8. E-Government:** The GCDD web site is the largest on the state of Minnesota server. All products and services have been converted to web accessible formats in accordance with Governor Ventura's Big Plan. In FFY 02, there were 31,047 visits to the web sites.
- 9. Training conferences:** The GCDD cosponsored ten training conferences sponsored by Arc Southwest MN, Arc Hennepin-Carver, Arc Central MN, Arc MN, Autism Society of MN, Brain Injury Association of MN, West Hennepin Community Services, ARRM, ACT, and Lutheran Home Association. The training conferences received evaluation scores of 4.4 - 4.7 for knowledge gained, usefulness, and quality of presentations.

10. Customer research: In FFY 02, the GCDD conducted a customer satisfaction survey of the Consumer Directed Community Support (CDCS) waiver program.

11. Quality Improvement: Since 1997, the GCDD has aligned its work to the Baldrige Criteria. In FFY 02, 668.5 hours of training on quality were received.

Each day, individuals request an opportunity to work on the Partners packets. At the end of the work shift, one individual does a high five happy for a job well done. The wages have enabled people to enjoy areas of personal interest and making purchases. Meeting individual goals is becoming a reality.

Comment regarding supported employment

This program has changed my family in a very positive way. It has helped me become an advocate for my son and advocate for other Hispanic parents in the same situation.

Comment regarding cultural outreach programs

It is a wonderful inspiration and a tribute to the work done by the Council. Congratulations on a visually and emotionally appealing description of what can be done by hard working, dedicated people.

You have dramatized true leaders so imaginatively. The stories inspire us and make us want to try harder.

Comments regarding *Stories of Leadership*

To preview the course, go to www.partnersinpolicymaking.com/makingyourcase. To register, email us at admin.dd@state.mn.us. A user fee must be paid before enrollment can be completed.

New additions to the web site: *With an Eye to the Past* is a 50 year historical review of Minnesota's efforts in deinstitutionalization. This slide show also features 17 videotape interviews with key figures as well as an archive of historical documents.

Consumer Directed Community Supports survey results are available at the GCDD web site.

I've been reading and reading and reading and find the materials very appropriate for my classroom.

I will be meeting with social workers and county leaders and would like to incorporate these ideas into all of our community services.
