Legislative Ethics

A Guide to Minnesota Laws and Rules for House Members and Staff

This information brief summarizes Minnesota laws and rules relating to ethical behavior that apply, or may apply, to House members and staff.

The summary does not include: (1) laws or rules on campaign ethics; (2) legislative policies not embodied in laws or official rules, except where noted; or (3) laws of general application that do not specifically have reference to members or staff in their official capacity as public officials or employees (the crimes of theft or forgery, for example).

The table beginning on page 2 presents a brief summary of these ethics laws and rules.

A legal citation is given for each standard. References are to Minnesota Statutes as amended through 2016 and the [Rules of the House 2015-2016](#).

Application of standards to House members and staff. The column labeled “Application to House Members and Staff” indicates whether the listed standard clearly applies to House members and/or House staff by its context or its express language, or whether the standard might apply.

Where the column indicates that a standard “might apply,” it means that application of the standard depends on whether House members and House staff are considered to be part of a larger group named in the law or rule. Sometimes the law is not clear about whether the legislative branch is included in a larger named group.
