2010 Capital Budget Highlights

Minnesota Management and Budget

In even-numbered years, the legislature considers new capital projects. In the 2010 session, the legislature authorized a total of \$713 million in new spending for capital projects (before cancellations of \$9 million). An additional \$126.4 million of trunk highway supported debt was also authorized, but this debt is supported by trunk highway funds and is not included in the figures below. Past trunk highway bond appropriations of \$18.5 million were cancelled. Also not included is \$22.8 million of capital projects paid for out of the trunk highway fund. An additional \$16.8 million of capital project costs will be financed by bonds issued by the University of Minnesota.
